*The Hitchhiker's Guide to the Galaxy: The Original Radio Scripts* Random House Incorporated

The Hitchhiker's Guide to the Galaxy provides an excellent way of looking at some intriguing issues in philosophy, from vegetarianism and Artificial Intelligence to God, space and time. This is an entertaining yet thought provoking volume for students, philosophers and fans of The

Hitchhiker's series.

### **And Another Thing...** Tor Teen

In one complete volume, here are the five classic novels from Douglas Adams's beloved Hitchhiker series. Now celebrating the pivotal 42nd anniversary of The Hitchhiker's Guide to the Galaxy, soon to be a Hulu original series! The Hitchhiker's Guide to the Galaxy (Nominated as one of America's best-loved novels by PBS's The Great American Read) Seconds before the Earth is demolished for a galactic freeway, Arthur Dent is saved by Ford Prefect, a researcher for the revised Guide. Together they stick out their thumbs to the stars

and begin a wild journey through time and space. The Restaurant at the End of the Universe The moment before annihilation at the hands of warmongers is a curious time to crave tea. It could only happen to the cosmically displaced Arthur Dent and his comrades as they hurtle across the galaxy in a desperate search for a place to eat. Life, the Universe and Everything The unhappy inhabitants of planet Krikkit are sick of looking at the night sky- so they plan to destroy it. The universe, that is. Now only five individuals can avert Armageddon: mild-mannered Arthur Dent and his stalwart crew. So Long, and

Thanks for All the Fish Back on Earth, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription thrusts him back to reality. So to speak. Mostly Harmless Just when Arthur Dent makes the terrible mistake of starting to enjoy life, all hell breaks loose. Can he save the Earth from total obliteration? Can he save the Guide from a hostile alien takeover? Can he save his daughter from herself? Includes the bonus story "Young Zaphod Plays It Safe" "With droll wit, a keen eye for detail and heavy doses of insight . . . Adams makes us laugh until we cry."—San Diego Union-Tribune "Lively, sharply satirical, brilliantly written . . . ranks with the best set pieces in Mark Twain."—The Atlantic

*The Boxcar Children Bookshelf (Books #1-12)* Gollancz

A totalitarian regime has ordered all books to be destroyed, but one of the book burners, Guy Montag, suddenly realizes their merit.

**So Long, and Thanks for All the Fish**  
Random House Books for Young Readers  
From Douglas Adams, the legendary

author of one of the most beloved science fiction novels of all time, *The Hitchhiker's Guide to the Galaxy*, comes a wildly inventive novel—in trade paperback for the first time—of ghosts, time travel, and one detective's mission to save humanity from extinction. Quirky and bumbling private investigator Dirk Gently stumbles upon a ghost, millions of years old, wandering the earth and disturbing its people. Dirk soon discovers this phantom yearns for more than a good haunting: it is desperately trying to go back in time to prevent its own death. But this ghost was no ordinary person, and helping it save itself just might change the modern world as we know it. And not in a good way... Endlessly entertaining, Dirk Gently's Holistic Detective Agency proves that, indeed, "few writers have had such an infectious prose style as Adams" (The Observer). As Dirk Gently tries to solve the mysteries of the universe and the human soul, readers will have their own mystery to solve: Where did the time go?

[The Ultimate Hitchhiker's Guide](#) Del Rey  
Now celebrating the 42nd anniversary of *The Hitchhiker's Guide to the Galaxy*, soon to be a Hulu original series! "A madcap

adventure . . . Adams's writing teeters on the fringe of inspired lunacy."—United Press International  
Back on Earth with nothing more to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of *The Hitchhiker's Guide to the Galaxy* all conspire to give Arthur the sneaking suspicion that something otherworldly is indeed going on. God only knows what it all means. Fortunately, He left behind a Final Message of explanation. But since it's light-years away from Earth, on a star surrounded by souvenir booths, finding out what it is will mean hitching a ride to the far reaches of space aboard a UFO with a giant robot. What else is new? "The most ridiculously exaggerated situation comedy known to created beings . . . Adams is irresistible."—The Boston Globe  
[Philosophy and The Hitchhiker's Guide to the Galaxy](#) Del Rey

