## HARRISON DOMINGUEZ

---

**Revenge** John Wiley & Sons  
 A comprehensive analysis of Donald Trump's legal history reveals his temperament, methods, character, and morality. Unlike all previous presidents who held distinguished positions in government or the military prior to entering office, Donald Trump's political worldview was molded in the courtroom. He sees law not as a system of rules to be obeyed and ethical ideals to be respected, but as a weapon to be used against his adversaries or a hurdle to be sidestepped when it gets in his way. He has weaponized the justice system throughout his career, and he has continued to use these backhanded tactics as Plaintiff in

Chief. In this book, distinguished New York attorney James D. Zirin presents Trump's lengthy litigation history as an indication of his character and morality, and his findings are chilling: if you partner with Donald Trump, you will probably wind up litigating with him. If you enroll in his university or buy one of his apartments, chances are you will want your money back. If you are a woman and you get too close to him, you may need to watch your back. If you try to sue him, he's likely to defame you. If you make a deal with him, you had better get it in writing. If you are a lawyer, an architect, or even his dentist, you'd better get paid up front. If you venture an opinion that publicly criticizes him, you may be sued for libel. A window into the president's dark legal history, Plaintiff in Chief is as informative as it is disturbing.

*TrumpNation* Random House Trade Paperbacks

This book captures Donald J. Trump's presidency by addressing the remarkable tropes that defined that period. It offers research-based investigations of the communicative aspects of Trump's presidency, with a focus on race, immigration, xenophobia, and social conflicts as they interact with communication. The book utilizes research data to capture critical moments of the presidency. Chapters examine metadiscourse during President Trump's press events, where he accused the media of "Nasty Question" and "Fake News", offer computational framing analysis to expose the communication of racism and xenophobia in US-Mexico cross-border wall discourses, and provide critical textual analysis of select episodes of CW's

critically acclaimed TV show *Jane the Virgin*, exposing how citizenship, or lack thereof shapes one's relationship to the state and surrounding communities. They also offer textual analysis to demonstrate how a predominantly White newsroom differs from a newsroom that is racially diverse, against the backdrop of the coverage of two politically charged issues of Black Lives Matter and Deferred Action for Childhood Arrivals (DACA), and explore interdisciplinary concepts related to understanding immigrants' and sojourners' believability evaluation of disinformation. Donald J. Trump's Presidency will be a key resource for scholars and researchers of communication studies, political communication, media and cultural studies, race and ethnic studies, and political science, while also appealing to anyone interested in the communicative aspects of Trump's presidency and American politics. This book was originally published as a special issue of the *Howard Journal of Communications*.

Triggered Little, Brown

This is the book that the leftist elites don't want you to read -- Donald Trump, Jr., exposes all the tricks that the left uses to smear conservatives and push them out of the public square, from online "shadow banning" to rampant "political correctness." In *Triggered*, Donald Trump, Jr. will expose all the tricks that the left uses to smear conservatives and push them out of the public square, from online "shadow banning" to fake accusations of "hate speech." No topic is spared from political correctness. This is the book that the leftist elites don't want you to read! Trump, Jr. will write about the importance of fighting back and standing up for what you believe in. From his childhood summers in Communist Czechoslovakia that began his political thought process, to working on construction sites with his father, to the major achievements of President Trump's administration, Donald Trump, Jr. spares no details and delivers a book that focuses on success and perseverance, and proves offense is the best defense.

A Face in the Crowd Thomas Dunne Books  
A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to "put America's interests first—and that means doing what's right for our economy, our national security, and our public safety." Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and

people said, "Merry Christmas!" The media scoffed at Trump's vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, "Donald Trump heard a voice in this country that no one else heard." As Trump says in *Time to Get Tough*, "I've built businesses across the globe. I've dealt with foreign leaders. I've created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That's what I do for a living: make big things happen..." Trump is about to make the biggest deals of his life, and he's going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America "doesn't need cowardice, it needs courage." President Elect Trump is about to "Make America Great Again" and *Time to Get Tough* is his blueprint!

Mr. President, May I Ask You a Question?  
Biteback Publishing

The Mueller Report's four part Appendix (A, B, C, & D; now in large print) has slipped into the Public Domain with but a whimper. Appendix C discloses each of the written questions and answers the Special Council submitted (after more than a year of negotiating) to the President and his team of personal lawyers which required Donald J. Trump's answers be given under oath. While Appendix A (the Letter Appointing the Special Counsel); Appendix B (Individuals, Entities, Organizations, and Acronyms used in the Report); and Appendix D which lists the various Cases that have been Transferred, Referred, & Completed deriving from the investigation initially authorized by Deputy Attorney General, Rod Jay Rosenstein are each classic examples of what you'd expect to find in an Appendix. Appendix C, on the other-hand, seems, well, out of place or hidden in plain sight, considering the excessive media attention the attempted, but failed, effort at scheduling a "face-to-face" (while under oath) between the President and the Special Council received regarding this issue. To stumble upon such an important document buried deep within the 448 page Muller Report which has been described as the most significant part of the entire document is simply, a must-read! The publication's printing and binding costs total shall be awarded to Amazon, primarily because they have the resources and willingness to complete the task at hand, while the balance, excepting possible shipping costs, shall be allocated

to TG Fugate, author of "Verbal SnapShots for the UpScale Privy" (Volumes I, II & III), for his substantial efforts in editing and formatting this Publication into reader friendly large print and pinning the introduction.

