Discover the secret to being productive and successful no matter where you are with this essential guide to remote work. During COVID-19, working from home became the new normal. Now, both employers and employees find that the remote work they were forced to adjust to may be, well, better—financially, sustainably, and even in terms of overall morale and productivity. But working from home is not without its challenges. It can be difficult to eliminate distractions, strike a solid work/life balance, and maintain social connections that are crucial in the workplace. Whether you're trying to find and land a job from the comfort of your home, learning to manage a virtual team, or dream of living a digital nomad lifestyle, *The Everything Guide to Remote Work* has everything you need to be successful. You'll learn to optimize your own workplace culture, whether it's in your home office or a constantly changing backdrop. So whether your company continues to work remotely full time or you only have to go to the office a few days a week, you'll be armed with all the tools you'll need to make the most out of this new lifestyle.

Euthanasia, Suicide, and Despair: Can the Bible Help? John Wiley & Sons

This book shows how, when, and why English took words from other languages and explains how to find their origins and reasons for adoption. It covers the effects of contact with languages ranging from Latin and French to Yiddish, Chinese, and Maori, from Saxon times to the present. It will appeal to everyone interested in the history of English.

The Scarlet and the Black Penguin

USA Today bestselling author Sherry Thomas turns the story of the renowned Sherlock Holmes upside down in the first novel in this Victorian mystery series.... With her inquisitive mind, Charlotte Holmes has never felt comfortable with the demureness expected of the fairer sex in upper class society. But even she never thought that she would become a social pariah, an outcast fending for herself on the mean streets of London. When the city is struck by a trio of unexpected deaths and suspicion falls on her sister and her father, Charlotte is desperate to find the true culprits and clear the family name. She'll have help from friends new and old—a kind-hearted widow, a police inspector, and a man who has long loved her. But in the end, it will be up to Charlotte, under the assumed name Sherlock Holmes, to challenge society's expectations and match wits against an unseen mastermind. An NPR Best Book of 2016

The Years of Rice and Salt Simon and Schuster

The second book in *The Lunar Chronicles* series by Marissa Meyer. This is not the fairytale you remember. But it's one you won't forget. SCARLET BENOIT'S grandmother is missing. The police have closed her case. The only person Scarlet can turn to is Wolf, a street fighter she does not trust, but they are drawn to each other. Meanwhile, in New Beijing, Cinder will become the Commonwealth's most wanted fugitive - when she breaks out of prison to stay one step ahead of vicious Queen Levana. As Scarlet and Wolf expose one mystery, they encounter Cinder and a new one unravels. Together they must challenge the evil queen, who will stop at nothing to make Prince Kai her husband, her king, her prisoner . . . ***Red Riding Hood-meets-Percy Jackson in a thrilling new spin on Grimm by Marissa Meyer, the author of Cinder.***

The Last Green Valley Peepal Tree Press

Winner of the Guyana Prize, *The Language of Eldorado* has been long recognised as an outstanding work of Caribbean poetry, demonstrating meticulous craft in the placing of the individual poem in the architecture of the volume as a whole. Its beauty lies in its ability to convey complex ideas through concrete images that work on the reader both sensually and intellectually. Its focus is the relationship between language, landscape and the history of human settlement in Guyana. The collection is dedicated to Wilson Harris whose challenging and paradigm-changing ideas on these

matters deeply influenced Mark McWatt's own thinking. At the heart of the collection is the perception of analogies between the nature of the Guyanese interior and the human psyche. For readers the way in to these speculations is through what McWatt reveals of his own process of growing consciousness. The power of dream, the recognition of what is seemingly inexplicable in one's own behaviour, the awareness of the masks and impersonations that humans employ feed into a developing curiosity about the psyche's hidden depths.

This clear, learner-friendly text helps today's students bridge the gap between everyday culture and critical thinking. The text covers all the basics of critical thinking, beginning where students are, not where we think they should be. Its comprehensiveness allows instructors to tailor the material to their individual teaching styles, resulting in an exceptionally versatile text.

#1 NEW YORK TIMES BESTSELLER • In her latest book, Brené Brown writes, “If we want to find the way back to ourselves and one another, we need language and the grounded confidence to both tell our stories and be stewards of the stories that we hear. This is the framework for meaningful connection.” Don’t miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart!* In *Atlas of the Heart*, Brown takes us on a journey through eighty-seven of the emotions and experiences that define what it means to be human. As she maps the necessary skills and an actionable framework for meaningful connection, she gives us the language and tools to access a universe of new choices and second chances—a universe where we can share and steward the stories of our bravest and most heartbreaking moments with one another in a way that builds connection. Over the past two decades, Brown’s extensive research into the experiences that make us who we are has shaped the cultural conversation and helped define what it means to be courageous with our lives. *Atlas of the Heart* draws on this research, as well as on Brown’s singular skills as a storyteller, to show us how accurately naming an experience doesn’t give the experience more power—it gives us the power of understanding, meaning, and choice. Brown shares, “I want this book to be an atlas for all of us, because I believe that, with an adventurous heart and the right maps, we can travel anywhere and never fear losing ourselves.”

