Belonging: The Science of Creating Connection and Bridging Divides Oxford University Press, USA
 Finalist for The Next Big Idea Bookclub • Book of the Year Selection Behavioral Scientist and Greater Good Society “This is perhaps the richest book on belonging you’ll ever read.... The inspiration one draws from every page of this book is an enhanced sense of what is possible. It revives the very thing we need most in these times: hope.” —Claude M. Steele, author of *Whistling Vivaldi* Discover the secret to flourishing in an age of division: belonging. In a world filled with discord and loneliness, finding harmony and happiness can be difficult. But what if the key to unlocking our potential lies in this deceptively simple concept? Belonging is the feeling of being a part of a group that values, respects, and cares for us—a feeling that we can all cultivate in even the smallest corners of social life. In *Belonging: The Science of Creating Connection and Bridging Divides*, Stanford University professor Geoffrey L. Cohen draws on his own and others’ groundbreaking scientific research to offer simple, concrete solutions for fostering a sense of

belonging. These solutions can generate surprisingly significant and long-lasting benefits. Small but powerful actions can bolster belonging—actions such as encouraging people to reflect on their core values before they face a challenge or expressing belief in someone’s capacity to reach a higher standard. A wide range of innovative approaches have been found to boost achievement at work and at school, bridge political divides, reduce prejudice, and even contribute to overall health. Rigorously tested in diverse arenas—from classrooms to disadvantaged neighborhoods to iconic Silicon Valley companies—these methods offer a path forward in these demanding times. Belonging is a compelling read for all who yearn for a more connected world, whether you’re a manager or employee, an educator or student, a parent or caregiver, or simply someone seeking to make the most out of every moment you spend with others. Packed with actionable insights and specific strategies, this book offers hope and practical guidance, serving as both an inspiration and a roadmap to creating a world of inclusion, understanding, and empathy.

Nice Try Phoenix Books

In *Rebels Wit Attitude*, music writer and professor Iain Ellis throws a spotlight on the history of humor as a weapon of anti-establishment rebellion, paying tribute to the great rebel humorists in

American rock history and investigating comedy and laughter as the catalyst and main expressive force in these artists' work. The performers who are the subject of Ellis's study are not merely funny people - they are those whose art exudes defiance and resistance, whether aimed at social structures and mores, political systems, aesthetic practices, or the music industry itself. Subversive rock humor has emerged as a formidable force of modern art, building a reputation for rock music as a rebellious - sometimes dangerous - form of expression that can dismay the adult mainstream as it empowers the youth culture. In this study of rock's impact on youth through the decades, Ellis proves that the most subversive rock humorists serve as the conscience of our culture. They chastise pretensions, satirize hypocrisy, and pour scorn on power, corruption, and lies. Discussing the work of iconic figures as diverse as Chuck Berry, Lou Reed, the Ramones, the Talking Heads, the Beastie Boys, Missy Elliott, Ellis examines the nature of the rock humorist, asking why and in what ways each performer uses humor as a weapon of resistance to various status quos. The commentary on these artists' work is the basis for a deeper discussion of the historical foundations and other socio-cultural contexts of humorous art, and Ellis delves into the larger issues of politics, nationality, geography, generation, art, social class, race, gender and

sexuality that surround his subject. The chapters, divided by decade, include introductory sections outlining each decade's defining forces and contextual features. While lyrics constitute Ellis's primary field of analysis, his exploration goes well beyond that, moving into a discussion and interpretation of image, performance, product, and musical content.

If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

Count and explore the zany world and words of Seuss in this classic picture book. From counting to opposites to Dr. Seuss's signature silly rhymes, this book has everything a beginning reader needs! Meet the bumpy Wump and the singing Ying, and even the winking Yink who drinks pink ink. The silly rhymes and colorful cast of characters will have every child giggling from morning to night. From near to far from here to there, funny things are everywhere. Originally created by Dr. Seuss himself, Beginner Books are fun, funny, and easy to read. These unjacketed hardcover early readers encourage children to read all on their own, using simple words and illustrations. Smaller than the classic large format Seuss picture books like *The Lorax* and *Oh, the Places You'll Go!*, these portable packages are perfect for practicing readers ages 3-7, and lucky parents too!

