Molly Moon is no ordinary orphan. When she finds a mysterious old book on hypnotism, she discovers she can make people do whatever she wants.
A Rhetorical Analysis of the Feminist and Patriarchal Themes Within

Shonda Rhimes'
Television Shows "Grey's Anatomy," "Scandal," and "How To Get Away With Murder" Cambridge Scholars Publishing
Business ain't easy when the locals stand to lose it all. "Molly conceived a resentment against the rich cattleman who could impose such restrictions and embitter the lives of poor people. And as for Traft's tenderfoot nephew, who had come

out of Missouri to run a hard outfit and build barbed-wire fences, Molly certainly hated him." Although he doesn't know cattle or cowboys, Missourian Jim Traft finds himself as the foreman of a tough Arizona outfit tasked with fencing a hundred miles of open cattle range. Brought on by his wealthy uncle, he faces this difficult trial with youthful aplomb. But Traft faces a community

that stands to suffer because of this new drift fence, and he must walk a fine line in order to honor his uncle's business while not incurring the wrath of longtime residents. The Drift Fence shows how this tender young man struggles to overcome the odds he faces and ultimately wins over the heart of the beautiful young lass, Molly Dunn. Skyhorse Publishing is proud to publish a broad range of books for readers interested in fiction that takes place in the old West. Westerns—books

about outlaws, sheriffs, chiefs and warriors, cowboys and Indians—are a genre in which we publish regularly. Our list includes international bestselling authors like Zane Gray and Louis L'Amour, and many more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

An Introduction to

Television Studies

Bloomsbury Publishing
NEW YORK TIMES
BESTSELLER • A searing, deeply moving memoir of illness and recovery that traces one young woman's journey from diagnosis to remission to re-entry into "normal" life—from the author of the Life, Interrupted column in The New York Times ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, The Washington Post, Bloomberg, The Rumpus, She Reads, Library Journal, Booklist •

“I was immersed for the whole ride and would follow Jaouad anywhere. . . Her writing restores the moon, lights the way as we learn to endure the unknown.”—Chanel Miller, *The New York Times Book Review* “Beautifully crafted . . . affecting . . . a transformative read . . . Jaouad’s insights about the self, connectedness, uncertainty and time speak to all of us.”—*The Washington Post* In the summer after graduating from college, Suleika Jaouad was preparing, as they say in

commencement speeches, to enter “the real world.” She had fallen in love and moved to Paris to pursue her dream of becoming a war correspondent. The real world she found, however, would take her into a very different kind of conflict zone. It started with an itch—first on her feet, then up her legs, like a thousand invisible mosquito bites. Next came the exhaustion, and the six-hour naps that only deepened her fatigue. Then a trip to the doctor and, a few weeks

shy of her twenty-third birthday, a diagnosis: leukemia, with a 35 percent chance of survival. Just like that, the life she had imagined for herself had gone up in flames. By the time Jaouad flew home to New York, she had lost her job, her apartment, and her independence. She would spend much of the next four years in a hospital bed, fighting for her life and chronicling the saga in a column for *The New York Times*. When Jaouad finally walked out of the cancer ward—after

countless rounds of chemo, a clinical trial, and a bone marrow transplant—she was, according to the doctors, cured. But as she would soon learn, a cure is not where the work of healing ends; it's where it begins. She had spent the past 1,500 days in desperate pursuit of one goal—to survive. And now that she'd done so, she realized that she had no idea how to live. How would she reenter the world and live again? How could she reclaim what had been lost? Jaouad

embarked—with her new best friend, Oscar, a scruffy terrier mutt—on a 100-day, 15,000-mile road trip across the country. She set out to meet some of the strangers who had written to her during her years in the hospital: a teenage girl in Florida also recovering from cancer; a teacher in California grieving the death of her son; a death-row inmate in Texas who'd spent his own years confined to a room. What she learned on this trip is that the divide between sick and well is porous, that the

vast majority of us will travel back and forth between these realms throughout our lives. *Between Two Kingdoms* is a profound chronicle of survivorship and a fierce, tender, and inspiring exploration of what it means to begin again.

