The Lifestyle Business Owner AuthorHouse

This book helps readers discover what money is, and how to have more of it by doing what they love with people they love. People have unknowingly been programmed with a series of fear-based beliefs that greatly influence how they see the world, and therefore what they can achieve. This world view is a paradigm - a rulebook hidden in the subconscious mind that compels all decisions without ever questioning why. Humanity is programmed to think with scarcity beliefs - which will always produce scarcity results. The Prosperity Paradigm teaches how to understand and unlock the metaphysics of money. It also gives people a practical process of earning, saving and investing that provides prosperity with certainty and intention without relying on luck.

If you own a business with one to 30 employees, or are thinking of being in business, you're uncomfortable with money talk, and just want to do what you are passionate about, this book is for you. Profit is critical or you have a hobby. Profit is fundamental or you created a job for yourself and might earn more working for someone else. But, if you are serious about having a business for years to come, you would do yourself a great disservice by not reading this book. The information in this book is unavailable anywhere else. Not in business schools. Not learned on the job. Not passed down

from others. It was gleaned from over a half century of working with global corporations. No one company provided all the material. Executives from seventy-two global companies went the distance to help Mike Wolf prove the outcome of Kanketa.

Today, almost 70% of Americans own their own homes. And for good reason. As a homeowner, you're benefiting from the equity in your real estate. But wouldn't it be great if you could benefit from the equity in your Retail Estate, that is, the products and services in your household that you purchased from retail stores? This book will show you how you can profit from the household essentials that everyone buys and uses on a regular basis. If you're interested in making money

instead of spending money on products and services you have to buy anyway, then read this book.

Together they reveal how to become unshakeable--someone who can not only maintain true peace of mind in a world of immense uncertainty, economic volatility, and unprecedented change, but who can profit from the fear that immobilizes so many. In these pages, through plain English and inspiring stories, you'll discover... - How to put together a simple, actionable plan that can deliver true financial freedom. - Strategies from the world's top investors on how to protect yourself and your family and maximize profit from the inevitable crashes and corrections to come. - How a few simple steps can add a decade or more of additional retirement income by discovering what your 401(k) provider doesn't want you to know. - The core four principles that most of the world's greatest financial minds utilize so that you can maximize upside and minimize downside. - The fastest way to put money back in your pocket: uncover the hidden fees and half truths of Wall Street--how the biggest firms keep you overpaying for underperformance. - Master the mindset of true wealth and experience the fulfillment you deserve today.

Winding Road to Freedom Micro Publishing Media

Will becoming a Millionaire really set you free? How about the American Dream? If we, as a nation, declare freedom to be our number one priority, then why do so many of us, at a gut-level, feel less freedom than ever? Americans are working harder than ever to obtain financial success and material possessions based on the delusion that more will lead to a better life. The typical American is trading away the vast majority of their life in hopes that, someday, they will have enough to experience 'the good life.' Meanwhile, this tradeoff is the very thing that is robbing them of their freedom and the ability to enjoy an abundant life... right now. So, where do we find freedom? What should we pursue? In *Lifeonaire: An Uncommon Approach to Wealth, Success, and Prosperity*, Steve Cook answers these questions by challenging us to consider what it is that we really desire out of life. Through this fictional story, he shares how Americans blindly pursue financial wealth--thinking that money will reward them with what they want--and helping us to discover that our heart's desire is to become more than just a Millionaire... what we really desire is to become a Lifeonaire.

Trade Your Way to Financial Freedom Morgan James Publishing

What does financial freedom mean to you? Not having to work? Being able to afford life's luxuries without worrying about the cost? Financial security? Perhaps supporting the needy or disadvantaged? Well, if you believe and follow the conventional approach to investing then forget it! It's unlikely you'll ever be financially free because the way most people approach investing results in seven out of ten retirees ending up needing the age pension - a mere 25% of average weekly earnings - to survive. You need a different approach, and in this book expert property investor Steve McKnight reveals how to start from scratch in today's property market. Inside you'll discover: Steve's exciting new two-part system for retiring richer, and sooner Which properties make the best growth and income investments What strategies are best for you, and why How to buy more properties without working harder in your job And much, much more
