The U.S. government defines invasive species as "an alien species whose introduction does or is likely to cause economic or environmental harm or harm to human health." *Invasive Species in the Pacific Northwest* describes these species, how they got here, and the effects of their invasions on the region's environment. Each of 108 invasive species of fish,

plants, invertebrates, mammals, and birds -- including earthworms, domestic cats and pigs, blackberries, European fruit flies, Japanese eelgrass, Mediterranean mussels, rats, and terrestrial mollusks -- is described in a 2-page spread that includes a full-color photograph of the species, a map showing the species' presence in the region, plus: -- Impact on communities and native species -- Control methods and management -- Life histories and species overview -- History of invasiveness Included are suggestions to help reduce the spread of invasive species; habitat preferences of Pacific Northwest invasive

species; the World Conservation Union (ICUN) list of the world's 100 most invasive alien species; and a questionnaire designed to evaluate ecological impact and invasive potential. Invasive species have been recognized as an environmental issue since Charles Darwin's voyage on the H.M.S. Beagle. Editors P. D. Boersma, S. E. Reichard, and A. N. Van Buren explore the intentional and accidental introductions of invasive species. Whether these species were deliberately brought to the Northwest for agricultural, horticultural, aquacultural, or hunting and fishing purposes, or

accidentally introduced as stowaways and contaminants, knowledge about them is integral to the protection of our environment.

You can get into the perfect school! You may think that getting an acceptance letter from selective colleges and universities is a mad dash to the top that only the very best students survive, and those who make it are just the lucky ones. Stress levels soar as it feels like the bar is rising higher and everything is out of your control. But that's not true! You can take control, and you can do it in a way that's as effective as it is empowering. From describing your extracurriculars to interviews with admission officers, it comes down to two questions: What matters most to you? How does it manifest in your life? The answers will give direction to every part of the admission process. Ethan Sawyer (the College Essay Guy), along with dozens of top admission experts, will help you stand out by showing colleges and universities how your values and your drive will change you, your alma mater, and the world.

Inside you'll find... Advice and insight from a team of counselors, advisors, and deans of admission Interactive exercises that quickly and easily provide the best content for your application Access to a massive database of online resources, including organizational tools and in-depth guides Guidance for veterans, students with learning differences, LGBTQ+ students, students interested in women's colleges or HBCUs, and more

"Mr. Barry is the funniest man in America and we should encourage him." --The New York Times Book Review THERE'S NO PLACE LIKE HOME--EXCEPT IN A SELLER'S

MARKET At long last, Dave Barry, the dean of everything, lets you in on the deepest, darkest mysteries of life and answers your hysterical home purchase questions like they've never been answered before: What's the best way to determine a realistic price range? Take your total family income, including coins that have fallen behind the bureau, and any projected future revenue you have been notified about via personalized letters from Mr. Ed McMahon stating that you may already have won 14 million dollars. Then, multiply by something other than six. Can you recommend a good mortgage? There are several kinds: Fixed Rate, Variable Rate, and the bank's secret weapons, the Party Hat Mortgage and the Mortgage of the Living Dead. How can I avoid spending money on do-it-yourself homeowner's projects? Find a contractor. Their silent motto is "We Never Show Up." The Romans lived among the ruins. You must too. Is there a secret to having a beautiful lawn? Yes and no. If you fail to feed, fertilize, and water your lawn, it will die. However, if you feed, fertilize, and water your lawn, it will die. Becoming Ottomans LSU Press

This book shows how the people of Estonia, Latvia, and Lithuania confronted a military superpower and achieved independence in the Baltic "Singing Revolution". When attacked by Soviet soldiers in public displays of violent force, singing Balts maintained faith in non-violent political action. As an inspiration to all nations, the non-violent Baltic independence movement revolutionised each country through singing and smiling. The "Singing Revolution" is indeed the essence of the Baltic way, and began in 1987 as a public revolt against Soviet restrictions on free speech and assembly. The revolutions and following elections in 1990 resulted in three separate governments and a declaration of independence from the Soviet Union. The book seeks to answer questions such as why the struggle for Baltic independence came to be called the Singing Revolution? What did they sing? And what role did singing play in the Estonian, Latvian, and Lithuanian campaigns of political mobilisation and non-violent action? Furthermore, and uniquely for this publication, it explores, in great depth, the songs that gave the revolution its name,

