**TV Guide Almanac** National Register Publishing

In this indispensable work, prominent authorities review the latest research on all aspects of ELL instruction (K-12) and identify what works for today's students and schools. Provided are best-practice guidelines for targeting reading, writing, oral language, vocabulary, content-domain literacies, and other core skill areas; assessing culturally and linguistically diverse students; and building strong school-home-community partnerships. Chapters include clear-cut recommendations for teaching adolescent ELLs and those with learning disabilities. The comprehensive scope, explicit linkages from research to practice, and guidance for becoming a culturally informed, reflective practitioner make the book an ideal course text.

**Billboard** SAGE

A landmark comparative study (U.S. and Brazil) of television's social and cultural effects on human

behavior. The Updated Edition brings forward the author's research on this topic since the original volume was published in 1990 with an extensive new Introduction.

*A Cognitive Psychology of Mass Communication* Psychology Press

Up-to-date and case-study laden analysis of how children and adolescents interact with the media. Guilford Press

The yearly volumes of *Censored*, in continuous publication since 1976 and since 1995 available through Seven Stories Press, is dedicated to the stories that ought to be top features on the nightly news, but that are missing because of media bias and self-censorship. The top stories are listed democratically in order of importance according to students, faculty, and a national panel of judges. Each of the top stories is presented at length, alongside updates from the investigative reporters who broke the stories.

*Universal Access in Human-Computer Interaction. Design for All and Inclusion* Springer Science & Business Media

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

*Cultural Diversity and the U.S. Media* Oxford University Press

The Handbook of Reading Research is the research Handbook for the field. Each volume has come to define the field for the period of time it covers. Volume IV follows in this tradition. The editors extensively reviewed the reading research literature since the publication of Volume III in 2000, as portrayed in a wide array of research and practitioner-based journals and books, to identify the themes and topics covered. As in previous volumes, the focus is on reading research, rather than a

range of literate practices. When taken as a set, the four volumes provide a definitive history of reading research. Volume IV brings the field authoritatively and comprehensively up-to-date.

*Helping Homeowners Harmed by Foreclosures* The Countryman Press

When *Battlestar Galactica* reappeared in 2003—a revamp of the original series in which a "rag-tag fugitive fleet" of the last remnants of mankind flees pursuing aliens while simultaneously searching for Earth—it redefined what television science fiction should be about. Since then it has been critically claimed as one of the best shows on television while growing TV's strongest cult fandom of 2 million viewers. Now, as the series comes to its conclusion, fans are more eager than ever for more BSG. Acclaimed television experts Lynnette Porter, David Lavery and Hillary Robson, authors of the top-selling unauthorized *Lost* guides, provide fans with an in-depth look at the history, politics, themes and philosophies of the hit show. Topics include: --Battlestar Then and Now -- Positions of Power --The Transformation of Baltar --Aliens Among Us: Political Realities and the Culture of Fear --Battlestar and the Bush Era --Thirty Years of Battlestar Fandom
