MADELINE HUDSON

Broken News Simon and Schuster
Here is the first, insider, account of the precipitous fall of Hillary Clinton. How the scandals of a lifetime finally reached critical mass. How, in the last few days of the campaign, some on her

staff saw the ghostly shroud of defeat creeping over them but were helpless to act, frozen by the self-denial of the group. Here is an explanation of why the national media and their corporate owners kept Joe Biden and Elizabeth Warren out of the race. Why they wanted their investment in the Clinton's to work and how they were willing to go to great lengths

to make that happen. Don't have time to read the thousands of leaked emails from inside the Clinton machine? The author has done it for you and has come back from the experience with a stunning peek into the world of a political leader who privately declared that she wanted a hemisphere "with open trade and open borders." Finally, here is the story of the rise of Donald Trump. How his opponents sought to derail him. This is the story of how Donald Trump's message and brand transcended the traps laid by his enemies. How, against all odds, he won the presidency. And here are the details of his plan to make American great again.

Now Rowman & Littlefield
NEW YORK TIMES
BESTSELLER •
"Comprehensive, enlightening, and terrifyingly timely."—The New York Times Book Review (Editors' Choice)
WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste Donald Trump's presidency has raised a question that many of us never thought we'd be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying

the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and

Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die*
 “What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that.”—The Washington Post
 “Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other

countries and to the deep structure of American democracy and politics.”—Ezra Klein, Vox “If you only read one book for the rest of the year, read *How Democracies Die*. . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest.”—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) “A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal.”—Fareed Zakaria, CNN

The Trade Trap

Simon and Schuster
This New York Times bestselling Trump biography from a major American intellectual explains how a renegade businessman became one of the most successful -- and necessary -- presidents of all time. In *The Case for Trump*, award-winning historian and political commentator Victor Davis Hanson explains how a celebrity businessman with no political or military experience triumphed over sixteen well-qualified Republican rivals, a Democrat with a quarter-billion-dollar war chest, and a hostile media and Washington establishment to become president of the United States -- and an extremely

successful president. Trump alone saw a political opportunity in defending the working people of America's interior whom the coastal elite of both parties had come to scorn, Hanson argues. And Trump alone had the instincts and energy to pursue this opening to victory, dismantle a corrupt old order, and bring long-overdue policy changes at home and abroad. We could not survive a series of presidencies as volatile as Trump's. But after decades of drift, America needs the outsider Trump to do what normal politicians would not and could not do.

The Education of Brett Kavanaugh

Penguin

#1 New York Times Bestseller! Peter

Schweizer has been fighting corruption—and winning—for years. In *Throw Them All Out*, he exposed insider trading by members of Congress, leading to the passage of the STOCK Act. In *Extortion*, he uncovered how politicians use mafia-like tactics to enrich themselves. And in *Clinton Cash*, he revealed the Clintons' massive money machine and sparked an FBI investigation. Now he explains how a new corruption has taken hold, involving larger sums of money than ever before. Stuffing tens of thousands of dollars into a freezer has morphed into multibillion-dollar equity deals done in the dark corners of the

world. An American bank opening in China would be prohibited by US law from hiring a slew of family members of top Chinese politicians. However, a Chinese bank opening in America can hire anyone it wants. It can even invite the friends and families of American politicians to invest in can't-lose deals. President Donald Trump's children have made front pages across the world for their dicey transactions. However, the media has barely looked into questionable deals made by those close to Barack Obama, Joe Biden, John Kerry, Mitch McConnell, and lesser-known politicians who have been in the game longer. In many parts

of the world, the children of powerful political figures go into business and profit handsomely, not necessarily because they are good at it, but because people want to curry favor with their influential parents. This is a relatively new phenomenon in the United States. But for relatives of some prominent political families, we may already be talking about hundreds of millions of dollars. Deeply researched and packed with shocking revelations, Secret Empires identifies public servants who cannot be trusted and provides a path toward a more accountable government.