"This book will change you." --Chicago Tribune *White Girls* is about, among other things, blackness, queerness, movies, Brooklyn, love (and the loss of love), AIDS, fashion, Basquiat, Capote, philosophy, porn, Eminem, Louise Brooks, and Michael Jackson. Freewheeling and dazzling, tender and true, it is one of the most daring and provocative books of recent years, an invaluable guide to the culture of our time.

Too Fat to Fish Simon and Schuster

Harrow the Ninth, an Amazon pick for Best SF of 2020 and the New York Times and USA Today bestselling sequel to *Gideon the Ninth*, turns a galaxy inside out as one necromancer struggles to survive the wreckage of herself aboard the Emperor's haunted space station. *The Locked Tomb* is a 2023 Hugo Award Finalist for Best Series! "Lesbian necromancers explore a haunted gothic palace in space! Decadent nobles vie to serve the deathless emperor! Skeletons!" —Charles Stross on *Gideon the Ninth* "Unlike anything I've ever read." —V.E. Schwab on *Gideon the Ninth* "Deft, tense and atmospheric, compellingly immersive and wildly original." —The New York Times on *Gideon the Ninth* She answered the Emperor's call. She arrived with her arts, her wits, and her only friend. In victory, her world has turned to ash. After rocking the cosmos with her deathly debut, Tamsyn Muir continues the story of the penumbral *Ninth House* in *Harrow the Ninth*, a mind-twisting puzzle box of mystery, murder, magic, and mayhem. Nothing is as it seems in the halls of the Emperor, and the fate of the galaxy rests on one woman's shoulders. *Harrowhark Nonagesimus*, last necromancer of the *Ninth House*, has been drafted by her Emperor to fight an unwinnable war.

Side-by-side with a detested rival, Harrow must perfect her skills and become an angel of undeath — but her health is failing, her sword makes her nauseous, and even her mind is threatening to betray her. Sealed in the gothic gloom of the Emperor's Mithraeum with three unfriendly teachers, hunted by the mad ghost of a murdered planet, Harrow must confront two unwelcome questions: is somebody trying to kill her? And if they succeeded, would the universe be better off? *THE LOCKED TOMB SERIES BOOK 1: Gideon the Ninth BOOK 2: Harrow the Ninth BOOK 3: Nona the Ninth BOOK 4: Aleto the Ninth* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

To this day Debbie Nelson is asked why she abandoned her son Marshall as a boy, beat him repeatedly, and then had the audacity to dog him with lawsuits when he became rich and famous. *My Son Martial, My Son Eminem* is her rebuttal to these widely believed lies—a poignant story of a single mother who wanted the world for her son, only to see herself defamed and shut out when he got it. Debbie Nelson encouraged her talented son to chase success—even when Eminem hijacked her good name in his lyrics and press for "street cred," a movie that ultimately alienated them from each other by the notoriety and bitterness it spawned. In *My Son Marshall, My Son Eminem*, Debbie Nelson details the real story of Eminem's life from his earliest days in a small town in Missouri and his teenage years in Detroit, to his rise to stardom and very public mom-bashing.

[Post-Modern: The Interwebs Explained](#) Penguin

In this instant New York Times bestseller, a young and successful entrepreneur makes the case that politics has no place in business, and sets out a new vision for the future of American capitalism. There's a new invisible force at work in our economic and cultural lives. It affects every advertisement we see and every product we buy, from our morning coffee to a new pair of shoes. "Stakeholder capitalism" makes rosy promises of a better, more diverse, environmentally friendly world, but in reality this ideology championed by America's business and political leaders robs us of our money, our voice, and our identity. Vivek Ramaswamy is a traitor to his class. He's founded multibillion-dollar enterprises, led a biotech company as CEO, he became a hedge fund partner in his 20s, trained as a scientist at Harvard and a lawyer at Yale, and grew up the child of immigrants in a small town in Ohio. Now he takes us behind the scenes into corporate boardrooms and five-star conferences, into Ivy League classrooms and secretive nonprofits, to reveal the defining scam of our century. The modern woke-industrial complex divides us as a people. By mixing morality with consumerism, America's elites prey on our innermost insecurities about who we really are. They sell us cheap social causes and skin-deep identities to satisfy our hunger for a cause and our search for meaning, at a moment when we as Americans lack both. This book not only rips back the curtain on the new corporatist agenda, it offers a better way forward. America's elites may want to sort us into demographic boxes, but we don't have to stay there. Woke, Inc. begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American in 2021—a journey that begins with cynicism and ends with hope.

