Hurdle after hurdle, everyone's experiences are their own. This memoir's filled with some of mine. Mixed with a bit of poetry and some spicy language, this was written to help you divide and conquer your trauma. This memoir may get a little too descriptive, but this is a complex topic that needs to be addressed, and societal changes need to be made. Trauma affects people to their core; no matter what has hurt you, we have all had to endure something that has negatively affected us. This book won't be the magical fix for everyone, but if it helps at least one person, I've done my job. Yes, there will be some triggers in this story, so read with caution. Please enjoy as I open up about some of the lowest and highest points in my life; this wasn't easy, but it's a topic that needs to be discussed. It's time to make people uncomfortable until changes are made. No one should feel like they can't walk the streets, grab a drink, travel alone, or do everyday life basics because others can't control their "urges." We've addressed it enough that people should finally feel safe by now, but they don't. Society needs to do better.

Sarah Banet-Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual. She focuses on the Miss America pageant in particular, considering its claim to be an accurate representation of the diversity of contemporary American women. Exploring the cultural constructions and legitimations that go on during the long process of the pageant, Banet-Weiser depicts the beauty pageant stage as a place where concerns about national identity, cultural hopes and desires, and anxieties about race and gender are crystallized and condensed. The beauty pageant, she convincingly demonstrates, is a profoundly political arena deserving of serious study. Drawing on cultural criticism, ethnographic research, and interviews with pageant participants and officials, *The Most Beautiful Girl in the World* illustrates how contestants invent and reinvent themselves while articulating the female body as a national body. Banet-Weiser finds that most pageants are characterized by the ambivalence of contemporary "liberal" feminism, which encourages individual achievement, self-determination, and civic responsibility, while simultaneously promoting very conventional notions of beauty. The book explores the many different aspects of the Miss America pageant, including the swimsuit, the interview, and the talent competitions. It also takes a closer look at some extraordinary Miss Americas, such as Bess Myerson, the first Jewish Miss America; Vanessa Williams, the first African American Miss America; and Heather Whitestone, the first Miss America with a disability.

From debut author Amy K. Green comes a devastating tale of psychological suspense: A teen pageant queen is found murdered in a small New England town and her sister's search for answers unearths more than she bargained for. Days after a young pageant queen named Jenny is found murdered, her small town grieves the loss alongside her picture-perfect parents. At first glance, Jenny's tragic death appears clear-cut for investigators. The most obvious suspect is one of her fans, an older man who may have gotten too close for comfort. But Jenny's half-sister, Virginia—the sarcastic black sheep of the family—isn't so sure of his guilt and takes matters into her own hands to find the killer. But for Jenny's case and Virginia's investigation, there's more to the story. Virginia, still living in town and haunted by her own troubled teenage years, suspects that a similar darkness lies beneath the sparkling veneer of Jenny's life. Alternating between Jenny's final days and Virginia's determined search for the truth, the sisters' dual narratives follow a harrowing trail of suspects, with surprising turns that race toward a shocking finale. Infused with dark humor and driven by two captivating young women, *The Prized Girl* tells a heartbreaking story of missed connections, a complicated family, and a town's disturbing secrets.

• Winner of the 2023 Anisfield-Wolf Book Award in Nonfiction • A New York Times Notable Book • A Best Book of the Year from TIME, Publishers Weekly, Booklist, Washington Independent Review of Books, and more! The definitive history of World War II from the African American perspective, written by civil rights expert and Dartmouth history professor Matthew Delmont "Matthew F. Delmont's book is filled with compelling narratives that outline with nuance, rigor, and complexity how Black Americans fought for this country abroad while simultaneously fighting for their rights here in the United States. Half American belongs firmly within the canon of indispensable World War II books." —Clint Smith, #1 New York Times bestselling author of *How the Word Is Passed: A Reckoning with the History of Slavery Across America* Over one million Black men and women served in World War II. Black troops were at Normandy, Iwo Jima, and the Battle of the Bulge, serving in segregated units and performing unheralded but vital support jobs, only to be denied housing and educational opportunities on their return home. Without their crucial contributions to the war effort, the United States could not have won the war. And yet the stories of these Black veterans have long been ignored, cast aside in favor of the myth of the "Good War" fought by the "Greatest Generation." Half American is American history as you've likely never read it before. In these pages are stories of Black heroes such as Thurgood Marshall, the chief lawyer for the NAACP, who investigated and publicized violence against Black troops and veterans; Benjamin O. Davis, Jr., leader of the Tuskegee Airmen, who was at the forefront of the years-long fight to open the Air Force to Black pilots; Ella Baker, the civil rights leader who advocated on the home front for Black soldiers, veterans, and their families; James Thompson, the 26-year-old whose letter to a newspaper laying bare the hypocrisy of fighting against fascism abroad when racism still reigned at home set in motion the Double Victory campaign; and poet Langston Hughes, who worked as a war correspondent for the Black press. Their bravery and patriotism in the face of unfathomable racism is both inspiring and galvanizing. In a time when the questions World War II raised regarding race and democracy in America remain troublingly relevant and still unanswered, this meticulously researched retelling makes for urgently necessary reading.

