Individual Employment Rights Cases Charles C. Thomas Publisher
 Now in its seventh edition, *Managing Police Organizations* sets the standard for police leadership and management by exploring the relationship between leadership, management, and results. Written for a broad audience, the book focuses on developing one's character and one's leadership competencies. Using case studies and structured learning exercises, it seeks to chip away at constricting operational levels and barriers within the organization itself and the community it serves. This edition features a three-part format, two new chapters, and ideas and methods police managers can use to successfully lead their agencies toward quality and excellence of service.

 Retired UCLA Police Officer, Terrence Duren, at the center of the 2006 UCLA Taser Incident, writes his memoir, "University Sheepdog in Westwood, Los Angeles" to set the record straight regarding his life and law enforcement career. There were television news reports and articles written about the Taser incident and of Terrence Duren's past. Some of these news reports and articles were unflattering and did not paint a complete picture of him and other officers involved in the Taser incident. In addition to the protests held at UCLA and other UC campuses, there were high volume of telephone calls to UCLA with people voicing their anger and support over the Taser incident. These telephone calls came from people living in the United States and abroad. There was such a high volume of phone calls that UCLA's telecommunications nearly broke down. After a complete and thorough investigation, the UCLA police chief as well as UCLA campus administrators, concluded that Officer Duren did not violate policy with his use of the Taser. "University sheepdog in Westwood, Los Angeles" is a memoir that gives a better understanding of Officer Terrence Duren and his former colleagues. This memoir is a story of "Sheepdogs" (police officers), protecting the "Sheep" (students/faculty/staff/visitors and others), from the "Wolves" (criminals). Some of the contents in this memoir will tell of Terrence Duren's Officer Involved Shootings, on and off campus, his working undercover for six months buying narcotics from UCLA hospital employees, his confrontation with members of the Nation of Islam, his SWAT standoff with an armed suspect, lewd and lascivious activity in the men's restrooms, his mentoring victims and suspects, flimflammer, and more! Additionally, this Memoir has contents regarding Terrence's childhood growing up around Black Panthers, his service in the United States Marine Corps in peace time and during the First Gulf War. This memoir is unlike any

other police story ever told. As you read this memoir, sit down and strap up because you are about to go on a ride!

As of June 1997, there were more than 700 general purpose State and local law enforcement agencies with 100 or more full-time sworn personnel that included 50 or more uniformed officers responding to calls for service. Stories by Reed Farrel Coleman, David Corbett, Tyler Dilts, Brendan DuBois, Seth Harwood, Darrell James, Gary Phillips, Travis Richardson, SJ Rozan, Kelli Stanley, Eric Stone, Bob Truluck, Lono Waiwaiole and Pamela Samuels Young. Praise for SCOUNDRELS ... "Much will be made of the timeliness of SCOUNDRELS, and with good reason; these days Enron executives and securities brokers are far scarier than serial killers. But SCOUNDRELS is more than just timely — it's a great read, a collection of fabulous stories by remarkable authors. Bravo." — Marcus Sakey, author of *The Two Deaths of Daniel Hayes*, and host of *Hidden City* on the Travel Channel
 What other group of human beings inspires such a level of hatred and disgust in us as the white collar crook? Lesser thieves don't get the level of hatred and contempt that these high-flying kleptomaniacs generate. Why does a Bernie Madoff or a Kenneth "Kenny Boy" Lay inspire nearly as much opprobrium from the rest of us as a serial killer, a genocidal dictator or a child molester? — Scott Phillips, from the *Forward*

 This book covers the guidelines for establishing effective police

community relations programs. The problem of communications failures between the police department and the public is a serious one. The author proposes a variety of special programs to facilitate understanding between the police and various groups in the community. The need for training the individual policeman in public relations is emphasized. Police programs for schools are outlined, from kindergarten through college. These programs should be publicized through school contacts and the police speakers bureau. A variety of other activities are proposed, such as police station tours, police cadet and intern projects, a speakers bureau, and the establishment of news-media liaisons. Finally, in all of these programs, the author emphasizes the need for clear language rather than police dialect in communicating with the public.

Police veteran George Newton loves his work and the risks associated with it. His partner, Gene Wilson, dreams of becoming a criminal lawyer. Each officer believes they have seen it all, but something so bizarre is about to occur that neither of these men will ever be able to trust their gut instincts again As Newton and Wilson cruise the streets of San Pedro, California, looking for gang activity, they see a middle-aged gentleman sitting in a vehicle on the side of the road. After they question the obviously intoxicated man, the officers allow him to walk to his house nearby to retrieve a pencil and paper. When he does not return, Newton and Wilson ring the doorbell and soon learn that Bill Balsam died at the hands of a drunk driver one year ago on that same street on the same night. Left with nothing but Balsams drivers license and an abandoned truck, the two officers are suddenly thrust into a world where the paranormal collides with reality and no one believes their story. In this captivating thriller, only time will tell what will happen when two men in blue encounter events that cannot be explainedlet alone accepted.

The Gang Life: Laugh Now, Cry Later examines the criminal gangster mindset and offers gang prevention strategies, using real-world examples to demonstrate a holistic approach toward combatting this surging societal problem. The text outlines the evolution of gang membership from a state of interest, to association, to hardcore "O.G." (Original Gangster) status, and explores the evolution of law enforcement's multi-pronged approach to combating criminal street gang violence, from the catch-and-release mentality of the 1970s and 1980s to today's collaboration with private organizations such as Boys & Girls Clubs. In-depth profiles, case studies, and lengthy histories of gangs, gang members, and their transformations are provided to demonstrate the deleterious effect of gangs on society. Designed for criminal justice students and for practitioners in the field, this text offers readers a holistic approach toward gang prevention from three nationally awarded educators and gang investigators.
