Personal Narrative of a Pilgrimage to El Medinah and Meccah Tactics Ogre

Author's Foreword This book is unfinished. The Filipino people shall finish it for me. I wrote this

volume very, very slowly. I could have done with it In three months after my defection from the conjugal dictatorship of Ferdinand and Imelda Marcos on February 20.1975. Instead, I found myself availing of every excuse to slow it down. A close associate, Marcelino P. Sarmiento, even warned me, "Baka mapanis 'yan." (Your book could become stale.)While I availed of almost any excuse not to finish the manuscript of this volume, I felt the tangible voices of a muted people back home in the Philippines beckoning to me from across the vast Pacific Ocean. In whichever way I turned, I was confronted by the distraught images of the Filipino multitudes cryingout to me to finish this work, lest the frailty of human memory -- or any incident a la Nalundasan - consign to oblivion the matters I had in mind to form the vital parts of this book. It was as if the Filipino multitudes and history itself were surging in an endless wave presenting a compelling demand on me toSan Francisco, California perpetuate the personal knowledge I have gained on the infamous machinations of Ferdinand E. Marcos and his overly ambitious wife, Imelda, that led to a day of infamy in my country, that Black Friday on September 22, 1972, when martial law was declared as a means to establish history's first conjugal dictatorship. The sense of urgency in finishing this work was also goaded by the thought that Marcos does not have eternal life and that the Filipino

people are of unimaginable forgiving posture. I thought that, if I did not perpetuate this work for posterity, Marcos might unduly benefit from a Laurelian statement that, when a man dies, the virtues of his past are magnified and his faults are reduced to molehills. This is a book for which so much has been offered and done by Marcos and his minions so that it would never see the light of print. Now that it is off the press. I entertain greater fear that so much more will be done to prevent its circulation, not only in the Philippines but also in the United States.But this work now belongs to history. Let it speak for itself in the context of developments within the coming months or years. Although it finds great relevance in the present life of the present life of the Filipinos and of Americans interested in the study of subversion of democratic governments by apparently legal means, this work seeks to find its proper niche in history which mustinevitably render its judgment on the seizure of government power from the people by a lame duck Philippine President.If I had finished this work immediately after my defection from the totalitarian regime of Ferdinand and Imelda, or after the vicious campaign of the dictatorship to vilify me in July-August. 1975, then I could have done so only in anger. Anger did influence my production of certain portions of the manu-script. However, as I put the finishing touches to my work, I found myself expurgating it of

the personal venom, the virulence and intemperate language of my original draft. Some of the materials that went into this work had been of public knowledge in the Philippines. If I had used them, it was with the intention of utilizing them as links to heretofore unrevealed facets of the various ruses that Marcos employed to establish his dictatorship. Now, I have kept faith with the Filipino people. I have kept my rendezvous with history. I have, with this work, discharged my obligation to myself, my profession of journalism, my family and my country. I had one other compelling reason for coming out with this work at the great risks of being uprooted from my beloved country, of forced separation from my wife and children and losing their affection, and of losing everything I have in my name in the Philippines - or losing life itself. It is that I wanted to make a public expiation for the little influence that I had . . . (more inside)

Existing textbooks on international relations treat history in a cursory fashion and perpetuate a Euro-centric perspective. This textbook pioneers a new approach by historicizing the material traditionally taught in International Relations courses, and by explicitly focusing on non-European cases, debates and issues. The volume is divided into three parts. The first part focuses on the international systems that traditionally existed in Europe, East Asia, pre-Columbian Central and South America, Africa and Polynesia. The second part discusses the ways in which these international systems were brought into contact with each other through the agency of Mongols in Central Asia, Arabs in the Mediterranean and the Indian Ocean, Indic and Sinic societies in South East Asia, and the Europeans through their travels and colonial expansion. The concluding section concerns contemporary issues: the processes of decolonization, neo-colonialism and globalization -- and their consequences on contemporary society. *History of International Relations* provides a unique textbook for undergraduate and graduate students of international relations, and anybody interested in international relations theory, history, and contemporary politics.

In *To Punish or Persuade*, John Braithwaite declares that coal mine disasters are usually the result of corporate crime. He surveys 39 coal mine disasters from around the world, including 19 in the United States since 1960, and concludes that mine fatalities are usually not caused by human error or the unstoppable forces of nature. He shows that a combination of punitive and educative measures taken against offenders can have substantial effects in reducing injuries to miners. Braithwaite not only develops a model for determining the optimal mix of punishment and persuasion to maximize mine safety, but provides regulatory agencies in general with a model for mixing the two strategies to ensure compliance with the law. *To Punish or Persuade* looks at coal mine safety in the United States, Great Britain, Australia, France, Belgium, and Japan. It examines closely the five American coal mining companies with the best safety performance in the industry: U.S. Steel, Bethlehem Steel, Consolidation Coal Company, Island Creek Coal Company, and Old Ben Coal Company. It also takes a look at the safety record of unionized versus non-unionized mines and how safety regulation enforcement impacts productivity.

In this landmark book, *Seven Stories Press* presents a powerful collection of literary, philosophical, and political writings of the masked Zapatista spokesperson, Subcomandante Insurgente Marcos. Introduced by Nobel Prize winner José Saramago, and illustrated with beautiful black and white photographs, *Our Word Is Our Weapon* crystallizes "the passion of a rebel, the poetry of a movement, and the literary genius of indigenous Mexico." Marcos first captured world attention on January 1, 1994, when he and an indigenous guerrilla group calling themselves "Zapatistas" revolted against the Mexican government and seized key towns in Mexico's southernmost state of Chiapas. In the six years that have passed since their uprising, Marcos has altered the course of Mexican politics and emerged an international symbol of grassroots movement-building, rebellion, and democracy. The prolific stream of poetic political writings, tales, and traditional myths that Marcos has penned since January 1, 1994 fill more than four volumes. *Our Word Is Our Weapon* presents the best of these writings, many of which have never been published before in English. Throughout this remarkable book we hear the uncompromising voice of indigenous communities living in resistance, expressing through manifestos and myths the universal human urge for dignity, democracy, and liberation. It is the voice of a people refusing to be forgotten the voice of Mexico in transition, the voice of a people struggling for democracy by using their word as their only weapon.