translating and interpreting over 110 choral, rock, and folk songs in their poetic, cultural, and historical context. *The Triggering Town: Lectures and Essays on Poetry and Writing* NYU Press A New York Times Notable Book of 2020 A Bloomberg Best Non-Fiction Book of 2020 A Behavioral Scientist Notable Book of 2020 A Human Behavior & Evolution Society Must-Read Popular Evolution Book of 2020 A bold, epic account of how the co-evolution of psychology and culture created the peculiar Western mind that has profoundly shaped the modern world. Perhaps you are WEIRD: raised in a society that is Western, Educated, Industrialized, Rich, and Democratic. If so, you're rather psychologically peculiar. Unlike much of the world today, and most people who have ever lived, WEIRD people are highly individualistic, self-obsessed, control-oriented, nonconformist, and analytical. They focus on themselves—their attributes, accomplishments, and aspirations—over their relationships and social roles. How did WEIRD populations become so psychologically distinct? What role did these psychological differences play in the industrial revolution and the

global expansion of Europe during the last few centuries? In *The WEIRDest People in the World*, Joseph Henrich draws on cutting-edge research in anthropology, psychology, economics, and evolutionary biology to explore these questions and more. He illuminates the origins and evolution of family structures, marriage, and religion, and the profound impact these cultural transformations had on human psychology. Mapping these shifts through ancient history and late antiquity, Henrich reveals that the most fundamental institutions of kinship and marriage changed dramatically under pressure from the Roman Catholic Church. It was these changes that gave rise to the WEIRD psychology that would coevolve with impersonal markets, occupational specialization, and free competition—laying the foundation for the modern world. Provocative and engaging in both its broad scope and its surprising details, *The WEIRDest People in the World* explores how culture, institutions, and psychology shape one another, and explains what this means for both our most personal sense of who we are as individuals and also the large-scale social,

political, and economic forces that drive human history. Includes black-and-white illustrations.

You've finally finished your personal statement and it's perfect! There's just one thing to consider before hitting the "send" button - will it meet the admission team's expectations? How will you know? CASPA guidelines are vague - "Write a brief statement expressing your motivation or desire to become a physician assistant." School websites aren't generally more helpful. Do they want to hear that you've dreamed of becoming a PA since you were five and loved your toy stethoscope? Are they interested in your volunteer work at a homeless shelter? Will it help that you've been a science nerd since 9th grade Biology? How should you tell your story? Should it read like a textbook, a novel or something in between? The fact is there hasn't been much guidance. Until now. Admissions directors and faculty from PA programs across the country have shared their thoughts on personal statements - what they hope to see, what they wish

they'd never see, and tips to make an essay shine. When compiling this book, we realized that access to insider information is just the first step to writing a winning personal statement. That's why we teach you everything you need to know about essay writing, from form to finesse, with step-by-step tips and examples. This is your all-in-one guide to writing the ideal personal statement for Physician Assistant programs anywhere in the country. *Departments of Instruction* Oxford University Press

Samuel Koteliansky (1880-1955) fled the pogroms of Russia in 1911 and established himself as a friend of many of Britain's literati and intellectuals, who were fascinated by his homeland's more civilized side: the Ballets Russes, Tolstoy, Dostoevsky, and Chekhov. Kot, as he was known, soon became an indispensable guide to Russian culture for England's leading writers, artists, and intellectuals, who in turn helped introduce English audiences to Russian works. A Russian Jew of Bloomsbury looks at the remarkable life and influence that an outsider had on the tightly knit circle of Britain's cultural elite. Among Koteliansky's friends were

Katherine Mansfield, Leonard and Virginia Woolf - for whose Hogarth Press he translated many Russian classics - Mark Gertler, Lady Ottoline Morrell, H.G. Wells, and Dilys Powell. But it was his close and turbulent friendship with D.H. Lawrence, with whom he had copious correspondence, that proved to be Koteliansky's lasting legacy. In a lively and vibrant narrative, Galya Diment shows how, despite Kot's determination, he could never shake off the dark aspects of his past or overcome the streak of anti-Semitism that ran through British society and could be found in many of his famous literary friends. A stirring account of the early-twentieth century, Jewish émigré life, and English and Russian letters, *A Russian Jew of Bloomsbury* casts new light - and shadows - on the giants of English modernism.