What America Needs Random House

Major Garrett has been reporting on the White House for nearly two decades, covering four different presidencies for three news outlets. But if he thought that his distinguished journalistic career had prepared him for the unique challenges of covering Donald Trump, he was in for a surprise. Like many others in Washington, Garrett found himself having to unlearn many of his own settled notions about the nature and function of the presidency. He also had to separate the carnival-like noise of the Trump presidency from its underlying substance. For even in its first half, Trump's tenure has been highly consequential. In *Mr. Trump's Wild Ride*, Major Garrett provides what journalists are often said to do, but usually don't: a true first draft of history. His goal was to sift through the mountains of distracting tweets and shrieking headlines in order to focus on the most significant moments of Trump's young presidency, the ones that Garrett believes will have a lasting impact. The result is an authoritative, mature, and consistently entertaining account of one of the strangest eras in American political history. A consummate professional with unimpeachable integrity, remarkable storytelling skills, and a deep knowledge of his subject earned through decades of experience, Garrett brings to life the twists and turns of covering this White House and its unconventional occupant with wit, sagacity and style. *Mr. Trump's Wild Ride* should place him securely in the first rank of Washington journalists.

**Summary Review and Discussion of Liars, Leakers, and Liberals** Brookings Institution Press

"A great public service--critical for our time." --Bandy X. Lee, M.D., M.Div., Yale psychiatrist, expert on violence, and editor of *The Dangerous Case of Donald Trump*  
The New York Times best-selling author of *Bush on the Couch* shows that Donald Trump is mentally and emotionally unfit to execute the duties of President. No president in the history of the United States has inspired more alarm and confusion than Donald Trump. As questions and concerns about his decisions, behavior, and qualifications for office have multiplied, they point to one primary question: Does he pose a genuine threat to our country? The American

Psychiatric Association's Goldwater Rule constrains psychiatrists from offering diagnoses on public figures who are not patients and who have not endorsed such statements. But in *Trump on the Couch* Clinical Professor of Psychiatry Justin A Frank invokes the moral responsibility that compels him to speak out and present a full portrait of a man who presents us with a clear and present danger. Using observations gained from a close study of Trump's patterns of thought, action, and communication, Dr. Frank uncovers a personality riddled with mental health issues. His analysis is filled with important revelations about our nation's leader, including disturbing insights into his childhood, his family, his business dealings, and his unusual relationship with alternative facts, including how the absence of a strong maternal force during childhood has led to Trump's remarkable lack of empathy and disregard for women's boundaries; His compulsion to polarize America has grown out of the way he perceives the world as full of deceitful and destructive persecutors; His inability to tolerate the pain of frustration has triggered his belief that omnipotence will finally remove it; His idiosyncratic use of language points to larger issues than even his tweets might suggest. With our country itself at stake, Dr. Frank calls attention to the underlying narcissism, misogyny, deception, and racism that drive the President who endangers it. A penetrating examination of how we as a nation got here and, more important, where we are going, *Trump on the Couch* sounds a call to action that we cannot ignore.

*A Very Stable Genius* Simon and Schuster  
NEW YORK TIMES BESTSELLER • With unparalleled reporting, a Pulitzer Prize-winning New York Times reporter chronicles the clash between a president and the officials of his own government who tried to stop him. "A meticulously reported volume that clearly benefits from the author's extraordinary access . . . [a] startling dissection of the Trump presidency."—The New York Times  
*Donald Trump v. The United States* tells the dramatic, high-stakes story of those who felt compelled to confront and try to contain the most powerful man in the world as he shredded norms and sought to expand his power. Michael S. Schmidt takes readers inside the defining events of the presidency, chronicles them up close, and records the clash between an increasingly emboldened president and those around him, who find themselves trying to thwart the president they had pledged to serve, unsure whether he is acting in the interest of the country, his

ego, his family business, or Russia. Through their eyes and ears, we observe an epic struggle. Drawing on secret FBI and White House documents and confidential sources inside federal law enforcement and the West Wing, *Donald Trump v. The United States* is vital journalism from a Pulitzer Prize-winning reporter that records the shocking reality of a presidency like no other. It is a riveting contemporary history and a lasting account of just how fragile and vulnerable the institutions of American democracy really are.