Team of Vipers

Independently

After dozens of books and articles by anonymous sources, here, finally, is a history of the Trump White House, with the President and his staff talking openly and on the record. In *President Trump*, Doug Wead offers a sweeping, eloquent history of President Donald J. Trump's first years in the White House, covering everything from election night to the biggest political obstacles of his presidency. The book will include never-before-reported stories and scoops, including how President Trump turned around the American economy, how he "never complains and never explains", and insight into how his actions sometimes lead to misunderstandings

with the media and the public. *President Trump* features exclusive interviews with the Trump family about the Mueller Report, and narrates their reactions when the report was finally released. Wead successfully gained interviews with the President in the Oval Office, chief of staff Mick Mulvaney, Jared and Ivanka Kushner, Donald Trump Jr, Eric and Lara Trump, and White House insiders for this illuminating history.

"A story told with both heart and knowledge. Really good, go get it!" — President Donald J. Trump
No job is more of a pressure cooker than being a White House press secretary...especially in this White House. For more than two decades, Sean Spicer had been a respected political insider, working as a campaign and communications strategist. But in December 2016, he got the call of a lifetime. President-elect Donald J. Trump had chosen him to be the White House press secretary. And life hasn't been the same since. When he accepted the job,

Spicer was far from a household name. But then he walked into the bright lights of the briefing room, and the cameras started rolling. His every word was scrutinized. Every movement was parodied. Every detail became a meme. And that's just the public side. Behind the scenes, things were almost as difficult in an administration plagued by leaks that frustrated and angered both Spicer and the president. Not to mention the extraordinary pressures on Spicer's family and his faith. Now, in his provocative and enlightening political memoir, *The Briefing*, Spicer reveals the truth behind some of the biggest news stories of our time, and he offers a glimpse into

what it's like to stand at the press secretary's podium—and how he got there. The Briefing is the first insider account written by someone who worked on the Trump campaign, with the Trump transition team, and in the Trump White House—and has seen Donald Trump rallying voters, building an administration, and making crucial policy decisions. Spicer's riveting and personal account makes The Briefing the must-read political memoir of the year.

How Democracies Die
HarperCollins

From one of America's sharpest political journalists is this searing, thought-provoking and hilarious takedown of the ruling class running amok in Washington. These are

your elected officials. Some are slyly taking advantage of the system. They are hoping no one is savvy enough to notice. But Matt Lewis has. And this is what he's learned. Today's politicians are an unsavory lot—a hybrid of plutocrats and hypocrites. And it's worse (and more laughable) than you can imagine. Lewis will introduce you to a crop of latte liberals, ivy league populists, insider traders, trust-fund babies, and swamp creatures as he exposes how truly ludicrous money in politics has gotten. In *Filthy Rich Politicians*, Lewis embarks on an investigative deep dive into the ridiculous state of modern American democracy—a system where the rich get

elected and the elected get rich. One of the brightest conservative writers of his generation, Lewis doesn't just complain: he articulates how Americans can achieve accountability from their elected leaders through radically commonsense reforms. But many of these ruling-class elites have a vested financial interest in rejecting the reforms so desperately needed to rebuild Americans' trust in the institutions that once made our nation great. This is not an "eat the rich" kind of book, and it is not for those who want to stoke class warfare, topple the whole regime, and burn it all to the ground. This is a must-read book for thoughtful readers who yearn for transparency

and will commit to holding their elected leaders accountable to those they are supposed to represent—we the people. The reforms spelled out in this book would incentivize good behavior in our leaders, stymie corruption, and prevent politicians from using the system (and our taxpayer dollars) to feather their filthy rich nests. It is only by taking these steps to reform the system that we can rebuild trust in our institutions and preserve American democracy for future generations. There really is no richer inheritance we could leave them.

OR Books

In the tradition of Theodore White's landmark books, the

definitive look at how Donald J. Trump shocked the world to become president. From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a

nation that had, only hours before, given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Stone, a long time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among "Forgotten Americans" despite running a guerrilla-style grass roots campaign to compete with the smooth running and free-spending Clinton political machine. From the start, Trump's campaign was unlike any seen on the national stage—combative, maverick, and fearless.

Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty, and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters. The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information

dissemination. This is an insider's view that includes studying opposition research into Bill, Hillary, and Chelsea Clinton's crimes, and the struggle by the Republican establishment to stop Trump and how they underestimated him. Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State. Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony Weiner, Carlos Danger, Doug Band, Jeffery

Epstein, and the efforts to hide the former first lady's infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians. *The Making of the President 2016* reveals how Trump brilliantly picked at Hillary Clinton's weaknesses, particularly her reputation as a crooked insider, and ignited the passions of out-of-work white men and women from the rust belt and beyond, at a time when millions of Americans desperately wanted change. Stone also reveals how and why the mainstream media got it wrong, including how the polls were

loaded and completely misunderstood who would vote. Stone's analysis is akin to Theodore H. White's seminal book *The Making of the President 1960*. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard-bitten political survivor who Donald Trump called "one tough cookie."

Analysing Media

Discourses National Geographic Books

The shocking, definitive account of the lawyers and media tycoons who enabled the rise of Donald Trump, featuring new revelations from a Pulitzer Prize-winning *Wall Street Journal* team With his blunt-force fame and the myths he's propagated about himself, Donald

Trump has always moved in a world of gossip barons, crooked lawyers, and porn stars. But when he became the Republican nominee for the presidency in 2016, all of these characters crawled out from the underbelly of Trump's stardom and stumbled onto the global stage with him. In *The Fixers*, Joe Palazzolo and Michael Rothfeld have produced a deeply reported and exquisitely drawn portrait of that world, full of secret phone calls, hidden texts, and desperate deals, unearthing the practice of "catch and kill" by which Trump surrogates paid hush money to cover up his affairs, and detailing Trump's historic relationship with his fixers—from his early,

influential relationship with Roy Cohn to his reliance on Michael Cohen, National Enquirer publisher David Pecker, and former New York mayor Rudy Giuliani. It traces the arc of their interactions from the 1970s through the 2016 campaign and beyond. It is a distinctly American saga that navigates the worlds of reality TV, cash-for-trash tabloids, single-shingle law shops, celebrity bashes, high-end real estate, pornography, and politics. The characters and settings of this book are part of a vulgar circus that crisscrosses the country, from New York to L.A. to D.C. Terrifying, darkly comic, and compulsively readable, *The Fixers* is an epic

political adventure in which greed, corruption, lust, and ambition collide, and that leads, ultimately, to the White House. Advance praise for *The Fixers* "Of the dozens of books chronicling Donald Trump's presidency, *The Fixers* is destined to sit atop the pile. It has everything you look for in a political page-turner: Colorful characters, intrigue, sex, corruption and—unlike much of the Trump canon—meticulous, factual reporting by two ace reporters. What a read!"—John Carreyrou, *New York Times* bestselling author of *Bad Blood* *Thank You for Your Servitude* Allen & Unwin

The new and improved "Censored," detailing

the top censored stories and media analysis of 2020. Our nation's oldest news-monitoring group, Project Censored, refreshes its longstanding yearbook series, *Censored*, with *State of the Free Press 2021*. This edition offers a more succinct and comprehensive survey of the most important but underreported news stories of 2020; in addition to a comparative analysis of the current state of corporate and independent news media, and its effect on democracy. The establishment media sustains a decrepit post-truth era, as examined the lowlight features: "Junk Food News"-frivolous stories that distract the public from actual news-and-

"News Abuse"-important stories covered in ways that undermine public understanding. The alternative media provokes a burgeoning critical media literacy age, as evaluated in the highlight feature: "Media Democracy in Action"-relevant stories responsibly reported on by independent organizations. Finally, in an homage to the history of the annual report, the editors reinstate the "Déjà vu News" feature-revisited stories from previous editions. State of the Free Press 2021 endows readers with the critical thinking and media literacy skills required to hold the corporate media to account for distorting or censoring news coverage, and thus, to revitalize our

democracy. *Unhinged* Henry Holt and Company In the #1 New York Times bestseller, the former Assistant to the President and Director of Communications for the Office of Public Liaison in the Trump White House provides an eye-opening and "explosive" (The Boston Globe) look into the corruption and controversy of the current administration. Few were a member of Donald Trump's inner orbit longer than Omarosa Manigault Newman. Their relationship spanned fifteen years—through four television shows, a presidential campaign, and a year by his side in the most chaotic, outrageous White House in history. But that relationship came to a decisive and

definitive end, and Omarosa finally shares her side of the story in this “deftly executed” (The Guardian), jaw-dropping account. A stunning tell-all and takedown from a strong, intelligent woman who took every name and number, *Unhinged* is a must-read for any concerned citizen.

