 This volume brings together a selection of papers written by Patricia Werhane during the most recent quarter century. The book critically explicates the direction and development of Werhane's thinking based on her erudite and eclectic sampling of orthodox philosophical theories. It starts out with an introductory chapter setting Werhane's work in the context of the development of Business Ethics theory and practice, along with an illustrative time line. Next, it discusses possible interpretations of the papers that have been divided across a range of themes, and examines Werhane's contribution to these thematic areas. Patricia H. Werhane

is a renowned author and innovator at the intersection of philosophy and Applied Business Ethics. She is professor emerita and a senior fellow at the Olsson Centre for Applied Ethics at Darden and was formerly the Ruffin Professor of Business Ethics. She is also professor emerita at DePaul University, where she was Wicklander Chair in Business Ethics and director of the Institute for Business and Professional Ethics. A prolific author whose works include *Moral Imagination and Management Decision-Making* and *Organization Ethics for Health Care*, Werhane is an acclaimed authority on employee rights in the workplace, one of the leading scholars on Adam Smith and founder and former editor-in-chief of *Business Ethics Quarterly*, the leading journal of Business Ethics. She was a founding member and past president of

the Society for Business Ethics and, in 2001, was elected to the executive committee of the Association for Practical and Professional Ethics. Before joining the Darden faculty in 1993, Werhane served on the faculty of Loyola University Chicago and was a Rockefeller Fellow at Dartmouth College and Senior Fellow at Cambridge University.

Examining the phenomenon of nationalism in the world of sport, this collection of new essays identifies moments when athletes became national symbols through their actions on and off the field. Since the break-up of the Soviet Union and Yugoslavia, and related global events of the 1980s and 1990s, scholars have explored how race, ethnicity, gender and sexuality shape and are shaped by nationalism and national participation.

Topics include: race, golf and the struggle for social justice in South Africa; sport as a battleground within the Israel/Palestine conflict; multiculturalism and the Olympic Games; and white privilege in sport. These case studies explore the strength (and fragility) associated with national identity, and how athletes become icons for their nations.

New epic fantasy in the grand tradition—including a never-before-published Song of Ice and Fire story by George R. R. Martin! Fantasy fiction has produced some of the most unforgettable heroes ever conjured onto the page: Robert E. Howard's Conan the Barbarian, Michael Moorcock's Elric of Melniboné, Fritz Leiber's Fafhrd and the Gray Mouser. Classic characters like these made sword and sorcery a storytelling sensation, a cornerstone of fantasy fiction—and an inspiration for a new generation of writers, spinning their own outsize tales of magic and swashbuckling adventure. Now, in *The Book of Swords*, acclaimed editor and bestselling author Gardner Dozois presents an all-new anthology of original epic tales by a stellar cast of award-winning modern masters—many of them set in their authors' best-loved worlds. Join today's finest tellers of fantastic tales, including George R. R. Martin, K. J. Parker, Robin Hobb, Scott Lynch, Ken Liu, C. J. Cherryh, Daniel Abraham, Lavie Tidhar, Ellen Kushner, and more on action-packed journeys into the outer realms of dark enchantment and intrepid derring-do, featuring a stunning assortment of fearless swordsmen and warrior women who face down danger and death at every turn with courage, cunning, and cold steel. **FEATURING SIXTEEN ALL-NEW STORIES:** "The Best Man Wins" by K. J. Parker "Her Father's Sword" by Robin Hobb "The Hidden Girl" by Ken Liu "The Sword of Destiny" by Matthew Hughes "'I Am a Handsome Man,' Said Apollo Crow" by Kate Elliott "The Triumph of Virtue" by Walter Jon Williams "The Mocking Tower" by Daniel Abraham "Hrunting" by C. J. Cherryh "A Long, Cold Trail" by Garth Nix "When I Was a Highwayman" by Ellen Kushner "The Smoke of Gold Is Glory" by Scott Lynch "The Colgrid Conundrum" by Rich Larson "The King's Evil" by Elizabeth Bear "Waterfalling" by Lavie Tidhar "The Sword Tyraste" by Cecelia Holland "The Sons of the Dragon" by George R. When a bug sleeping on a jug is chased by a frog, he has to jump to get away. But then that frog (who's sleeping on a log) is in for a similar surprise! He's attacked by a cat...who needs to jump away from a dog...and on it goes, until not even a shark is free from getting a little fright! Building on repetition that's fun to read and fun to listen to, *Jump!* is a rip-roaring, read-aloud with simple rhymes and lively illustrations that leap off the pages.

