WARD RODNEY

Knopf Books for Young Readers

Before there was Lois Lowry's *The Giver* or M. T. Anderson's *Feed*, there was Robert Cormier's *I Am the Cheese*, a subversive classic that broke new ground for YA literature. A boy's search for his father becomes a desperate journey to unlock a secret past. But the past must not be remembered if the boy is to survive. As he searches for the truth that hovers at the edge of his mind, the boy—and readers—arrive at a shattering conclusion. "An absorbing, even brilliant job. The book is assembled in mosaic fashion: a tiny chip here, a chip there. . . . Everything is related to something else; everything builds and builds to a fearsome

climax. . . . [Cormier] has the knack of making horror out of the ordinary, as the masters of suspense know how to do."—The New York Times Book Review "A horrifying tale of government corruption, espionage, and counter espionage told by an innocent young victim. . . . The buildup of suspense is terrific."—School Library Journal, starred review An ALA Notable Children's Book A School Library Journal Best Book of the Year A Horn Book Fanfare A Library of Congress Children's Book of the Year A Colorado Blue Spruce Young Adult Book Award Nominee

"There is no such thing as luck. There is only adequate or inadequate preparation to cope with a statistical universe."
¾Robert A. Heinlein, from *Time Enough for Love*. *Be Prepared* _ Or Die! Bill Lermer travels with his father, stepmother and stepsister to colonize a Jovian moon in the process of being terraformed. Out here, self-reliance is the key to survival¾and Bill finds that his Boy Scout motto isn't merely a pretty saying. It's a necessary rule for survival! This is it: what we think is the best of the classic Robert Heinlein adventure novels that influenced a generation of engineers and space scientists and still set the heart racing and the mind afire! Inside Out and Back Again meets *One Crazy Summer* and *Brown Girl Dreaming* in this novel-in-verse about fitting in and standing up for what's right. It's 1969, and the Apollo 11 mission is getting ready to go to the moon. But for half-black, half-Japanese Mimi, moving to a predominantly white Vermont town is enough to make her feel alien. Suddenly, Mimi's appearance is all anyone notices. She struggles to fit in with her classmates, even as she fights for her right to stand out by entering science competitions and joining Shop Class instead of Home Ec. And even though teachers and neighbors balk at her mixed-race family and her refusals to conform, Mimi's dreams of becoming an astronaut never fade—no matter how many times she's told no. This historical middle-grade novel is told in poems from Mimi's perspective over the course of one year in her new town, and shows readers that positive change can start with just one person speaking up. Winner of the 2015-2016 APALA Literature Award in the Children's category! * "Readers will be moved by the empathetic lyricism of Mimi's maturing voice."--Kirkus Reviews, starred review * "This novel stands out with it's thoughtful

portrayal of race and its embrace of girls in science and technical fields. The verse, though spare, is powerful and evocative, perfectly capturing Mimi's emotional journey."--School Library Journal, starred review
