"World Champion" Judah Friedlander tells you How to Beat Up Anybody in this insanely hilarious satirical martial arts guide. Better known as an award-winning stand-up comic, actor, and star of 30 Rock, Friedlander shares his adventures in butt-kicking with lucky readers in a self-defense handbook in the gut-busting vein of *The Truth About Chuck Norris*.

*A Jackass at Every Turn!* Tyndale House Publishers, Inc.

The US Constitution never established a presidential cabinet—the delegates to the Constitutional Convention explicitly rejected the

idea. So how did George Washington create one of the most powerful bodies in the federal government? On November 26, 1791, George Washington convened his department secretaries—Alexander Hamilton, Thomas Jefferson, Henry Knox, and Edmund Randolph—for the first cabinet meeting. Why did he wait two and a half years into his presidency to call his cabinet? Because the US Constitution did not create or provide for such a body. Washington was on his own. Faced with diplomatic crises, domestic insurrections, and constitutional challenges—and finding congressional help lacking—Washington decided he needed a group of advisors he could turn to. He modeled his new cabinet on the councils of war he had led as commander of the Continental Army. In the early days, the cabinet served at the president's pleasure. Washington tinkered with its structure throughout his administration, at times calling regular meetings,

at other times preferring written advice and individual discussions. Lindsay M. Chervinsky reveals the far-reaching consequences of Washington's choice. The tensions in the cabinet between Hamilton and Jefferson heightened partisanship and contributed to the development of the first party system. And as Washington faced an increasingly recalcitrant Congress, he came to treat the cabinet as a private advisory body to summon as needed, greatly expanding the role of the president and the executive branch.

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a

powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son.

Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

The Deaths of Sybil Bolton One Point Six Technology Pvt Ltd Robert Louis Stevenson who understood a thing or two about the selves we refuse to know once said I travel not to go anywhere, but to go. Surely it was the likelihood of an accident, the unparalleled joy of stumbling upon himself now and then, which Stevenson most cherished in the going. A bit like Stevenson, Bart Reitter is a man who revels in the great distance between here and there. His memoir *The Horseman* is a wonderful account of the selves forged and found during his travels across the first half

of a lifetimea heartfelt testament to the wisdom of refusing to stand still. --Professor Greg Coln Semenza, University of Connecticut For those who have ever spent time on the road for a living this book will awaken memoriessome fond, some downright scary. Its the diary of a young man plying his trade as he jets around the world while climbing the corporate ladder. Bart Reitter writes in exacting detail. A delightful read. --Thomas J. Gibbons Jr. Retired Staff Writer, Philadelphia Inquirer The Horseman is an excellent story about one mans travels. The book drew me in and I found myself reading longer than I had allowed for. Reitters enthusiasm for travel has rekindled my own excitement for the many business trips I have planned for this year. --Rich Dibernardo, President, Initech, LLC Reading The Horseman brought back fond memories of my travels with Bart. I also have been infected with the travel bug and the cure is to get me on the next flight to anywhere. --John Lin, Senior Territory Sales Manager For author Bart Reitter, the journey is the destination. In this travelogue, he narrates his lifelong journey of discovery through travel. Written with stark clarity and emotional honesty, The Horseman begins with a six-year-old boys first joyful trip to Disney World and concludes with a 26,000-mile circumnavigation of the globe. Compiled from journals kept while traveling the world and interwoven with personal reflection and unique historical perspective, The Horseman voyages through the joys and frustration of global travel as well as the introspection aimed at understanding lifes meaning. It presents an emotional, scientific, funny, and irreverent window into Reitters mind as he seeks to understand the insatiable wanderlust that drives him forward. From the eastern United States to Singapore, and from

the streets of Paris to the jungles of Thailand, Reitter communicates a unique point of view of life on the road that pictures rarely tell. From the euphoria of successful business deals to the loneliness of sterile hotel rooms, the story is never boring. In the end, with the help of his daughters, he discovers the best journey of all is the journey home.

