Frances doesn't think her little sister, Gloria, can be her friend. But when Frances's friend Albert has a no-girls baseball game, Frances shows him a thing or two about friendship—and a thing or two about what girls can do. Along the way, Frances discovers that sisters can indeed be friends . . . maybe even best friends.

The enduring and engaging guide to educating yourself in the classical tradition. Have you lost the art of reading for pleasure? Are there books you know you should read but haven't because they seem too daunting? In The Well-Educated Mind, Susan Wise Bauer provides a welcome and encouraging antidote to the distractions of our age, electronic and otherwise. Newly expanded and updated to include standout works from the twenty-first century as well as essential readings in

science (from the earliest works of Hippocrates to the discovery of the asteroid that killed the dinosaurs), The Well-Educated Mind offers brief, entertaining histories of six literary genres—fiction, autobiography, history, drama, poetry, and science—accompanied by detailed instructions on how to read each type. The annotated lists at the end of each chapter—ranging from Cervantes to Cormac McCarthy, Herodotus to Laurel Thatcher Ulrich, Aristotle to Stephen Hawking—preview recommended reading and encourage readers to make vital connections between ancient traditions and contemporary writing. The Well-Educated Mind reassures those readers who worry that they read too slowly or with below-average comprehension. If you can understand a daily newspaper, there's no reason you can't read and enjoy Shakespeare's sonnets or Jane Eyre. But no one should attempt to read the "Great Books" without a guide and a plan. Bauer will show you how to allocate time to reading on a regular basis; how to master difficult arguments; how to make personal and literary judgments about what you read; how to appreciate the resonant links among texts within a genre—what does Anna Karenina owe to Madame Bovary?—and also between genres. In her best-selling work on home education, The Well-Trained Mind, the author provided a road map of classical education for parents wishing to home-school their children; that book is now the premier resource for home-schoolers. In The Well-Educated Mind, Bauer takes the same elements and techniques and adapts them to the use of adult readers who want both enjoyment and self-improvement from the time they spend reading. Followed carefully, her advice will restore and expand the pleasure of the written word.

Wordly Wise 3000 W. W. Norton & Company

"Unique and thorough, Warner's handbook could turn any determined reader into a regular Malcolm Gladwell." —Booklist For anyone aiming to improve their skill as a writer, a revolutionary new approach to establishing robust writing practices inside and outside the classroom, from the author of Why They Can't Write After a decade of teaching writing using the same methods he'd experienced as a student many years before, writer, editor, and educator John Warner realized he could do better. Drawing on his classroom experience and the most persuasive research in contemporary composition studies, he devised an innovative new framework: a step-by-step method that moves the student through a series of writing problems, an organic, bottom-up writing process that exposes and acculturates them to the ways writers work in the world. The time is right for this new and groundbreaking approach. The most popular books on composition take a formalistic view, utilizing "templates" in order to mimic the sorts of rhetorical moves academics make. While this is a valuable element of a writing education, there is room for something that speaks more broadly. The Writer's Practice invites students and novice writers into an intellectually engaging, active learning process that prepares them for a wider range of academic and real-world writing and allows them to become invested and engaged in their own work.

**Wordly Wise 3000 Audio CDs - Book 11 2nd Edition** Harper Collins

A solid vocabulary is crucial for testing, writing, and the precise communication required by daily life. Using a contextual approach, Wordly Wise 3000 students are taught to say unfamiliar words and identify any possible similarities to other words, use the word in context, break the word down into parts, and finally look it up. Three thousand carefully selected words taken from literature, textbooks, and SAT-prep books form the backbone of this vocabulary series. Each lesson begins with a Word List that includes pronunciations, parts of speech, and concise definitions, and uses each word in an interesting, contextual, sentence. Wordly Wise 3000, Book 7 is made up of 20 lessons with 15 words in each lesson. In Book 7, vocabulary instruction focuses on preparing students with strategies to unlock the meaning of words they will encounter in content area texts, literature, and high-stakes tests. Comprehension of the vocabulary words is facilitated and reinforced through Greek and Latin word studies with an emphasis on prefixes, suffixes, parts of speech, synonyms, antonyms, and analogies. This third edition features the same word lists as the second edition, however, the passages and questions that follow the passages have been updated and assigned measures from The Lexile Framework for Reading. Wordly Wise 3000, 3rd Edition is not compatible with 2nd Edition teacher's guides and resources. Wordly Wise 3000, Book 7 contains 20 lessons; words taught in book 7 include: flabbergast, formidable, grueling, illustrious, lavish, maneuver, naive, perturb, replenish, smolder, ungainly, vulnerable and more. 216 two-tone pages, softcover.

What really happened after Acts? If you've ever wondered what happened to the biblical characters after Acts—from the well-known Matthew to the lesser-known Bartholomew—then this book is for you. Join Dr. Bryan Litfin as he guides you through Scripture and other ancient literature to sift fact from fiction, real-life from legend. Skillfully researched and clearly written, *After Acts* is as accurate as it is engaging. Gain a window into the religious milieu of the ancient and medieval church. Unearth artifacts and burial sites. Learn what really happened to your favorite characters and what you should truly remember them for. Did Paul ever make it to Spain? Was he beheaded in Rome? Is it true that Peter was crucified upside down? Was the Virgin Mary really bodily assumed into heaven? The book of Acts ends at chapter 28. But its characters lived on.
