The itch starts when things get too heavy for Lil J. Skin popping or stealing pain pills from his mom help him relax. But Lil J's focus is wandering because money is short, and his man Rico knows a way to make some quick cash. It's supposed to be an easy deal, but it isn't so simple when the buyer is an undercover cop. With a gunshot wound to the arm, Rico in jail, and a police officer clinging to life, Lil J is starting to get dope sick. He'd do anything to change the last twenty-four hours, and when he stumbles into an abandoned crack house, it actually might be possible. . . . Walter Dean Myers weaves elements

of magical realism into a harrowing story about drug use, violence, alternate perceptions of reality, and second chances.

The Badger Riot Yale University Press In New York Times bestselling author Walter Dean Myers's last novel, he delivers a gripping story based on the life of a real dancer known as Master Juba, who lived in the nineteenth century. This engaging historical novel is based on the true story of the meteoric rise of an immensely talented young black dancer, William Henry Lane, who influenced today's tap, jazz, and step dancing. With meticulous and intensive research, Walter Dean Myers has brought to life Juba's story. The novel includes photographs, maps, and other images from Juba's time and an afterword from Walter Dean Myers's wife about the writing process of Juba!

To Serve and Collect Canongate Books At the close of the nineteenth century, the Democratic Party in North Carolina engineered a white supremacy revolution. Frustrated by decades of African American self-assertion and threatened by an interracial coalition advocating democratic reforms, white conservatives used violence, demagoguery, and fraud to seize political power and disenfranchise black citizens. The most notorious episode of the campaign was the Wilmington "race riot" of 1898, which claimed the lives of many black residents and rolled back decades of progress for African Americans in the state. Published on the centennial of the Wilmington race riot, *Democracy Betrayed* draws together the best new scholarship on the events of 1898 and their aftermath. Contributors to this important book hope to draw public attention to the tragedy, to honor its victims, and to bring a clear and

timely historical voice to the debate over its legacy. The contributors are David S. Cecelski, William H. Chafe, Laura F. Edwards, Raymond Gavins, Glenda E. Gilmore, John Haley, Michael Honey, Stephen Kantrowitz, H. Leon Prather Sr., Timothy B. Tyson, LeeAnn Whites, and Richard Yarborough.

Busted Flanker Press

A National Bestseller "If we first recognize that we are in a war, and then learn the lessons and follow the lead of those who have shown they know how to prevail, we can definitely win the Civil War, secure a multiracial democracy, and end white supremacy for good." —from the introduction The bestselling author and national political commentator pulls no punches on what America needs to do to strengthen its multiracial democracy Steve Phillips's first book, *Brown Is the New White*, helped shift the national conversation around race and electoral politics, earning a spot on the New York Times and Washington Post bestseller lists and launching Phillips into the upper ranks of trusted observers of the nation's changing demographics and their implications for our political future. Now, in *How We Win the Civil War*, Phillips charts the way forward for progressives and people of color after four years of Trump, arguing that Democrats must recognize the nature of the fight we're in, which is a contest between democracy and white supremacy left unresolved after the Civil War. We will not overcome, Phillips writes, until we govern as though we are under attack—until we finally recognize that the time has come to finish the conquest of the Confederacy and all that it represents. With his trademark blend of political analysis and historical argument, Phillips lays out razor-sharp prescriptions for 2022 and beyond, from increasing voter participation and demolishing racist immigration policies to reviving the Great Society programs of the 1960s—all of them geared toward strengthening a new multiracial democracy and ridding our politics of white supremacy, once and for all.

The Best War Ever National Academies Press

"Lights, Camera, Soundtrack surveys over 50 years of rock 'n' roll movies, musicals and performance films. It identifies the top guns involved in each film, provides a storyline, rates the film and reviews its soundtrack." "From pop and rock musicals, like the classic Elvis Presley vehicle *Jailhouse Rock* and the recent Tenacious D showpiece *The Pick of Destiny*, to performance films like *Woodstock* and *Dig!*, and the bootylicious films of the

Blaxploitation genre, all manner of rock and popular music films are here." "It also includes the films whose soundtracks made a massive impact on their success, such as *Trainspotting*, *Reservoir Dogs*, and *The Crow*." "And a section is dedicated to the rock and pop luminaries who have written film scores, such as Peter Gabriel, Nick Cave, and Ry Cooder."--BOOK JACKET. **The Lynchings in Duluth** Routledge Almost a century before their arrival in the English New World, Blacks appeared alongside the Spanish in what is now the American West. Through their families, communities, and institutions, these Western Blacks left behind a long history, which is just now beginning to receive systematic scholarly treatment.

Comprehensively indexing a variety of research materials on Blacks in the North American West, Junne offers an invaluable navigational tool for students of American and African-American history. Entries are organized both geographically and topically, and cover a broad range of subjects including cross-cultural interaction, health, art, and law. Contains a complete compilation of African-American newspapers.