The Real Grey's Anatomy Workman Publishing

Once upon a time... A sister told her brothers, "Eventually, a girl is going to come along and flip your worlds upside down." She was right... ...and Blake was the third to fall.

Hotshot lawyer Blake has always lived the bachelor life, never wanting to be with a woman more than once. Until Ever comes along. When a one-night stand turns into an unexpected life-altering weekend, Blake desperately wants to see her again. What Blake doesn't anticipate is seeing her so soon ... as she's being introduced to him as the new summer intern, who happens to be the boss's twenty-two-year-old daughter. A dead man walking, Blake makes it clear to Ever that

nothing can happen again. He has too much riding on his career. However, the electrical charge between them is unlike anything he's ever felt, and when the tension gets to be too much, Blake finds it impossible to stay away from her. Will Blake risk it all for Ever, or will he let the ten-year age gap and the fact that she's his boss's daughter get in the way of his happiness? *Motherless Daughters* Sourcebooks, Inc. The first work of its kind, this encyclopedia provides

360 brief biographies of African American film and television actresses from the silent era to 2009. It includes entries on well-known and nearly forgotten actresses, running the gamut from Academy Award and NAACP Image Award winners to B-film and blaxploitation era stars. Each entry has a complete filmography of the actress's film, TV, music video or short film credits. The work also features more than 170 photographs, some of

them rare images from the Schomburg Center for Research in Black Culture.

The World Almanac and Book of Facts 2017

Post Hill Press

This masterful survey covers all genres of popular music, from pop, rock, soul, and country to jazz, blues, classic vocals, hip-hop, folk, gospel, and ethnic/world music.

Collectors will find detailed discographical data while music lovers will appreciate the detailed commentaries and deep research on the songs, their recording,

and the artists.

The Lakeland Doctor's Decision Storibud Limited

This book traces the uneven history of queer media visibility through crucial turning points including the Hollywood Production Code era, the AIDS crisis of the 1980s, the so-called explosion of gay visibility on television during the 1990s, and the re-imagining of queer representations on TV after the events of 9/11. Kohnen intervenes in previous academic and popular accounts that

paint the increase in queer visibility over the past four decades as a largely progressive development. She examines how and why a limited and limiting concept of queer visibility structured around white gay and lesbian characters in committed relationships has become the embodiment of progressive LGBT media representations. She also investigates queer visibility across film, TV, and print media, and highlights previously unexplored connections,

such as the lingering traces of classical Hollywood cinema's queer tropes in the X-Men franchise. Across all chapters, narratives and arguments emerge that demonstrate how queer visibility shapes and reflects not only media representations, but the real and imagined geographies, histories, and people of the American nation. *Gambler's Gold* Routledge “Is there anybody that Hawk Koch hasn’t worked with? *Magic Time* should be required reading for

three types of people. One, those starting in show business, two, those that have been in show business for a long time, and three, everyone else. Like every movie Hawk has made, *Magic Time* is a fascinating journey of self-identity. I love this book.” —Mike Myers, Actor, Writer, and Director “*Magic Time* recounts what I remember about Hawk: someone who never took an opportunity for granted and worked hard to achieve success in his own right. Plus, he was a lot of the fun, and, as

the book reflects, we had some memorable adventures.”—Robert Redford, Oscar-winning Actor & Director, Founder of the Sundance Institute & Film Festival “Hawk Koch is without a doubt one of the great Hollywood storytellers I’ve ever known. His adventures in the movie business are so funny and so incredible that I re-tell stories from his career more than ones from my own. And his own personal journey is as heartfelt as it gets.” —Edward Norton, Actor,

Writer, and Director “I can personally relate to this moving journey of a man learning to step out from under a father’s shadow. But *Magic Time* is also filled with fun, surprising stories that only a deep insider could tell.”—Jane Fonda, Oscar-winning Actress, Bestselling Author “I found the book profoundly moving, and insightful about not only the entertainment industry, but human nature. Bravo and congratulations!”—Gale Anne Hurd, Producer, *Terminator* and The

