My new friends have begun to suspect I haven't told them the full story of my life. "Why did you leave Sierra Leone?" "Because there is a war." "You mean, you saw people running around with guns and shooting each other?" "Yes, all the time." "Cool." I smile a little. "You

should tell us about it sometime.” “Yes, sometime.” This is how wars are fought now: by children, hopped-up on drugs and wielding AK-47s. Children have become soldiers of choice. In the more than fifty conflicts going on worldwide, it is estimated that there are some 300,000 child soldiers. Ishmael Beah used to be one of them. What is war like through the eyes of a child soldier? How does one become a killer? How does one stop? Child soldiers have been profiled by journalists, and novelists have struggled to imagine their lives. But until now, there has not been a first-person account from someone who came through this hell and survived. In *A Long Way Gone*, Beah, now twenty-five years old, tells a riveting story: how at the age of twelve, he fled attacking rebels and

wandered a land rendered unrecognizable by violence. By thirteen, he’d been picked up by the government army, and Beah, at heart a gentle boy, found that he was capable of truly terrible acts. This is a rare and mesmerizing account, told with real literary force and heartbreaking honesty. *Rosencrantz and Guildenstern Are Dead* Routledge

Macbeth is a powerful Scottish thane (lord), a brave general and a cousin of King Duncan. But this is not enough for him. When three witches tell Macbeth that he will be king of Scotland, he thinks about making it come true - by killing Duncan. His conscience prevents him, until his wife persuades him to do it. He becomes king, and finds it is easier to get power than keep it. The witches

show him visions that make him believe he can't be beaten, even though he makes more and more enemies... Then the visions come true, in a way he doesn't expect.

**Socrates Does Shakespeare** Simon and Schuster

*Rosencrantz and Guildenstern Are Dead* is a play which, as it were, takes place in the wings of *Hamlet*, and finds both humour and poignancy in the situation of the ill-fated attendant lords. The National Theatre production in April 1967 made Tom Stoppard's reputation virtually overnight. Its wit, stagecraft and verbal verve remain as exhilarating as they were then and the play has become a contemporary classic. 'One of the most original and engaging of post-war plays.' Daily Telegraph

Gold Award Winner An Entertainment Weekly Best YA Book of 2017 A Vulture Best YA Book of 2017 A Buzzfeed Best YA Book of 2017 An ode to Put the Damn Guns Down, this is New York Times bestselling author Jason Reynolds's electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his

jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut

through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Is This a Dagger Which I See Before Me?  
ASCD

This collection of essays grew out of the "Reading Stephen King Conference" held at the University of Maine in 1996.

Stephen King's books have become a lightning rod for the tensions around issues of including "mass market" popular literature in middle and high school English classes and of who chooses what students read. King's fiction is among the most popular of "pop" literature, and among the most controversial. These essays spotlight the ways in which King's work intersects with the themes of the literary canon and its construction and maintenance, censorship in public schools, and the need for adolescent readers to be able to choose books in school reading programs. The essays and their authors are: (1) "Reading Stephen King: An Ethnography of an Event" (Brenda Miller Power); (2) "I Want to Be Typhoid Stevie" (Stephen King); (3) "King and

Controversy in Classrooms: A Conversation between Teachers and Students" (Kelly Chandler and others); (4) "Of Cornflakes, Hot Dogs, Cabbages, and King" (Jeffrey D. Wilhelm); (5) "The 'Wanna Read' Workshop: Reading for Love" (Kimberly Hill Campbell); (6) "When 'IT' Comes to the Classroom" (Ruth Shagoury Hubbard); (7) "If Students Own Their Learning, What Do Teachers Do?" (Curt Dudley-Marling); (8) "Disrupting Stephen King: Engaging in Alternative Reading Practices" (James Albright and Roberta F. Hammett); (9) "Because Stories Matter: Authorial Reading and the Threat of Censorship" (Michael W. Smith); (10) "Canon Construction Ahead" (Kelly Chandler); (11) "King in the Classroom" (Michael R. Collings); (12) "King's Works and the At-

Risk Student: The Broad-Based Appeal of a Canon Basher" (John Skretta); (13) "Reading the Cool Stuff: Students Respond to 'Pet Sematary'" (Mark A. Fabrizi); (14) "When Reading Horror Subliterature Isn't So Horrible" (Janice V. Kristo and Rosemary A. Bamford); (15) "One Book Can Hurt You...But a Thousand Never Will" (Janet S. Allen); (16) "In the Case of King: What May Follow" (Anne E. Pooler and Constance M. Perry); and (17) "Be Prepared: Developing a Censorship Policy for the Electronic Age" (Abigail C. Garthwait). Appended are a joint manifesto by National Council of Teachers of English (NCTE) and International Reading Association (IRA) concerning intellectual freedom; an excerpt from a teacher's guide to selected horror short stories of

Stephen King; and the conference program. Contains a 152-item reference list of literary works.(NKA)  
*Literature & History* Samuel French, Inc. This innovative work argues that Shakespeare was as great a philosopher as he was a poet, and that his greatness as a poet derived even more from his power as a thinker than from his genius for linguistic expression. Accordingly, Leon Craig's interpretation of the plays - focusing primarily on Macbeth and King Lear, but including extensive comments on Othello, The Winter's Tale, and Measure for Measure - are intended to demonstrate what can be gained from reading Shakespeare 'philosophically.' Shakespeare, Craig argues, had a persistent fascination with the relationship between politics and

philosophy, and even more precisely, with the idea of a philosophical ruler. Macbeth and King Lear are given detailed exposition for the special light they cast on tensions between philosophy and politics, knowledge and power. They show how the pursuit of an adequate understanding of certain practical issues - transient yet recurring - necessarily leads to considerations that far transcend the particular circumstances in which these practical problems arise. Metaphysics, cosmology, and man's confrontation with nature, were made dramatically manifest by Shakespeare to challenge and promote philosophic activity among his audience and readers. Unconventional in its approach, but working within the tradition of such critics as Allan Bloom

and Harry Jaffa, Craig's book makes a substantial contribution to understanding the general principles of Shakespearean drama.
