*Your Next Five Moves*

Scholastic Professional  
Based on the popular TV  
show that airs on CBBC  
and Netflix, *An Official  
Guide to ... THE NEXT  
STEP* is perfect for fans of  
dance! Tweens can learn  
dance moves and recipes  
for the troupe's favourite  
snacks, plus get make-up,  
fashion and lifestyle tips.

They can take quizzes, try  
out cool dance activities  
with their friends and find  
out more about The Next  
Step characters they  
know and love. There's  
even a personality test  
that reveals who their  
perfect duet partner  
would be!

Delacorte Press

Nine out of every ten  
startups will fail. Want to  
avoid their mistakes and  
become part of the 10%  
that succeed? *THE NEXT  
STEP* is the first series to

take entrepreneurs step-  
by-step through the  
process from raw idea to  
operational startup. Each  
step includes a set of key  
questions designed to  
help you build a business  
plan and pitches for  
potential investors and  
customers. *Book 3: A  
Guide to Building a  
Startup Financial Plan*  
covers the whole process  
from projecting revenue  
to estimating expenses,  
developing a cash flow  
statement, and analyzing

your break-even point. Step by step, from a blank spreadsheet to a five-year financial model. Whether you're a seasoned professional looking to make a change, a new college graduate with a big idea, or a small business owner in need of more structure, this must-read series from serial entrepreneur Luni Libes will help make your idea a profitable reality.

Clarity for Learning  
Scholastic Professional  
From the creator of  
Valuetainment, the #1  
YouTube channel for

entrepreneurs, and “one of the most exciting thinkers” (Ray Dalio, author of Principles) in business today, comes a practical and effective guide for thinking more clearly and achieving your most audacious professional goals. Both successful entrepreneurs and chess grandmasters have the vision to look at the pieces in front of them and anticipate their next five moves. In this book, Patrick Bet-David “helps entrepreneurs understand exactly what they need to do next” (Brian Tracy,

author of Eat That Frog!) by translating this skill into a valuable methodology. Whether you feel like you’ve hit a wall, lost your fire, or are looking for innovative strategies to take your business to the next level, Your Next Five Moves has the answers. You will gain: CLARITY on what you want and who you want to be. STRATEGY to help you reason in the war room and the board room. GROWTH TACTICS for good times and bad. SKILLS for building the right team based on

strong values. INSIGHT on power plays and the art of applying leverage.

Combining these principles and revelations drawn from Patrick's own rise to successful CEO, *Your Next Five Moves* is a must-read for any serious executive, strategist, or entrepreneur.

*The Next Right Thing Guided Journal* John Wiley & Sons

"One of my favorite books of the year. It completely reshaped how I think about information and how and why I take notes." —Daniel Pink,

bestselling author of *Drive*  
A revolutionary approach to enhancing productivity, creating flow, and vastly increasing your ability to capture, remember, and benefit from the unprecedented amount of information all around us. For the first time in history, we have instantaneous access to the world's knowledge. There has never been a better time to learn, to contribute, and to improve ourselves. Yet, rather than feeling empowered, we are often left feeling overwhelmed

by this constant influx of information. The very knowledge that was supposed to set us free has instead led to the paralyzing stress of believing we'll never know or remember enough. Now, this eye-opening and accessible guide shows how you can easily create your own personal system for knowledge management, otherwise known as a Second Brain. As a trusted and organized digital repository of your most valued ideas, notes, and creative work synced

across all your devices and platforms, a Second Brain gives you the confidence to tackle your most important projects and ambitious goals. Discover the full potential of your ideas and translate what you know into more powerful, more meaningful improvements in your work and life by Building a Second Brain. Next Level Living Baker Books  
Jan Richardson, best-selling author of The Next Step in Guided Reading and Next Step Guided Reading Assessment

shows teachers how to plan and teach successful, well-paced lessons from start to finish. The Next Step in Guided Reading Heinemann Publishing  
"Whether you're going for that promotion, looking to jump ship, or change careers entirely, Michael Watkins' Your Next Move is a book you'll want to read." So starts the positive review of Your Next Move on the influential 800 CEO Read website. It's true that all leaders--no matter how seasoned--need guidance