History of the Underground Railroad in Chester and the Neighboring Counties of Pennsylvania UNC Press Books

Young Fievel Mousekewitz and his friends must figure out a way to stop the attacks of a dreaded band of cats known as The Mott Street Maulers.

Lights, Camera, Sound Tracks Knopf In 1776 and 1777, during the American Revolution, a young Scot known only as John the Painter took his war to England by committing acts of terror in the dockyards of the mighty British navy. This is the first full-length biography of that brilliant but disturbed young man. His story offers chilling parallels to the present – and insights into why certain young men are driven to commit unspeakable crimes. Warner has written a book of history that reads like a picaresque novel, but always with a modern twist. Its hero travels to France and receives the blessing of the American envoy there. King George III offers a reward for his capture. Bow Street Runners are sent out in pursuit.

Newspapers print sensational stories. A bill to suspend habeas corpus is rushed through Parliament and American privateers – the unlawful combatants of their day – are held without being charged. The Incendiary takes readers on a fascinating journey from Europe to colonial America and finally to the gallows at Portsmouth. In this atmospheric and deftly researched tale of a young man who tried to bring down a superpower, Warner has

crafted a popular history with contemporary implications.

Halloween Harper Collins

Mahbub Rashid embarks on a fascinating journey through urban space in all of its physical and social aspects, using the theories of Foucault, Bourdieu, Lefebvre, and others to explore how consumer capitalism, colonialism, and power disparity consciously shape cities. Using two Muslim cities as case studies, Algiers (Ottoman/French) and Zanzibar (Ottoman/British), Rashid shows how Western perceptions can only view Muslim cities through the lens of colonization—a lens that distorts both physical and social space. Is it possible, he asks, to find a useable urban past in a timeline broken by colonization? He concludes that political economy may be less relevant in premodern cities, that local variation is central to the understanding of power, that cities engage more actively in social reproduction than in production, that the manipulation of space is the exercise of power, that all urban space is a conscious construct and is therefore not inevitable, and that consumer capitalism is taking over everyday life. Ultimately, we reconstruct a present from a fragmented past through local struggles against the homogenizing power of abstract space. **The Integration of Immigrants into American Society** Waveland Press Some vols. include supplemental journals of "such proceedings of the sessions, as, during the time they were depending, were ordered to be kept secret, and respecting which the injunction of secrecy was afterwards taken off by the order of the House."

How We Win the Civil War Grosset & Dunlap

"The epic tale of the rise to power of Russia's current president-- of his emergence from shrouded obscurity and deprivation to become one of the most consequential and complicated leaders in modern history." --

A 2021 C. Wright Mills Award Finalist Shows how government created "ghettos" and affluent white space and entrenched a system of American residential caste that is the linchpin of US inequality—and issues a call for abolition. The iconic Black hood, like slavery and Jim Crow, is a peculiar American institution animated by the ideology of white supremacy. Politicians

and people of all colors propagated “ghetto” myths to justify racist policies that concentrated poverty in the hood and created high-opportunity white spaces. In *White Space, Black Hood*, Sheryll Cashin traces the history of anti-Black residential caste—boundary maintenance, opportunity hoarding, and stereotype-driven surveillance—and unpacks its current legacy so we can begin the work to dismantle the structures and policies that undermine Black lives. Drawing on nearly 2 decades of research in cities including Baltimore, St. Louis, Chicago, New York, and Cleveland, Cashin traces the processes of residential caste as it relates to housing, policing, schools, and transportation. She contends that geography is now central to American caste. Poverty-free havens and poverty-dense hoods would not exist if the state had not designed, constructed, and maintained this physical racial order. Cashin calls for abolition of these state-sanctioned processes. The ultimate goal is to change the lens through which society sees residents of poor Black neighborhoods from presumed thug to presumed citizen, and to transform the relationship of the state with these neighborhoods from punitive to caring. She calls for investment in a new infrastructure of opportunity in poor Black neighborhoods, including richly resourced schools and neighborhood centers, public transit, Peacemaker Fellowships, universal basic incomes, housing choice vouchers for residents, and mandatory inclusive housing elsewhere. Deeply researched and sharply written, *White Space, Black Hood* is a call to action for repairing what white supremacy still breaks. Includes historical photos, maps, and charts that illuminate the history of residential segregation as an institution and a tactic of racial oppression.

Fallen Angels Riot

A riveting lineup of the world's most famous and infamous arrests, from Lizzie Borden (double murder) to Lindsay Lohan (DUI) to Roman Polanski (unlawful sexual intercourse) Although the headlines fade, the humiliation, vulnerability, and sometimes chilling smugness of the alleged criminal in the mug shot stands the test of time. Covering 150 years of run-ins with the law, *Busted* reveals more than 500 of the most famous, disturbing, and just plain pathetic mug shots ever recorded. Subjects from all walks of life face front and turn to the left in this enthralling slice of social history. Among the alleged perpetrators are James Brown (carrying an unlicensed weapon and assaulting a police officer), Lenny Bruce

