The Ancient Nine: Chapter One Journal of the Society of Chemical Industry | Journal of the Photographic Society of London | Vols. for 1853- include the transactions of the Royal Photographic Society of Great Britain. Letters to the Sons of Society

How competing visions of world order in the 1940s gave rise to the modern concept of globalism During and after the Second World War, public intellectuals in Britain and the United States grappled with concerns about the future of democracy, the prospects of liberty, and the decline of the imperial system. Without using the term "globalization," they identified a shift toward technological, economic, cultural, and political interconnectedness and developed a "globalist" ideology to reflect this new postwar reality. The Emergence of Globalism examines the competing visions of world order that shaped these debates and led to the development of globalism as a modern political concept. Shedding critical light on this neglected chapter in the history of political thought, Or Rosenboim describes how a transnational network of globalist thinkers emerged from the traumas of war and expatriation in the 1940s and how their ideas drew widely from political philosophy, geopolitics, economics, imperial thought, constitutional law, theology, and philosophy of science. She presents compelling portraits of Raymond Aron, Owen Lattimore, Lionel Robbins, Barbara Wootton, Friedrich Hayek, Lionel Curtis, Richard McKeon, Michael Polanyi, Lewis Mumford, Jacques Maritain, Reinhold Niebuhr, H. G. Wells, and others. Rosenboim shows how the globalist debate they embarked on sought to balance the tensions between a growing recognition of pluralism on the one hand and an appreciation of the unity of humankind on the other. An engaging look at the ideas that have shaped today's world, *The Emergence of Globalism* is a major work of intellectual history that is certain to fundamentally transform our understanding of the globalist ideal and its origins.

Transactions of the Kansas State Historical Society Rowman & Littlefield

This book is the first full-length study in English on the St. Petersburg Free Economic Society, Imperial Russia's most prestigious non-governmental association. It examines the society from a wide variety of perspectives of the men and women who took part in its work--the St. Petersburg aristocrats and academics who established it in the 1760s, the budding intelligentsia, Catherine the Great and her court, its correspondents in Western Europe and the Russian provinces, and the wider Russian public. Proceedings of the Engineers' Society of Western Pennsylvania St. Martin's Press

Written by fundraising experts Tom Ahern and Simone Joyaux, *Keep Your Donors* is a new, winning guide to making disappointing donor retention rates a thing of the past. This practical and provocative book will show you how to master the strategies and tactics that make fundraising communications profitable. Filled with case studies and based in part on the CFRE and AFP job analyses, *Keep Your Donors* is your definitive guide to getting new donors and keeping them for many years to come. Engineering News-record Princeton University Press
"Pulls you into the depths of a secret world from the first page. Ian Smith's novel is unmissable." —Harlan Coben, author of *Missing You* Spencer Collins thinks his life at Harvard will be all about basketball and pre-med; hard workouts and grinding work in class. The friends he's made when he hits the storied ivy-clad campus from a very different life in urban Chicago are a happy bonus. But Spencer is about to be introduced to the most mysterious inner sanctum of the inner sanctum: to his surprise, he's in the running to be "punched" for one of Harvard's elite final clubs. The Delphic Club is known as "the Gas" for its crest of three gas-lit flames, and as Spencer is considered for membership, he's plunged not only into the secret world of male privilege that the

Gas represents, but also into a century-old club mystery. Because at the heart of the Delphic, secured deep inside its guarded mansion club, is another secret society: a shadowy group of powerful men known as The Ancient Nine. Who are The Ancient Nine? And why is Spencer—along with his best friend Dalton Winthrop—summoned to the deathbed of Dalton's uncle just as Spencer is being punched for the club? What does the lore about a missing page from one of Harvard's most historic books mean? And how does it connect to religion, murder, and to the King James Bible, if not to King James himself? The Ancient Nine is both a coming of age novel and a swiftly plotted story that lets readers into the ultimate of closed worlds with all of its dark historical secrets and unyielding power.

Annual Report of the Wisconsin State Horticultural Society

The New York Times bestselling author of *Writing My Wrongs* invites men everywhere on a journey of honesty and healing through this book of moving letters to his sons—one whom he is raising and the other whose childhood took place during Senghor's nineteen-year incarceration. "A visceral and visual journey for the ages . . . the perfect road map for us to remove the barriers and obstacles against our true feelings."—Kenya Barris, creator of black-ish **ONE OF THE MOST ANTICIPATED BOOKS OF 2022**—Essence Shaka Senghor has lived the life of two fathers. With his first son, Jay, born shortly after Senghor was incarcerated for second-degree murder, he experienced the

regret of his own mistakes and the disconnection caused by a society that sees Black lives as disposable. With his second, Sekou, born after Senghor's release, he has experienced healing, transformation, intimacy, and the possibilities of a world where men and boys can openly show one another affection, support, and love. In this collection of beautifully written letters to Jay and Sekou, Senghor traces his journey as a Black man in America and unpacks the toxic and misguided messages about masculinity, mental health, love, and success that boys learn from an early

age. He issues a passionate call to all fathers and sons—fathers who don't know how to show their sons love, sons who are navigating a fatherless world, boys who have been forced to grow up before their time—to cultivate positive relationships with other men, seek healing, tend to mental health, grow from pain, and rewrite the story that has been told about them. Letters to the Sons of Society is a soulful examination of the bond between father and sons, and a touchstone for anyone seeking a kinder, more just world.
