Plant-Powered for Life: FREE Sneak Preview Hay House, Inc The blogger behind the Saveur award-winning blog The First Mess shares her eagerly anticipated debut cookbook, featuring more than 125 beautifully prepared seasonal whole-food recipes. Home cooks head to The First Mess for Laura Wright's simple-to-prepare seasonal vegan recipes but stay for her beautiful photographs and enchanting storytelling. In her debut cookbook, Wright presents a visually stunning collection of heirloom-quality recipes highlighting the beauty of the seasons. Her 125 produce-forward recipes showcase the best each season has to offer and, as a whole, demonstrate that plant-based wellness is both accessible and delicious. Wright grew up working at her family's local food market and vegetable patch in southern Ontario, where fully stocked root cellars in the winter and armfuls of fresh produce in the spring and summer were the norm. After attending culinary school and working for one of Canada's original local food chefs, she launched The First Mess at the urging of her friends in order to share the delicious, no-fuss, healthy, seasonal meals she grew

up eating, and she quickly attracted a large, international following. The First Mess Cookbook is filled with more of the exquisitely prepared whole-food recipes and Wright's signature transporting, magical photography. With recipes for every meal of the day, such as Fluffy Whole Grain Pancakes, Romanesco Confetti Salad with Meyer Lemon Dressing, Roasted Eggplant and Olive Bolognese, and desserts such as Earl Grey and Vanilla Bean Tiramisu, The First Mess Cookbook is a must-have for any home cook looking to prepare nourishing plant-based meals with the best the seasons have to offer.

Kitchen Matters Penguin

In this "provocative and persuasive work," the health advocate reveals the dirty economics of meat—an industry that's eating into your wallet (Publishers Weekly). Few Americans are aware of the economic system that supports our country's supply of

animal foods. Yet these forces affect us in a number of ways—none of them good. Though we only pay a few dollars per pound of meat at the grocery store, we pay far more in tax-funded government subsidies—\$38 billion more, to be exact. And subsidies are just one layer of meat's hidden cost. But in *Meatonomics*, lawyer and sustainability advocate David Robinson Simon offers a path toward lasting solutions. Animal food producers maintain market dominance with artificially low prices, misleading PR, and an outsized influence over legislation. But counteracting these manipulations is easy—with the economic sanity of plant-based foods. In *Meatonomics*, Simon demonstrates: How government-funded marketing influences what we think of as healthy eating How much of our money is spent to prop up the meat industry How we can change our habits and our country for the better "Spectacularly important." —John Robbins, author of *The Food Revolution* "[A] well-researched, passionately written book." —Publishers Weekly ***Black Girl Baking*** Ten Speed Press

At long last, Sarah Britton, called the "queen bee of the health blogs" by *Bon Appétit*, reveals 100 gorgeous, all-new plant-based recipes in her debut cookbook, inspired by her wildly popular blog. Every month, half a million readers—vegetarians, vegans, paleo followers, and gluten-free gourmets alike—flock to Sarah's adaptable and accessible recipes that make powerfully healthy ingredients simply irresistible. *My New Roots* is the ultimate guide to revitalizing one's health and palate, one delicious recipe at a time: no fad diets or gimmicks here. Whether readers are newcomers to natural foods or are already devotees, they will discover how easy it is to eat healthfully and happily when whole foods and plants are at the center of every plate.

This dream is, in fact, reality, and New York Times best-selling author Joy Bauer is here to prove it. In *From Junk Food to Joy Food*, Bauer lays out the secrets to transforming everyone's favorite comfort foods into healthier versions of themselves—just like she does in her popular segment on the TODAY show. With a few simple tweaks, readers can create sumptuous dishes with the flavors and textures they crave but without the negative side effects. Instead of making them feel tired and weighed down, these foods will help readers lose weight, alleviate arthritis pain, boost energy, enhance heart health, normalize blood pressure, minimize wrinkles, and so much more. Packed with more than 100 recipes and stunning four-color before-and-after food photography, this book presents some of the most delicious (and typically fattening!) meals, snacks, desserts and drinks—but with a healthy twist. So get set to gobble down Chicken Parmesan for dinner and top it off with Boston Cream Pie, and still drop two dress sizes in a few weeks. It's all possible when you turn your favorite junk food into Joy food.