Walking Dead “This book is more than just a great Hollywood memoir. Hawk Koch shares his story with us in a funny, touching, and vulnerable way in contrast to the glitz and glamor of the show business life he leads. If you want to hear a story about what Hollywood is really like read this book. It’s a winner.”—Mark Gordon, Producer of *Saving Private Ryan*, *Grey’s Anatomy*, and *Criminal Minds* Billboard Wipf and Stock Publishers
Get thousands of facts

right at your fingertips with this essential resource. The *World Almanac®* and *Book of Facts* is America's top-selling reference book of all time, with more than 82 million copies sold. Since 1868, this compendium of information has been the authoritative source for all your entertainment, reference, and learning needs. The 2017 edition of *The World Almanac®* reviews the events of 2016 and will be your go-to source for questions on any topic in the upcoming

year. Praised as a "treasure trove of political, economic, scientific and educational statistics and information" by The Wall Street Journal, The World Almanac® and Book of Facts will answer all of your trivia needs—from history and sports to geography, pop culture, and much more. Features include: • 2016—Top 10 News Topics: The editors of The World Almanac® list the top stories that held the world's attention in 2016. • 2016—Year in Sports: Hundreds of pages

of trivia and statistics that are essential for any sports fan, featuring complete coverage of the 2016 Olympic Games in Rio, the 2016 World Series, and much more. • 2016—Year in Pictures: Striking full-color images from around the world in 2016, covering news, entertainment, science, and sports. • 2016—Offbeat News Stories: The World Almanac® editors found some of the strangest news stories of the year. • World Almanac® Editors' Picks: Time Capsule: The

World Almanac® lists the items that most came to symbolize the year 2016, from news and sports to pop culture. • 2016 Election Results: The World Almanac® provides a comprehensive look at the entire 2016 election process, from the roller coaster of the early primaries to state and county presidential voting results and coverage of House, Senate, and gubernatorial races. • The World at a Glance: This annual feature of The World Almanac® provides a quick look at the

surprising stats and curious facts that define the changing world. • World Almanac® Editors' Picks: The Best Teams That Never Won It All: In light of Golden State's unprecedented regular season success and eventual downfall in the NBA Finals, The World Almanac® takes a look back into sports history for the best teams that fell just short of championship glory. • Statistical Spotlight: A brand-new feature highlights statistics relevant to the biggest

stories of the year. These data provide context to give readers a fresh perspective on important issues. • Other New Highlights: Newly available statistics on sexuality, student loans, overdose deaths, state minimum wages, and much more. [Encyclopedia of African American Actresses in Film and Television](#) Accent Press The ABC medical drama Grey's Anatomy has generated a flurry of interest in how medical professionals really make

it through one of the most rigorous educational programs around, but how much of the medical drama seen in Grey's Anatomy is pure entertainment, and how much is an accurate reflection of life both in and out of the OR? In *The Real Grey's Anatomy*, a well-known medical journalist provides some answers. He examines a group of new surgical residents at a major teaching hospital in the Pacific Northwest as they tackle the roller-coaster ride of long hours,

fascinating procedures, mundane office tasks, and emotional ups and downs that comprise the life of a student of surgery. Henry Holt and Company Standoff is award-winning journalist Jamie Thompson's gripping account of a deadly night in Dallas, told through the eyes of those at the center of the events, who offer a nuanced look at race and policing in America On the evening of July 7, 2016, protesters gathered in cities across the nation after police shot two black men,

Philando Castile and Alton Sterling. As officers patrolled a march in Dallas, a young man stepped out of an SUV wearing a bulletproof vest and carrying a high-powered rifle. He killed five officers and wounded eleven others. It fell to a small group of cops to corner the shooter inside a community college, where a fierce gun battle was followed by a stalemate. Crisis negotiator Larry Gordon, a 21-year department veteran, spent hours bonding with the

gunman—over childhood ghosts and death and shared experiences of racial injustice in America—while his colleagues devised an unprecedented plan to bring the night to its dramatic end. Thompson's minute-by-minute account includes intimate portrayals of the negotiator, a surgeon who operated on the fallen officers, a mother of four shot down in the street, and the SWAT officers tasked with stopping the gunman. This is a deeply affecting story of real

people navigating a terrifying crisis and a city's attempts to heal its divisions.

