At last! Stop worrying about money. Start making money. Obtaining your financial freedom is simple using this proven method that I'll show you. I have been using it for years and it's easy enough for anyone to implement, whether they have experience or not. To make money, you don't need to have money. You just need knowledge to lead you to money. This

"knowledge" is what you'll find in this book. A clear, simple and precise method that explains how to generate passive income from scratch, without needing to have money to invest. A two-step method: first, generate some money; second, invest that money earned. In simplicity is power. The key to financial independence is creating assets: making things that bring in a constant flow of cash every month. What's more, this needs to happen in automatic mode and for an indefinite period of time. You can then keep on enjoying the income, as can your children even after you die. This is not science

fiction: it's a system, a passive income strategy that will provide you with freedom, financial freedom, financial independence and money. Why are there not more people doing it? Because they're too busy working, tied to their jobs and not generating income. They're focused on not being free and not being happy. The focus of this book, however, is something else. What? Abundance, wealth, fulfillment, creativity, personal growth, strategy, joy, prosperity and happiness. In this book, you will learn: •To make money, even though right now you have nothing. •To create assets that will bring in money every

month. •To design a strategy that will make your money work for you. •To set up a system that will allow you to earn an income automatically, recurrently and continuously. •To develop yourself personally, putting to use your [Finding Financial Freedom](#) PublishDrive Make money while sleeping! Money Tip #1: Identify and Assess Your Financial Situation Take inventory of your assets: What do you own? What is the approximate value of the things you own (car, house, property, insurance

policy—large items)? Identify your income: How much money do you make? Detail your debts: What/who do you owe? When is it due? What interest rates are you paying on each debt? Approximate your monthly bills: What do you pay for rent/mortgage, utilities, gasoline/transportation, phone, food, clothing, insurance, entertainment? Helpful Hint: Keep a log throughout each month of everything you spend. Money Tip #2: Consider Your Lifestyle and Spending Habits Be introspective: Why do you live the way you do? For career advancement, to please family, to entertain friends, or to live comfortably? Consider what you could honestly do without: Do you pay others to do something that you could do yourself? Do you eat out when you could eat less expensively at home? Money Tip #3: Establish Financial Goals List future expenditures: What future expenses do you anticipate? (such as schooling, purchasing a home, replacing a car, etc). Consider future career and family changes: Are you considering starting your own business, serving in a ministry, getting married, or starting a family? How will these plans change your financial

situation? State your future financial goals: Financially, where do you want to be 5 years from now...10 years? What are realistic expectations money saving goals? Money Tip #4: Take Action with Your Finances Pay extra on your debts and stop feeding your debt through unnecessary habits. Establish a savings plan: How much money are you setting aside for the future? How are you preparing for major emergencies and for retirement so that you don't find yourself in debt again? To help you chart your path to financial freedom, grab a copy of June Hunt's Financial Freedom: How to Handle Your Money Wisely. This tool offers practical help to find financial freedom, including: "Five Principles of Managing Money" and "How to Cancel Debt." What perspective should I have of money? Myth: "If you live a godly, Christian life, you will experience financial gain and prosperity." Truth: According to God's Word, godliness is not a means to financial gain. The Bible calls this "a different doctrine" taught by false teachers. Myth: "Money is the root of all evil." Truth: No, according to the Bible, it is the "love of money" that is a root of evil. (1 Timothy 6:10). Money can be used for

great good. Myth: "If I ever have enough money and earthly possessions, I will be happy." Truth: Happiness does not spring from your financial situation nor does it come from possessions. "His master replied, 'Well done, good and faithful servant! You have been faithful with a few things; I will put you in charge of many things. Come and share your master's happiness!'" (Matthew 25:23). Finding true financial freedom involves more than having enough money to bask in the comfort of a prosperous lifestyle. It's more than learning to budget expenses, to save regularly, to invest wisely. True financial freedom is being content with what God gives you. And contentment is a matter of the heart!