through the professional changes that define a career. In fact, transitions into new roles are the crucibles in which leaders get their toughest tests, and they're the defining factor in professional careers today. Yet far too often, leaders fail to transition effectively into new roles. The resulting costs are high, for individual careers and for organizations. In Your Next Move, leadership-transition guru Watkins shows how you can survive and thrive in all the major transitions you

will face during your career-including promotions, leading former peers, on-boarding into a new organization, making an international move, or turning around or realigning an organization. With real-life examples and case studies, Watkins illustrates the defining hurdles associated with each type of transition. He then provides the insights, strategies, and tools you'll need to accelerate through these crucial turning points and continue moving up in

your career. The necessary complement to the author's bestselling guide *The First 90 Days*, which has been translated in more than 20 languages worldwide, *Your Next Move* offers the keen observations, tried-and-true management wisdom, and practical good sense Watkins is renowned for. It's a vital resource for any manager or executive seeking to maintain career momentum. To quote the reviewer from above: "It's not just about "moving" but about what happens

when those actions are taken. Success or failure are the two options, and which option you emerge with will determine what happens going forward. Watkins' book definitely has the research and insight to equip you for the better of the two paths."

*The Narcotics Anonymous Step Working Guides* F&P Professional Books and Mul

Literacy intervention should be swift and powerful--and this approach by Jan Richardson and Ellen

Lewis provides fast results! After only 6-8 weeks of intervention, students can gain the confidence, proficiency, and skills they need to excel as readers and exit intervention! Based on Jan's bestselling *The Next Step Forward in Guided Reading*, this companion volume is intended to be used together in order to best implement the RISE framework.. *The Next Step Forward in Reading Intervention* offers intensive, short-term, targeted instruction in reading, writing, word

study, and comprehension. It's a step-by-step handbook for literacy teachers, literacy coaches, and reading specialists who are looking for a proven reading intervention program that really works. "RISE has truly changed the face of intervention at our school." -- Ranita Glenn, Reading Specialist and RISE instructor, Hardy Elementary School, Chattanooga, Tennessee  
**Building a Second Brain** Scholastic Teaching Resources  
 Teachers facing the

challenge of meeting the diverse reading needs of students will find the structure and tools they need in Jan Richardson's powerful approach to guided reading. Richardson has identified the essential components of an effective guided reading lesson: targeted assessments, data analysis that pinpoints specific strategies students need, and the use of guided writing to support the reading process. Each chapter contains planning sheets to help teachers analyze

assessments in order to group students and select a teaching focus Includes detailed, ready-to-go lesson plans for all stages of reading: emergent, early, transitional, and fluent

*The Next Step Forward in Running Records* Basic Books

Terribly unhappy in his family's crowded New York City apartment, Sam Gribley runs away to the solitude-and danger-of the mountains, where he finds a side of himself he never knew.

*Down Range* Nicholas

Brealey Richardson and Dufresne, powerhouses in guided reading instruction, provide guidance in planning short, developmentally appropriate word study and phonics lessons as part of guided reading. You'll find all the support you need to teach letters, sounds, and words effectively, including 260 lessons for readers at every stage, from pre-A to fluent; assessment tools; and printable books at levels A-C.

**The Next Step Forward**

### **in Reading Intervention**

The Next Step Forward in Guided Reading

What happens after a formative literacy assesment like DIBELS, TPRI, FAIR, or AIMSweb?

How can educators translate the results into targeted interventions and improved reading outcomes? This reader-friendly teaching guide makes the next steps of literacy instruction clear and easy for K - 6 educators. Developed by highly respected experts Smartt and Glaser, this book gives readers a

specific breakdown of the indicators on today's most popular reading assessments and matches those items with interventions that make a real difference. Next STEPs is everything educators want: designed for use with RTI; extensively field tested during the nationwide trainings the authors have conducted; organized by the "big five" ideas identified by the National Reading Panel; packed with practice activities directly linked to each big idea; shows teachers how to

integrate all five big ideas during instruction; and shows educators both how to teach and what to teach to make students better readers. All of the suggested interventions are quick and creative, get real results with minimal planning, use materials most teachers already have, and effectively targets the specific "trouble spots" that literacy assessments have identified. And with the classroom vignettes and sample teacher-student dialogues, educators will have

adaptable models for their own classroom interactions.