The College Buzz Book University Press of Colorado

What's up, doc? Information scientist David M. Levy wants us to look at the documents that fill our lives, and his book *Scrolling Forward* is a thoughtful reflection on their near-omnipresence. Levy has the perfect r+→sum+→ for this job--after

getting his Ph.D. in Computer Science in 1981, he took off for England to pursue the study of calligraphy and bookbinding. His love of books shows in his writing, which is rich with references and anecdotes from Walt Whitman to Woody Allen. Drawing on examples as disparate as grocery store receipts, greeting cards, identity papers, and (of course) e-mail, Levy finds the common threads binding them together and explores how and why we use them in daily life. He looks at digitization closely, considering how speed, ease of editing, and potentially perfect copying changes our traditional considerations of documentation. Though he insists that he's looking at the present, not speculating about the future, it's hard to see how to avoid looking ahead after reading *Scrolling Forward*. --Rob Lightner  
*Sexuality in China* Createspace  
 Independent Publishing Platform  
 What was sex like in China, from imperial times through the post-Mao era? The answer depends, of course, on who was having sex, where they were located in time and place, and what kind of familial, social, and political structures they participated in. This collection offers a

variety of perspectives by addressing diverse topics such as polygamy, pornography, free love, eugenics, sexology, crimes of passion, homosexuality, intersexuality, transsexuality, masculine anxiety, sex work, and HIV/AIDS. Following a loose chronological sequence, the chapters examine revealing historical moments in which human desire and power dynamics came into play. Collectively, the contributors undertake a necessary historiographic intervention by reconsidering Western categorizations and exploring Chinese understandings of sexuality and erotic orientation.  
*College Admission Essentials* W. W. Norton & Company  
 "Richard Hugo's free-swinging, go-for-it remarks on poetry and the teaching of poetry are exactly what are needed in classrooms and in the world."—James Dickey  
 Richard Hugo was that rare phenomenon of American letters—a distinguished poet who was also an inspiring teacher. The *Triggering Town* is Hugo's now-classic collection of lectures, essays, and reflections, all "directed toward helping with that silly, absurd,

maddening, futile, enormously rewarding activity: writing poems." Anyone, from the beginning poet to the mature writer to the lover of literature, will benefit greatly from Hugo's said, playful, profound insights and advice concerning the mysteries of literary creation.

Sourcebooks, Inc.

Universal Design in Higher Education looks at the design of physical and technological environments at institutions of higher education; at issues pertaining to curriculum and instruction; and at the full array of student services. Universal Design in Higher Education is a comprehensive guide for researchers and practitioners on creating fully accessible college and university programs. It is founded upon, and contributes to, theories of universal design in education that have been gaining increasingly wide attention in recent years. As greater numbers of students with disabilities attend postsecondary educational institutions, administrators have expressed increased interest in making their programs accessible to all students. This book provides both theoretical and practical

guidance for schools as they work to turn this admirable goal into a reality. It addresses a comprehensive range of topics on universal design for higher education institutions, thus making a crucial contribution to the growing body of literature on special education and universal design. This book will be of unique value to university and college administrators, and to special education researchers, practitioners, and activists.

**In the Shadow of Zion** John Wiley & Sons

In this border-hopping anthology of travel memoir and fiction, every trip is a big one, as an advance guard of adventurous writers--both seasoned names and fresh voices--scatter across the globe, face the pure euphoria and sheer anxiety of travel, and survive a lot of very fast living.

**The Brothel of Pompeii** Ballantine Books  
Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you,

they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

**College Essay Essentials** McGill-Queen's Press - MQUP

"In this collection of essays, Johnson writes of the profound connection between

Buddhism and creativity, and of the role of Eastern philosophy in the quest for a free and thoughtful life." "He looks at basic Buddhist principles and practices, demonstrating how Buddhism is both the most revolutionary and most civilized of possible human choices. He discusses fundamental Buddhist practices such as the Eightfold Path, Taming the Mind, and Sangha and illuminates their place in the American Civil Rights movement."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. [College Admission Essays For Dummies](#)

No one has failed to notice that the current generation of youth is deeply--some would say totally--involved with digital media. Professors Howard Gardner and Katie Davis name today's young people The App Generation, and in this spellbinding book they explore what it means to be "app-dependent" versus "app-enabled" and how life for this generation differs from life before the digital era. Gardner and Davis are concerned with three vital areas of adolescent life: identity, intimacy, and

imagination. Through innovative research, including interviews of young people, focus groups of those who work with them, and a unique comparison of youthful artistic productions before and after the digital revolution, the authors uncover the

drawbacks of apps: they may foreclose a sense of identity, encourage superficial relations with others, and stunt creative imagination. On the other hand, the benefits of apps are equally striking: they can promote a strong sense of identity, allow deep relationships, and stimulate

creativity. The challenge is to venture beyond the ways that apps are designed to be used, Gardner and Davis conclude, and they suggest how the power of apps can be a springboard to greater creativity and higher aspirations.
