Rebecca Rusch is one of the great endurance athletes of our time. Known today as the Queen of Pain for her perseverance as a relentlessly fast runner, paddler, and mountain bike racer, Rusch was a normal kid from Chicago who abandoned a predictable life for one of adventure. In her new book *Rusch to Glory: Adventure, Risk & Triumph on the Path Less Traveled*, Rusch weaves her fascinating life's story among the exotic locales and extreme conditions that forged an extraordinary athlete from ordinary roots. Rusch has run the gauntlet of endurance sports over her career as a professional athlete-- climbing, adventure racing, whitewater rafting, cross-country skiing, and mountain biking--racking up world championships along the way. But while she might seem like just another superhuman playing out a fistful of aces, her empowering story proves that anyone can rise above self-doubt and find their true potential. First turning heads with her rock climbing and paddling skills, Rusch soon found herself spearheading adventure racing teams like Mark Burnett's Eco-Challenge series. As she fought her way through the jungles of Borneo, raced camels across Morocco, threaded the rugged Tian Shan mountains, and river-boarded the Grand Canyon in the dead of winter, she was forced to stare down her own demons. Through it all, Rusch continually redefined her limits, pushing deep into the pain cave and emerging ready for the next great challenge. At age 38, Rusch faced a tough decision: retire or reinvent herself yet again. Determined to go for broke, she shifted her focus to endurance mountain bike racing and rode straight into the record books at a moment when most athletes walk away. *Rusch to Glory* is more

than an epic story of adventure; it is a testament to the rewards of hard work, determination, and resilience on the long road to personal and professional triumph.

When it comes to disagreement, we are in perpetual fight-or-flight mode. Rather than respond with a posture of compassion and connection, we are encouraged to "resist" others personally and politically. Either we engage in fruitless arguments with people who refuse to see things our way or we retreat to our echo chambers where everyone agrees with us. But the real resistance, the kind that helps us grow, is learning to love others--especially those who disagree with us. If you're tired of seeing your real-life and online communities in turmoil and you long to be an agent of peace, understanding, and reconciliation, it's time to join a new kind of resistance movement--one that pushes us toward personal transformation. Grounded in Scripture and illustrated with compelling true stories, this new book from Ashley Abercrombie will help you gain the confidence to communicate and connect with others, stop avoiding necessary tension, and resolve your internal and external conflicts. When we make love our habitual reaction to the conflicts and divisions in our lives, we'll find that we can stay true to our convictions without sacrificing our relationships.
