When he was a boy, Stuart Mullond's mother held him down while his urologist

Dr. Ferguson performed a medical procedure on him that was so traumatizing and humiliating that its painful memory stayed with him for decades. For his entire life, his nightmares have been haunted by the snick-snick-snick of the doctor's scissors. Now a divorced, unemployed adult with a troubled teenage son, Stuart is trying to hold his life together...when Dr. Ferguson suddenly shows up again. He's not confined to nightmares anymore. He's very real. And he is determined to perform that same horrible procedure on Stuart's son. But all these years later, Dr. Ferguson looks exactly as he did when Stuart was a boy. And he's kept his scissors nice and sharp ... Snick-snick-snick!

Police Chief Lew Ferris hits a snag while investigating a double murder—and pursuing a killer more slippery than any muskie she's had her hands on. While out kayaking, Paul Osborne discovers the grisly remains of a woman—whose shoulders bear mysterious bite marks. And just as Lew begins her investigation, another body turns up... The second victim was a successful businesswoman from Kansas City, and the evidence indicates she was in Loon Lake for a

rendezvous with an ex-lover—a con man who had tried to get his hands on her money. Now, Lew's got two confusing cases—and a killer who may be more elusive than any fish...

Former Army Ranger Marcus O'Bannion and homicide cop Scarlett Bishop have met only briefly but when Scarlett receives a phone call in the middle of the night, she immediately recognises the hauntingly smooth voice asking her to meet him in one of Cincinnati's roughest areas. On arriving, Scarlett finds the body of a seventeen-year-old Asian girl and Marcus injured. A fierce champion of victims' rights, Marcus claims the young woman was working for an affluent local family and the last time he saw her she was terrified, abused, and clearly in need of help. Having agreed to meet her, both Marcus and the young woman were targeted for death. As they investigate, Scarlett and Marcus are pulled into the dangerous world of human trafficking where they soon realise they are going to have to become as ruthless as those they are hunting. Because if they don't, how many other girls may end up alone in the dark?

Lethal operative Scot Harvath is dispatched to avenge the killing of American citizens abroad in #1 New York Times and #1 Wall Street Journal bestselling author Brad Thor's new pulse-pounding thriller. In the war-ravaged borderlands of Ukraine, a Russian mercenary unit has gone rogue. Its members, conscripted from the worst prisons and mental asylums across Russia, are the most criminally violent, psychologically dangerous combatants to ever set foot upon the modern battlefield. With all attention focused on the frontlines, they have pushed deeper into the interior to wage a campaign of unspeakable barbarity. As they move from village to village, committing horrific war crimes, they meet little resistance as all able-bodied men are off fighting the war. Simultaneously, a team of Russian soldiers has been dispatched by the Kremlin to loot truckloads of art and priceless cultural treasures hidden away in a host of churches, museums, and private homes. When multiple American aid workers are killed, America's top spy, Scot Harvath, is sent in to settle the score. But in a country so vast, will Harvath be able to find the men in question and, more importantly, will he be able to stop them before they can kill again?

Home Burglary and Car Theft

Protection Hacks Open Road Media
Unlock The Keys To Protect And Prevent Home And Car From Robbery No one thinks it will ever happen to them: robbery. Most people say that they will never be robbed because they live in a good neighborhood or a decent town. They may think that always locking their doors or cars will prevent them from being a victim. The truth, however, is that over 10% of the population is a victim of home burglary or car theft every year! When it happens, people are often too stunned to react properly. They panic or freeze. Even after the theft, people often feel vulnerable and powerless and that often affects them for years to come. Would you know what to do if suddenly faced with a robbery? Would you be well-equipped to handle or prevent a burglary? Would you be able to protect your family during an actual home invasion? Do you even know what

steps should be taken before and after theft? If you have any doubt as to your preparation or how you would react, take comfort now by knowing how to better secure your home and car from burglary and theft. In "Home Burglary and Car Theft Protection Hacks," discover how to:

- Hide valuables so no thief will ever find them (but you can!)
- Set up anti-burglary obstacle course to discourage the burglar
- Use smart technologies to your advantage for home and car protection
- Handle a home robbery properly without risking your well-being
- Make your home less appealing to prevent break-ins in the first place
- Create your own neighborhood watch to look out for one another
- Randomize your routines to lower the chances of being a target
- Prepare your family ahead of time in case of a home invasion
- Maintain inventories to help you recover stolen goods from theft
- Avoid security risks of leaking too much information to potential robbers ...and more for you to unlock!

With these helpful hacks, you can make sure to make yourself less of a target. You will also know how to handle a theft as it happens or after it happens so that you don't feel helpless in the dramatic moment or in traumatic years to come.

