LAYLA CONRAD

Ten Creepy Monsters Bergli

While on trial as an accomplice to a murder, 16-year-old Steve Harmon records his experiences in prison and in the courtroom in the form of a film script, as he tries to come to terms with the course his life has taken.

The Very Hungry Worry Monsters Simon and Schuster

In this whimsical follow-up to *How to Mash Monsters*, *My Mega Monsterpedia* helps kids to identify and banish even the craftiest of creatures—and have fun while doing it! Learn all about monsters, from A to Z. Monsters have always lurked in the imaginations of children. Whether it's the horrible 'Orrific hiding under the bed or the annoying Kalamateeth causing toothaches, some kids do not know where to turn! Fortunately, this handy primer identifies all the monsters and everyday villains from A to Z. Each monster has an entry that includes a description, common habits, and above all, weaknesses and ways to get rid of it! From the talented authors of the hit *How to monster* series, this encyclopedia is an inventive, funny, and offbeat way to get to know all the monsters, giving kids the tools they need to conquer their fears through familiarity. (And if that does not work, they can always beat the monsters with the book itself.)

Willie Simon and Schuster

"A wild roar of a novel . . . Writing about music is tricky. Ninety-nine percent of the time hearing the actual song or going to the actual concert is far more revealing than any paragraph describing it. But Jackson pulls off this near-impossible feat, pulling the reader past the velvet ropes into the black-box theaters and sweaty, sticky-floored stadiums." —Marisha Pessl, *The New York Times Book Review*

An epidemic of violence is sweeping the country: musicians are being murdered onstage in the middle of their sets by members of their audience. Are these random copycat killings, or is something more sinister at work? Has music itself become corrupted in a culture where everything is available, everybody is a "creative," and attention spans have dwindled to nothing? With its cast of ambitious bands, yearning fans, and enigmatic killers, *Destroy All Monsters* tells a haunted and romantic story of overdue endings and unlikely beginnings that will resonate with anybody who's ever loved rock and roll. Like a classic vinyl single, *Destroy All Monsters* has two sides, which can be read in either order. At the heart of Side A, "My Dark Ages," is Xenie, a young woman who is repulsed by the violence of the epidemic but who still finds herself drawn deeper into the mystery. Side B, "Kill City," follows an alternate history, featuring familiar characters in surprising roles, and burrows deeper into the methods and motivations of the murderers. "At some point, I began to think of it as an ancient folk tale. It's fine work, with a kind of scattered narrative set within a tight frame. Fast-moving throughout—fragile characters who suggest a bleak inner world made in their own collective image." —Don DeLillo

"*Destroy All Monsters* has a distinct pulse—a kind of heartbeat—that comes out of the rhythm of the prose, the inventiveness of the form, and the willingness of Jeff Jackson to engage the mysterious alchemy of violence, performance, and authenticity. This accomplished, uncanny novel is simultaneously seductive and unsettling." ?—Dana Spiotta, author of *Innocents and Others* and *Eat the Document*

"Surges with new-century anxiety and paranoia . . . A clear-eyed, stone-cold vision of what's to come." —Ben Marcus

"Jeff Jackson is one of contemporary American fiction's most sterling and gifted new masters. *Destroy All Monsters* . . . is a wonder to behold." —Dennis Cooper

Yay, Zombies! FSG Originals

An incompetent wizard turned my girlfriend into a frog, and that's just the beginning. The name's Jack and I hunt monsters for a living. I've been doing this for a while, but my associate is new. Dormuris is an elf I rescued from a troll, and he's a wizard. Sort of. He's not the best with magic, and he accidentally turned my girlfriend into a frog. In order to reverse the spell, we have to seek out a

real wizard. The guy who offers to help is an oddball, but so long as he can turn my girlfriend back into a human, I can deal with it. He wants a golden egg and a unicorn. Say what now? I thought my life as a monster hunter was chaos, but I was about to see just how crazy things could get. Minotaurs, goblins, a singing sword ... yeah, you read that right. If we don't get the items the wizard needs quickly enough, my girlfriend will end up being a frog permanently. And that wouldn't be good for anyone, especially me. Your little one can press 6 sound buttons to hear bath time themed songs and sing along to the lyrics printed in the book. They can also participate in activities designed to get little readers involved in the action on each page.

