GLOVER HARLEY

Jonathan Ross - The Unauthorised Biography UPNE

This passionate story of two star-crossed lovers destined to find heaven--or hell--in each other's arms.

Make My Day Indiana University Press

The text reprinted in this new edition is that of the 1848 third edition text--the last text corrected by the author. "Contexts" includes eighteen new selections and two new subsections: "Charlotte and Jane's Illustrated Book" which includes a letter from Brontë to her publisher W. S. Williams; "Vignettes from Bewick"; and "Charlotte Brontë and Bewick's "British Birds"" and "Charlotte Brontë as Governess," which includes letters to Emily Brontë, Ellen Nussey, W. S. Williams, and "The Governess-Grinders." "Criticism" collects six major essays on Jane Eyre, four of them new to the Third Edition. Contributors include Adrienne Rich, Sandra M. Gilbert, Jerome Beaty, Lisa Sternlieb, Jeffrey Sconce, and Donna Marie Nudd. A new Chronology and updated Selected Bibliography are also included.

Broadcasting & Cable HarperCollins

INSTANT NEW YORK TIMES BESTSELLER A moving account of resilience, hope, fear and mortality, and how these things resonate in our lives, by actor and advocate Michael J. Fox. The entire world knows Michael J. Fox as Marty McFly, the teenage sidekick of Doc Brown in *Back to the Future*; as Alex P.

Keaton in *Family Ties*; as Mike Flaherty in *Spin City*; and through numerous other movie roles and guest appearances on shows such as *The Good Wife* and *Curb Your Enthusiasm*. Diagnosed at age 29, Michael is equally engaged in Parkinson's advocacy work, raising global awareness of the disease and helping find a cure through The Michael J. Fox Foundation for Parkinson's Research, the world's leading non-profit funder of PD science. His two previous bestselling memoirs, *Lucky Man* and *Always Looking Up*, dealt with how he came to terms with the illness, all the while exhibiting his iconic optimism. His new memoir reassesses this outlook, as events in the past decade presented additional challenges. In *No Time Like the Future: An Optimist Considers Mortality*, Michael shares personal stories and observations about illness and health, aging, the strength of family and friends, and how our perceptions about time affect the way we approach mortality. Thoughtful and moving, but with Fox's trademark sense of humor, his book provides a vehicle for reflection about our lives, our loves, and our losses. Running through the narrative is the drama of the medical madness Fox recently experienced, that included his daily negotiations with the Parkinson's disease he's had since 1991, and a spinal cord issue that necessitated immediate surgery. His challenge to learn how to walk again, only to suffer a devastating fall, nearly caused him to ditch his trademark optimism and "get out of the lemonade business altogether." Does he make it all of the way back? Read the book.

Counseling Persons with Parkinson's Disease McFarland

This comprehensive guide thoroughly covers all aspects of neuropalliative care, from symptom-specific considerations, to improving communication between clinicians, patients and families. *Neuropalliative Care: A Guide to Improving the Lives of Patients and Families Affected by Neurologic Disease* addresses clinical considerations for diseases such as dementia, multiple sclerosis, and severe acute brain injury, as well discussing the other

challenges facing palliative care patients that are not currently sufficiently met under current models of care. This includes methods of effective communication, supporting the caregiver, how to make difficult treatment decisions in the face of uncertainty, managing grief, guilt and anger, and treating the pain itself. Written by leaders in the field of neuropalliative care, this book is an exceptional, well-rounded resource of neuropalliative care, serving as a reference for all clinicians caring for patients with neurological disease and their families: neurologists and palliative care specialists, physicians, nurses, chaplains, social workers, as well as trainees in these areas.

Celebrity Health Narratives and the Public Health HarperCollins

"A fascinating account of both the historical and current struggle of Native Americans to recover sacred objects that have been plundered and sold to museums. Museum curator and anthropologist Chip Colwell asks the all-important question: Who owns the past? Museums that care for the objects of history or the communities whose ancestors made them?"--Provided by the publisher

Trump: The Art of the Deal Random House

Marty McFly and Doc Brown return to the old West in 1885 to prevent a gun fight in which Doc will be killed.