*The Next Step Forward in Word Study and Phonics*  
"O'Reilly Media, Inc."

This guide charts the NQT's next steps in teaching from finishing a teacher training programme, through to the probationary year, and then into the comparatively settled routine of the second and third years of teaching. Suitable for all new teachers in secondary schools, this book aims to help with navigating the

pitfalls of teaching describe some of the possible challenges and difficulties faced in the classroom and provide advice based on the experiences of other teachers describe the successful strategies new teachers have used to develop teaching highlight the satisfaction of teaching. An important feature of the book is that it takes an extended view of the early years of a teaching career, looking beyond the short term 'What am I going to teach this class next week, or

next lesson, or even right now?'. Next Steps in Teaching also presents interviews with new teachers that will help to show how others have been through similar experiences and came out as confident teachers. Dear Mr. Henshaw Penguin Effective and practical coaching strategies for new educators plus valuable online coaching tools Many teachers are only observed one or two times per year on average—and, even among those who are

observed, scarcely any are given feedback as to how they could improve. The bottom line is clear: teachers do not need to be evaluated so much as they need to be developed and coached. In Get Better Faster: A 90-Day Plan for Coaching New Teachers, Paul Bambrick-Santoyo shares instructive tools of how school leaders can effectively guide new teachers to success. Over the course of the book, he breaks down the most critical actions leaders and teachers must take to

achieve exemplary results. Designed for coaches as well as beginning teachers, Get Better Faster is an integral coaching tool for any school leader eager to help their teachers succeed. Get Better Faster focuses on what's practical and actionable which makes the book's approach to coaching so effective. By practicing the concrete actions and micro-skills listed in Get Better Faster, teachers will markedly improve their ability to lead a class, producing a steady

chain reaction of future teaching success. Though focused heavily on the first 90 days of teacher development, it's possible to implement this work at any time. Junior and experienced teachers alike can benefit from the guidance of Get Better Faster while at the same time closing existing instructional gaps. Featuring valuable and practical online training tools available at <http://www.wiley.com/go/getbetterfaster>, Get Better Faster provides agendas, presentation

slides, a coach's guide, handouts, planning templates, and 35 video clips of real teachers at work to help other educators apply the lessons learned in their own classrooms. Get Better Faster will teach you: The core principles of coaching: Go Granular; Plan, Practice, Follow Up, Repeat; Make Feedback More Frequent Top action steps to launch a teacher's development in an easy-to-read scope and sequence guide It also walks you through the four phases of skill

building: Phase 1 (Pre-Teaching): Dress Rehearsal Phase 2: Instant Immersion Phase 3: Getting into Gear Phase 4: The Power of Discourse Perfect for new educators and those who supervise them, *Get Better Faster* will also earn a place in the libraries of veteran teachers and school administrators seeking a one-stop coaching resource.

*Driven by Data* Scholastic Teaching Resources  
Narcotics Anonymous Step Working Guides are meant to be used by NA

members at any stage of recovery, whether it's the first time through the steps, or whether they have been a guiding force for many years. This book is intentionally written to be relevant to newcomers and to help more experienced members develop a deeper understanding of the Twelve Steps.

*Your Next Move* Teaching Resources

THE MUST-READ  
MULTIMILLION  
BESTSELLING MYSTERY  
SERIES• Everyone is talking about A Good

