 Excerpt from *Amazulu: The Zulus, Their Past History, Manners, Customs, and Language, With Observations on the Country and Its Productions, Climate, Etc., The Zulu War, and Zululand* Since the War I wish to review the past briefly, for the benefit of my friends at home and others who have never seen this part of the world, my object being to present a truthful picture of what I have seen and known myself. I do so in the hope that others, younger, stronger, and better than I am, may be induced to come and settle here as missionaries to the heathen or as good colonists. I shall first endeavour to convey an impression of the appearance of the country and its climate, and describe briefly the

vegetable productions, plants, trees, animals, and inhabitants as they have come under my notice. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

### **History of the Zulu War and Its Origin**

Princeton University Press  
 Ten years of research back up the bold new theory advanced by authors Thomason and Kaufman, who rescue the study of contact-induced language change from the neglect it has suffered in recent decades. The authors establish an important new framework for the historical analysis of all degrees of contact-induced language change.  
*Learning Zulu* BoD - Books on Demand  
 Koopman (Zulu, U. of Natal, Pietermaritzburg, South Africa) provides a rich resource for the socio-linguistic dimensions of Zulu names. The text will be of interest not just to specialists in onomastics (the study of names), but to any studying Zulu culture. Following a discussion of the traditions behind personal and place names and their linguistics is a catalog of names that include personal, animal, plant, birds, schools, homesteads, and the months and days. Distributed in the US by ISBS.

**Original Sanskrit Texts on the Origin and History of the People of India**

New Africa Books

First published in 1880, just a year after the titular conflict took place, this account by Frances Colenso (1849-87) of the 1879 war between British settlers and the Zulu population in South Africa is remarkable in its defence of the Zulu people, a very unusual view for a British writer at this time. Colenso was the daughter of controversial bible scholar John William Colenso, the first Anglican bishop of Natal. This book was intended to support her father's criticism of British policy, but while she credits her father's influence and opinions in shaping her book, Colenso is careful to state that the work is her own. Beginning with the causes of the conflict, which she identifies as an unjust and barbaric British invasion, Colenso describes the Zulu war chronologically to its conclusion. The military details of the war were provided by Lieutenant-Colonel Edward Durnford, a close friend of Colenso's.

**Some Remarks On the Zulu Language** Forgotten Books

This book is the first to offer an interdisciplinary and comprehensive reference work on the often-marginalised languages of southern Africa. The authors analyse a range of different concepts and questions, including language and sociality, social and political history, multilingual government, and educational policies. In doing so, they present significant original research, ensuring that the work will remain a key reference point for the subject. This ambitious and wide-ranging edited collection will appeal to students and scholars of southern African

languages, sociolinguistics, history and politics.

*A Synopsis of General History* Cambridge University Press

Reprint of the original, first published in 1857.

*The Isizulu. A grammar of the Zulu language* Nabu Press

*Zulu Names* Frank Cass Publishers

This scholarly account traces the emergence of the Zulu Kingdom in South Africa in the early nineteenth century, under the rule of the ambitious and iconic King Shaka. In contrast to recent literary analyses of myths of Shaka, this book uses the richness of Zulu oral traditions and a comprehensive body of

written sources to provide a compelling narrative and analysis of the events and people of the era of Shaka's rule. The oral traditions portray Shaka as rewarding courage and loyalty and punishing failure; as ordering the targeted killing of his own subjects, both warriors and civilians, to ensure compliance to his rule; and as arrogant and shrewd, but kind to the poor and mentally disabled. The rich and diverse oral traditions, transmitted from generation to generation, reveal the important roles and fates of men and women, royal and subject, from the perspectives of those who experienced Shaka's rule and the dramatic emergence of the Zulu Kingdom.

The Social and Political History of Southern Africa's Languages Springer

A pictorial Ancient Egypt history book of first words in Zulu.

*A Zulu-Kafir Dictionary* Univ of California Press

Excerpt from *First Steps in Zulu: Being an Elementary Grammar of the Zulu Language* First Steps in Zulu: Being an Elementary Grammar of the Zulu Language was written by John William Colenso in 1882. This is a 165 page book, containing 54876 words and 2 pictures. Search Inside is enabled for this title. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. **Zululand and the Zulus** University of Kwazulu Natal Press

"Why are you learning Zulu?" When Mark Sanders began studying the language, he was often asked this question. In *Learning Zulu*, Sanders places his own endeavors within a wider context to uncover how, in the past 150 years of South African history, Zulu became a battleground for issues of property, possession, and deprivation. Sanders combines elements of analysis and memoir to explore a complex cultural history. Perceiving that colonial learners of Zulu saw themselves as repairing harm done to Africans by Europeans, Sanders reveals deeper motives at work in the development of Zulu-language learning—from the emergence of the pidgin Fanagalo among missionaries and traders in the nineteenth century to widespread efforts, in the twentieth and twenty-first centuries, to teach a correct form of Zulu. Sanders looks at the white appropriation of Zulu language, music,

and dance in South African culture, and at the association of Zulu with a martial masculinity. In exploring how Zulu has come to represent what is most properly and powerfully African, Sanders examines differences in English- and Zulu-language press coverage of an important trial, as well as the role of linguistic purism in xenophobic violence in South Africa. Through one person's efforts to learn the Zulu language, *Learning Zulu* explores how a language's history and politics influence all individuals in a multilingual society.