(obscenity), Bill Gates (running a red light, driving without a license), Al Capone (tax evasion), Jeffrey Dahmer (rape, torture, murder, cannibalism), Eminem (assault), Mick Jagger (drugs charges), Malcolm X (burglary), Al Pacino (carrying a concealed weapon), Charles Barkley (disorderly conduct), Frank Sinatra (morals charges), Bernie Madoff (securities fraud, investment adviser fraud, mail fraud, wire fraud, money laundering, perjury, making false filings with the SEC, theft from an employee benefit plan), Bugsy Siegel (gambling and bootlegging), Tupac Shakur (sexual assault), Roger Clinton (drug dealing), and hundreds more. The date of the arrest is provided, along with the fascinating, shocking, and sometimes ludicrous stories of the circumstance that led to the arrest, as well as occasional details of the trial and punishment (or merely the humble apology) that followed. Impossible to turn away from, *Busted* is the perfect coffee-table or gift book for our celebrity-obsessed society.

White Space, Black Hood McClelland & Stewart

Drawing upon archival material as well as the drama, popular verse and pamphlets, this book reads representations of masters and servants in relation to key Renaissance preoccupations. Apprentices, journeymen, male domestic servants, maidservants and stewards, Burnett argues, were deployed in literary texts to address questions about the exercise of power, social change and the threat of economic upheaval. In this way, writers were instrumental in creating servant 'cultures', and spaces within which forms of political resistance could be realized.

Chase's Calendar of Events 2021

Springer

In this unprecedented collection of science fiction and fantasy quotations, the reader revisits the stunning moment when Mary Shelley's Frankenstein monster first comes to life; witnesses the transformation of Robert Louis Stevenson's Dr. Jekyll into Mr. Hyde; is present when Bruce Wayne resolves to become Batman; and overhears the cosmic conclusions of *The Incredible Shrinking Man*. Drawing upon two centuries of the vast and provocative literature of science fiction and fantasy, this comprehensive book presents more than 2,900 quotations from wide-ranging sources, including science fiction and fantasy stories, novels, films, and television programs. The quotations are organized by topic—alien worlds; darkness and light; robots, androids, and cyborgs; machines and technology; weapons; and more than one hundred others. The reader will encounter the wit and wisdom of

renowned authors (H. G. Wells, Ray Bradbury, J. R. R. Tolkien, Ursula K. Le Guin) along with definitive versions of such important statements as Isaac Asimov's Three Laws of Robotics and Star Trek's Prime Directive. With its thorough index, this book is both an invaluable resource for the writer or scholar and an irresistible page-turner for the curious browser. *Physical Space and Spatiality in Muslim Societies* University of Michigan Press Covers the period from 1790 to 1905 in *The Times of London*.

Journal of the House of Representatives of the United States The New Press

This definitive guide to America's present-day racial reckoning examines the forces that pushed our unjust system to its breaking point after the death of George Floyd. For many, the story of the weeks of protests in the summer of 2020 began with the horrific nine minutes and twenty-nine seconds when Police Officer Derek Chauvin killed George Floyd on camera, and it ended with the sweeping federal, state, and intrapersonal changes that followed. It is a simple story, wherein white America finally witnessed enough brutality to move their collective consciousness. The only problem is that it isn't true. George Floyd was not the first Black man to be killed by police—he wasn't even the first to inspire nation-wide protests—yet his death came at a time when America was already at a tipping point. In *Say Their Names*, five seasoned journalists probe this critical shift. With a piercing examination of how inequality has been propagated throughout history, from Black imprisonment and the Convict Leasing program to long-standing predatory medical practices to over-policing, the authors highlight the disparities that have long characterized the dangers of being Black in America. They examine the many moderate attempts to counteract these inequalities, from the modern Civil Rights movement to Ferguson, and how the killings of George Floyd, Breonna Taylor and others pushed compliance with an unjust system to its breaking point. Finally, they outline the momentous changes that have resulted from this movement, while at the same time proposing necessary next steps to move forward. With a combination of penetrating, focused journalism and affecting personal insight, the authors bring together their collective years of reporting, creating a cohesive and comprehensive understanding of racial inequality in America.

Riot SIU Press

This edited collection offers a broad reinterpretation of the origins of Canada.

Drawing on cutting-edge research in a number of fields, *Violence, Order, and Unrest* explores the development of British North America from the mid-eighteenth century through the aftermath of Confederation. The chapters cover an ambitious range of topics, from Indigenous culture to municipal politics, public executions to runaway slave advertisements. Cumulatively, this book

examines the diversity of Indigenous and colonial experiences across northern North America and provides fresh perspectives on the crucial roles of violence and unrest in attempts to establish British authority in Indigenous territories. In the aftermath of Canada 150, *Violence, Order, and Unrest* offers a timely contribution to current debates over the nature of Canadian

culture and history, demonstrating that we cannot understand Canada today without considering its origins as a colonial project.

Virginia Valley Records JHU Press
Crooked politicians, gangsters, madams, and cops on the take: *To Serve and Collect* tells the story of Chicago during its formative years through the history of its legendary police department.