*Peril* HarperCollins

The most frank and intimate portrait of the Trump White House yet Stephanie Grisham rose from being a junior press wrangler on the Trump campaign in 2016 to assuming top positions in the administration as White House press secretary and communications director, while at the same time acting as First Lady Melania Trump's communications director and eventually chief of staff. Few members of the Trump inner circle served longer or were as close to the first family as Stephanie Grisham, and few had her unique insight into the turbulent four years of the administration, especially the personalities behind the headlines.

*Trump v Trump* Simon and Schuster

Can you tell the Trumpisms from the hot air?!?! The big bad media just keeps on spreading tall tales, but at long last here is a book that can help you hone your skills of fishing the truth from the lies! On each page of this book, you'll find two statements on the same subject matter. One is from the real Trump (i.e. a definitive quote from DJT about happenings in the USA, the rest of the world, people and general wisdom). The other is your average trump (something we made up, fake news, hot air, smoke in the wind, a big fat fart). For example\* . . . A) TRUMP: Climate change has happened since dinosaur times, it's happened since cave men walked the earth. And they didn't have cars in the Ice Age. or B) TRUMP: It's really cold outside, they are calling it a major freeze, weeks ahead of normal. Man, we could use a big fat dose of global warming! The perfect stocking filler for quiz-hungry politicians this Christmas, TRUMP V TRUMP will keep you entertained for hours. ----- \* The Answer is B! Donald tweeted this back on 19 October 2015 - because who isn't wistful for climate change?

*Directing the Whirlwind* All Points Books

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the

rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed."—Boston Herald "A chatty, generous, chutzpa-filled autobiography."—New York Post  
*A Very Stable Genius* Center Street  
Once at the centre of the American conservative movement, bestselling author and radio host Charles Sykes is a fierce opponent of Donald Trump and the right-wing media that enabled his rise. Sykes presents an impassioned, regretful and deeply thoughtful account of how the American conservative movement came to lose its values. How did a movement that was defined by its belief in limited government, individual liberty, free markets, traditional values and civility find itself embracing bigotry, political intransigence, demagoguery and outright falsehood? How the Right Lost its Mind addresses key issues that face American conservatives under a Trump presidency. It asks why so many voters are apparently credulous and immune to factual information reported by responsible media. And why did conservatives decide to overlook, even embrace, so many of Trump's outrages, gaffes, conspiracy theories, falsehoods and smears? Can conservatives govern, or are they content merely to rage? And central to Sykes's discourse is the question of how can the right recover its traditional values and

persuade a new generation of their worth.

**Trump Never Give Up** Penguin

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

[How The Right Lost Its Mind](#) Seven Dials

This book takes a deep dive into the question of whether or not President Trump is facing an indictment. Drawing on a range of sources, from interviews with legal experts to political analysts and academics, it examines the legal and political implications of a possible indictment of the President, and the potential consequences for the United States. It also looks at the historical context of such a move and its implications for the future of American democracy. Covering a range of topics from impeachment to the potential charges and the ultimate outcome, this book provides an in-depth look at the legal and political implications of a possible indictment of President Trump. It's a must-read for anyone interested in American politics and the current state of the nation. Wants to learn more of it? [CLICK TO GRAP A COPY NOW!](#)

*Compromised* Independently Published

In this revelatory, authoritative portrait of Donald J. Trump and the toxic family that made him, Mary L. Trump, a trained clinical psychologist and Donald's only niece, shines a bright light on the dark history of their family in order to explain how her uncle became the man who now threatens the world's health, economic security, and social fabric. Mary Trump spent much of her childhood in her grandparents' large, imposing house in the heart of Queens, New York, where Donald and his four siblings grew up. She describes a nightmare of traumas, destructive relationships, and a tragic combination of neglect and abuse. She explains how specific events and general family patterns created the damaged man who currently occupies the Oval Office, including the strange and harmful relationship between Fred Trump and his two oldest sons, Fred Jr. and Donald. A firsthand witness to countless holiday meals and interactions, Mary brings an incisive wit and unexpected humor to sometimes grim, often confounding family events. She recounts in unsparing detail everything from her uncle Donald's place in the family spotlight and Ivana's penchant for regifting to her grandmother's frequent injuries and illnesses and the appalling way Donald, Fred Trump's favorite son, dismissed and derided him when he began to succumb to Alzheimer's. Numerous pundits, armchair psychologists, and journalists have sought

to parse Donald J. Trump's lethal flaws.