#### **Why Doesn't God Talk Any More?** AuthorHouse

This book explores some essential features of the Chinese new historical fiction (NHF) and its socio-cultural implications. It argues that the NHF constitutes an oppositional discourse that rejects, both the grand narrative of linear (revolutionary) history, which dominates Chinese official historiography, and naïve confidence in 'Chinese modernity.'

#### The History of Sealing Devil Bold Type Books

Jesus is God and we are not. Most of us get that. But what we don't always understand is that God loves us just as much as He does His son. Many times in the Old Testament, God refers to human beings as His "beloved." But when God called Jesus His beloved, Jesus did something truly remarkable: He believed Him. He lived every moment of His life fully convinced of His identity. And unlike every other person in history . . . He never forgot. In Prototype, Jonathan Martin creates a vivid understanding of what it means to be beloved by God. To completely trust, as Jesus did, that God loves you. To live life without fear, confident in your identity and purpose. To handle life's wounds as Jesus did, and to wake every day with a deep awareness of God's presence. Martin reveals a startling truth at the heart of the gospel: Jesus is our prototype. And as we discover how the knowledge of being God's beloved changed everything for Jesus—how it set Him free to live

out his purpose and love God, others, and the world—it will begin to do the same for us.

**My Story Can Beat Up Your Story!** John Wiley & Sons  
Surprisingly, no book of quotations on God and religion by atheists and agnostics exists. Luckily, for the millions of American nonbelievers who have quietly stewed for years as the religious right made gains in politics and culture, the wait is over. Bestselling author Jack Huberman's zeitgeist sense has honed into the backlash building against religious fundamentalism and collected a veritable treasure trove of quotes by philosophers, scientists, poets, writers, artists, entertainers, and political figures. His colorful cast of atheists includes Karen Armstrong, Lance Armstrong, Jules Feiffer, Federico Fellini, H. L. Mencken, Ian McKellen, Isaac Singer, Jonathan Swift, Ludwig Wittgenstein, Virginia Woolf and the Marquis de Sade.

**Hidden History** One World

After the failed experiment, Xiao Lei, who received a secret experiment from the United States government, was thrown into the incinerator as a dead man. After the lucky Xiao Lei woke up, he escaped from the United States, sneaked into the country, and with the help of a Chinese couple, survived until he found out that he possessed an incredible Special Ability. Then, due to some coincidence, Zhan Dongyu entered his life, and because of her appearance, he was forced into a race struggle between humans, demons, and zombies."

*A Casualty of War* Words in Edgewise

"Revenge is a dish best served cold." Who would understand this better than the ancestors of the Nyishi tribe of Arunachal Pradesh who lived in a vicious circle of revenge. A slave falls in love with

the favourite wife of his old master. A pair of hornbills courts each other and seeks a nesting place on a tree deep inside the canopies of a tropical forest. A shaman who has been bested in love by a village bumpkin let loses a bloodbath out of spite for his rival in love. A young man taking advantage of the development process with the coming of the Hariangs (non-tribals) wants to embrace modern life after availing good educational opportunities. Their lives get intertwined in the version of the story narrated by one of them; where the quotidian and bizarre, natural and supernatural are blended together in this surreal and cautionary tale of love, longing and existential angst under a changed circumstance of the tribe's history.

Religion and the Critical Mind Harvard University Press

Everything you think you know about politics is wrong, when viewed with the lens of history. So says podcaster and politics junkie Bruce Carlson. In this book, Carlson takes issue with some very common assertions that don't hold up. Is there really more money in politics now than in the 19th century? Does the President actually create jobs? Did the "Founding Fathers" say any one thing? Was there a magic time when the media was objective? No, Carlson says, to these 'fibs' and more. And he does so while telling intriguing stories that take the reader back through American history. Stories that, listeners of his "My History Can Beat Up Your Politics" Podcast will know, he is particularly able to tell.