The Fixers

HarperCollins

Right now elements of the Unelected Shadow Government are actively attempting to overthrow President Donald J. Trump. This book explores the covert background of the Deep State and the history of who is behind these clandestine operations against the President. It also reveals who funds them and explains what you can

do about coming world events to protect yourself. I explore the myriad of secret societies and name the perpetrators as well. This book covers the high-stakes collaboration of fifth columnists, orchestrated by controlled media and globalists such as billionaire George Soros. When all else fails, the deluded New World Order group will attempt to create a global economic crisis. Don't be concerned - this book covers every angle and how you can protect yourself. George Soros is an international billionaire many times over. He doesn't hesitate to use his money to gain influence, and in turn uses that influence to make radical changes in the fabric of

American society. In the opinion of many he is subverting the American political system and forcing his dangerous interests into American legislatures. Trump knows everything, and he is in process of taking the New World Order people down. Of course they are highly traumatized. The mainstream media is using distractions to move the public away from the truth. The real hidden hand of the small group of families who run the monetary system of the world includes, among other players, the Committee of 300. This encompasses the Rothschilds, the Rockefellers and the Council on Foreign Relations. These are some of the main groups who are pulling

all of the strings. How they operate and the platforms from which they emanate are all covered in this book. A background history of the Illuminati, the Freemasons, and the Shadow Government are all covered. In fact, the JFK conspiracy has elements not unlike the current status of the New World Order, including the use of a variety of legends, covers, psychological operations and disinformation. The comparisons are striking and can educate us. It's a lesson text in critical thinking so I review JFK and in fact my stepfather's part in it, as he took the autopsy photos at Bethesda Naval Hospital. The globalists have a strategy of bringing in millions of illegal

immigrants, putting them on welfare and afterwards moving us to permanent war status to bankrupt the country. These people are known as the New World Order. These politicians are of course bought and paid for, and I identify many of them by name and the rest by affiliation. Just know that if they belong to any of these listed organizations in the book, then by deductive logic you know exactly who they are. I cover how intelligence agencies, their rogue elements and contractors work. I cover the goals of the New World Order which President Donald J. Trump is defeating soundly. I explore the Royal Institute of International Affairs and their attempts to control Presidents. You

really have to understand the Committee of 300, the governing body of the New World Order, to understand why and how the cover up takes place, and I cover their makeup and operations. Very importantly, this book leads you through the maze and the matrix to the End Game. This book guides the reader into a detail insider look at where New World Order policies are purposely and secretly leading America. It is a revelation every American needs to know. Their hidden agenda, which I know Donald Trump is very aware of, is revealed for the first time here. I begin the book discussing how the NSA in joint operation with the FBI were both

monitoring the phone calls and texts made by the Russian ambassador to the United States. This data is called raw-acquired information, and the distribution should have been restricted to no more than three dozen or so analysts. The data should have been classified RAGTIME-A,B,C,D or P, where each letter is a variety of intelligence classification. It should be a very rare instance where raw intelligence of this type is distributed outside of the intelligence community itself. The three sets of signal communications intercepted between General Flynn and the ambassador should have stayed within controlled channels. However, they likely

circulated the transcripts to the National Security Council, which during January of 2017 was populated by Obama staffers. After Trump was sworn in, the FBI sent agents to question Flynn. The acting Attorney General informed White House counsel that their account of what Flynn said did not match what Flynn insisted he said. We don't know the full flow of this investigation but some days later the Vice President became fully aware of all of the facts. Trump was forced to act and lose a key member of his advisors. Does this tell you a lot about how the Deep State works and the vast power they hold? You can explore the mysteries of this vast Shadow

Government in detail in this book, a book that is light years ahead of others in the totality of its revelations and analysis.