New York Times bestselling author Douglas Adams and zoologist Mark Carwardine take off around the world in search of exotic, endangered creatures. Join them as they encounter the animal kingdom in its stunning beauty, astonishing variety, and imminent peril: the giant Komodo dragon of Indonesia, the helpless but loveable Kakapo of New Zealand, the blind river dolphins of China, the white rhinos of Zaire, the rare birds of Mauritius island in the Indian Ocean. Hilarious and poignant—as only Douglas Adams can be—Last Chance to See is an entertaining and arresting odyssey through the Earth’s magnificent wildlife galaxy. Praise for Last Chance to See “Lively, sharply satirical, brilliantly written . . . shows how human care can undo what human carelessness has wrought.”—The Atlantic “These authors don’t hesitate to present the alarming facts: More than 1,000 species of animals (and plants) become extinct every year. . . . Perhaps Adams and Carwardine, with their witty science, will help prevent such misadventures in the future.”—Boston Sunday Herald “Very funny and moving . . . The glimpses of rare fauna seem to have

enlarged [Adams’s] thinking, enlivened his world; and so might the animals do for us all, if we were to help them live.”—The Washington Post Book World “[Adams] invites us to enter into a conspiracy of laughter and caring.”—Los Angeles Times “Amusing . . . thought-provoking . . . Its details on the heroic efforts being made to save these animals are inspirational.”—The New York Times Book Review

*The Original Hitchhiker Radio Scripts*  
Zebra Press

Beloved, bumbling Detective Dirk Gently returns in this standalone novel—in trade paperback for the first time—from Douglas Adams, the legendary author of one of the most beloved science fiction novels of all time, *The Hitchhiker's Guide to the Galaxy*. When an explosion goes off at the passenger check-in desk at London's Heathrow Airport, the unexplainable event is deemed an act of God. For private investigator Dirk Gently, it's his job to find out which god would do such a strange thing. In the meantime, one of his clients is murdered and his battle with the cleaning lady over his unbelievably filthy refrigerator comes to a standoff. Is it all

connected? Or is this just another stretch of coincidences in the life of off-kilter super-sleuth Dirk Gently? The follow-up to Dirk Gently's Holistic Detective Agency, *The Long Dark Tea-Time of the Soul* is an unforgettable novel of inimitable wit, humor, and limitless imagination.

*Fahrenheit 451* Springer Science & Business Media

Chronicles the journeys, notions, and acquaintances of reluctant galactic traveler Arthur Dent, accompanied by never-before-published material from the late author's archives as well as commentary by famous fans.

[Structures or Why things don't fall down](#)  
Crown Archetype

Don't Panic: collected together in the Hitchhiker's Guide Trilogy are the five titles that comprise Douglas Adams' wildly popular comedy science fiction series, with a special introduction from the author himself. *The Hitchhiker's Guide to the Galaxy* One Thursday lunchtime the Earth gets unexpectedly demolished to make way for a new hyperspace bypass. For Arthur Dent, who has only just had his house demolished that morning, this seems already to be more than he can

cope with. Sadly, however, the weekend has only just begun, and the Galaxy is a very very very large and startling place. The Restaurant at the End of the Universe When all questions of space, time, matter and the nature of being have been resolved, only one question remains - 'Where shall we have dinner?' The Restaurant at the End of the Universe provides the ultimate gastronomic experience, and for once there is no morning after to worry about. Life, the Universe and Everything In consequence of a number of stunning catastrophes, Arthur Dent is surprised to find himself living in a hideously miserable cave on prehistoric Earth. However, just as he thinks that things cannot possibly get any worse, they suddenly do. He discovers that the Galaxy is not only mind-bogglingly big and bewildering but also that most of the things that happen in it are staggeringly unfair. So Long, and Thanks for All the Fish Just as Arthur Dent's sense of reality is in its dickiest state he suddenly finds the girl of his dreams. He finds her in the last place in the Universe in which he would expect to find anything at all, but which 3,976,000

people will find oddly familiar. They go in search of God's Final Message to His Creation and, in a dramatic break with tradition, actually find it. Mostly Harmless Arthur Dent has settled down on the small planet Lamuella and has embraced his role as a Sandwich Maker. However, his plans for a quiet life are thrown awry by the unexpected arrival of his daughter. There's nothing worse than a frustrated teenager with a copy of the Hitchhiker's Guide to the Galaxy in their hands. When she runs away, Arthur goes after her determined to save her from the horrors of the universe. After all - he's encountered most of them before . . .

#### *Ender's Game* Del Rey

The #1 New York Times–bestselling author's "hilarious . . . idiosyncratic . . . delightful" and definitive companion to a global phenomenon (Publishers Weekly). Douglas Adams's "six-part trilogy," *The Hitchhiker's Guide to the Galaxy* grew from a blip of a notion into an ever-expanding multimedia universe that amassed an unprecedented cult of followers and became an international sensation. As a young journalist, Neil Gaiman was given complete access to

Adams's life, times, gossip, unpublished outtakes, and files (and became privy to his writing process, insecurities, disillusionments, challenges, and triumphs). The resulting volume illuminates the unique, funny, dramatic, and improbable chronicle of an idea, an incredibly tall man, and a mind-boggling success story. In *Don't Panic*, Gaiman celebrates everything Hitchhiker: the original radio play, the books, comics, video and computer games, films, television series, record albums, stage musicals, one-man shows, the Great One himself, and towels. And as Douglas Adams himself attested: "It's all absolutely devastatingly true—except the bits that are lies." Updated several times in the thirty years since its original publication, *Don't Panic* is available for the first time in digital form. Part biography, part tell-all parody, part pop-culture history, part guide to a guide, *Don't Panic* "deserves as much cult success as the Hitchhiker's books themselves" (Time Out).