One of The Washington Post's 10 Best Books of 2021 * One of NPR's Best Books of 2021 * New York Times Book Review Editors' Choice * Long-listed for the Center for Fiction First Novel Prize "Dizzily original, fiercely funny, deeply wise." —Celeste Ng, #1 bestselling author of *Little Fires Everywhere* "Sanjena Sathian's *Gold Diggers* is a work of 24-karat genius." —Ron Charles, The Washington Post How far would you go for a piece of

the American dream? A magical realist coming-of-age story, *Gold Diggers* skewers the model minority myth to tell a hilarious and moving story about immigrant identity, community, and the underside of ambition. A floundering second-generation teenager growing up in the Bush-era Atlanta suburbs, Neil Narayan is funny and smart but struggles to bear the weight of expectations of his family and their Asian American enclave. He tries to want their version of success, but mostly, Neil just wants his neighbor across the cul-de-sac, Anita Dayal. When he discovers that Anita is the beneficiary of an ancient, alchemical potion made from stolen gold—a “lemonade” that harnesses the ambition of the gold’s original owner—Neil sees his chance to get ahead. But events spiral into a tragedy that rips their community apart. Years later in the Bay Area, Neil still bristles against his community’s expectations—and finds he might need one more hit of that lemonade, no matter the cost. Sanjena Sathian’s astonishing debut offers a fine-grained, profoundly intelligent, and biting funny investigation into what’s required to make it in America. Soon to be a series produced by Mindy Kaling!

What do we wish most for our children? Next to being healthy, we want them to be happy, of course! Fortunately, a wide array of scientific studies show that happiness is a learned behavior, a muscle we can help our children build and maintain. Drawing on what psychology, sociology, and neuroscience have proven about confidence, gratefulness, and optimism, and using her own chaotic and often hilarious real-world adventures as a mom to demonstrate do’s and don’ts in action, Christine Carter, Ph.D., executive director of UC Berkeley’s Greater Good Science Center, boils the process down to 10 simple happiness-inducing steps. With great wit, wisdom, and compassion, Carter covers the day-to-day pressure points of parenting—how best to discipline, get kids to school and activities on time, and get dinner on the table—as well as the more elusive issues of helping children build healthy friendships and develop emotional intelligence. In these 10 key steps, she helps you interact confidently and consistently with your kids to foster the skills, habits, and mindsets that will set the stage for positive emotions now and into their adolescence and beyond. Inside you will discover • the best way avoid raising a brat—changing bad habits into good ones • tips on how to change your kids’ attitude into gratitude • the trap of trying to be perfect—and how to stay clear of its pitfalls • the right way to praise kids—and why too much of the wrong kind can be just as bad as not enough • the spirit of kindness—how to raise kind, compassionate, and loving children • strategies for inspiring kids to do boring (but necessary) tasks—and become more self-motivated in the process Complete with a series of “try this” tips, secrets, and strategies, *Raising Happiness* is a one-of-a-kind resource that will help you instill joy in your kids—and, in the process, become more joyful yourself.

Based upon research in rural central Florida, *The Latinization of Indigenous Students* examines how schools perceive and process demographic information, including how those perceptions may erase Indigeneity and impact resource access. Based on multiyear fieldwork, Campbell-Montalvo argues that languages and racial identities of Indigenous Latinx students and families may be re-formed by schools, erasing Indigeneity. However, programs such as the federally funded Migrant Education Program can foster equitable access by encouraging pedagogies that position teachers as cultural insiders or learners. Anchored by pertinent anthropological theories, this work advances our ability to name and explain pedagogical phenomena and their role in rectifying or reproducing colonialism among marginalized and minoritized groups.

Using the tools of performance studies, gender theory, and cultural history, Brenda Foley explores the striking similarities between beauty pageantry and striptease. For example, women in both project a ‘normal’ femininity and adhere to a strict hierarchy (Miss America contestants look down upon Miss Universe contestants, while theatrical ‘burlesque artists’ saw themselves as far above mere carnival strippers). *Undressed for Success* collects extensive primary source research - newspapers, journals, trade publications, photography collections, press releases, memoirs, and interviews with both strippers and pageant contestants - and employs a wide array of gender, feminist, and performance theory to analyze them.

“Sofija Stefanovic’s beautiful memoir *Miss Ex-Yugoslavia* depicts the elegant transit of a girl becoming an artist. This is a story we yearn to know: How does a girl lose her childhood, family, and nation, yet nurture her memories, dreams, and art? Stefanovic hits all her marks, and she keeps us in her thrall.” —Min Jin Lee, author of *Pachinko*, a New York Times bestseller and National Book Award finalist “Funny and tragic and beautiful in all the right places. I loved it.” —Jenny Lawson, #1 New York Times bestselling author of *Let’s Pretend This Never Happened* and *Furiously Happy* A funny, dark, and tender memoir about the immigrant experience and life as a perpetual fish-out-of-water, from the acclaimed Serbian-Australian storyteller. Sofija Stefanovic makes the first of many awkward entrances in 1982, when she is born in Belgrade, the capital of socialist Yugoslavia. The circumstances of her birth (a blackout, gasoline shortages, bickering parents) don’t exactly get her off to a running start. While around her, ethnic tensions are stoked by totalitarian leaders with violent agendas, Stefanovic’s early life is filled with Yugo rock, inadvisable crushes, and the quirky ups and downs of life in a socialist state. As the political situation grows more dire, the Stefanovics travel back and forth between faraway, peaceful Australia, where they can’t seem to fit in, and their turbulent homeland, which they can’t seem to shake. Meanwhile, Yugoslavia collapses into the bloodiest European conflict in recent history. Featuring warlords and beauty queens, tiger cubs and Baby-Sitters Clubs, Sofija Stefanovic’s memoir is a window to a complicated culture that she both cherishes and resents. Revealing war and immigration from the crucial viewpoint of women and children, Stefanovic chronicles her own coming-of-age, both as a woman and as an artist who yearns to take control of her own story. Refreshingly candid, poignant, and illuminating, *Miss Ex-Yugoslavia* introduces a vital new voice to the immigrant narrative.