Dead Water Open Road Media
IRC (Internet Relay Chat) may very well turn out to be the world's most successful hack. In 1988, Jarkko Oikarinen wrote the original IRC program at the University of Oulu, Finland. As he says in his foreword, "IRC started as one summer trainee's programming exercise. A hack grew into a software development project that hundreds of people participated in, and then became a worldwide environment where tens of thousands of people now spend time with each other. I have found many of

my friends through IRC and learnt a significant part of my present software engineering knowledge while using and working with IRC. That would not have been possible without learning from code examples and hacks from others". IRC has continued to grow in popularity since its inception. Millions of people from all over the world now use IRC to chat with friends, discuss projects and collaborate on research. With a simple, clearly defined protocol, IRC has become one of the most accessible chat environments, with clients written for a multitude of operating systems. And IRC is more than just a simple chat system it is a network of intercommunicating servers, allowing thousands of clients to connect from anywhere in the world using the IRC protocol. While IRC is easy to get into and many people are happy to use it without being aware of what's happening under the hood, there are those who hunger for more knowledge, and this book is for them. IRC Hacks is a collection of tips and tools that cover just about everything needed to become a true IRC master, featuring contributions from some of the most renowned IRC hackers, many of whom collaborated on IRC, grouping together to form the channel #irchacks on the freenode IRC network (irc.freenode.net). Like all of our Hacks books, there are many different ways to use IRC Hacks. You can read the book from cover to cover, but you might be better served by picking an interesting item from the table of contents and just diving in. If you're relatively new to IRC, you should consider starting with a few hacks from each progressive chapter. Chapter 1 starts you off by showing you how to connect to IRC, while Chapter 2 acquaints you with the everyday concepts you'll need to use IRC

effectively. Chapter 3 is all about users and channels, and introduces the first pieces of code. Chapter 4 shows you how to make useful enhancements to IRC clients. Chapter 5 is where you will learn the basics about creating IRC bots, with Chapters 6-12 introducing more complex bots that can be used for logging, servicing communities, searching, announcing, networking, managing channels or simply for having fun. Chapter 13 delves into the IRC protocol in more detail, and Chapter 14 demonstrates some interesting alternative methods for connecting to IRC. Finally, Chapter 15 will move you on to new pastures by showing you how to set up your own IRC server. This book presents an opportunity to learn how IRC works and how to make best use of some of the features that have made it the most successful, most scalable, and most mature chat system on this planet. IRC Hacks delves deep into the possibilities.

Today is no ordinary day for thirty-eight-year-old Lanita Lightfoot. Today represents the culmination of years of struggle and sacrifice. Today she graduates from college. But first, Lanita's husband treats her to a day of beauty at an upscale black salon in Los Angeles, during which she shares her story with the staff and the other customers—and what a story it is. . . Talk about an entrance. Lanita was born in a

little corner store in the thick of the Watts riots. Her untimely entry into the world saved the joint from being sacked by looters—and the shop owner showed his gratitude by giving Lanita's mother, Aretha, a decade of rent-free residence. But when the reward dries up and Aretha takes to the bottle and a no-good loser boyfriend, Lanita's life takes a sharp turn for the worse. Forced to live in a cramped, dingy apartment, Lanita longs for her real daddy to ride to the rescue. But when he finally shows up, she finds he isn't quite the knight she's dreamed of. Still, Lanita is determined to make something of herself. A straight-A student throughout high school, she is accepted to Howard University in Washington, D.C., and marvels that she's finally escaped the ghetto. As Lanita embarks on the journey of becoming a woman, she encounters icons including Michael Jackson and Todd Bridges, who help transform her perception of her own life. But one year short of graduation, she must return to Los Angeles to care for the ailing Aretha—an unpleasant reality that leads her to join in a sordid West Hollywood strip club and farther away from her dreams—until the fateful night her high school heart throb shows up at the club and shows her that the easy money she makes comes with a high price. The bestselling author of *The Night Before Thirty*, Tajuana "TJ" Butler delivers one of her most richly imagined, complex, and beloved characters yet—and delves into the void that many young women spend their lifetime trying to fill: the one left by a father's absence.

A novel about the bond between a farmer and his black-and-white border collie that James Herriot called "beautiful [and] as gripping as any thriller." On

Christmas Day, Virginia livestock farmer Lewis Burkholder and Nop, his black-and-white border collie, go out to feed the sheep. But the holiday is shattered when Nop fails to return home. Stolen by two hardened criminals who see in the young stock dog a \$300 payday, Nop suffers abuse and brutality as he courageously adapts to his new life, which holds no shortage of surprises. At the same time, Lewis refuses to believe that his beloved dog is gone for good. His determination to be reunited with Nop—and Nop’s own unswerving loyalty—reveals the depth and strength of the bond that can exist between humans and dogs.

“Calling to mind such widely disparate writers as Mark Twain, Andre Norton and Peter Dickinson, Stevermer paints a realistic ruin of society.” —Publishers Weekly The award-winning author of the Scholarly Magic series delivers the thrilling adventure of a crew of young kids working their way through a post-apocalyptic world on a steamboat they call home . . . No one knows for sure what caused the Flash. They just know that nothing has been the same since. Cities have been destroyed by pestilence, riots, and fires. The paddleboat River Rat, once a museum, was turned into an orphanage. But a dangerous storm forced the children to flee with the boat to safer waters, making it theirs for good. Since then, Tomcat, Toby, Esteban, Lindy, Spike, and Jake have traveled, bartered, and performed their way up and down the Mississippi River. One rule that has served them well: no passengers. But after watching a man on shore being pursued by a vicious pack of locals, the group has no choice but to save him. At every stop, the boat is met by the man’s tireless hunters. They want what the

fugitive knows: the location of a bunker filled with guns. A currency more valuable than gold . . . and one that the crew of the River Rat might well pay for—with their lives. “An unusual, compelling futuristic novel . . . wry, sharp, lively, and perceptive.” —The Horn Book (starred review) “Too good to miss.” —Booklist An ALA Best Book for Young Adults A New York Public Library Book for the Teen Age