#### *The Time Machine* Did it Macmillan

A shocking reveal threatens to unravel Detective Superintendent Roy Grace's happy new life in *Love You Dead*, by award

winning crime author Peter James. Grace is newly married, having moved to a country cottage with Chloe and their baby son. But his first, long-missing wife, now found, has left Grace a surprise greater than he could have imagined. Yet the police need Grace at work: an escaped murderer who left a bullet in him is back and a Black Widow is leaving an international trail of corpses after – in every sense – bleeding them dry. Now, she's come to Brighton for her next rich target . . . Although the Roy Grace novels can be read in any order, *Love You Dead* is the twelve title in the bestselling series. Enjoy more of the Brighton detective's investigations with *Need You Dead* and *Dead If You Don't*. Now a major ITV series, *Grace*, starring John Simm.

*The Salmon of Doubt* Gramercy

A celebration of the meaning and comfort printed books bring to our homes and lives, from the curation and design experts at Juniper Books. Explore the significance of the home library, embellished with alluring photography and illustrations, in a keepsake worthy of any bibliophile's collection. For the Love of Books shares the vision of Juniper Books, a business that

embraces the roles that books fulfill in our lives and their staying power. It recounts the history of books and private libraries, and champions the resilience of books in the digital era. Dive into the nuances that define books for reading, books for decoration, and books for inspiration. Instructive chapters provide useful details for creating and curating one's own home library, whether it be a single shelf or multiple rooms each with their own collection. You will never look at your bookshelves the same way again. For the Love of Books is about storytelling beyond the pages of our favorite books. Our books—the ones we choose to keep—tell the story of who we are. They remind us who we once were and who we aspire to be. Thatcher Wine founded Juniper Books in 2001. The company creates custom libraries and has perfected the art of turning books inside out to allow for books to tell stories not just to us, but about us. Working with booklovers, homeowners, and designers, Juniper Books has provided the world with a fresh new approach to the printed book. Thatcher grew up in New York City where his parents owned and operated The Quilted Giraffe, one of the

most innovative restaurants in America. Thatcher graduated from Dartmouth College with a degree in history and art history and lives in Boulder, Colorado. Elizabeth Lane is the founder of Quarterlane, a quarterly subscription book service which merged with Juniper Books in 2018. She is also the book buyer for her local independent bookstore, Partners Village Store and Kitchen in Westport, Massachusetts. Prior to working in books, Elizabeth worked in contemporary visual art—in galleries, nonprofit initiatives and museums in New York, Austin, and Chicago. Elizabeth graduated from Davidson College with a degree in art history and received her masters degree from the School of the Art Institute of Chicago.

*Dirk Gently's Holistic Detective Agency* Del Rey

Contains the complete, unedited scripts from the original BBC "Hitchhiker Radio Show," as broadcast in the U.S. on National Public Radio.

**The Ultimate Hitchhiker's Guide** Simon and Schuster

Arthur Dent finds himself enlisted to prevent a galactic war. In consequence of

a number of stunning catastrophes, Arthur Dent is surprised to find himself living in a hideously miserable cave on prehistoric Earth. However, just as he thinks that things cannot get possibly worse, they suddenly do. He discovers that the Galaxy is not only mind-bogglingly big and bewildering but also that most of the things that happen in it are staggeringly unfair.

Ancient Greek Philosophers Del Rey  
And Another Thing ... will be the sixth novel in the now improbably named Hitchhiker's Guide to the Galaxy trilogy. Eight years after the death of its creator, Douglas Adams, the author's widow, Jane Belson, has given her approval for the project to be continued by the international number one bestselling children's writer, Eoin Colfer, author of the Artemis Fowl novels. Douglas Adams himself once said, 'I suspect at some point in the future I will write a sixth Hitchhiker book. Five seems to be a wrong kind of number, six is a better kind of number.' Belson said of Eoin Colfer, 'I love his books and could not think of a better person to transport Arthur, Zaphod and Marvin to pastures new.' Colfer, a fan of Hitchhiker

since his schooldays, said, 'Being given the chance to write this book is like suddenly being offered the superpower of your choice. For years I have been finishing this incredible story in my head and now I have the opportunity to do it in the real world.' Prepare to be amazed...  
*The Hitchhiker's Guide to the Galaxy*  
Ballantine Books