My Mega Monsterpedia HarperCollins

An inspiring memoir that shows that anyone can achieve their dreams if they are willing to fight for them. In 1958, Willie O'Ree was a lot like any other player toiling in the minors. He was good. Good enough to have been signed by the Boston Bruins. Just not quite good enough to play in the NHL. Until January 18 of that year. O'Ree was finally called up, and when he stepped out onto the ice against the Montreal Canadiens, not only did he fulfil the childhood dream he shared with so many other Canadian kids, he did something that had never been done before. He broke hockey's colour barrier. Just as his hero, Jackie Robinson, had done for baseball. In that pioneering first NHL game, O'Ree proved that no one could stop him from being a hockey player. But he soon learned that he could never be just a hockey player. He would always be a black player, with all that entails. There were ugly name-calling and stick-swinging incidents, and nights when the Bruins had to be escorted to their bus by the police. But O'Ree never backed down. When he retired in 1979, he had played hundreds of games as a pro, and scored hundreds of goals, his boyhood dreams more than accomplished. In 2018, O'Ree was inducted into the Hockey Hall of Fame in recognition not only of that legacy, but of the way he has built on it in the decades since. He has been, for twenty years now, an NHL Executive and has helped the NHL Diversity program expose more than 40,000 boys and girls of diverse backgrounds to unique hockey experiences. Inspiring, frank, and shot through with the kind of understated courage and decency required to change the world, Willie is a story for anyone willing to persevere for a dream.

Monsters Insight Kids

Switzerland is a monstrous place! Will the terrifying Tatzelwurm eat your pigs and dogs? Can fearless Hannah defeat the dismembered ghost that guards the Aargau treasure? And will Basel's kids be turned to stone? In eight stories and 36 fact-filled pages, Switzerland's monsters come to life, accompanying readers on a tour of topics that range from how to dig a tunnel through the

mountains to what makes Swiss chocolate unique. Age 4 and up.

Monsters: An Investigator's Guide to Magical Beings takes you on a harrowing journey into the realm of monsters and the reality of the impossible. Bringing together folklore, Western magical philosophy and field experience, this book is required reading for both active and armchair monster hunters. Between these covers you will find a chilling collection of fiendish facts and folklore such as why true vampires are the least attractive, five different kinds of ghosts, the magical origins of the werewolf legends, hidden connections between faery lore and UFOs, and where dragons are found today. This is an essential field guide to monsters from angels to zombies with advice on monster investigation and magical self-defence. This latest edition not only has a new chapter on tulpas, but the chapters on vampires and chimeras are significantly expanded with new material. Plus, the section on monster investigation has been thoroughly updated with details on new technology and the approach of the media to monster hunting.

[Conscious Dreaming](#) Restless Books

One sassy pyromaniac thief, three sexy-as-sin monsters, and a paranormal conspiracy of epic proportions. It was an ordinary job. Another night, another asshole collector of the supernatural. I free some poor little beasties from their cages, pocket a few trinkets to pay my bills, and burn the place down on my way out. Just call me the Robin Hood of monster emancipation. I didn't count on three manly monsters following me home like lost puppies. Stunningly hot lost puppies, but still. Now I've got a seductively cheeky incubus, a sweetly enthusiastic demon, and a grimly stoic angel camped out in my kitchen. They're determined to repay me for my help, and they won't get out of my apartment until they're satisfied we're even. To be fair, they've got no place else to go. A covert band of hunters captured their boss, and the trail is ice-cold. I'll lend a hand if it means I can send them packing... and when it looks like we're up against the same creeps who murdered the person I loved most, you'd better believe I'm all in. Track down the baddies. Steal back the boss. Don't get killed along the way. Oh, and maybe hook up with a monstrous hottie or two. Piece of cake. I'm so going to regret this. *Shadow Thief is the first book in a new urban fantasy series from bestselling author Eva Chase. If you love kickass heroines with sass to spare, drool-worthy monsters who have their own sense of morality, and steamy romances where there'll be no choosing required, dive in now!*

The Monsters on the Broom Perfection Learning

...Offers a fully illustrated array of new creatures such as the boneclaw, eldritch giant, and web golem. It also includes advanced versions of some monsters

Create your own singing monster in this fun-filled activity and sticker book! Fans will complete the activities, create sticker scenes, design their own island, and follow the steps to create their very own Mammott hand puppet and papier-mache breeding structure!

