Anti-bias education begins with you! Become a skilled anti-bias teacher with this practical guidance to confronting and eliminating barriers.

The New York Times Tuesday Crossword Puzzle Omnibus Crown

A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace “A glorious book . . . A spirited defense of science . . . From the first page to the last, this book is a manifesto for clear thought.”—Los Angeles Times How can we make intelligent decisions about our increasingly technology-driven lives if we don’t understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for *The Demon-Haunted World* “Powerful . . .

A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing.”—The Washington Post Book World

“Compelling.”—USA Today “A clear vision of what good science means and why it makes a difference. . . . A testimonial to the power of science and a warning of the dangers of unrestrained credulity.”—The Sciences “Passionate.”—San Francisco Examiner-Chronicle

Ditch That Textbook Harper Perennial

In this arousing new work, Walter Chantry expounds from Christ's dealing with the rich young ruler the essential elements in gospel preaching. A close examination of the scripture evidence leads to this conclusion: "Differences between much of today's preaching and that of Jesus are not petty; they are enormous. The chief errors are not in emphasis or approach but in the heart of the gospel message. Were there a deficiency in one of the areas mentioned in these pages, it would be serious. But to ignore all -- the attributes of God, the holy law of God, repentance, a call to bow to the enthroned Christ -- and to pervert the doctrine of assurance, is the most vital mistake. This powerfully-written book has a message which goes to the heart of the contemporary problem in a way that conferences and commissions on evangelism have failed to do. Its expository approach is particularly valuable. - Back cover.

The Demon-Haunted World Race Point Pub

Discover the curious history of the world's most addictive game and its unusual upbringing. Celebrating the 100-year anniversary of the beloved crossword puzzle, readers can solve over 100 different puzzles from top constructors.

Jonesin' for Crosswords Penguin

Offers a guide to initiative problems, adventure games and trust activities. The activities of this book have all been used effectively by a variety of teachers, counsellors, therapists, camp directors and church leaders. All have wanted an effective, engaging way to bring people together to build trust, and to break down artificial barriers.

The Atlantic Monthly Cryptic Crosswords New York Times Daily Crosswords

"BUST's hilarious Queen of Crosswords now has men squarely in her crosshairs." - Emily Rems, Managing Editor, BUST Magazine For every woman who has pulled her hair out trying to explain—for the 46th time—the importance of putting the toilet seat down, there's a man snickering, "Someone's on the rag." And this book is for that justifiably furious gal. The war between the sexes has raged for millennia, and It's Not PMS, It's You! is a hilarious, take-no-prisoners reconnaissance mission into the minds and souls of men and the things they do to infuriate women. Beginning with a completely scientific, fairly non-hormonal look at the history of the term "on the rag" and ending with the "Diary of a Break Up in One Full Menstrual Cycle," this lighthearted guide looks at: Who should fund the medical research into why men do what they do. (Hint: It's definitely NOT the government) - How to take a lesson from Hamlet's poor in-law management (Not to self: Don't kill your future father-in-law) - Why men hate to talk about their feelings (with four separate mentions of the word "penis") - An absolutely foolproof method for sustaining a long-term relationship, and why it could kill you

World Without Fish Random House Puzzles & Games

From puzzlemaster Eric Berlin, a collection of more than 100 small yet satisfying puzzles that go way beyond the crossword. There are few things more satisfying than solving a tricky puzzle. Even when you don't know the answer right away and consider giving up, you persevere, filling in letters, and then—A-HA!—your brain lights up with joy. But just as you might not want a big, heavy meal, you may also not want to spend hours on a complex puzzle. Sometimes, you just want a bite-size brainteaser. In *Puzzlesnacks*, you can choose from 39 different types of puzzles—from quick and easy to a bit more challenging. Featuring a stimulating collection of conundrums, including hints to get you started on solving many of them (and answers provided at the back of the book), this is the perfect book for satisfying your puzzle craving at any level. Puzzles are the pathway to clearer, more logical thinking, as well as better problem-solving skills. So find your new favorite type of puzzle with this ultimate collection that provides hours of brainteasing fun!

