MBE Essentials is a resource that provides the essential content tested in each subject-area on the Multistate Bar Exam. The material in the resource is presented in a conversational question-and-answer format. The questions and answers are intended to teach the substantive law in a method far more effective than the way in which the law is presented in traditional subject-matter outlines. MBE Essentials contains chapters in each of the following subject areas: Contracts, Criminal Law, Criminal Procedure, Evidence, Real Property, Torts, Constitutional Law, and The Federal Rules of Civil Procedure.

Gallagher provides step-by-step instructions on essay-writing systems and confidence-building practices. A review of the best and worst ways to respond to essay questions is included. (Study Guide)

The Ultimate Guide to the UBE (Uniform Bar Exam) is your "one stop shop" for all things UBE (Uniform Bar Exam). Now administered in over 35 jurisdictions, bar exam takers don't want to just pass - they want to excel and obtain the highest score possible so they have their choice of UBE jurisdictions. This Guide covers it all - from the basics of what is tested on the UBE, to the best ways to personalize your bar exam study, to the most important of all - how to maximize your score on each of the three sections of the UBE. With over 40 years of combined experience in preparing students to pass the bar exam, Tania Shah, Melissa Hale, and Antonia (Toni) Miceli bring their expertise in the bar exam field directly to you and use actual bar exam answers from real bar examinees to show you exactly what you need to do to pick up points on the UBE! Key features: Whether you are in a new UBE jurisdiction, or one of the original UBE jurisdictions, this guide provides you with a detailed approach to the UBE, combining the authors' expertise in bar exam preparation with access to actual bar exam answers from real bar examinees that were written during past bar exams and graded by actual bar exam graders. The Ultimate Guide to the UBE shows readers what an actual bar exam answer looks like, rather than just telling them what the "perfect," and mostly impossible, essay answer looks like. The material in this book appeals to readers with its straightforward approach, providing outlines, charts, easily digestible content, and good humor to engage readers with what could seem to be overwhelming and dry content. The Ultimate Guide to the UBE is organized and broken down into four sections: First, the Guide introduces the reader to the UBE, including what is tested on the UBE, how it is tested, and how it is scored, before guiding readers into their bar exam study, with tips on memory, time management, and scheduling. Next, the Guide introduces the reader to the Multistate Essay Exam (MEE), which is the essay component of the UBE. After breaking down how to prepare for the MEE, and how to structure an MEE answer, the Guide uses actual MEE questions and actual bar exam answers to take the reader, step by step, through maximizing your MEE score. Readers are given the chance to "be the grader" and learn how to self-assess their own answers to improve their MEE score. The Guide repeats this same process with the Multistate Performance Test (MPT), which is the closed-universe skills portion of the UBE. The Guide next tackles the Multistate Bar Exam (MBE), which is the multiple choice section of the UBE. The Guide focuses on each of the seven MBE subjects in independent chapters, where readers are guided through how to best attack MBE questions in that subject area, which include very detailed answer explanations and strategy pointers. Finally, the Guide provides readers with all of the law needed to answer the actual UBE questions presented in the Guide, including quick reference handouts and charts.

The Multistate Bar Examination (MBE) heavily influences whether you pass the bar exam. But studying for the MBE can be a daunting challenge. There's just so much law to learn and review and, often, not enough time to make you feel comfortable and confident in your test preparation. This creative and easy-to-read book provides valuable tools to help you study for the MBE more effectively and efficiently. It also provides access to AdaptiBar® questions and answers so that you have multiple opportunities to practice recalling and applying the substantive law throughout your bar preparation. This book delivers on its title. A large part of the book includes summaries (or "Blueprints") of the seven substantive areas of law tested

on the MBE: Civil Procedure, Contracts, Constitutional Law, Criminal Law/Criminal Procedure, Evidence, Property and Torts. The Blueprints are included at the beginning of each chapter for each substantive area of law. Within each chapter are memorization strategies and techniques (or "Mnemonics") to help you better categorize and recall the immense amount of black letter law tested on the MBE. Each chapter also has separated, highlighted rules and tips for the commonly tested subtopics on the MBE, and each highlighted rule is listed in the book's appendix as a short review of the substantive law. Each chapter also includes AdaptiBar® questions and answers (or "Examples")--in the text and on an online platform--where you can practice answering multiple-choice questions and assess and reinforce your understanding of the substantive law covered in the book. With over 500 highlighted rules, numerous mnemonics, and 150 practice questions, this book is an excellent resource for anyone reviewing the substantive law tested on the MBE. This book can be a stand-alone textbook for a bar preparation course focused on the MBE. It can also be used as a supplement to traditional bar vendor materials. Lastly, as usefully described in Chapter 2, this book can be used by 1Ls as a supplement to their law studies. So, this book can help you transition to the study of law, and it can help you pass the law licensing exam!

Learning Civil Procedure provides a broad, student-centered, user-friendly approach to civil procedure that is both clear and sophisticated. Students build mastery of the material through the presentation of examples and analyses. Students then move on to involved problems similar to what they will encounter on final examinations, bar examinations, and as lawyers. The book makes great use of problems to facilitate dialogue in class and correspondingly uses many fewer case excerpts than does the typical casebook. Students will emerge as competent and culturally literate lawyers because the book also includes the core "canon" of civil procedure opinions as well as sufficient historical background. Learning Civil Procedure is a book designed by authors who both teach and litigate, making it the perfect tool for ensuring that students are ready for the classroom, the bar exam, and real-world litigation practice.