Fantasies Random House

In her short story collection, *Even Greater Mistakes*, Charlie Jane Anders upends genre clichés and revitalizes classic tropes with heartfelt and pants-wettingly funny social commentary. The woman who can see all possible futures is dating the man who can see the one and only foreordained future. A wildly popular slapstick filmmaker is drawn, against his better judgment, into working with a fascist militia, against a background of social collapse. Two friends must embark on an Epic Quest To Capture The Weapon That Threatens The Galaxy, or else they'll never achieve their dream of opening a restaurant. The stories in this collection, by their very outrageousness, achieve a heightened realism unlike any other. Anders once again proves she is one of the strongest voices in modern science fiction, the writer called by Andrew Sean Greer, "this generation's Le Guin." At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Brain & Behavior University of Chicago Press

Jane Pauley, "America's baby boomer" (Tom Brokaw) and the new anchor of CBS Sunday Morning, offers an inspirational guidebook "chockablock with keen insights for career transitions" (USA TODAY). In 2014, every baby boomer will have reached the milestone age of fifty. For most, it's not an end, but the beginning of something new. Research has shown that people in their fifties are more vital now than they were only ten years ago. They're saying, "I'm game, I'm up for it, I want to do more." Jane Pauley, one of America's most beloved and trusted broadcast journalists, offers humor and insight about the journey forward. The New York Times bestseller *Your Life Calling* is a fresh look at ideas that have been simmering since boomers first entered midlife with a different perspective on the future than any generation before: that there was more to come—and perhaps the best of all. Jane is not an advice giver but a storyteller. Here she tells her own and introduces readers to the fascinating people she has featured on her award-winning Today show segment, "Life Reimagined Today." You'll meet Betsy McCarthy, who traded in her executive briefcase for knitting needles; Gid Pool, who launched a career as a stand-up comic; Richard Rittmaster, who joined the National Guard Chaplain Corps; Trudy Lundgren, who took her home on the road in an RV; Paulie Gee, who opened a successful pizzeria in Brooklyn; and many more. "Jane Pauley is a wonderful guide to all the different ways you can open new doors in life, many of which lead to unexpected places. She shows with humor and insight why the journey to reinvention can come from all kinds of places and produce all kinds of joys" (Michael J. Fox). *Your Life Calling* is delightful, compelling, and motivating for anyone asking "What am I going to do with my supersized life?"

Barbarians to Bureaucrats: Corporate Life Cycle Strategies Tor Books

Beckett's plays have attracted a striking range of disability performances – that is, performances that cast disabled actors, regardless of whether their roles are explicitly described as 'disabled' in the text. Grounded in the history of disability performance of Beckett's work and a new theorising of Beckett's treatment of the impaired body, Samuel Beckett and Disability Performance examines four contemporary disability performances of Beckett's plays, staged in the UK and US, and brings the rich fields of Beckett studies and disability studies into mutually illuminating conversation. Pairing original interviews with the actors and directors involved in these productions alongside critical analysis underpinned by recent disability and performance theory, this book explores how these productions emphasise or rework previously undetected indicators of disability in Beckett's work. More broadly, it reveals how Beckett's theatre compulsively interrogates alternative embodiments, unexpected forms of agency, and the extraordinary social interdependency of the human body.

Jane Eyre (Third International Student Edition) (Norton Critical Editions) Oxford University Press, USA

THE ULTIMATE INSIDER'S LOOK AT THE FINE ART OF INTERVIEWING "I had a fantasy the other night that this interview is so great that they no longer want me to act—just do interviews. I thought of us going all over the world doing interviews—we've signed for three interviews a day for six weeks." —Al Pacino, in an interview with Lawrence Grobel Highly respected in journalist circles and hailed as "the Interviewer's Interviewer," Lawrence Grobel is the author of well-received biographies of Truman Capote, Marlon Brando, James Michener, and the Huston family, with bylines from *Rolling Stone* and *Playboy* to the *New York Times*. He has spent his thirty-year career getting tough subjects to truly open up and talk. Now, in *The Art of the Interview*, he offers step-by-step instruction on all aspects of nailing an effective interview and provides an inside look on how he elicited such colorful responses as: "I don't like Shakespeare. I'd rather be in Malibu." —Anthony Hopkins "Feminists don't like me, and I don't like them." —Mel Gibson "I hope to God my friends steal my body out of a morgue and throw a party when I'm dead." —Drew Barrymore "I want you out of here. And I want those goddamn tapes!" —Bob Knight "I smoked pot with my father when I was eleven in 1973. . . . He thought he was giving me a mind-extending experience just like he used to give me Hemingway novels and Woody Allen films." —Anthony Kiedis In *The Art of the Interview*, Grobel reveals the most memorable stories from his career, along with examples of the most candid moments from his long list of famous interviewees, from Oscar-winning actors and Nobel laureates to Pulitzer Prizewinning writers and sports figures. Taking us step by step through the interview process, from research and question writing to final editing, *The Art of the Interview* is a treat for journalists and culture vultures alike.

