**\$500 WORTH OF GOVERNMENT CHART AND COAST PILOT COVERAGE--MARKED WITH WAYPOINTS, BRIDGES, AND THE ROUTE!** The Intracoastal Waterway Chartbook is a complete set of navigation charts for the 1,090-mile Intracoastal Waterway from Norfolk to Miami, as well as charts for all major Atlantic inlets. The chartbook also includes a complete listing of waterway bridge and lock characteristics; anchorage listings; mileage charts; charts for a picturesque alternate route; and—new to this edition—marina listings—all in a compact, easy-to-use format. The preferred route is marked in magenta on the charts to guide you all the way down (or up) the entire length of the Intracoastal Waterway. Safe anchorage locations are also shown to keep you and your vessel safe—and rested—as you cruise. Waypoints are also given for critical locations along the entire route, allowing you to pre-plot your course in your GPS. Use this all-in-one chartbook alone or as a backup to your electronic navigation. Statute miles are noted in five-mile increments in the chart margins, along with bridge, lock, marina, and anchorage locations. A handy place-name index makes it even easier to go right to the chart showing your destination. "All the charts you need for the 1,000-mile 'Ditch' cruise for a fraction of the price." -- Cruising World "An outstanding example of economical, complete, no-nonsense chart compilation." -- Practical Sailor "An excellent compendium." -- The Capital (Annapolis, MD) "Your destination can be followed page by page in the proper order." -- Trailer Boats

The new star of the culinary galaxy is South Florida, declares The New York Times. And no wonder. Out of America's tropical melting pot comes an inventive cuisine bursting with flavor--and now Steven Raichlen, an award-winning food writer, shares the best of it in Miami Spice. With 200 recipes and firsthand reports from around the state, Miami Spice captures the irresistible convergence of Latin, Caribbean, and Cuban influences with Florida's cornucopia of stone crabs, snapper, plantains, star fruit, and other exotic native ingredients (most of which can be found today in supermarkets around the country). Main selection of the Book-of-the-Month Club's HomeStyle Books. Winner of a 1993 IACP/Julia Child Cookbook Award.

NEW YORK TIMES BESTSELLER "Wherever I travel, be it a different state, country, or continent, I always call Phil when I need to know where and what to eat. He's the food guru of the world." —Ray Romano The ultimate collection of must-have recipes, stories, and behind-the-scenes photos from the beloved Netflix show Somebody Feed Phil. Phil Rosenthal, host of the beloved Netflix series Somebody Feed Phil, really loves food and learning about global cultures, and he makes sure to bring that passion to every episode of the show. Whether he's traveling stateside to foodie-favorite cities such as San Francisco or New Orleans or around the world to locations like Saigon, Tel Aviv, Rio de Janeiro, Mexico City, or Marrakesh, Rosenthal includes a healthy dose of humor to every episode—and now to this book. In Somebody Feed Phil the Book, Rosenthal presents never-before-heard stories from every episode of the first four seasons of the series, along with more than sixty of viewers' most requested recipes from acclaimed international chefs and local legends alike (including Rosenthal's favorite sandwich finds from San Francisco to Tel Aviv), so you can replicate many of the dishes from the show right at home. There are also "scripts" from some of Rosenthal's video phone calls from the road with his family making this the ultimate companion guide for avid fans of the show as well as armchair travelers and adventurous at-home chefs.

Three Americans in the Jim Crow South face enormous changed triggered by World War II in this epic novel by the Pulitzer-winning author of Freeman. Could you find the courage to do what's right in a world on fire? An affluent white marine survives Pearl Harbor at the cost of a black messman's life only to be sent, wracked with guilt, to the Pacific and taken prisoner by the Japanese. A young black woman, widowed by the same events at Pearl Harbor, finds unexpected opportunity and a dangerous friendship in a segregated Alabama shipyard feeding the war. Meanwhile, a black man, who as a child saw his parents brutally lynched, is conscripted to fight Nazis for a country he despises and discovers a new kind of patriotism in the all-black 761st Tank Battalion . . . Set against a backdrop of violent racial conflict on both the front lines and the home front, *The Last Thing You Surrender* explores the powerful moral struggles of individuals from a divided nation. What does it take to change someone's mind about race? What does it take for a country and a people to move forward, transformed? Praise for *The Last Thing You Surrender* "A story of our nation at war, with itself as well as tyranny across the globe. It's an American tapestry of hatred, compassion, fear, courage, and cruelties, leavened with the promise of triumph. A powerful story I will not soon forget." —James R. Benn, author of the Billy Boyle WWII mysteries "Seamlessly integrates impressive research into a compelling tale of America at war—overseas, at home, and within ourselves, as we struggle to find the better angels of our nature. Pitts poignantly illustrates ongoing racial and class tensions, and offers hope that we can overcome hatred by refusing to sacrifice dignity." —Booklist, starred review

From unraveling the confusion surrounding digital TV to revealing the inner workings of Nielsen ratings *Broadcast Television: A Complete Guide to the Industry* takes an impartial and in-depth look at the business of commercial television. Unlike many books addressing this topic, the purpose of this primer is not to support a partisan opinion about what is right or wrong with television but rather to provide objective information from which the reader can make his or her own judgments. To that end the organization and presentation style is also unique in that the industry is explained as a dynamic and interdependent system of technology, economics, and regulation. This systems approach to learning helps the reader understand better the interwoven parts of television business. As a concise and highly focused overview of the business of commercial television, *Broadcast Television: A Complete Guide to the Industry* can serve as a stand-alone text or as a supplement to other course readings addressing an array of topics involving television today.