I am very much aware that it is an act of extreme rashness to attempt to write an elementary book about structures. Indeed it is only when the subject is stripped of its mathematics that one begins to realize how difficult it is to pin down and describe those structural concepts which are often called 'elementary'; by which I suppose we mean 'basic' or 'fundamental'. Some of the omissions and oversimplifications are intentional but no doubt some of them are due to my own brute ignorance and lack of understanding of the subject. Although this volume is more or less a sequel to *The New Science of Strong Materials* it can be read as an entirely separate book in its own right. For this reason a certain amount of repetition has been unavoidable in the earlier chapters. I have to thank a great many people for factual

information, suggestions and for stimulating and sometimes heated discussions. Among the living, my colleagues at Reading University have been generous with help, notably Professor W. D. Biggs (Professor of Building Technology), Dr Richard Chaplin, Dr Giorgio Jeronimidis, Dr Julian Vincent and Dr Henry Blyth; Professor Anthony Flew, Professor of Philosophy, made useful suggestions about the last chapter. I am also grateful to Mr John Bartlett, Consultant Neurosurgeon at the Brook Hospital. Professor T. P. Hughes of the University of the West Indies has been helpful about rockets and many other things besides. My secretary, Mrs Jean Collins, was a great help in times of trouble. Mrs Nethercot of Vogue was kind to me about dressmaking. Mr Gerald Leach and also many of the editorial staff of Penguins have exercised their accustomed patience and helpfulness. Among the dead, I owe a great deal to Dr Mark Pryor - lately of Trinity College, Cambridge - especially for discussions about biomechanics which extended over a period of nearly thirty years. Lastly, for reasons which must surely be obvious, I

owe a humble oblation to Herodotus, once a citizen of Halicamassus.

Love You Dead Macmillan

'One of the greatest achievements in comedy. A work of staggering genius' - David Walliams An international phenomenon and pop-culture classic, *The Hitchhiker's Guide to the Galaxy* has been a radio show, TV series, novel, stage play, comic book and film. Following the galactic (mis)adventures of Arthur Dent, *Hitchhiker's* in its various incarnations has captured the imaginations of curious minds around the world . . . It's an ordinary Thursday lunchtime for Arthur Dent until his house gets demolished. The Earth follows shortly afterwards to make way for a new hyperspace express route, and his best friend has just announced that he's an alien. At this moment, they're hurtling through space with nothing but their towels and an innocuous-looking book inscribed, in large friendly letters, with the words: DON'T PANIC. The weekend has only just begun . . . This 42nd Anniversary Edition includes exclusive bonus material from the Douglas Adams archives, and an introduction by former Doctor Who showrunner, Russell T

Davies. Continue Arthur Dent's intergalactic adventures in the rest of the trilogy with five parts: *The Restaurant at the End of the Universe*, *Life, the Universe and Everything*, *So Long*, and *Thanks for All the Fish*, and *Mostly Harmless*.

For the Love of Books Springer

In one complete volume, here are the five classic novels from Douglas Adams's beloved *Hitchhiker* series. Now celebrating the pivotal 42nd anniversary of *The Hitchhiker's Guide to the Galaxy*, soon to be a Hulu original series! *The Hitchhiker's Guide to the Galaxy* (Nominated as one of America's best-loved novels by PBS's *The Great American Read*) Seconds before the Earth is demolished for a galactic freeway, Arthur Dent is saved by Ford Prefect, a researcher for the revised *Guide*. Random House Value Publishing  
"A fitting eulogy to the master of wacky

words and even wackier tales . . . Salmon leaves no doubt as to Adams's lasting legacy."—Entertainment Weekly With an introduction to the introduction by Terry Jones Douglas Adams changed the face of science fiction with his cosmically comic novel *The Hitchhiker's Guide to the Galaxy* and its classic sequels. Sadly for his countless admirers, he hitched his own ride to the great beyond much too soon. Culled posthumously from Adams's fleet of beloved Macintosh computers, this

selection of essays, articles, anecdotes, and stories offers a fascinating and intimate portrait of the multifaceted artist and absurdist wordsmith. Join Adams on an excursion to climb Kilimanjaro . . . dressed in a rhino costume; peek into the private life of Genghis Khan—warrior and world-class neurotic; root for the harried author's efforts to get a Hitchhiker movie off the ground in Hollywood; thrill to the further exploits of private eye Dirk Gently

and two-headed alien Zaphod Beeblebrox. Though Douglas Adams is gone, he's left us something very special to remember him by. Without a doubt. "Worth reading and even cherishing, if only because it's the last we'll hear from the master of comic science fiction."—The Star-Ledger *The Ultimate Hitchhiker's Guide to the Galaxy* The Ultimate Hitchhiker's Guide to the Galaxy The Ultimate Hitchhiker's Guide to the GalaxyDel Rey