Inside Trump's White House

HarperCollins

"A remarkable work of slowed-down journalism...They are doing their jobs as journalists and writing the first draft of history." —Jill Filipovic, *The Washington Post*
 "...Generous but also damning." —Hanna Rosin, *The New York Times*
 From two New York Times reporters, a deeper look at the formative years of Supreme Court Justice Brett Kavanaugh and his confirmation. In September 2018, the F.B.I. was given only a week to investigate allegations of sexual misconduct against

Brett Kavanaugh, President Trump's Supreme Court nominee. But even as Kavanaugh was sworn in to his lifetime position, many questions remained unanswered, leaving millions of Americans unsettled. During the Senate confirmation hearings that preceded the bureau's brief probe, New York Times reporters Robin Pogrebin and Kate Kelly broke critical stories about Kavanaugh's past, including the "Renate Alumni" yearbook story. They were inundated with tips from former classmates, friends, and associates that couldn't be fully investigated before the confirmation process closed. Now, their book fills in the blanks and

explores the essential question: Who is Brett Kavanaugh? The Education of Brett Kavanaugh paints a picture of the prep-school and Ivy-League worlds that formed our newest Supreme Court Justice. By offering commentary from key players from his confirmation process who haven't yet spoken publicly and pursuing lines of inquiry that were left hanging, it will be essential reading for anyone who wants to understand our political system and Kavanaugh's unexpectedly emblematic role in it. **Trump** Hachette UK A veteran political analyst examines the forces that led to the rise of the current form of populism and considers their

continuing influence on the future of American politics. What political, social, and cultural forces led to the election of President Donald Trump? Political analyst Bradford R. Kane explores ten dynamics of American politics and society that played a role in the 2016 presidential election and continue to exert an influence on current politics. The author examines both the present impact of the Trump presidency and the future trajectories of the trends that brought Trump to power. Some of these dynamics have deep historical roots, such as the cultural divide between those who define our national identity in terms of rugged individualism versus those who emphasize

community collectivism. The author notes that these opposing viewpoints helped craft our national identity as far back as the 1700s. He also considers the effect of changing demographics, such as the trend that points to the emergence of a new majority composed of combined minority groups, which will have a profound effect on community relations and politics. Kane foresees a return to established policy processes and governing principles after the Trump presidency, as opposed to rule based on the president's personal interests. He anticipates greater empowerment of the electorate as more demographic groups are increasingly

enfranchised. Kane also forecasts the potential impact of recent developments on the 2020 election and beyond. Other topics discussed are the role of the media, accountability, globalization, the future of bipartisanship, and more. This astute analysis by a veteran government insider will help Americans understand recent events and provides a roadmap for navigating the future political landscape.

The Case for Trump

Tuttle Publishing
A New York Times
Bestseller and #1 Wall
Street Journal
Bestseller! LET TRUMP
BE TRUMP: THE INSIDE
STORY OF HIS
PRESIDENCY is the
ultimate behind-the-
scenes account of how

he became President of the United States. Donald Trump was a candidate, and now a president, like none that have come before. His startling rise to the White House is the greatest political tale in the history of our republic. Much has been written about this once-in-a-millennial event but all of those words come from authors outside the orbit of Donald Trump. Now, for the first time, comes the inside story. Written by the guys in the room-two of Trump's closest campaign advisors-Let Trump Be Trump is the eyewitness account of the stories behind the headlines. From the Access Hollywood recording and the Clinton accusers, to Paul Manafort, to the last-moment comeback

and a victory that reads like something out of the best suspense novel, Let Trump Be Trump pulls back the curtain on a drama that has mesmerized the whole world-including the palace intrigues of the Mooch, Spicer, Preibus, Bannon, and more. By turns hilarious and intimate, Let Trump Be Trump also offers a view of Donald Trump like you've never seen him, the man whose success in business was built not only on great skill but on loyal relationships and who developed the strongest of bonds with the band of outsiders and idealists who became his team because they believed in him and his message. Written by Trump's campaign manager, the fiery

Corey Lewandowski, and Dave Bossie, the consummate political pro and the plaintiff in the famous Citizens United Supreme Court case who helped steer the last critical months of the Trump campaign, *Let Trump Be Trump* is destined to be the seminal book about the Trump campaign and presidency.