Gritch the witch flies to Old MacDonald's farm for some pigs to make a piggie pie, but when she arrives she can't find a single porker.

Calamity Jane Routledge

Introduction: authorship, creativity, and personal cinema -- Origins of a problematic: the Campion family -- The "tragic underbelly" of the family: fantasies of transgression in the early films -- Living in the shadow of the family tree: Sweetie -- "How painful it is to have a family member with a problem like that": authorship as creative adaptation in *An angel at my table* -- Traumas of separation and the encounter with the phallic other: *The piano* -- The misfortunes of an heiress: *The portrait of a lady* -- Exacting revenge on "cunt men": *Holy smoke as sexual fantasy* -- "That which terrifies and attracts simultaneously": *Killing daddy in the cut* -- *Lighting a lamp: loss, art, and transcendence in The water diary and Bright star* -- Conclusion: theorizing the personal component of authorship.

Weekly World News University of Oklahoma Press

Who is Donald J. Trump? To truly understand America's forty-fifth president, argues *Vanity Fair* journalist Emily Jane Fox, you must know his children, whose own stories provide the key to unlocking what makes him tick. *Born Trump* is Fox's dishy, deeply reported, and richly detailed look at Trump's five children (and equally powerful son-in-law, Jared Kushner), exploring their lives, their roles in the campaign and administration, and their dramatic and often fraught relationships with their father and with one another. Reexamining the tabloid-soaked events that shaped their lives in startling new detail, *Born Trump* is full of surprising insights, previously untold stories, and delicious tidbits about their childhoods (ridiculously privileged and painful, in equal measure) and the extraordinary power they now wield. As a version of this new kind of American royalty they wish to be, they are ensconced not in palaces but in Trump Tower and the White House. Even before Trump's oldest child, Don Jr., was born, Donald told friends that he wanted at least five kids—to make sure there was a greater probability one would turn out just like him. His vision didn't pan out exactly as he'd imagined, but Trump's children each inherited some of his essential traits—as one source says, "collectively, they make the whole." Ivanka is a media-savvy, hyperskilled messenger with her father's self-promotional ease but without the brash. Don Jr. has the most contentious relationship with his father yet seems prone to endlessly repeat his mistakes. Eric embraced the family's real estate business but has, in surprising ways, charted a more independent course than his siblings. While Tiffany grew up mostly separate from her father, she inherited Trump's perspective as an outsider—his unique combination of assurance and insecurity. And there is Ivanka's husband, Jared Kushner, whose own family drama and personal ambition is a crucial thread in this saga. Come for the vision of Trump as a father—a portrait of the president at his kindest and cruelest. Stay for the revelatory gossip, including the truth about the firings of Christie and Manafort, the inside scoop on Donald's three marriages, why Ivanka and Jared are "bashert," and how this family of real estate tycoons have become the most powerful people in the world.

The Case for Marriage The New Press

This exhaustive bibliographical reference will be the first stop for anyone looking for Calamity Jane in print, film, or photograph—and wanting to know how reliable those sources may be. Richard W. Etulain, renowned western-U.S. historian and the author of a recent biography of this charismatic figure, enumerates and assesses the most valuable sources on Calamity Jane's life and legend in newspapers, magazines, journals, books, and movies, as well as historical and government archives. Etulain begins with a brief biography of Martha Canary, aka Calamity Jane (1856-1903), then analyzes the origins and growth of her legends. The sources, Etulain shows, reveal three versions of Calamity Jane. In the most popular one, she was a Wild Woman of the Old West who helped push a roaring frontier through its final stages. This is the Calamity Jane who fought Indians, marched with the military, and took on the bad guys. Early in her life she also hoped to embody the pioneer woman, seeking marriage and a stable family and home. A third, later version made of Calamity an angel of mercy who reached out to the poor and nursed smallpox victims no one else would help. The hyperbolic journalism of the Old West, as well as dime novels and the stretchers Calamity herself told in her interviews and autobiography, shaped her legends through much of the twentieth century. Many of the sensational early accounts of Calamity's life, Etulain notes, were based on rumor and hearsay. In illuminating the role of the *Deadwood Dick* dime novel series and other pulp fiction in shaping what we know—or think we know—of the American West, Etulain underscores one of his fascinating themes: the power of popular culture. The product of twenty years' labor sifting fact from falsehood or distortion, this bibliography and reader's guide includes brief discussions of nearly every item's contents, along with a terse, entertaining evaluation of its reliability.