It All Started On A Wednesday Between Two Kingdoms

On the outside, Molly Gifford has it all—a hot legal career and Daniel Hunter, her equally hot boyfriend. But what she really wants is a family. So when she discovers her real father, she doesn't hesitate to pack her bags. Even though it means leaving her old life behind... A year later Daniel Hunter's still trying

to get on with his life. Then Molly shows up at his door, begging for help. Her newfound father is under arrest for murder, and she's convinced Hunter is the only attorney with the skill and reputation to get him off. Hunter can't resist helping an innocent man. But this time he'll be the one walking away—even if it breaks both their hearts to do it...

Mapping Smallville

Rowman & Littlefield
One of the first full-length academic projects on the television series

Smallville, this collection of new essays explains why the WB/CW series is important to understanding contemporary popular culture. The essays are presented in four sections covering broad categories: Clark Kent's metamorphosis to Superman and the influence of his parents and the home; the role of the series' noteworthy female characters; the series' representations of the Other, explorations of identity, and the ways in which characters speak to

Clark's own struggles; and audience reception of the series and its position within the Superman narrative universe.

People Da Capo Lifelong Books

This book is a broad-brush approach describing the realities of life in the American rabbinate.

Factual portrayals are supplemented by examples drawn from fiction—primarily novels and short stories.

Chapters include:

- ♣Rabbinic Training
- ♣Congregational Rabbis and Their Communities

♣Congregants' Views of Their Rabbis ♣Women Rabbis [also including examples from TV and Cinema] ♣Assimilation, Intermarriage, Patrilineality, and Human Sexuality ♣God, Israel, and Tradition This book draws upon sociological data, including the recent Pew Research Center survey on Jewish life in America, and presents a contemporary view of rabbis and their communities. The realities of the American rabbinate are then compared/contrasted with

the ways fiction writers present their understanding of rabbinic life. The book explores illustrations from two hundred novels, short stories, and TV/cinema; representing well over 135 authors. From the first real-life women rabbis in the early 1970s to today's statistics of close to 1,600 women rabbis worldwide, major changes have taken place. Women rabbis are transforming the face of Judaism. For example, this newly revised second edition of American

Rabbis: Facts and Fiction reflects a fivefold increase in terms of examples of fictional women rabbis, from when the book was first published in 1998.

There is new and expanded material on some of the challenges in the twenty-first century, women rabbis, human sexuality/LGBTQ matters, trans/post/non-denominational seminaries, and community-based rabbis.

Between Two

Kingdoms Simon and Schuster
1986. Ghana's prestigious

Aburi Girls Boarding School. Queen Bee Paulina and her crew excitedly await the arrival of the Miss Ghana pageant recruiter. It's clear that Paulina is in top position to take the title until her place is threatened by Ericka – a beautiful and talented new transfer student. As the friendship group's status quo is upended, who will be chosen for Miss Ghana and at what cost? Bursting with hilarity and joy, this award-winning comedy explores the universal similarities

(and glaring differences) facing teenage girls around the world. This edition is published to coincide with the UK premiere at the Lyric Theatre, Hampstead, in June 2023.

Molly Moon's Incredible Book of Hypnotism

Press
Critically analyzes the discursive relationship between cultural value and popular feminism in American television.
Sealed With A Kiss
HarperCollins
Ask any woman whose mother has died, and she will tell you that she is irrevocably altered, as deeply changed by her mother's death as she was by her mother's life. Although a mother's mortality is inevitable, no book had discussed the profound, lasting, and far-reaching effects of this

loss--until *Motherless Daughters*, which became an instant classic. Twenty years later, it is still the book that women of all ages look to for comfort and understanding when their mothers die, and the book that they continue to press into each other's hands. Building on interviews with hundreds of mother-loss survivors,

the author's personal story of losing her mother, recent research in grief and psychology, and with a new afterword exploring how the legacy of mother loss shifts with the passage of time, *Motherless Daughters* reveals the shared experiences and core identity issues of

motherless women: Why the absence of a nurturing hand shapes a woman's identity throughout her lifespan How present-day relationships are defined by past losses How a woman can resolve past conflicts and move toward acceptance and healing What grief really is: not a linear passage, but an ongoing cyclical journey
