### **Betrayal: Obama's Corrupt Legacy of Lies, Deceit, Guns and Murder** HarperCollins

\*A New York Times Bestseller\* An important overview of the way our justice system works, and why the rule of law is essential to our survival as a society—from the one-time federal prosecutor for the Southern District of New York, and host of the Doing Justice podcast. Preet Bharara has spent much of his life examining our legal system, pushing to make it better, and prosecuting those looking to subvert it. Bharara believes in our system and knows it must be protected, but to do so, he argues, we must also acknowledge and allow for flaws both in our justice system and in human nature. Bharara uses the many illustrative anecdotes and case histories from his storied, formidable career—the successes as well as the failures—to shed light on the realities of the legal system and the consequences of taking action. Inspiring and inspiringly written, *Doing Justice* gives us hope that rational and objective fact-based thinking, combined with compassion, can help us achieve truth and justice in our daily lives. Sometimes poignant and sometimes controversial, Bharara's expose is a thought-provoking, entertaining book about the need to find the humanity in our legal system as well as in our society.

#### The FBI Way Legacy Lit

NATIONAL BESTSELLER The FBI's former head of counterintelligence reveals the seven secrets of building and maintaining organizational excellence "A must read for serious leaders at every level." —General Barry R. McCaffrey (Ret.) Frank Figliuzzi was the "Keeper of the Code," appointed the FBI's Chief Inspector by then-Director Robert Mueller. Charged with overseeing sensitive internal inquiries and performance audits, he ensured each employee met the Bureau's exacting standards. Now, drawing on his distinguished career, Figliuzzi reveals how the Bureau achieves its extraordinary track record of excellence—from the training of new recruits in "The FBI Way" to the Bureau's rigorous maintenance of its standards up and down

the organization. All good codes of conduct have one common trait: they reflect the core values of an organization. Individuals, companies, schools, teams, or any group seeking to codify their rules to live by must first establish core values. Figliuzzi has condensed the Bureau's process of preserving and protecting its values into what he calls "The Seven C's". If you can adapt the concepts of Code, Conservancy, Clarity, Consequences, Compassion, Credibility, and Consistency, you can instill and preserve your values against all threats, internal and external. This is how the FBI does it. Figliuzzi's role in the FBI gave him a unique opportunity to study patterns of conduct among high-achieving, ethical individuals and draw conclusions about why, when and how good people sometimes do bad things. Unafraid to identify FBI execs who erred, he cites them as the exceptions that prove the rule. Part pulse-pounding memoir, part practical playbook for excellence, *The FBI Way* shows readers how to apply the lessons he's learned to their own lives: in business, management, and personal development.

Riveting Revelations and Analysis About Obama's Eight Year Scandal - Fast and Furious Obama Provided the Mexican drug cartels with thousands of assault weapons that have killed hundreds of United States and Mexican citizens! THIS IS GUN CONTROL? Legal Analysis of the Crimes and Obstruction of Justice by Top Obama Administration Officials Eric Holder and the Obama Administration obstructed the Congressional oversight investigations for six years. Holder was the first Cabinet Official in history to be held in civil and criminal contempt of the United States Congress. There were no consequences! Obama refused to appoint a special counsel and disciplined none of the perpetrators of these crimes. THIS IS TRANSPARENCY AND ACCOUNTABILITY? Personal Accounts by One Patriotic Gun Store Owner Victimized by DOJ and ATF Andre Howard was intimidated, lied to and deceived by the FBI and ATF to get him to cooperate in an Obama scheme that betrayed Mexico, the thousands of patriots who loyally serve in the FBI and ATF every day, and the American people. THIS IS BETRAYAL! Insights into the Post Obama Deep State Attacks on The Rule of Law and the Election of the President of the United States Hillary Clinton, Robert Mueller, Eric

Holder, Bruce Orr, John Brennan, Peter Strzok, and dozens of top Obama Officials had their fingerprints on the disgraceful obstruction of Congress, the continuing refusal to provide Fast and Furious documents to the American public, and the future murders of innocent people with Fast and Furious weapons. Roadmap to Understanding the Current Attempts to Breakdown American Democracy Americans want, demand, and deserve: -Adherence to the Rule of Law -Equal Justice Under the Law -Transparency into our Government -Accountability of Government Officials -Honesty in Politics -Political Representation that Protects the Security of American Citizens -Leaders That Uphold the Constitution The eight years of Fast and Furious and the Obstruction of Congress by the Obama administration not only failed to provide any of these, they undermined these principles and left a LEGACY OF BETRAYAL

*Report on the Activities of the Committee on Finance of the United States Senate During the ... Congress Pursuant to Rule XXVI of the Standing Rules of the United States Senate* Random House

The months between the presidential election of 2016 and the summer of 2019 have been a wild ride, from the unexpected (and for many traumatic) results of the election to growing recognition of how profoundly the Trump presidency has changed our lives, from discoveries of corruption and foreign influence on our democratic institutions to fresh assaults on reproductive rights, the Brett Kavanaugh hearings and the #MeToo movement, Robert Mueller's long-awaited report and its aftermath, and the beginnings of the 2020 primary contest. Follow cultural historian and media critic Susan Bordo through those events as they happened, in a book whose format is uniquely designed to capture their immediacy. Notable pieces include "Reflections on Trump's Inauguration," inspired by an exchange of looks between Michelle Obama and Hillary Clinton; "To the Core" recalls both the Anita Hill hearings and Bordo's own experience with sexual harassment in the context of #MeToo; "Please Mr. Prosecutor Mueller" is a personal plea as well as an argument about the power of television; "My MSNBC Interview" finds the author perched on a high stool in a local TV studio, talking about her just-published book on the election, finding out what it feels like to be

misunderstood on national television; "Imagine Bernie Sanders as a Woman" confronts the double-standards and double-binds faced not only by female politicians but by all women who are seen as "leaning in" too much, while "Two Elizabeths" explores how the Tudor queen and the presidential contender negotiate those challenges in their differing historical contexts. Combining full-length published pieces with spontaneous, unfiltered, never-before published posts, in a voice that is bracingly honest as well as critically penetrating, this collection goes beyond journalistic conventions to reveal the ways in which the political is indeed the personal.