CMJ New Music Monthly Da Capo Press

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

One of Entertainment Weekly's Best Books of 2022! "New York Times journalist Kyle Buchanan details the bonkers construction of director George Miller's long-awaited and often seemingly-doomed fourth *Mad Max* movie via testimony from the filmmaker, Charlize Theron, Tom Hardy, and

a host of others. The result is an epic and – when it comes to the Theron-Hardy on-set relationship – acrimonious tale no less jaw-dropping than the movie itself." — Entertainment Weekly A full-speed-ahead oral history of the nearly two-decade making of the cultural phenomenon *Mad Max: Fury Road*—with more than 130 new interviews with key members of the cast and crew, including Charlize Theron, Tom Hardy, and director George Miller, from the pop culture reporter for The New York Times, Kyle Buchanan. It won six Oscars and has been hailed as the greatest action film ever, but it is a miracle *Mad Max: Fury Road* ever made it to the screen... or that anybody survived the production. The story of this modern classic spanned nearly two decades of wild obstacles as visionary director George Miller tried to mount one of the most difficult shoots in Hollywood history. Production stalled several times, stars Tom Hardy and Charlize Theron clashed repeatedly in the brutal Namib Desert, and Miller's crew engineered death-defying action scenes that were among the most dangerous ever committed to film. Even accomplished Hollywood figures are flummoxed by the accomplishment: As the director Steven Soderbergh has said, "I don't understand how they're not still shooting that film, and I don't understand how hundreds of people aren't dead." Kyle Buchanan takes readers through every step of that moviemaking experience in vivid detail, from *Fury Road*'s unexpected origins through its outlandish casting process to the big-studio battles that nearly mutilated a masterpiece. But he takes the deepest dive in reporting the astonishing facts behind a shoot so unconventional that the film's fantasy world began to bleed into the real lives of its cast and crew. As they fought and endured in a wasteland of their own, the only way forward was to have faith in their director's mad vision. But how could Miller persevere when almost everything seemed to be stacked against him? With hundreds of exclusive interviews and details about the making of *Fury Road*, readers will be left with one undeniable conclusion: There has never been a movie so drenched in sweat, so forged by fire, and so epic in scope.

Billboard Abrams

A "fun and colorful" biography of the accordion-toting comedy legend—with rare photos, lyrics, lists, tweets, and more from Al himself (Publishers Weekly). The undisputed king of pop-culture parody, "Weird Al" Yankovic has sold more comedy recordings than any other artist in history, receiving three Grammy Awards (and fourteen nominations) in the process. This is a comprehensive illustrated tribute to this icon of the American humor landscape, the man behind such classics as "Eat It," "Amish Paradise," and "White & Nerdy." Covering more than three decades of hilarious songs, videos, and concert performances, and his life story in words and pictures—and featuring an introduction, lists, tweets, and photo captions from Yankovic himself—*Weird Al: The Book* is the ultimate companion piece to an extraordinary career. "Part biography and part pop culture museum . . . a treat." —Huffington Post

