Wild Italy Rick Steves

This book is a walking-tour guide for English-speaking visitors, through an ancient hill town in central Italy. Todi sits majestically above the Tiber River in the region of Umbria, very near the exact geographic center of Italy in Umbria. This region, known widely as "the green heart of Italy" for its lush fields and

majestic hills, lies midway between Florence and Rome. Todi, a prototypical Italian hill town, was founded over 2,500 years ago and has retained its historic beauty by being surrounded by a set of walls that has prevented any new construction and experienced almost no demolition for over 500 years. The guide offers four walking tours that allow the visitor to appreciate historic sites from the Etruscan era, through the Roman centuries, and into the Renaissance. Each walk can be done in a leisurely fashion with almost no distraction from noise or car traffic.

Over the past several years, "the American in Tuscany" has become a literary subgenre. Launched by the phenomenal success of Frances Mayes's *Under the Tuscan Sun*, bookstores now burgeon with nimble, witty accounts of this clash in cultures-Americans trying to

do American things in Italy and bumping against a brick wall of tradition. Too Much Tuscan Sun is Dario's, a Tuscan guide whose client base is predominantly American, account of some of his more remarkable customers, from the obsessive and the oblivious to the downright lunatic.
