Promises I Can Keep Zondervan

This study on Christian marriage is a valuable resource for anyone seeking to understand the Orthodox perspective on marriage. The author examines marriage in the Church from the contexts of Judaism and the New Testament, the early church and Roman law, sacramental life, and contemporary society. Specific issues discussed include: second marriages, "mixed" marriages, divorce, abortion, family planning and responsible parenthood, married clergy, celibacy, and the monastic life. Includes text of the Orthodox marriage service.

Ethical, Legal, and Professional Issues in the Practice of Marriage and Family Therapy Jossey-Bass

"Home is where the heart is formed" says author Devi Titus. So slow down to add beauty and value to everything you do to make your home a place of love and peace. This full color coffee table style book is both motivating to read and a mentoring curriculum to use. The HOME EXPERIENCE is a guide to understand essential life principles, an orientation to learn vital relationship skills, a

reference of timeless biblical truths, and a manual of homemaking skills. Learn. Apply. Experience. Restore the dignity and sanctity of your home.

More Perfect Unions Harper Collins

How can a therapist help his or her clients and ensure that they continue to maintain the insights and motivations learned during therapy in everyday life, beyond termination? Restoration Therapy is a professional resource that introduces the reader to the essential elements of its namesake, and from there guides clinicians to a systemic understanding of how certain forces lead to destructive cycles in relationships, which perpetuate more and more dysfunction among members. Clients and therapists both will understand issues more clearly, experience the impacts that emotion can have on insight, and practice the process so more loving and trustworthy relationships can take hold in the intergenerational family.

Marital Agreements SAGE Publications

This study provides the first rigorous estimate of the costs to U.S. taxpayer high rates of divorce and unmarried childbearing both at the national and state levels. Based on the methodology, we estimated that U.S. taxpayers were affected at least \$112 billion each and every year, or more than \$1 trillion each decade.

Understanding Marriage P & R Publishing

Growing up in a divorced family leads to a variety of difficulties for adult offspring in their own partnerships. One of the best known and most powerful is the divorce cycle, the transmission of divorce from one generation to the next. This book examines how the divorce cycle has transformed family life in contemporary America by drawing on two national data sets. Compared to people from intact families, the children of divorce are more likely to marry as teenagers, but less likely to wed overall, more likely to marry people from divorced families, more likely to dissolve second and third marriages, and less likely to marry their live-in partners. Yet some of the adverse consequences of parental divorce have abated even as divorce itself proliferated and became more socially accepted. Taken together, these findings show how parental divorce is a strong force in people's lives and society as a whole.

Making Marriage Simple Cambridge University Press

The American fixation with marriage, so prevalent in today's debates over marriage for same-sex couples, owes much of its intensity to a small group of reformers who introduced Americans to marriage counseling in the 1930s. Today, millions of couples seek help to save their marriages each year. Over the intervening decades, marriage counseling has powerfully promoted the idea that successful marriages are essential to both individuals' and the nation's well-being. Rebecca Davis reveals how couples and counselors transformed the ideal of the perfect marriage as they debated sexuality, childcare, mobility, wage earning, and autonomy, exposing both the fissures and aspirations of American society. From the economic dislocations of the Great Depression to more recent debates over government-funded "Healthy Marriage" programs, counselors have responded to the shifting needs and goals of American couples. Tensions among personal fulfillment, career aims, religious identity, and socioeconomic status have coursed through the history of marriage and explain why the stakes in the institution are so fraught for the couples involved and for the communities to which they belong. Americans care deeply about marriages—their own and other people's—because they have made enormous investments of time, money, and emotion to improve their own relationships and because they believe that their personal decisions about whom to marry or whether to divorce extend far beyond themselves. This intriguing book tells the uniquely American story of a culture gripped with the hope that, with enough effort and the right guidance, more perfect marital unions are within our reach.

Strengthening healthy marriages Routledge

What sort of contract is marriage? What does it offer the parties? What are the difficulties of enforcement, and the result of failed effective enforcement? This book takes an economic approach to marriage and divorce, considering the key role of 'incentives' in family law: it highlights the possible adverse consequences emanating from faulty legal design, while demonstrating that good family law should provide incentives for consistent and honest behavior. Economists, specialists in the economic analysis of law, and academic lawyers discuss recent advances in specialist work on marriage, cohabitation, and divorce. Chapters are grouped around four topics: the contractual perspectives on marriage commitment; the regulatory framework surrounding divorce; bargaining and commitment issues relating to marriage and near-marriage arrangements; and finally empirical work, which focuses on the impact of more liberal divorce laws. This important new study will be of considerable interest to lawyers, policy-makers and economists concerned with family law.

The Pre-marriage Course Pearson Higher Ed

This edited volume draws together a wide range of exciting developments in the study of marital interaction. A significant feature of the book is its focus, not only on conflict and negative interactions but also on the processes by which couples maintain happy and constructive relationships. The chapters review and integrate the extensive literature in this area, as well as presenting important research findings. The contributors come from the disciplines of communication, social psychology and clinical psychology, and have national and international reputations for their work in this area. The findings reflect developments in theory and methodology, and have important implications for those working to strengthen and repair marital relationships.