One of The Globe and Mail's Best Books of 2015 "A punk primer for the youngest set....Yi's incredibly detailed clay figures are a kinetic and inspired art choice. Their crazy creativity matches the expressive spirit of punk....As [Morse] points out, the best way to learn about punk it just to listen....If invested adults love the topic, a shared reading experience can't be beat." --Kirkus Reviews "Clay artist Yi molds...fantastically detailed Plasticine figures to create scenes of the birth of punk. Using a benign craft-project material for the skinny bodies and ragged clothing of Joey Ramone, Sid Vicious, and their rowdy, fist-waving audiences is very much in the spirit of punk (Plasticine is especially good for mohawks), and readers will spend long stretches inspecting her painstakingly modeled guitars, amplifiers, and safety pins." --Publishers Weekly "Why It's Wild: A history of punk music for kids illustrated in Gumby-esque claymation (minus the -mation)." -- School Library Journal, 100 Scope Notes's "Wildest Children's Books of 2015" "What is Punk? is fun, sophisticated and beautifully illustrated introduction to the music genre for kids--or adults." --New York Daily News "Reading What is Punk? to [my kids] made me feel as if I was passing on something truly significant. Morse and Yi have created a comprehensive and articulate...documentary about the roots of punk rock." --The Globe and Mail "An essential way to pass down to your son or daughter the lesson that pop culture can be political." --The Globe and Mail, 100 Best Books of 2015 "A cool book of punk history for kids by Eric Morse, with great clay illustrations by Anny Yi." --Slate, Mom and Dad Are Fighting podcast "Eric Morse's book What Is Punk? explains the envelope-pushing genre to the younger set, and perhaps some adults, as well." --St. Louis Public Radio "Think Wallace and Grommet with liberty spikes and anarchy patches...While [Anny Yi's] images of Johnny Rotten and Henry Rollins are cute, they're presented

as live action dioramas that are adorable, accurate and engaging." --San Diego City Beat "While What Is Punk? is undeniably a children's book, it can serve as a history lesson for potential fans of any age....What Is Punk? exposes the reader to the rebellious sub-culture in a friendly, educative manner." --Alternative Press "A fun little book intended to serve as (rhyming) curriculum for little punks learning their Punk History 101....Sid, Glenn, and Milo meet Wallace and Gromit." --Razorcake "Pairing Yi's Wallace & Gromit-style clay pictorials with Morse's rhyming ride through the history of punk music across the globe, the children's book is ready to raise the next generation of riot grrrls....You're going to want to give What Is Punk? as a gift at every baby shower this year. Just don't be surprised if your niece ends up bleaching her hair blonde and tearing up her leather jacket at age 6." --Bustle "Written by Trampoline House founder Eric Morse in classically Suessical iambic, the book is lusciously illustrated with photographs of Play-Doh recreations of all mommy's and daddy's favorite punk heroes: the Ramones, Iggy and the Stooges--and Debbie

Harry, David Byrne, David Johansen, Tom Verlaine, and Lou Reed all standing in front of CBGBs." --Bedford & Bowery What Is Punk? is a must-read pop-culture primer for children--an introduction to the punk revolution, recreated in vivid 3-D clay illustrations an [Albion's Seed](#) Penguin

Drugs as Weapons Against Us meticulously details how a group of opium-trafficking families came to form an American oligarchy and eventually achieved global dominance. This oligarchy helped fund the Nazi regime and then saved thousands of Nazis to work with the Central Intelligence Agency. CIA operations such as MK-Ultra pushed LSD and other drugs on leftist leaders and left-leaning populations at home and abroad. Evidence supports that this oligarchy further led the United States into its longest-running wars in the ideal areas for opium crops, while also massively funding wars in areas of coca plant abundance for cocaine production under the guise of a "war

on drugs&" that is actually the use of drugs as a war on us. Drugs as Weapons Against Us tells how scores of undercover U.S. Intelligence agents used drugs in the targeting of leftist leaders from SDS to the Black Panthers, Young Lords, Latin Kings, and the Occupy Movement. It also tells how they particularly targeted leftist musicians, including John Lennon, Jimi Hendrix, Kurt Cobain, and Tupac Shakur to promote drugs while later murdering them when they started sobering up and taking on more leftist activism. The book further uncovers the evidence that Intelligence agents dosed Paul Robeson with LSD, gave Mick Jagger his first hit of acid, hooked Janis Joplin on amphetamines, as well as manipulating Elvis Presley, Eminem, the Wu Tang Clan, and others. *One Fish Two Fish Red Fish Blue Fish* Duke University Press

In 1998 the author, a professional prankster, trademarked the phrase "freedom of expression" to show how the expression of ideas was being restricted. Now he uses intellectual property law as the focal point to show how economic concerns are seriously eroding creativity and free speech.