Trump's Australia St. Martin's Press

The most frank and intimate portrait of the Trump White House yet Stephanie Grisham rose from being a junior press wrangler on the Trump campaign in 2016 to assuming top positions in the administration as White House press secretary and communications director, while at the same time acting as

First Lady Melania Trump's communications director and eventually chief of staff. Few members of the Trump inner circle served longer or were as close to the first family as Stephanie Grisham, and few had her unique insight into the turbulent four years of the administration, especially the personalities behind the headlines.

Triggered Ballantine Books

Presents a satirical portrait of life during the presidency of Donald J. Trump.

The Briefing Center Street

Madison Cawthorn is a telegenic pro-Trump Republican running in a solidly GOP North Carolina district. And yet the youngest member of Congress is

facing a fight to get re-elected. Cawthorn, 26, had been a rising star in the Republican Party. But since taking office in 2020, he's also been a magnet for scrutiny and criticism over his statements, social media posts and run-ins with authorities. North Carolina's senior senator, Richard Burr has called Cawthorn an "embarrassment at times." In rapid succession, Mr. Cawthorn, who entered Congress as a rising star of the party's far right, has been accused of falsely suggesting that his Republican colleagues routinely throw cocaine-fueled orgies, insider trading and an inappropriate relationship with a male aide. Cawthorn, who is partially

paralyzed as the result of a car crash, several times has been cited for traffic violations since being elected and twice has been stopped for trying to bring a loaded handgun through airport security. At a town-hall event in March, he called Ukrainian President Volodymyr Zelenskyy a "thug" and said the country's government is "incredibly corrupt and it is incredibly evil." That angered many of his Republican colleagues in Congress and drew a rebuke from House GOP leader Kevin McCarthy. Despite his obscured political stance, for US president Donald Trump still sees him as the best candidate. He said: "At 18 years of age, Madison Cawthorn, the now 26

year old Congressman from the Great State of North Carolina, went through a life changing event the likes of which, fortunately, few people will ever have to endure," Trump said in reference to the car crash Cawthorn was involved in when he was 18 which left him paralyzed. "In just seconds, he lost the use of the lower half of his body, a traumatic experience to say the least. When Madison was first elected to Congress, he did a great job. Recently, he made some foolish mistakes, which I don't believe he'll make again...let's give Madison a second chance!" However, the congressmen want a new political stance. They want someone who can push the political views of the

people. Trump may have endorsed Cawthorn but his political stance is different from the public which makes things difficult for him. *How I Lost By Hillary Clinton* Random House President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with

enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* “Trump makes one believe for a moment in the

American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

Trump: The Art of the Deal Penguin
Drawing on data from three national surveys, three content analyses, computational topic modeling, and rhetorical analysis, *The U.S.-China Trade War* sheds light on the twenty-first century's

most high-profile contest over global trade to date. Through diverse empirical studies, the contributors examine the effects of news framing and agenda-setting during the trade war in the Chinese and U.S. news media. Looking at the coverage of Chinese investment in the United States, the use of peace and war journalism frames, and the way media have portrayed the trade war to domestic audiences, the studies explore how media coverage of the trade war has affected public opinion in both countries, as well as how social media has interacted with

traditional media in creating news. The authors also analyze the roles of traditional news media and social media in international relations and offer insights into the interactions between professional journalism and user-generated content—interactions that increasingly affect the creation and impact of global news. At a time when social media are being blamed for spreading misinformation and rumors, this book illustrates how professional and user-generated media can reduce international conflicts, foster mutual understanding, and transcend nationalism and ethnocentrism.