From an acclaimed "master of suspense"(New York Times Book Review) comes a thriller in which Thorn must confront an assassin whose victims and methods are taken directly from the script of a popular TV show April Moss writes obituaries for the Miami Herald. Her son, Sawyer, also a writer, has been scripting a cable TV series called "Miami Ops" and has been using his mother's work as a central element of the show's storyline. In "Miami Ops," a serial killer is using obituaries published in the local paper as a blueprint for selecting his next victims. But midway through the season, a copycat appears off-screen, a real-life killer who is using the same strategy to select victims. When this serial killer crosses paths with the reclusive Thorn, he has no choice but to leave his sanctuary in Key Largo and join forces with a young policewoman from Oklahoma who is investigating the murders. In addition to the show's head writer, April's other son, Sawyer's twin brother, works on "Miami Ops" as the lead actor. Could one of them be involved in the killings? Or are they orchestrated by the director of the TV series, an aging mogul who badly needs a hit? And what about the female star of the show, a deliciously strange young woman who seems willing to do anything to

promote her career. Thorn walks into this hotbed of entertainment business intrigue totally unprepared for the life-altering shocker he's about to face. This loner from Key Largo has brought down his share of killers, but he's never confronted one that was his own flesh and blood. With the pacing of a thriller, and the lyrical prose for which Hall is renowned, this story pits Thorn against a killer—or killers—whose motives are as elusive as their identities.

There was a time when I had goals and dreams for my life, but now all I do is go to birthday parties. When I'm at these birthday parties, I've noticed that the kids have fun and the women yak it up, but the men are as lost as lost could be. They are absolutely miserable. They remind me of the last scenes of the 1962 cult classic *Carnival of Souls* where all the lifeless spirits just meander around aimlessly—their vital spark gone, their once-twinkling eyes glazed over. During the week, these guys are attorneys, doctors, high-powered businessmen, pillars of the community, and big shots of all kinds; but on the weekends, at these kids' birthday parties, they are all lost, tormented souls. They are all mere pitiful shadows of their former selves. It soon became obvious to me that these fathers need guidance. I scoured bookstores for something that would help, but there was nothing.

Therefore, this book was born out of necessity. It is at once a survival guide, an instruction manual, and a rant and a half. The poet John Donne wrote that no man is an island. This book is my attempt to reach out to my fellow fathers. It is my hope that it will bring us all together and help to end our suffering. No one else has stepped forward. Therefore, I feel it's my duty—no, my mission—to lead all fathers out of the darkness and the nightmare that is children's birthday parties. This book will help us all survive.

An inside look at a cable titan and his industry John Malone, hailed as one of the great unsung heroes of our age by some and reviled by others as a ruthless robber baron, is revealed as a bit of both in *Cable Cowboy*. For more than twenty-five years, Malone has dominated the cable television industry, shaping the world of entertainment and communications, first with his cable company TCI and later with Liberty Media. Written with Malone's unprecedented cooperation, the engaging narrative brings this controversial capitalist and businessman to life. *Cable Cowboy* is at once a penetrating portrait of Malone's complex persona, and a captivating history of the cable TV industry. Told in a lively style with exclusive details, the book shows how an unassuming copper strand started as a backwoods antenna service and became the digital nervous system of the U.S., an evolution that gave U.S. consumers the fastest route to the Internet. *Cable Cowboy* reveals the forces that propelled this pioneer to such great heights, and captures the immovable conviction and quicksilver mind that have defined John Malone throughout his career.

The 1980s saw the rise of Ronald Reagan and the New Right in American politics, the popularity of programs such as *thirtysomething* and *Dynasty* on network television, and the increasingly widespread use of VCRs, cable TV, and remote control in American living rooms. In *Seeing Through the Eighties*, Jane Feuer critically examines this most aesthetically complex and politically significant period in the history of American television in the context of the prevailing conservative ideological climate. With wit, humor, and an undisguised appreciation of TV, she demonstrates the richness of this often-slighted medium as a source of significance for cultural criticism and delivers a compelling decade-defining analysis of our most recent past. With a cast of characters including Michael, Hope, Elliot, Nancy, Melissa, and Gary; Alexis, Krystle, Blake, and all the other Carringtons; not to mention Maddie and David; even Crockett and Tubbs, Feuer smoothly blends close readings of well-known programs and analysis of television's commercial apparatus with a thorough-going theoretical perspective engaged with the work of Baudrillard, Fiske, and others. Her comparative look at Yuppie TV, Prime Time Soaps, and made-for-TV-movie Trauma Dramas reveals the contradictions and tensions at work in much prime-time programming and in the frustrations of the American popular consciousness. *Seeing Through the Eighties* also addresses the increased commodification of both the producers and consumers of television as a result of technological innovations and the introduction of new marketing techniques. Claiming a close relationship between television and the cultures that create and view it, Jane Feuer sees the eighties through television while seeing through television in every sense of the word.

'There is a difference between remembrance of history and reverence for it.' When Mitch Landrieu addressed the people of New Orleans in May 2017 about his decision to take down four Confederate monuments, including the statue of Robert E. Lee, he struck a nerve nationally, and his speech has now been heard or seen by millions across the country. In his first book, Mayor Landrieu discusses his personal journey on race as well as the path he took to making the decision to remove the monuments, tackles the broader history of slavery, race and institutional inequities that still bedevil America, and traces his personal relationship to this history. His father, as state senator and mayor, was a huge force in the integration of New Orleans in the 1960s and 1970s. Landrieu grew up with a progressive education in one of the nation's most racially divided cities, but even he had to relearn Southern history as it really happened. Equal parts unblinking memoir, history, and prescription for fin
