A Concise Companion to Visual

Culture TV GuideTV Guide Almanac
With 70 million fans, NASCAR is the #2 spectator sport, after football. But unlike football, going to a race is a full weekend of events. From the tailgating, to the qualifying, to the checkered flag and post-parties -- there's enough to fill several days at every event, and that's just at the track. Liz has maximized her personal connections with NASCAR insiders to determine what NASCAR fans really want to know when visiting the

tracks, and gives practical answers to the most frequently asked questions, including: -- What to do in a medical emergency, and area hospitals with emergency care, -- Area attractions beyond the track, including popular golf courses where you might just spot your favorite driver between races, -- Where to find veterinary services for the furry four-legged members of your family, and much more! From dining, to shopping, to lodging, not to mention what to wear and pack (and what not to) this is a practical guide that no NASCAR fan should be without!

In the limbo bounded by rebellion and resignation, belonging and solitude, Ed Allen's middle Americans seem to be either freely adrift or uncomfortably vested in an exit strategy wholly inadequate for their circumstances. These sixteen darkly humorous stories gauge the tension between what we really feel and what we outwardly express, what we should do and what we manage to get done. In "Celibacy-by-the-Atlantic," Phil negotiates a lingering, low-intensity regret brought on by the

annual family get-together at his parents' beach house, where memories of his aimless, privileged adolescence mingle with forebodings of his aimless, privileged middle age. In "A Lover's Guide to Hospitals," Carl lies in bed, pining over a stillborn romance through a moody, post-op haze of painkillers. As a consoling needle through the heart, the object of Carl's unrequited affections also turns out to be his nurse. In "Burt Osborne Rules the World," a precocious boy ponders his childhood in "a world protected against anything you could imagine doing to make it more interesting." Sensing that only more of the same awaits him as an adult, Burt charts a different course--as a class clown with a truly toxic sense of mischief. Others, like Lydia in "Ralph

Goes to Mexico," assert their individuality more effortlessly, for they're just too naturally odd to be cowed by convention. Lydia's dilemma is whether she should have her leukemic cat stuffed and mounted or turned into a hat after he dies. These lyrical tales celebrate the ordinary--and the not so ordinary--with a flourish of Nabokovian wit that combines grandeur, kitsch, and the author's broad empathy with his characters.

The New South--replete with shopping malls, hub airports, educated African Americans, and immigrants from Vietnam, Cambodia, and Haiti--is still haunted by the Gothic ghosts of its past. Does the collision between past and present account for the continued

preeminence of Southern writers in America's literary culture? Bobbie Ann Mason, Ernest Gaines, Rita Mae Brown, Robert Olen Butler, Cormac McCarthy, Dorothy Allison, and Allan Gurganus are just a few of the writers who draw on a new kind of Southern background while reaching out to a broad American readership. Yet many of these writers have been accused of catering to the stereotypes they think a national audience requires. It would seem that questions of Southern identity continue to be bound up with rage against attacks on Southern culture. Jefferson Humphries and John Lowe have assembled a remarkable team of scholars and writers to examine aspects of the contemporary literature of the South. From Pulitzer Prize-winning writer Fred Hobson to

esteemed scholar James Olney to poets Kate Daniels and Brenda Marie Osbey, the contributors try to define Southern culture today and ask who will be writing Southern literature tomorrow.

Addressing topics such as humor, the past, black autobiography, ethnicity, and female oral traditions, the essays form a volume that is of interest to readers of Southern literature and history, creative writers, and scholars and students of Southern culture.

In *State of the Heart*, Aïda Rogers has crafted an artful love letter to our state, with contributions from a host of nationally and regionally recognized writers who've written short essays on the South Carolina places that they cherish. This anthology provides a multifaceted historical and personal view of the Palmetto State. Thematically organized, this collection offers a geographic and emotional scope that is as diverse as its contributors.

Sportswriters describe beloved arenas; historians reflect on church ruins and forts. A playwright recalls the magic of her first theater experience; a food writer revels in a coastal joint that serves fresh oysters. Backyards, front

porches, a small library at a children's home, the drama and camaraderie of building the Savannah River Site, and places that are gone except in the memories of the writers who loved them—these are just a few of the locales covered, all showing how South Carolina has changed and inspired people in a variety of ways. *State of the Heart* evokes a sense of history and timelessness by bringing together heartfelt responses to South Carolina locales rooted in memory, drawing on reflection, inspiration, and love. The anthology reveals a state that is more than a playground for tourists; it's a state of human hiding places that echo in the hearts of its literary citizens. Though presented as a book about place, the collection is ultimately about

our shared connections to one another, to a complex common past, and to ongoing efforts to frame and build a future of promise and possibility.
