This book is part of an effective, evidence based method to teach critical thinking and essay writing skills: Critical Thinking with Rationale. This distinctive method was developed at the University of Melbourne in the beginning of this century through 5 years of research and is used now by thousands of students worldwide. This method emphasises deliberate practice of reasoning skills by argument mapping, a technique to visualise the underlying logical structure of argumentation. Empirical evidence suggests that practice with argument mapping results in improved critical

thinking skills. Rationale - available in English, Spanish, Dutch, German - is an online program at ReasoningLab.com that enables students to structure their thinking and writing by organizing information and making argument maps (individually or simultaneously together) and export them as text. As such, Rationale is especially developed for implementing critical thinking training in classroom environments. Rationale is used all over the world in different levels of education. Individual users can develop their critical thinking skills by using the Self Study Guide out of the book in combination with Rationale. This book focuses on the basic concepts of critical thinking, as they are used in this method.

A literary tour de force from the acclaimed author of *The Blessings*-a riveting novel about one of the most urgent crises of our time. One August afternoon, as single mother Maggie Daley prepares to send her only child off to college, their world is shattered by news of a mass shooting at the local mall in rural Maine. As reports and updates about the tragedy begin to roll in, Maggie, an English professor, is further stunned to learn that the gunman had been a student of hers: Nathan Dugan was an awkward, complicated young man whose quiet presence in her classroom had faded from her memory-but not, it seems, the memories of his classmates. When a viral blog post hints at the existence of a dark, violence-tinged essay Nathan had written during Maggie's freshman comp seminar, Maggie soon finds herself at the center of a heated national controversy. Could the overlooked essay have offered critical red flags that might have warned of, or even prevented, the murders to come? As the media storm grows around her, Maggie makes a series of desperate choices that threaten to destroy not just the personal and professional lives she's worked so hard to build, but-more important-the happiness and safety of her sensitive daughter, Anna. Engrossing and provocative, combining sharp plot twists with Juska's award-winning, trademark literary sophistication, *If We Had Known* is at once an unforgettable mother-daughter journey, an exquisite portrait of a community in turmoil, and a harrowing examination of ethical and moral

responsibility in a dangerously interconnected digital world.

Gun sales skyrocket, victims are transformed into martyrs, and the rules of public mourning are ruthlessly enforced. Anna decides to wholeheartedly reject the culpability she's somehow been assigned, and the rampant sexism that comes with it, both in person and online. In a lyrical love letter to guide dogs everywhere, a blind poet shares his delightful story of how a guide dog changed his life and helped him discover a newfound appreciation for travel and independence. Stephen Kuusisto was born legally blind—but he was also raised in the 1950s and taught to deny his blindness in order to "pass" as sighted. Stephen attended public school, rode a bike, and read books pressed right up against his nose. As an adult, he

coped with his limited vision by becoming a professor in a small college town, memorizing routes for all of the places he needed to be. Then, at the age of thirty-eight, he was laid off. With no other job opportunities in his vicinity, he would have to travel to find work. This is how he found himself at Guiding Eyes, paired with a Labrador named Corky. In

this vivid and lyrical memoir, Stephen Kuusisto recounts how an incredible partnership with a guide dog changed his life and the heart-stopping, wondrous adventure that began for him in midlife. Profound and deeply moving, this is a spiritual journey, the story of discovering that life with a guide dog is both a method and a state of mind.
