Jonathan Beecher, a middle-aged widower and small-town store owner, has never asked for much. But lately, all too much is being asked of him. The bombing of Pearl Harbor plunges America into World War II and deeply fractures Jonathan's own family. His eldest son, a civilian contractor, is trapped on a Japanese-occupied island in the Pacific. Jonathan's feckless younger son ignores his father's pleas to stay home and joins the army. And his bright, devoted daughter, who Jonathan hoped

would go to college, elopes with a brutally abusive man instead. Jonathan has always met adversity with quiet faith, but as his emotional and financial losses accumulate, so do his doubts. In the midst of his pain, Sarah, a widow herself, emerges as a kind, compelling friend. Powerfully drawn to Sarah, Jonathan struggles to remain true to his late wife. James D. Shipman's tender, wise novel examines the paradox of human suffering: how irrevocable loss, if we are willing to let it, begets spiritual gain.

Every toddler goes through the stage where they want nothing but "O"-shaped cereal. The challenge for parents is getting kids to ask for fruit salad instead of cupcakes. Faced with this seemingly impossible task with her own child, Jennifer Carden has created *The Toddler Café*, a guide to making mealtime with children fun and interactive. It offers simple, creative ways for kids to identify with their food, like saying tuna salad is what mermaids eat, or making Minty Pea Pops in ice cube trays. Carden has created over 50 unique recipes that encourage families (including toddlers) to work together to prepare, eat, clean up, and best of all, look forward to a healthy, delicious meal.

"Much research has been conducted to provide researchers and hearing healthcare professionals with updated information in regard to hearing assessments, results interpretation and case management. This ongoing research is particularly imperative to guide clinicians with optimized methods in assessing and managing pediatric patients with hearing impairment and disability. As such, tremendous research efforts have been made in determining the most optimum methods in assessing hearing using both subjective and objective tests. Since hearing loss can occur due to disrupted peripheral and/or central auditory pathway, there is also a growing interest to study children with auditory

processing disorder (APD). Even though notable achievements have been observed in understanding APD, more research is required, particularly in establishing a gold standard APD test and its specific interventions. Additionally, having an objective test such as speech-evoked auditory brainstem response is beneficial to understand how speech sounds are encoded within the brainstem region in hearing-impaired children, as well as in those with compromised neural function. In this book, we have gathered research from Malaysia and India in this field and hope it will be of interest to our readers"--

From the international bestselling author of *The Lost Wife* and *The Garden of Letters*, comes a story—inspired by true events—of two women pursuing freedom and independence in Paris during WWII. As Paris teeters on the edge of the German occupation, a young French woman closes the door to her late grandmother's treasure-filled apartment, unsure if she'll ever return. An elusive courtesan, Marthe de Florian cultivated a life of art and beauty, casting out all recollections of her impoverished childhood in the dark alleys of Montmartre. With Europe on the brink of war, she shares her story with her granddaughter Solange Beaugiron, using her prized possessions to reveal her innermost secrets. Most striking of all are a beautiful string of pearls and a magnificent portrait of Marthe painted by the Italian artist Giovanni Boldini. As Marthe's tale unfolds, like velvet itself, stitched with its own shadow and light, it helps to guide Solange on her own path. Inspired by the true account of an abandoned Parisian apartment, Alyson Richman brings to life Solange, the young woman forced to leave her fabled grandmother's legacy behind to save all that she loved.

THE NEW YORK TIMES BESTSELLER "A powerful story that proves how love itself requires courage." --Delia Owens, author of *Where the Crawdads Sing* Spanning World War II and the sweep of the twentieth century, *We Must Be Brave* explores the fierce love that we feel for our children and the power of that love to endure. Beyond distance, beyond time, beyond life itself. A woman. A war. The child who changed everything. December 1940. As German bombs fall on Southampton, England during World War II, the city's residents flee to the surrounding villages. In Upton village, amid the chaos, newly married Ellen Parr finds a girl asleep, unclaimed at the back of an empty bus. Little Pamela, it seems, is entirely alone. Ellen has always believed she does not want children, but when she takes Pamela into her home, the child cracks open the past Ellen thought she had escaped and the future she and her husband Selwyn had dreamed for themselves. As the war rages on, love grows where it was least expected, surprising them all. But with the end of the fighting comes the realization that Pamela was never theirs to keep. Spanning the sweep of the twentieth century, *We Must Be Brave* explores the fierce love that we

feel for our children and the power of that love to endure. Beyond distance, beyond time, beyond life itself.

"When Molly Wizenberg married Brandon Pettit, she vowed always to support him, to work with him to make their hopes and dreams real. She evinced enthusiasm about Brandon's enthusiasms: building a violin, building a boat, and opening an ice cream store--none of which came to pass. So when Brandon started making plans to open a pizza restaurant, Molly felt sure that the restaurant would join the list of Brandon's abandoned projects. When she finally realized that Delancey really was going to happen, that Brandon was going to change all of her assumptions about what their married life would be like, it was too late. She faced the first crisis in their young marriage. Opening a restaurant is not like hosting a dinner party every night. Molly and Brandon's budget was small, and the tasks at hand were often overwhelming. They had to find a space they could afford, gut renovate it themselves, find second-hand furniture and equipment, build what furniture they couldn't find, buy and install a wood-burning oven, pass health inspections, hire staff, and establish a billing and payroll system. They lost a financial partner. Their cook disappeared the day they opened. Still, their restaurant was a success, and Molly managed to convince herself that she was happy in their new life. Until Halloween night, when she was forced to admit she could no longer pretend. While Delancey is a funny and frank look at behind-the-scenes restaurant life, it is also a bravely honest and moving portrait of a tender young marriage and two partners who had to find out how to let each other go in order to come together"--
