Choosing an attorney can be one of the most important decisions your patrons will make. The MARTINDALE-HUBBELL LAW DIRECTORY will help them make an informed selection. This definitive resource has been the place to turn to for information on lawyers & law firms in the U.S., Canada, & other countries worldwide. The new 25-volume MARTINDALE HUBBELL

LAW DIRECTORY makes finding the information you need easier than ever before. Organized alphabetically by state & city, the Biographical Volumes, are divided into three sections. The first part of each volume - the Practice Profiles section - provides a comprehensive listing of lawyers & law firms - virtually every active attorney in the U.S. The second section in each volume contains Professional Biographies, providing expanded information on lawyers & law firms. It includes not only a listing of each firm's attorneys & their backgrounds, but fields of law practiced, names of clients, & references. Services, Suppliers & Consultants, the third section in each volume, provides contact information for expert witnesses, title search companies, private detectives, & other specific legal-related services. The next volume features a Corporate Law Department section providing information on the in-house counsel of major corporations; a Law School section & a Government section. Next follows the Alphabetical Index Volume & the Areas of Practice Index Volume. The next three volumes, the International Law Directory, contains the

most comprehensive listing available of international attorneys. It offers information on attorneys & law firms in over 130 countries worldwide. Finally, the Law Digest contains concise, up-to-date digests of the statutory laws of the 50 states, the District of Columbia, Puerto Rico & the Virgin Islands, the federal government, Canada, & some 65 other countries. The MARTINDALE-HUBBELL LAW DIRECTORY is a definitive reference work for both the legal professional & the general public.

Latin America represents one of the most dynamic business regions in the world. Innovation Support in Latin America and Europe explores the need for training innovation professionals, identifies appropriate strategies and best practice for ensuring its delivery, and reflects the outcomes of a major innovation and

knowledge transfer project. Academics, business professionals, policy makers, and trade representatives, all contribute to review the literature and existing practices of innovation, and explore the often misunderstood and contested terrain that surrounds innovation theory, policy and practice. In this book you will find a comparative insight into Latin American and European approaches to innovation management and innovation in practice, and an examination of how innovative ideas are exploited for a specifically Latin American context. With chapters which offer insights from both academics and practitioners, the text offers a refreshing, contemporary and trans-national perspective and a clear, concise and enriching discussion on the interplay between research, policy and practice. Innovation Support in Latin America and Europe will appeal to academics and researchers, higher level students, policy makers and business leaders, particularly those with any interest in Latin America. This new 7th edition of Bradt's Cape Verde (Cabo Verde) has been fully revised and updated and remains the most comprehensive English-language guidebook available to the islands of this alluring Atlantic archipelago, described by some as 'Africa light'. The guide includes well-researched history and cultural sections, with a particularly strong section on music, and brings an honest approach to reporting the fragile balance between tourist development and protecting the environment. This new edition reflects the many changes since the previous one, including the introduction of charter flights from the UK to Sal and the first casino-hotel on Sal, as well as providing full information on how to make the most of the less developed islands away from the main tourist hotspots. Stable and peaceful, quietly isolated by its mid-Atlantic location, Cape Verde continues to grow economically and to develop its tourist

infrastructure at a leisurely pace. With few natural resources, the islands are heavily dependent on imports, foreign remittances and still to some extent on foreign aid. The reduction in the latter has heightened the focus on the importance of tourism as an economic driver and visitor numbers continue to rise. Year-round sunshine makes Cape Verde a particularly appealing destination. The archipelago is diverse, particularly in terms of its tourist infrastructure. Sal and Boavista, the oldest of these volcanic islands are flat with white-sand beaches that rival anything in the world. Consequently, they attract 95% of Cape Verde's visitors, leaving the other seven inhabited islands undeveloped. Hikers and those curious to discover something authentic are drawn to them, spending their time walking amongst the jaw-dropping mountainous landscapes of Fogo or Santo Antão, taking some true time-out in tiny Brava or mellow Maio or enjoying the cultural fusion of African, Portuguese and Brazilian influences in the cities of Praia and Mindelo. The adventurous will find adrenalin rushing as they profit from windsurfing and kitesurfing opportunities, fuelled by strong

breezes and Atlantic waves, while for culture, Mindelo is the attraction with a constant backdrop of seductive music, the thread which ties together the islands scattered across the mid-Atlantic.