Eat, Sleep, Innovate Post Hill Press From the author of *The Little Black Book of Innovation*, a new guide for using the power of habit to build a culture of innovation Leaders have experimented with open innovation programs, corporate accelerators, venture capital arms, skunkworks, and innovation contests. They've trekked to Silicon Valley,

Shenzhen, and Tel Aviv to learn from today's hottest, most successful tech companies. Yet most would admit they've failed to create truly innovative cultures. There's a better way. And it all starts with the power of habit. In *Eat, Sleep, Innovate*, innovation expert Scott Anthony and his impressive team of coauthors use groundbreaking research in behavioral science to provide a first-of-its-kind playbook for empowering individuals and teams to be their most curious and creative—every single day. Throughout the book, the authors reveal a collection of BEANs—behavior enablers, artifacts, and nudges—they've collected from workplaces across the globe that will unleash the natural innovator inside everyone. In addition to case studies of "normal organizations doing extraordinary things," they provide readers with the tools to create their own hacks and habits, which they can then use to build and sustain their own models of a culture of innovation. Fun, lively, and utterly unique, *Eat, Sleep, Innovate* is the book you need to make innovation a natural and habitual act within your team or organization.

For decades, KT McFarland has been one of the country's most prominent conservative foreign policy experts. She was part of the Trump Revolution from the beginning. As Trump's first Deputy National Security Advisor, she had a seat at the table for everything: Trump's

unconventional campaign and upset victory; his throw-out-the-rule-book Trump Tower Transition; the chaotic first months in the West Wing; the unusual events surrounding General Flynn's firing; and the sprawling Mueller investigation. In *Revolution*, she walks the reader through the Washington Establishment's relentless efforts to destroy Trump, populism, and nationalism in order to keep their own hands on the levers of power. The Trump Revolution, like the Reagan Revolution and all the anti-Establishment political revolutions before it, will ultimately prevail. It is this ability to reinvent ourselves, not just as individuals but as a society, that lies at the heart of American Exceptionalism. When McFarland left the Trump Administration and Washington, she disappeared from public view and refused to discuss her experiences. Now, for the first time, McFarland tells a story that reads more like a political thriller than a tour through this unique moment in history. Written with unusual candor, with insights into Trump and his inner circle, Putin, Xi Jinping, and Kim Jong-un, McFarland's book is destined to become a classic. If you only read one book about the Age of Trump, make it *Revolution: Trump, Washington and "We the People."* [Rhode Island Clam Shacks](#) **Champions** Why do you lose at poker? The bicycle has long been a part of American culture but few would describe it as an essential element of American identity in the same way that it is fundamental to European and Asian cultures. Instead, American culture has had a more turbulent relationship with the bicycle. First introduced in the United States in the 1830s, the bicycle reached its height of popularity in the 1890s as it evolved to become a popular form of locomotion for adults. Two decades later, ridership in the United States collapsed. As automobile consumption grew, bicycles were seen as backward and unbecoming—particularly for the white middle class. Turpin chronicles the story of how the bicycle's image changed dramatically, shedding light on how American consumer patterns are shaped over time. Turpin identifies the creation and development of childhood consumerism as a key factor in the bicycle's evolution. In an attempt to resurrect dwindling sales, sports marketers reimagined the bicycle as a child's toy. By the 1950s, it had been

firmly established as a symbol of boyhood adolescence, further accelerating the declining number of adult consumers. Tracing the ways in which cycling suffered such a loss in popularity among adults is fundamental to understanding why the United States would be considered a "car" culture from the 1950s to today. As a lens for viewing American history, the story of the bicycle deepens our understanding of our national culture and the forces that influence it.

Winner of The Shingo Research and Professional Publication Award! After two decades in the trenches of helping companies design and build better, more efficient operations, Karen Martin has pinpointed why performance improvement programs usually fail: Chaos, the sneaky but powerful force that frustrates customers, keeps business leaders awake at night, and saps company morale. In *The Outstanding Organization*, Karen offers a toolbox for combating chaos by creating the organizational conditions that will allow your improvement efforts to return greater gains. Proven, practical, and surprisingly simple, Karen's system focuses on four key behaviors for organizational excellence--Clarity, Focus, Discipline, Engagement--that, once instilled into a company's DNA, open the door to sustainable growth and profit. This well-organized, inviting-to-read guide reveals everything you need to know about: How the lack of clarity and focus adds millions of dollars of unnecessary labor expense and slows progress on all fronts How you can gain a competitive edge by adopting the type of disciplined behaviors typically found in the military, science, law enforcement, sports, and the arts Why you should stop worrying about employee satisfaction--and start concerning yourself with employee engagement Why adopting various improvement approaches without building a foundation for success won't solve your problems--and will likely create more chaos Although you don't like the chaos that you're currently coping with, you've probably come to accept it. You don't have to if you follow the path Karen lays out. This no-nonsense book helps you get to the crux of the problem, so you can inject the sensible, disciplined calm that enables the levels of performance and innovation mandated by today's business environment--and help your organization become truly outstanding. Praise for *The Outstanding Organization* "Too often, outstanding performance seems out of reach. Karen Martin explains, with elegant