Skywriting Ballantine Books

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. *The Case for Marriage* is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most

Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. “A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical.” -- William J. Bennett, author of The Book of Virtues “Makes the absolutely critical point that marriage has been misrepresented and misunderstood.” -- The Wall Street Journal www.broadwaybooks.com

[Film Review](#) Fawcett

1 in 6 people suffer from brain diseases like MS, Parkinson’s, and Alzheimer’s. Now, a Harvard neurologist takes you inside the brain under attack—and illuminates the path to a cure. Multiple Sclerosis. Parkinson’s Disease. Alzheimer’s. ALS. Chances are, you know someone with a neurologic disease. Because the brain controls so much and is integral to our identity, the diseases that affect it are uniquely devastating both to patients and families. And because it remains the most mysterious of our vital organs, treating the brain is an ongoing puzzle. In *The Brain Under Siege*, Howard Weiner likens the brain to a crime scene, showing readers how “clues” point to causes and suggest paths to a cure. He takes readers on a journey through the latest technological advances, exploring which routes of investigation have gone cold and which have led to breakthroughs. Readers couldn’t ask for a better guide: A professor of neurology at Harvard Medical School and co-director of the Ann Romney Center for Neurologic diseases, Weiner is an internationally renowned expert, who pioneered immunotherapy in MS and is currently investigating an Alzheimer’s vaccine. Informative and engaging, this groundbreaking book tells the story behind the science—painting a picture of the discoveries, setbacks, false leads, and victories on the front lines of brain research. Weiner also offers unique insight by exploring the experiences of the brave patients and families who make cutting-edge clinical trials possible. Both a clear-eyed assessment of where the science stands and a gripping and poignant narrative of the dramatic pursuit for a cure, *The Brain Under Siege* is a must-read for patients, families, and anyone interested in unraveling the mysteries of the brain.

NEW YORK TIMES BESTSELLER Power couple Marlo Thomas and Phil Donahue have created a compelling and intimate collection of intriguing conversations with famous couples about their enduring marriages and how they have made them last through the challenges we all share. What makes a marriage last? Who doesn’t want to know the answer to that question? To unlock this mystery, iconic couple Marlo Thomas and Phil Donahue crisscrossed the country and conducted intimate conversations with forty celebrated couples whose long marriages they’ve admired—from award-winning actors, athletes, and newsmakers to writers, comedians, musicians, and a former U.S. president and First Lady. Through these conversations, Marlo and Phil also revealed the rich journey of their own marriage. *What Makes a Marriage Last* offers practical and heartfelt wisdom for couples of all ages, and a rare glimpse into the lives of husbands and wives we have come to know and love. Marlo and Phil’s frequently funny, often touching, and always engaging conversations span the marital landscape—from that first rush of new love to keeping that precious spark alive, from navigating hard times to celebrating triumphs, from balancing work and play and family to growing better and stronger together. At once intimate, candid, revelatory, hilarious, instructive, and poignant, this book is a beautiful gift for couples of every age and stage. Where the Light Gets In No Time Like the Future

"Counseling Persons with Parkinson's Disease offers a distinctive, practical, philosophically grounded, and person-centered approach to counseling those living with Parkinson's disease and other chronic illnesses. As a seasoned teacher of professional counselors who also lives with Parkinson's, the author demonstrates that chronic illness requires accepting and living with profound loss, but that this loss may lead to personal transformation and constructive ends, wherein one finds new hope, meaning, purpose, happiness, and passion for living. Equal parts memoir and professional resource, this book guides clinicians who give counsel, educators who teach counseling, and anyone wanting to know more about Parkinson's disease and providing support for those who live with it. Parkinson's disease; bereavement; grief, mourning; illness; counseling; task-centered; happiness"--