Climbing Notebook Paige Tate & Company

Enjoy the first English children’s picture book on how Japanese animation and comics were created! Amazingly illustrated, this storybook features a bilingual Japanese translation. This is the third adventure in our series on cool inventions created in Asia. The cute red panda Dao makes history come alive by transporting the kids Emma and Ethan back in time. Together they learn how fantastic creations came to be and zip back to the future! This dynamic journey explores the evolution of Japanese animation and comic books. Published in newspapers, magazines, books, and graphic novels, comics became TV shows, movies, and games. These entertainment brought Japanese pop culture across the globe and influenced artists everywhere. This quest features 100 of your favorite characters and creators: from Osamu Tezuka’s *Astro Boy* and Rumiko Takahashi’s *Ranma 1/2* to Hayao Miyazaki’s *Studio Ghibli* and *Totoro*. *Mazinger*, *Speed Racer*, and *Doraemon* are joined by *Sailor Moon*, *Dragon Ball*, and *Pokémon*. *Mobile Suit Gundam*, *Akira*, and *Ghost in the Shell* meet *Full Metal Alchemist*, *One Piece*, and *One Punch Man*. Iconic and best-selling series are brought to life with the amazing artwork of Juan Calle, an otaku (big fan) himself. Adults and kids can learn about the categories shonen, shojo, and mecha (giant robots), use a handy glossary, and draw inspiration to create their own amazing stories. Teachers and librarians will find this a great addition to their comic book and graphic novel collections. - - - "The Discovery of Anime and Manga bursts from the page with energy and color. Informative and entertaining, it's a beautifully rendered concise introduction to manga and anime for not only children, but comics fans of all ages." - Dr. Dale Jacobs, Department of English, University of Windsor, Canada "In the book we see iconic Japanese anime characters such as *Astroboy*, *Doraemon*, *Dragon Ball*, *My Neighbor Totoro*, *Sailor Moon*,

Pokemon, One Piece, One Punch Man and more. This makes the book not only fun for children, but also for adults, as they can flip through and remember beloved childhood characters. The story moves along with bright bold illustrations by Juan Calle. Each page is a love letter to manga, making this a delightful read for children and parents." - Sampan "Brimming with colorful, dynamic illustrations...The Discovery of Anime & Manga is an eye-opening tour." - Midwest Book Review "I will never forget watching My Neighbor Totoro with my daughter and the worlds that the film ushered in for me. I had never experienced moving images, sounds, pictures, music in quite that way before and the potentials and powers of animated film strongly impacted me as a scholar. It was then that I recognized that animé and manga had the kind of beauty that Susan Sontag described about as 'a beauty with adjectives, arranged on a scale of ascending value and incorruptibility.' In Amara and Chin's The Discovery of Animé and Manga told through stunning illustrations by Calle, they offer a detailed, storied account of the evolution of animé and manga in Japan and eventually around the world. From whimsical drawings in the early twentieth century to kamishibai tales told in on street corners to the ubiquity of adults and children drawing animé and manga embodying otaku in their everyday lives. Everyone should read this history book to get a true understanding about the significance of not just animé and manga, but the power of multimodality on how we think and learn." —Dr. Jennifer Rowsell, Professor of Literacies and Social Innovation, University of Bristol, School of Education

Corporation 2020 Hachette UK

With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . "A thoughtful, magisterial alternate history from one of science fiction's most important writers."—The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe's population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. "Exceptional and engrossing."—New York Post "Ambitious . . . ingenious."—Newsday

A Study In Scarlet Women Rockridge Press

Business as usual' isn't working. There is an emerging consensus that all is not well with today's market-centric economic model. Although it has delivered wealth over the last half-century and pulled millions out of poverty, it is recession-prone, leaves too many people unemployed, creates ecological scarcities and environmental risks, and widens the gap between the rich and the poor. In *Corporation 2020*, Pavan Sukhdev lays out a sweeping new vision for tomorrow's corporation: one that will increase human well being and social equity, decrease environmental risks and ecological losses, and still generate profit. Sukhdev illustrates his vision with examples ranging from Infosys's creation of human capital to Citibank's having to change its project finance policy due to rainforest destruction. From its insightful look into the history of the corporation to the thoughtful discussion of the steps needed to craft a better corporate model, *Corporation 2020* offers a hopeful vision for the role of business in shaping a more equitable, sustainable future.

Bridge to Haven Macmillan

"Mark Sullivan has done it again! The Last Green Valley is a compelling and inspiring story of heroism and courage in the dark days at the end of World War II." --Kristin Hannah, #1 New York Times bestselling author From the author of the #1 bestseller *Beneath a Scarlet Sky* comes a new historical novel inspired by one family's incredible story of daring, survival, and triumph. In late March 1944, as Stalin's forces push into Ukraine, young Emil and Adeline Martel must make a

terrible decision: Do they wait for the Soviet bear's intrusion and risk being sent to Siberia? Or do they reluctantly follow the wolves--murderous Nazi officers who have pledged to protect "pure-blood" Germans? The Martels are one of many families of German heritage whose ancestors have farmed in Ukraine for more than a century. But after already living under Stalin's horrifying regime, Emil and Adeline decide they must run in retreat from their land with the wolves they despise to escape the Soviets and go in search of freedom. Caught between two warring forces and overcoming horrific trials to pursue their hope of immigrating to the West, the Martels' story is a brutal, complex, and ultimately triumphant tale that illuminates the extraordinary power of love, faith, and one family's incredible will to survive and see their dreams realized.

Finale Penguin Random House South Africa

Despite its title, this is not a morbid or depressing book, but one that it is hoped will bring encouragement and comfort to all who are experiencing life's difficulties, even to the point of wondering if they wish to continue living. However, the question of whether or not it is morally acceptable for people to receive help to end their lives prematurely is a divisive one, but it is one that cannot be ignored. Some countries have already legalized voluntary euthanasia, whilst others are still wrestling with this ethical dilemma. We all hope that we will never be faced with this situation but, if it does arise, where can we turn for help and guidance? The Bible is one useful resource, as over fifty passages have been identified that relate to coping with desperate life circumstances, along with a few instances where a life has been ended prematurely. In addition to identifying and discussing these passages, this book also provides helpful background on the history of the biblical sources used, along with factors influencing their interpretation. Reading this book should provide strength and courage to persevere through life's adversities.