**The Historians' History of the World** iUniverse

Many people have a deep curiosity about religion and its shortcomings. This book, written for the general reader, takes a comprehensive look at the critiques of religion in Western history

and the courageous thinkers who developed those critiques. While many people know the names of the thinkers covered, they often have little knowledge of their views and the contexts in which they worked. Here is a new look at our heritage in the criticism of religion.

*The Five Biggest Fibs in American Politics* Bear Brooks

A teenage fairy contends with the consequences of war in this coming-of-age fantasy by the award-winning author of *Teeth and Not Otherwise Specified*. Sixteen-year-old Beckan and her friends are the only fairies brave enough to stay in Ferrum when war breaks out. Now there is tension between the immortal fairies, the subterranean gnomes, and the mysterious tightropers who arrived to liberate the fairies. But when Beckan's clan is forced to venture into the gnome underworld to survive, they find themselves tentatively forming unlikely friendships and making sacrifices they couldn't have imagined. As danger mounts, Beckan finds herself caught between her loyalty to her friends, her desire for peace, and a love she never expected. This stunning, lyrical fantasy is a powerful exploration of what makes a family, what justifies a war, and what it means to truly love. Praise for *A History of Glitter and Blood* "With Ferrum, Moskowitz has built a vividly gritty fairy realm and populated it with a richly diverse cast of characters. . . . This novel of friendship, love, and fighting for one's beliefs should find a place among fans of the modern fairy story." —Kirkus Reviews "Reminiscent of Holly Black and Laini Taylor, this gritty fantasy/war story is also an exploration of love in many forms . . . and creating a family of choice." —The Horn Book Magazine "The author's talent is evident as she ambitiously tackles complex themes of violence,

sexual awakening, politics, and even infertility." —School Library Journal "Thick, sultry, lyrical language builds a strong sense of atmosphere . . . [in] this rich, off-kilter snarl of a story." —Booklist "Gritty, intense, sensational, and moving." —Fresh Fiction

**Avenging Spider-Man** Chicago Review Press

This is the tale of a boy caught up in a Redneck place and time. Chock full of love and terror, it is an intriguing mix of true family fun, American values circa 60s/70s and strange accounts of individual survival. *Granny Boop's Big House* is the saga of seven kids and their alcoholic mother living life in the little pink house they called home. Bear witness as the generations pass and Bobby Lee, the youngest brother harboring his special secret, reveals all. After their matriarch passes, the clan ultimately divides, dashing Mommas dream that they stay together. Hopes remain high however of an eventual reunion. Growing up Gay White Trash and Liking it is reality at its bizarre best. (508 pages) *I Write What I See* Lexington Books

Sterling McCabe dreams of being a United States Marine. When a war erupts with a mysterious alien race, he learns that being a Marine isn't what he'd imagined. People die. Lives are shattered. War takes no prisoners. Beth Carlisle is one of Sterling McCabe's squadmates. She joined the Marine Corps to get out of backwoods Maine, only to discover herself in the middle of a war. She must come to terms with her family and her relationship with Sterling while under fire. Their squad becomes one of the best in the Marine Corps, but war takes its toll. Their friends die, and they must hold on to each other or they too will become casualties of war.

*Skinhead History, Identity, and Culture* PublicAffairs

This dramatic philosophical novel spans more than half the twentieth century in Albuquerque and Los Angeles. The story centers on Hana Nicholas, a liberated woman ahead of her time who is the center of a circle of devoted friends in Albuquerque's North Valley. Her eccentric world comes to a sudden end in the early 1950s, and Lowell Briscoe, her young protégé, is haunted for the rest of his life by the rude destruction of Hana and her home. From New Mexico Christmas celebrations to the riots that shook Los Angeles in 1992, from psychotherapy to the courtroom, *The Oddity* is a heartfelt tribute to the ecumenical mixture of cultures that makes New Mexico unique. It is also a timely examination of issues that concern many Americans at the dawn of the twenty-first century, bringing to life conflicts between individual rights and institutionalized justice, spirituality and conformity, love, and fear. "This is a novel about meaning and the spiritual sickness that comes from searching for meaning and finding nothing that makes any sense."--from the Introduction