Understanding the Divorce Cycle Broadway Publications

Nicky and Sila Lee present the five sessions which make up ThePre-Marriage Course. Their talks are interspersed with thoughts from couples who have taken the course, as well as street interviews and marriage insights from around the world. Univ of California Press

"... describes and analyzes three types of agreements: premarital agreements, postmarital agreements, and domestic partnership agreements. A premarital agreement is a contract between prospective spouses, including same-sex couples, made in contemplation of marriage. A postmarital agreement is a contract executed by parties to an ongoing marriage and not incident to a divorce or marital separation. A domestic partnership agreement, sometimes known as a cohabitation agreement, is a contract executed by a couple whose domestic arrangements may not be state-sanctioned. However, the term also includes such an agreement executed incident to a civil union or registered domestic partnership. Generally, all of these agreements are used to define the property and support rights of the parties upon termination of the marriage or other relationship by death or dissolution. Some parties also opt to include financial obligations during the marriage or other relationship. This Portfolio does not cover separation agreements that settle property rights, spousal and child support obligations, and child custody matters incident to a separation or divorce"--Portfolio description.

Marriage Course Guest Manual Oxford University Press

The availability of practical applications, techniques, and case studies by international therapists is limited despite expansions to the fields of clinical psychology, rehabilitation, and counseling. As dialogues surrounding mental health grow, it is important to maintain therapeutic modalities that ensure the highest level of patient-centered rehabilitation and care are met across global networks. Research Anthology on Rehabilitation Practices and

Therapy is a vital reference source that examines the latest scholarly material on trends and techniques in counseling and therapy and provides innovative insights into contemporary and future issues within the field. Highlighting a range of topics such as psychotherapy, anger management, and psychodynamics, this multi-volume book is ideally designed for mental health professionals, counselors, therapists, clinical psychologists, sociologists, social workers, researchers, students, and social science academicians seeking coverage on significant advances in rehabilitation and therapy.

One Marriage Under God Oxford University Press

The authors provide a wholly new framework for understanding why poor women have lower rates of marriage and have children outside of wedlock.

The Taxpayer Costs of Divorce and Unwed Childbearing Living Smart Resources

In this book Dale Spender brings together the views of some remarkable women writers in challenging and provocative insights. The social revolution that has taken place over the last 30 years in relation to weddings and wives from biblical texts to New Age ceremonies is discussed. Contributors include Nadia Wheatley, Susan Mitchell, Kate Grenville and Kaz Cooke.

Choices in Relationships takes readers through the lifespan of relationships, marriages, and families, and utilizes research to help them make deliberate, informed choices in their interpersonal relationships. Drawing on extensive research, authors David Knox, Caroline Schacht, and I. Joyce Chang challenge students to think critically about the choice-making process, consider the consequences involved with choices, view situations in a positive light, and understand that not making a choice is a choice after all. The Fourteenth Edition features over 1000 new citations, increased emphasis and discussion of diversity and inclusion throughout each chapter, and the impact of the COVID-19 pandemic on individuals, couples, and families. The Conscious Bride's Wedding Planner Cambridge University Press

The meaning and significance of the institution of marriage has engendered angry and boisterous battles across the United States. While the efforts of lesbians and gay men to make marriage accessible to same-sex couples have seen increasing success, these initiatives have sparked a backlash as campaigns are waged to "protect" heterosexual marriage in America. Less in the public eye is government legislation that embraces the idea of marriage promotion as a necessary societal good. In this timely and extensive study of marriage politics, Melanie Heath uncovers broad cultural anxieties that fuel on-the-ground practices to reinforce a boundary of heterosexual marriage, questioning why marriage has become an issue of pervasive national preoccupation and anxiety, and explores the impact of policies that seek to reinstitutionalize heterosexual marriage in American society. From marriage workshops for the general public to relationship classes for welfare recipients to marriage education in high school classrooms, *One Marriage Under God* documents in meticulous detail the inner workings of ideologies of gender and heterosexuality in the practice of marriage promotion to fortify a concept of "one marriage," an Anglo-American ideal of Christian, heterosexual monogamy.

Civil Practice and Remedies Code Ali Goble

In addition to providing traditional wedding planner information, this unique book guides brides through the process of planning a wedding by asking the question, What is really important? Its unique workbook format encourages women to seriously examine their feelings about letting go of their single identities and entering marriage.

Marriage: Love and Life in the Divine Plan Harvard University Press

Saving Your Marriage Before It Starts Zondervan

The Smart Stepfamily Saving Your Marriage Before It Starts

Why Are Foxes on the Cover of this Premarital Guide? Because every marriage has "foxes" lurking inside it! We all have idols and selfish appetites-and, like the foxes in Solomon's vineyard, they can cause untold destruction and heartache. In fact, how seriously a couple takes their own foxes will influence whether their marriage blooms and glorifies God, or is a shallow and pale imitation of the real thing. In this workbook for both individuals and groups, biblical counselor John Henderson stimulates meaningful conversation and prayer between engaged couples. The book's interactive format provides couples with a foundation for understanding what marriage is really about, becoming a godly husband or wife, and understanding conflict and resolving it biblically. Sit down together, ask a married couple to come alongside you, and get ready to chase the foxes out of your relationship. Book jacket.