Mary L. Trump has the education, insight, and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families. [Letter to Donald Trump: President of the United States of America](#) Simon & Schuster

"Sebastian Gorka was [President Trump's] strategist. Dr. Gorka knows Donald Trump and the threats we face. Buy and read *Why We Fight* to find how we win and what it means to be an American hero." — RUSH LIMBAUGH WAR. It will happen again. We must be ready. Sober words from Dr. Sebastian Gorka, a man who has made the unvarnished truth his specialty. And there's one eternal truth that Americans are in danger of forgetting: the most important weapon in any geopolitical conflict is the will to win. And we must win. In this powerful manifesto, Dr. Gorka explains the basic principles that have guided strategists since Sun Tzu penned *The Art of War* in the sixth century B.C. To defeat your enemy, you must know him. But that's the last thing liberal elites are interested in. Willful ignorance about our adversary—whether it's Russia, China, or the global jihadi movement—has been crippling. Tearing off America's politically correct blindfold, Dr. Gorka clarifies who our foes are and what makes them tick. An eight-year vacation from geopolitical reality under Obama left our country dangerously weakened. Dr. Gorka addresses the pressing questions we face as we rebuild under President Trump's leadership: - What are the most serious threats to American security? - How are they different from the threats of the past? - What can we do to counter these threats? - How can we achieve the "perfect victory" of vanquishing our enemies without mortal combat? All the money and weapons in the world cannot substitute for the will to fight for our precious country and what she represents. To remind us of what the will to win looks like, Dr. Gorka intersperses the stories of four American heroes—Stephen Decatur, Chesty Puller, "Red" McDaniel, and a warrior who never took up arms, Whittaker Chambers—men who believed in their country and put everything on the line for her.

**Power Wars** Thomas Dunne Books

The extensively researched biography that goes beyond the hype to "separate Trump the reality from Trump the reality show"

(USA Today). Now with a new introduction by the author, this entertaining look inside the world of Donald Trump is chock full of rip-roaring anecdotes, jaw-dropping quotes, and rigorous research into the business deals, political antics, curious relationships, and complex background of the forty-fifth US president. Granted unprecedented access, Timothy L. O'Brien traveled across the country and up and down the East Coast with Trump on his private jet, wheeled around Palm Beach with him in his Ferrari, and spent hours interviewing him in his home, in his office, and on the golf course. He met with the entrepreneur's closest friends and most aggressive rivals, while compiling a treasure trove of Trumpisms from the Donald himself: Trump on the public's enduring fascination with Trump: "There is something crazy, hot, a phenomenon out there about me, but I'm not sure I can define it and I'm not sure I want to." Trump on naysayers: "You can go ahead and speak to guys who have four-hundred-pound wives at home who are jealous of me, but the guys who really know me know I'm a great builder." Trump on the art of self-promotion: "You might as well tell people how great you are, because no one else is going to." Ultimately, when O'Brien's research revealed that Trump's business record and annual spot on the Forbes 400 list of richest Americans might be more fantasy than reality, he—like so many others who have dared to tangle with the former host of *The Apprentice*—found himself in a courtroom. In a new introduction, O'Brien reflects on the recent wave of TrumpMania and updates readers on what it's like to depose one of the world's most litigious businessmen—and win.

[I'll Take Your Questions Now](#) Simon and Schuster

The instant #1 bestseller. "This taut and terrifying book is among the most closely observed accounts of Donald J. Trump's shambolic tenure in office to date." - Dwight Garner, *The New York Times* Washington Post national investigative reporter Carol Leonnig and White House bureau chief Philip Rucker, both Pulitzer Prize winners, provide the definitive insider narrative of Donald Trump's presidency "I alone can fix it." So proclaimed Donald J. Trump on July 21, 2016, accepting the Republican presidential nomination and promising to restore what he described as a fallen nation. Yet as he undertook the actual work of the commander in chief, it became nearly impossible to see beyond the daily chaos of scandal, investigation, and constant bluster. In fact, there were

patterns to his behavior and that of his associates. The universal value of the Trump administration was loyalty—not to the country, but to the president himself—and Trump’s North Star was always the perpetuation of his own power. With deep and unmatched sources throughout Washington, D.C., Carol Leonnig and Philip Rucker reveal the forty-fifth president up close. Here, for the first

time, certain officials who felt honor-bound not to divulge what they witnessed in positions of trust tell the truth for the benefit of history. A peerless and gripping narrative, *A Very Stable Genius* not only reveals President Trump at his most unvarnished but shows how he tested the strength of America’s democracy and its common heart as a nation. [The Hardest Job in the World](#) Random

House Trade Paperbacks  
The presidency of the 45th president of the United States, Donald Trump, impacted many sectors of society. One of these was comedy, which became obsessed with Trump, who was himself a comedic figure. This book looks at this impact, called the Trump Effect, on American comedy—an effect that has changed its historical forms drastically.