simplicity, why so many organizations 'can't get there from here.' Better yet, she provides clear, actionable advice on building a foundation that will allow anyone to achieve excellence." -Matthew E. May, author, *The Laws of Subtraction* "This fast-moving book gives managers a series of practical, proven strategies and tools to improve performance to get better results immediately." -Brian Tracy, author, *Full Engagement!* "It is within our grasp to create an outstanding organization, but it won't happen without focus and attention. Karen Martin explores organizations that have made this transformation, and she unlocks their secrets for you. Read this book, apply the principles exposed, and you will achieve similar success." -Richard Sheridan, CEO, Menlo Innovations "Karen Martin shares her extensive experience assisting companies in their improvement efforts and identifies capabilities common among organizations that have achieved sustainable outstanding success. Especially noteworthy is Karen's discussion of the Plan-Do-Study-Adjust management cycle. Adapt it as you need, adopt it because you must." -John Shook, Chairman and CEO, Lean Enterprise Institute "Powerful and motivating! Whether you are performing aerial feats in a super-sonic fighter jet at low altitude or plotting improvement efforts from the corporate boardroom, this book will help you take your organizational performance to new heights!" -Scott Beare, former Lead Solo Pilot, Blue Angels

 This book first addresses substantive issues, beginning with the changing role of business torts in antitrust litigation and continuing with the extent to which antitrust concepts have been invoked in business tort litigation (focusing on the competitive privilege and the Noerr-Pennington defense). The next chapter surveys the field of unfair competition, followed by an examination of the business torts of commercial disparagement and defamation. Subsequent chapters address interference torts, the common law and statutory torts of fraud and negligent misrepresentation, the field of misappropriation of trade secrets, and recent developments in the

area of punitive damages.

 Scott O'Neil, one of America's most successful sports executives, shares seven principles to keep you present, grounded, and thriving. When we're moving at 115 MPH, we rarely see the wall coming. But it comes for all of us and when it does, we grasp for lessons, for meaning, for purpose. Each moment (good or bad) and each win or loss, provides us an opportunity to learn, and if we choose to take it, that opportunity can change our lives-and the world- for the better. The human spirit craves connection. Authenticity. Belonging. Touch. Gratitude. Purpose. We need to make our interactions count. Whether it's the death of a friend, loss of a job, a bad break-up or the isolation of COVID-19, those who manage to be where their feet are will grow, stretch and emerge stronger, smarter and more prepared as we find peace and gratitude in the pause. In *Be Where Your Feet Are*, Scott O'Neil, CEO of the Philadelphia 76ers and New Jersey Devils, offers his own story of grief and healing, and shares his most valuable lessons in what keeps him present, grounded and thriving as a father, husband, coach, mentor, and leader. Scott avails his network to share poignant life lessons from an array of people including professional athletes and sports executives, a world-famous Movie Director, Saudi royalty; and his teenage daughters, among many others. *Be Where Your Feet Are* provides a humbling and vulnerable peek behind the curtain as well as a framework, anecdotes, and exercises to guide the reader towards self-discovery. A gifted storyteller with an uncanny ability and willingness to bare raw emotion, Scott weaves in and out of stories that have left deep imprints on him and are written to lift and inspire.

 Speaking of champions, it was Muhammed Ali who said, ..".they have to have the skill and the will. But the will must be stronger than the skill." Champions are ultimate winners. It is not a shared position. There are no two first places in a race. However, in business, we have a broader sense of

championship. There are many races to run, many titles to earn, and many causes to champion. So there are many Champions. Reaching the pinnacle and staying there in business is very difficult in a highly competitive setting. This rivalry drives competitors to perform their best to achieve their ultimate goals. In fact, it could readily be said that competition drives champions. In this book, you will meet the Celebrity Experts(R). This group focuses on success in business and personal achievement. We also learn from them that while economic predominance is important, the journey to get there is equally so. They revel in becoming the best. They revel in achieving goals that no one has before. One major difference Celebrity Expert(R) authors show is their willingness to share their information. They understand that while success is sweet, shared success is even sweeter. It has that 'Win-Win' flavor that we all savor. These authors are willing to guide you down the championship lane of success by showing and sharing the details that will promote success if you follow their advice.  Steamships once plied the waters of Narragansett Bay, carrying thousands of guests to feasts of clams prepared in every way imaginable at scenic spots like Rocky Point and Crescent Park. After hurricanes and pollution destroyed Rhode Island's soft-shell clam and oyster beds, the quahog became the state's favorite bivalve, and Rhode Islanders took to their automobiles and drove to the beach for clam cakes and chowder at the shacks and chowder houses that carried on the old traditions. Quahogging remains a major business in Rhode Island, where men and women continue to make a living from the sea. The long lines at take-out windows attest that the future of Rhode Island's clam shacks is secure as they successfully balance changing tastes with time-honored recipes.