*Girl's Guide to Murder!*  
With shades of *Serial* and *Making a Murderer* this is the story about an investigation turned obsession, full of twists and turns and with an ending you'll never expect. Everyone in Fairview knows the story. Pretty and popular high school senior Andie Bell was murdered by her boyfriend, Sal Singh, who then killed himself. It was all anyone could talk about. And five years later, Pip sees how the tragedy still haunts her town. But she can't shake

the feeling that there was more to what happened that day. She knew Sal when she was a child, and he was always so kind to her. How could he possibly have been a killer? Now a senior herself, Pip decides to reexamine the closed case for her final project, at first just to cast doubt on the original investigation. But soon she discovers a trail of dark secrets that might actually prove Sal innocent . . . and the line between past and present begins to blur. Someone

in Fairview doesn't want Pip digging around for answers, and now her own life might be in danger. And don't miss the sequel, *Good Girl, Bad Blood!* "The perfect nail-biting mystery." --Natasha Preston, #1 New York Times bestselling author *My Next Phase Teaching Resources* Every time humanity has shifted to a new stage of consciousness in the past, it has invented a new way to structure and run organizations, each time bringing breakthroughs in collaboration. The

organizations researched for this book have already "cracked the code." Their founders have fundamentally questioned every aspect of management and have come up with entirely new organizational methods. This book describes in practical detail how organizations large and small can operate in this new paradigm. **Next Step Guided Reading in Action, Grades 3-6** HarperCollins You don't have to learn everything about genetic genealogy before asking

specific questions of your DNA! That's the premise of Diahan Southard's brand new book, *Your DNA Guide - the Book*, now available for pre-order at a special sale price. *Your DNA Guide - the Book* is like no other genetic genealogy book on the market. Instead of learning more-than-you-need-to-know in textbook style, you'll choose a specific DNA question to start exploring right away. You'll follow concrete step-by-step plans, learning important DNA concepts--in plain English--

--as you go. Do you want to learn who your 2X great grandmother is? Turn to page 23. Do you want to know how you are related to one of your DNA matches? Page 37. As you proceed, you check your progress and get new guidance based on your specific results at each stage. (Including troubleshooting, like when your matches just aren't responding or your great-grandparents turn out to be first cousins.) This powerful, hands-on approach is based on Diahan's 20 years of

experience in the genetic genealogy industry and especially in the past five years, as she helps clients one-on-one make DNA discoveries. It became clear to her that while each client's situation may be unique, there are patterns in how you can find solutions that you can apply yourself. *Your DNA Guide - the Book* is for anyone who has taken a DNA test or may want to. It helps genealogists reconstruct family trees. It helps adoptees identify biological relatives. It can help you identify a

specific DNA match. In short, it helps anyone explore what their DNA--and their DNA matches--can tell them about their origins.

**The Guided Reading Teacher's Companion**

Scholastic Professional

In this perfect companion to Emily Freeman's bestselling book *The Next Right Thing*, you'll find a year's worth of prompts, worksheets, and lists to help you discern your next right decision—and the next one.

[Get Better Faster](#) Tag Publishing LLC

This is the 2nd edition- New 3rd edition publishes on October 30th-refer to isbn 9781473697324.. Much as *Good to Great* described what separates top companies from the rest, *The Next Level: What Insiders Know about Executive Success* shows executives what separates leadership success from failure at the next level. Every day, high performers are tapped to be executives and then left alone to figure out how to succeed in their new role. When this happens, most

executives rely on strengths that served them well earlier in their careers. As executive coach Scott Eblin explains, this is why 40 percent of them fail. Moving successfully to the executive level requires knowing which behaviors and beliefs to let go, as well as which new ones to pick up. This confidence-building book outlines a program for success based on frank advice from accomplished senior executives around the world on what to do and, just as important,

what to avoid. Like having a personal executive coach at your side, this valuable book shows you what to pick up and let go of to be successful at the next level. This fully revised edition of *The Next Level* is an essential addition to any leadership development or executive education toolkit.

*The Next Level* Simon and Schuster

An essential resource for student and teacher

clarity With the ever-changing landscape of education, teachers and leaders often find themselves searching for clarity in a sea of standards, curriculum resources, and competing priorities. Clarity for Learning offers a simple and doable approach to developing clarity and sharing it with students through five essential components: crafting learning intentions and success criteria co-

constructing learning intentions and success criteria with learners creating opportunities for students to respond effective feedback on and for learning students and teachers sharing learning and progress The book is full of examples from teachers and leaders who have shared their journey, struggles, and successes for readers to use to propel their own work forward.