The Rise of Monsters Alice James Books

Tildy knew there were monsters. They sailed in from outside and hid behind the curtains. Moonlight brought them in. Tildy hated moonlight. Mum and Dad said there were no such things. Her aunt and

uncle couldn't see them, and when Tildy wrote to her twenty-three cousins about monsters, only one wrote back saying she shouldn't eat spicy food before bedtime. Then a new boy came to school.

Hendrik drew pages and pages of monsters when the class was writing numbers. He had a way of dealing with his monsters. When Tildy dares to stay over at Hendrik's house, she panics when the moon rises... but together they make the night safe, and Tildy can watch the moon sail through the starry sky.

Flashlight Press

Design an island, construct a Mammott hand puppet, create a paper mache breeding structure, and design, draw, and colour your very own Monster in this fun-filled activity book based on the wildly popular app! Includes over seventy stickers.

My Singing Monsters - Design Your Own Monster Egmont UK Limited

Inheritance is a black sensorium, a chapel of color and sound that speaks to spaciousness, surveillance, identity, desire, and transcendence. Influenced by everyday moments of Washington, DC living, the poems live outside of the outside and beyond the language of categorical difference, inviting anyone listening to listen a bit closer. Inheritance is about the self's struggle with definition and assumption.

My Singing Monsters Search and Find Carolrhoda Lab ®

A darkly romantic gender-swapped modern retelling of The Phantom of the Opera, with a scarred Muse girl, a rock-star boy, and a singing competition. For fans of The Wicked Deep (Ernshaw), Wintersong (S. Jae-Jones), American Idol, or The Voice. Mel must share her creative magic or be driven mad by it. But finding her first protégé isn't as easy for her as it is for most Lianhan Sídhe (muses of Celtic myth). Though the women of her race are naturally beautiful, she carries horrifying scars across one side of her face, inflicted by her mother's obsessive boyfriend. And Mel isn't only interested in pouring her creative energy into a man; she wants to use her musical genius herself, too. But the laws of the Lianhan Sídhe, and her own savage appearance, stand in the way of her ever singing onstage. To relieve the painful pressure of her magic, Mel latches onto Kiyoji, a boy with a beautiful voice, and coaches him through a televised singing competition. But neither of them are prepared for the power of their connection, or for the new kind of magic that happens when the two of them sing together. Fans of Holly Black's contemporary fantasy books (Tithe, Valiant) or Brigid Kemmerer's A Curse So Dark and Lonely will enjoy this dark, offbeat retelling with a hint of cyberpunk and a dose of Celtic mythology. The novel celebrates a broad range of music from various decades.

Amigurumi Monsters Magic Unleashed

Ten creepy monsters met 'neath a gnarled pine. One blew away, And then there were nine. And so the countdown begins . . . A mummy, a witch, a ghost, a werewolf, a vampire, and others all gather, but one by one their crowd diminishes. At last there is only one creepy monster left. But what kind of monster is it? Squeals of laughter are sure to accompany the reading of this book from bestselling illustrator Carey F. Armstrong-Ellis, as 10 creepy monsters set out for fun. Praise for Ten Creepy Monsters "Armstrong-Ellis injects just the right amount of humor into her portrayals of the ghoulish bunch, keeping the tone appropriately light." —Kirkus Reviews "Generously detailed acrylics provide a touch of nefarious charm, while a tender surprise ending should gratify trick-or-treaters." —Publishers Weekly "Fun for Halloween or for counting anytime." —School Library Journal "Armstrong-Ellis' textured images, full of spooky spirit and clever detail, add to the fun. A happy Halloween outing." —Booklist "With rich language and a delightfully dark nighttime palette, this pleasing rhyme begs to be acted out or performed with puppets. The illustrations are appropriately ghoulish." —BookPage "A perfect Halloween read-aloud but a great way to relieve malaise on any day, this picture book also helps young readers learn to count as the monsters fall by the wayside in gruesome fashion." —Reading Today Online "Author/artist Carey F. Armstrong-Ellis clearly had fun crafting this silly, lighthearted Halloween tale of monsters who disappear..." —The Seattle Times "Carey F. Armstrong-Ellis delivers a delightful rhyming lesson in subtraction." —USA Today