#### **Born to Be Wild** Que Publishing

The author takes you on a spiritual journey in which you find answers to your questions about God and your relationship with Him. He shares the story of his experiences with his faith, using personal anecdotes in poetic form to illustrate how God has worked in his life. He explores various aspects of the doubts, fears and perplexities he has experienced as a believer in various situations. His writing is honest and self disclosing. He concludes that: \*God speaks to us today \* He is not on anyone's side in war \* He doesn't care by what name you call Him \* His chosen people are those who love all others \* His saints and prophets are all around us \* He knows our pain \* He has given us the gifts we

need to live a peaceful and joyful life. Especially God wants us to know that we all belong to one another.

#### **How to Get Rid of a President** Funstory

The first and only complete, fully authorized "biography" of one of TV's most beloved sitcoms, including the first complete viewer's guide to all 158 episodes, as well as special behind-the-scenes trivia and a full chapter concordance. 50 black and white photos.

#### **Between the World and Me** Psychology Press

Investigates and questions the scientific consensus on the origins of civilization Do we, the human species, really know who we are or where we came from or how we originated or our place in the cosmos? Or is much of what we have been taught wrong or misguided or possibly even blatant lies intended to keep people in power and everyone else in line? Exploring alternative theories on the establishment of society and civilization, *Hidden History: Ancient Aliens and the Suppressed Origins of Civilization* looks at a variety of dissenting, suppressed, and forbidden accounts of history and the origins of humanity. It takes a broad and inclusive survey of historical documents, various theories, and a wide array of perspectives to explore what conventional wisdom might have gotten right and wrong. The book serves as a useful introduction into the suppressed accounts of the origins of modern civilization. It combines cutting-edge science with metaphysical, spiritual, and even paranormal views, daring to ask whether there might be a better explanation for humanity's existence and the origins of civilization than the current scientific consensus. *Hidden History* looks at the multiverse and parallel dimensions, the ancient alien theory, metaphysics, and hypotheses beyond physical perception, the eleven dimensions of string theory, radio

telescopes that penetrate to the event horizon of our universe, mathematical equations that take us where no one has gone before, and the world-wide sharing of experiences old and new that speak of long forgotten ancient mythologies that reveal historical truths. With more than 120 photos and graphics, this tome is richly illustrated. Its helpful bibliography provides sources for further exploration, and an extensive index adds to its usefulness. This fascinating book is a thorough investigation and examination of the mysteries surrounding early civilizations, their myths, legends, histories, monuments—and lasting legacies.

**Brushing History Against the Grain** Routledge

This is what you've been waiting for! The return of legendary artist Joe Madureira (X-MEN, Battle Chasers) and fan-favorite Spidey writer Zeb Wells in a brand new Spider-series that teams the wall-crawler with some of the greatest heroes in the Marvel Universe! in this action packed extravaganza - but when Red Hulk falls, only Spider-Man stands in the way of the Subterranean invasion of Manhattan! COLLECTING: Avenging Spider-Man 1-6

**Granny Boop's Big House** The Five Biggest Fibs in American Politics

A true story of greed and murder of Native Americans by their countrymen Journalist Dennis McAuliffe Jr. grew up believing that his Osage Indian grandmother, Sybil Bolton, had died an early death in 1925 from kidney disease. It was only by chance that he learned the real cause was a gunshot wound, and that her murder may well have been engineered by his own grandfather. As McAuliffe peeled away layers of suppressed history, he learned that Sybil was a victim of the "Osage Reign of Terror"—a systematic killing spree in the 1920s when white men descended upon the oil-rich Osage reservation to court, marry, and murder Native women to gain control of their money. The Deaths of Sybil Bolton is part murder mystery, part family memoir, and part spiritual journey.
