Entertainment  
Some stories  
are too big for  
one timeline.  
Continue the  
action-packed  
love story  
started in  
Dean Murray's  
first two  
Reflections  
novels, Broken  
and Torn.  
Bitten is a  
boxed set of  
the next 6  
titles in the  
Reflections

universe plus Longing, a bonus short story. Combined, the titles in this boxed set have more than 270 five-star reviews and now for the first time ever they are available in one volume with a special price that is 37% off of the normal cost. In Bitten you'll get: Splintered (Reflections Volume 3) Most girls would have killed to be in Adri's shoes, in fact several people think that's exactly what she did. Of course life

with a pack of shape shifters isn't quite what she expected. The time with Alec is great, but now that the rival pack is out of the picture, Alec's wolves are all starting to turn on each other, and Adri is finding there is less and less she can do to help hold the pack together. Alec's determination to keep her at arm's length physically is just as frustrating as always, but his ongoing refusal to explain the

larger world the pack is operating in is starting to become more than just something that keeps Adri up at night. It's starting to look like something that could get them all killed. Intrusion (Reflection Volume 4) Jess awoke to a world she doesn't really understand, hounded by impulses that are quite literally more than any human could be expected to control. It's painfully evident that

her friends and family are doing everything they can to help her regain her footing, but she can't help resenting the fact that none of them lost as deeply as she lost in their last confrontation with the Coun'hij. More than anything she wants to turn to Alec for help. The alpha of the pack should be a constant source of strength and reassurance, but in his own way he's nearly as damaged as

she is. What's worse, a new threat has just arrived in Sanctuary and Jess is starting to wonder if Alec will sacrifice her as the weakest link in a crippled pack. Numb (Reflections Volume 4.5) Adriana Paige didn't see her breakup with Alec Graves coming any more than he did, but at the time she couldn't see any other way to stop him from turning into some kind of monster. For weeks now she's been haunted by

the worry that she made a terrible mistake, but she's thousands of miles away from Sanctuary now and there's nothing left but to try and soldier on. Alec Graves had just finished standing off the single most dangerous group of shape shifters in the world when Adri told him she was moving away. He'd always known that being the alpha of his small pack

would come with costs, but he never imagined that losing Adri would be one of them. Alec and Adri are two damaged hearts with one thing in common. They would both give almost anything to be free of their pain. They just want to be numb.

Trapped  
(Reflections  
Volume 5)

Kristin has always been firmly grounded in reality.

Trading in small-town Idaho for an Ivy-League school wasn't

going to be an easy proposition and making it happen wasn't going to leave her time for unnecessary things like crushes on boys. Kristin is about to find out that all of the creatures she thought were nothing more than myth are actually quite real. One of the worst of them is after her, an unstoppable killing machine that will chase her across a continent. Kristin is completely out of her

depth. Her one hope is a mysterious guy with dangerous skills and a dark past. He's the kind of guy that Kristin knows she shouldn't get involved with, but as their attraction grows it becomes apparent that being with him is going to require an even bigger sacrifice than she realized. Forsaken  
(Reflections  
Volume 6) The power he needs to protect his friends and family is just

outside of Alec Graves' reach. The dominant shape shifter pack in North America is circling like vultures and there are other, more savage opponents approaching in the distance. Given the danger he's in, Alec doesn't have time for a broken heart, but Adri's departure has left him barely able to function. The pressures inside his pack are building to lethal levels and for the first time in

his life, he's not sure he can walk the path that honor demands of him. Walking out on Alec was the hardest thing Adri had ever done, but she didn't bargain for the long-term impacts that would be involved. She hasn't been able to get past her feelings for him yet and it's starting to impact nearly every aspect of her life. Even more concerning, she now knows what the darkness really hides.

Dangers that she thought she'd left behind in Sanctuary are stalking her again, but this time Alec's pack isn't in a position to protect her. Scent of Tears (A Reflections Short Story) Living in the city is hard for a shape shifter, especially one as young as Shawn. He's been anticipating the coming trip out to the country for months. The fact that he's going to be allowed to run around unescorted

only makes things better. The vacation turns serious when he decides to leave the estate. A pack of hunting dogs is more than capable of bringing even a shape shifter to bay, and he's starting to understand that more than just his own survival hinges on what he does next. Longing Abby's one year from graduation, and headed nowhere. A steady regimen of parties and drugs isn't

what she really wants to be doing, but sometimes she needs a little something extra just to make it through the day. This party wasn't supposed to be any different than the rest, but when things take a turn for the worse, help steps in from an unexpected source. Bitten is a collection of young adult epic paranormal romance stories with vampires, werewolves and shape

shifters. *Who Moved My Goat Cheese?* JMS Books LLC Describes and analyses the propaganda and violence of the four Cambodian parties to the 1991 Paris peace agreements. sophisticated and suspenseful novel about an innocent man caught up in events past and present way beyond his control, and thrown into a terrifying maelstrom of deceit and murder. As a young boy, Jack Keller witnessed a life-altering tragedy the murder of his mother. Thirty years later, Jack has it all a great marriage, a successful chain of restaurants bearing his name, lifelong

friends, and good health. But in one second and with one bullet it all becomes worthless when a second tragedy occurs during the opening of a new restaurant. As Jack recovers from his injuries and the resulting psychological trauma, he is nursed back to health by Kid Demeter, a mysterious young man who was once as close to Jack as any son could be. As Kid trains his mentor

and father figure, he confides in Jack about the various women in his life. Each one is identified only by her nickname and each one is presented as appealing, sexy...and extremely dangerous. And then a third tragedy occurs. Kid is found sprawled on the pavement after plunging twenty stories to his death. Jack refuses to accept the police theory of suicide. Convinced that one of Kid's women

is a killer, he finds himself searching for answers in Kid's world, a world of lap dancing and after- hours clubs, of drugs and violence and overwhelming sensuality. But as Jack's suspicions arise, as he draws closer to the truth, an unknown threat lurks just ahead of him, anticipating his every move and killing whoever is in the way. As past and present merge, as Kid's world

overtakes Jack's, as Jack begins to understand just how high the stakes are in the game he has elected to play, he knows only one thing for certain: he must find the killer before the killer finds him. Following up the success of *Gideon, Icarus* is a truly Hitchcockian thriller of an innocent man pursued by an almost unimaginable and unstoppable danger. *New Bedlam* Graphic Communicatio
