You are an artist. You've mastered your art form, and you're out in the world living the artist's life. But you also want to make a difference in the world as a teaching artist. You know how to pursue excellence in your art form; how can you pursue excellence in teaching artistry? *A Teaching Artist's Companion: How to Define and Develop Your Practice* is a how-to reference for veteran and beginning teaching artists alike. Artist-educator Daniel Levy has been working in classrooms, homeless shelters and correctional facilities for over thirty years. With humor and hard-won insight, Levy and a variety of contributing teaching artists narrate their successes and failures while focusing on the practical mechanics of working within conditions of limited time and resources. Levy organizes teaching artist practice within a framework of View, Design, and Respond. View is everything you value and believe about teaching and learning; Design is what you plan before you go into a classroom; Respond is how you react to and support your students face to face. With the aid of checklists, worksheets, and primary sources, *A Teaching Artist's Companion* invites you to define your own unique view, and guides your observing, critiquing, and shaping your practice over time.

Throughout history, homosexuality has been a complicating factor for men and women electing to serve in the armed forces of the United States. The right to serve became increasingly complicated when the Department of Defense responded to congressional legislation in 1993 by adopting a policy that later became known as "don't ask, don't tell" (DADT). DADT permitted homosexual members to serve in the forces, so long as they showed no evidence of homosexual behavior. The compromise policy remained in force until Congress passed the Don't Ask, Don't Tell Repeal Act of 2010 and finally, in September 2011, the ban on gay men and lesbians serving openly in the US armed forces officially came to an end. Reflecting on the 20-year period governed by DADT, this volume explores the history, culture, attitudes and impacts of policy evolution from the mid-20th Century through to the present day. It not only provides insight to the scholarly field of how the most powerful institution in the world has viewed and dealt with homosexuality as it transitioned into the 21st century, but it is also poised to become a seminal collection for researchers in the decades to come. This book was originally published as a

special issue of the Journal of Homosexuality. "Parco and Levy have produced a fine edited volume dedicated to deepening our understanding of the federal DADT policy. What has resulted is a deep analysis of the federal policies regarding gays and lesbians in the U.S. military. This volume is filled with rich descriptions and analyses written by the very best thinkers about issues pertaining to gays and lesbians in the U.S. military. Parco and Levy not only offer a comprehensive treatment of DADT, but their book will stand the test of time and spur additional important research about gay, lesbian, bisexual, and queer service members. The Rise and Fall of DADT is accessibly written and offers readers a comprehensive understanding of the DADT federal policy and the attendant issues of equity, social justice and ever-changing attitudes about LGBTQ people related to the U.S. military and to the larger American society." John P. Elia, Ph.D. Editor-in-Chief, Journal of Homosexuality and Professor and Associate Chair of Health Education at San Francisco State University, USA "As Assistant Secretary of Defense for Public Affairs from 2010 to 2012, and the first openly-gay senior official to serve at the Pentagon, I was witness to and honored to be an active participant in the historic process that led to the ban on discrimination against lesbian and gay service members: men and women who had been hiding in plain sight while risking their lives to serve their country honorably. In this volume, Jim Parco and Dave Levy provide what is perhaps the most comprehensive account to date of the evolution of US government policy regarding LGBT service members. Their study includes outstanding firsthand narratives by many friends who played central roles in

the repeal of Don't Ask/Don't tell, including Sue Fulton, Jonathan Lee and former Congressman Patrick Murphy. Parco and Levy provide the opportunity for scholars, experts and ordinary citizens from all walks of life to share in those journeys and in the very positive results that were achieved." Douglas B. Wilson, former Assistant Secretary of Defense for the United States

Thirty-five states require the Praxis II series, the battery of tests measuring a beginning teacher's aptitude for specific subjects, such as math or English, in which they hope to specialize. Containing 21 full-length practice exams, including the Multiple Skills Assessment Test (MSAT) -- required in California -- this comprehensive volume helps test takers apply their subject knowledge, develop foolproof test-taking skills, and build the confidence they need to earn qualifying scores. -- 1 full-length MSAT

with answer explanations -- 20 sample Specialty Area Tests, including biology, mathematics, and special education -- Expert test-taking strategies -- Listening skills practice with audio CD

1997 Census of Governments: Government organization. no. 1 Government organization Flashlight Press

Educational policies explicitly implemented in order to reduce educational gaps and promote access and success for disenfranchised youth can backfire—and often have the unintended result of widening those gaps. In this interdisciplinary collection of case studies, contributors examine cases of policy backfire, when policies don't work, have unintended consequences, and when policies help. Although policy reform is thought of as an effective way to improve schooling structures and to diminish the achievement gap, many such attempts to reform the system do not adequately address the legacy of unequal policies and the historic and pervasive inequalities that persist in schools.

Exploring the roots of school inequality and examining often-ignored negative policy outcomes, contributors illuminate the causes and consequences of poor policymaking decisions and demonstrate how policies can backfire, fail, or have unintended success.

Research in Education Oxford University Press

This enhanced eBook features read-along narration. Although Matty's art teacher has warned him that too much glue never dries, Matty loves glue. After all, he and his dad make oodles of glue projects at home. One day during art class, Matty finds the fullest bottles of glue, and the fun begins. With a squeeze and a plop, Matty pours a lake of glue

before belly-flopping right in the middle and finds himself stuck to the desk.

When Matty's dad arrives at the school, instead of being mad, he celebrates his son's creativity and calls him a work of art. With vibrant language and artwork and a wild, silly plot, *Too Much Glue* is sure to appeal to all children who love to get messy.

Learn how to power up your fundraising—from Reynold Levy, the master of fundraising Drawing on his experience in raising over one billion dollars in six years as President of Lincoln Center, Reynold Levy has written the ultimate insider's guide to asking for and receiving funds. Rich with insights and invaluable advice from Levy's own lessons learned, this powerful book is for you, whether your organization is concerned with health, education, the arts, or humanitarian causes, a think tank or advocacy group, established or fledgling. Insightful, creative, and humorous, *Yours for the Asking* draws back the curtain to disclose Levy's secrets of success and reveals how you can: Tap into the resources of donors, large and small, for your institution or cause Reach wealthy people and successfully bring home the bacon Put aside fears, qualms, and hesitations and confidently ask for funds Locate the intersection between the interests of business and the needs of your nonprofit organization Solve the mystery of fundraising from foundations Explore your organization's future in fundraising and discern its long-term trends Learn

the best ways to combat the adverse impact of a wide, deep, and prolonged recession Yours for the Asking will transform your view of fundraising from a dreaded aspect of your job to a high calling, from "pleading" for money to helping donors find pleasure in advancing social causes and strengthening key nonprofit institutions. Affluence and generosity abound. It's all yours-for the asking.