The 1619 Project: Born on the Water HarperCollins

A KID'S GUIDE TO THE OCEAN "Can you imagine a world without fish? It's not as crazy as it sounds. But if we keep doing things the way we've been doing things, fish could become extinct within fifty years. So let's change the way we do things!" World Without Fish is the uniquely illustrated narrative nonfiction account—for kids—of what is happening to the world's oceans and what they can do about it. Written by Mark Kurlansky, author of *Cod*, *Salt*, *The Big Oyster*, and many other books, *World Without Fish* has been praised as "urgent" (*Publishers Weekly*) and "a wonderfully fast-paced and engaging primer on the key questions surrounding fish and the sea" (Paul Greenberg, author of *Four Fish*). It has also been included in the New York State Expeditionary Learning English Language Arts Curriculum. Written by a master storyteller, *World Without Fish* connects all the dots—biology, economics, evolution, politics, climate, history, culture, food, and nutrition—in a way that kids can really understand. It describes how the fish we most commonly eat, including tuna, salmon, cod, swordfish—even anchovies— could disappear within fifty years, and the domino effect it would have: the oceans teeming with jellyfish and turning pinkish orange from algal blooms, the seabirds disappearing, then reptiles, then mammals. It describes the back-and-forth dynamic of fishermen, who are the original environmentalists, and scientists, who not that long ago considered fish an endless resource. It explains why fish farming is not the answer—and why sustainable fishing is, and how to help return the oceans to their natural ecological balance. Interwoven with the book is a twelve-page graphic novel. Each beautifully illustrated chapter opener links to the next to form a larger fictional story that perfectly complements the text.

Damn Delicious Simon and Schuster

New York Times Bestseller "The ultimate behind-the-scenes account." —Washington Post "The definitive history of the landmark TV show." —USA Today Join the entire Dunder Mifflin gang on a journey back to Scranton: here's the hilarious and improbable inside story behind the beloved series. Based on hundreds of hours of exclusive interviews with the cast and creators and illustrated with 100 behind-the-scenes photographs, here, at last, is the untold inside story of *The Office*, featuring a foreword by Greg Daniels, who adapted the series for the U.S. and was its guiding creative force, and narrated by star Brian Baumgartner (aka "Kevin Malone") and executive producer Ben Silverman.. In *Welcome to Dunder Mifflin*, the entire *Office* gang reunite after nearly a decade to share their favorite untold stories, spill secrets, and reveal how a little show that barely survived its first season became the most watched series in the universe. This ultimate fan companion pulls back the curtain as never before on all the absurdity, genius, love, passion, and dumb luck that went into creating America's beloved *The Office*. Featuring the memories of Steve Carell, John Krasinski, Jenna Fischer, Greg Daniels, Ricky Gervais, Rainn Wilson, Angela Kinsey, Craig Robinson, Brian Baumgartner, Phyllis Smith, Kate Flannery, Ed Helms, Oscar Nunez, Amy Ryan, Ellie Kemper, Creed Bratton, Paul Lieberstein, Ben Silverman, Mike Schur, and many more.

It's Not PMS, It's You! United Nations

While indigenous peoples make up around 370 million of the world's population - some 5 per cent - they constitute around one-third of the world's 900 million extremely poor rural people. Every day, indigenous communities all over the world face issues of violence and brutality. Indigenous

New York Times bestselling author Christie Craig returns with her next heart-stopping romantic suspense about a woman on the run and the man eager to uncover her secrets -- for readers of Kat Martin, Rebecca Zanetti, and Mary Burton! Police detective Juan Acosta doesn't only carry scars on the outside. He's filled with guilt and anger ever since his undercover job led to the murder of those he loved the most. Now he's living for one thing: revenge. That is, until Juan meets his beautiful new neighbor. Vicki Holloway prides herself on being capable and independent, but her life is turned upside down when her sister Sara is killed by an abusive ex. Fearing for the safety of her niece, Vicki and the little girl go into hiding...resurfacing in Texas with new identities. Juan finds his once-frozen heart thawing around Vicki, but he knows she's hiding something. Juan needs answers, but Vicki isn't talking. She has to keep her secrets if she wants to keep Bell safe, which means resisting her growing feelings for the sexy, scarred man next door. But when Juan's quest for justice brings danger to her door, divulging the truth might be the only thing that keeps her alive. Includes the bonus novella *Hot Target* by April Hunt!