#### Network Propaganda Simon and Schuster

Based on access to never-before-seen task forces and FBI bases from Budapest, Hungary, to Quantico, Virginia, this book profiles the visionary agents who risked their lives to bring down criminals and terrorists both here in the U.S. and thousands of miles away long before the rest of the country was paying attention to terrorism. Given unprecedented access, thousands of pages of once secret documents, and hundreds of interviews, Garrett M. Graff takes us inside the FBI and its attempt to protect America from the Munich Olympics in 1972 to the attempted Times Square bombing in 2010. It also tells the inside story of the FBI's behind-the-scenes fights with the CIA, the Department of Justice, and five White Houses over how to combat terrorism, balance civil liberties, and preserve security. The book also offers a never-before-seen intimate look at FBI Director Robert Mueller, the only U.S. national security leader still in office from 9/11, and the most important director since Hoover himself. Covering more than 30 years of history and coming right up until the present day of the Obama administration's response to terrorist attacks like that on Christmas Day 2009 in Detroit, the book explores the transformation of the FBI from a domestic law enforcement agency, handling bank robberies and local crimes, into an international intelligence agency--with more than 500 agents operating in more than 60 countries overseas today--fighting extremist terrorism, cyber crimes, and, for the first time, American suicide bombers. Brilliantly reported and suspensefully told, *The Threat Matrix* peers into the darkest corners of this secret war and will change your view of the FBI forever.

**\*\*\*NEW YORK TIMES BESTSELLER\*\*\*** An Explosive, Revelatory Assessment of the Greatest Betrayal in American History, Newly Revised and Updated William Barr · Paul Manafort · Michael Cohen · Steve Bannon · Rudy Giuliani · Mitch McConnell · Roger Stone · George Papadopoulos · Jeff Sessions · And More! "Impressive... a persuasive whodunit narrative." -Washington Post In *The Plot to Betray America*, New York Times bestselling author and renowned intelligence expert Malcolm Nance reveals exactly how President Trump and his inner circle conspired, coordinated, communicated, and eventually strategized to commit the greatest acts of treachery in the history of the United States: compromising the presidential oath of office in exchange for power and personal enrichment. Seduced by the promises of riches dangled in front of them by Vladimir Putin, the Trump administration eagerly decided to reap the rewards of the plan to put a Kremlin-friendly crony in the Oval Office. Even after his impeachment, Trump continues to defend Putin and jeopardize American intelligence. And instead of interfering, Trump's powerful Republican allies have done everything they can to facilitate Trump's irreparable damage to national security. Through in-depth research and interviews with intelligence experts and insiders, Nance charts Trump's deep financial ties to Russia through his family's investments-including those of Donald Trump Jr., Ivanka Trump, and Jared Kushner-and exposes the corrupt behavior of Trump's other double-crossing pro-Moscow associates. In doing so, Nance also draws a portrait of a venal and selfish president, one who willingly sells American national security to dictators, strongmen, and the ultra-rich at the expense, and sometimes the lives, of American citizens. In this newly revised and updated edition, *The Plot to Betray America* ultimately sketches the blueprint of the Trump administration's conspiracy against our country-and shows us how we can still fight to defend democracy, protect our national security, and save the Constitution.

Designed to assist federal prosecutors and investigative agents in the preparation of federal electronic surveillance applications made pursuant to 18 U.S.C. 2510-2521 (Title III).

#### *Confirmation Hearing on the Nomination of Robert S. Mueller, III to Be Director of the Federal Bureau of Investigation* National Geographic Books

The ongoing Special Counsel investigation (also referred to as the Mueller Probe or Mueller Investigation) is a United States law enforcement and counterintelligence investigation of the Russian government's efforts to interfere in the 2016 presidential election. This investigation includes any possible links or coordination between Donald Trump's presidential campaign and the Russian government, "and any matters that arose or may arise directly from the investigation." The scope of the investigation reportedly includes potential obstruction of justice by Trump and others. The investigation, since it began on May 17, 2017, has been conducted by the United States Department of Justice Special Counsel's Office, headed by Robert Mueller, a Republican and former Director of the Federal Bureau of Investigation (FBI). This book chronicles the legal actions Mueller has taken against Trump's associates in the 2016 Presidential Elections.

#### **Airport Rules and Regulations** Independently Published

An abridged version of the Mueller Report intended for those who don't have the time to read the nearly 500-page full report. This version, which is a fourth of the length, focuses on the question of whether President Donald Trump obstructed justice in his efforts to impede and discredit the Special Counsel's investigation into Russian meddling in the 2016 presidential election and whether the Trump Campaign colluded with the Russians to tip the election in Trump's favor. The abridgment uses the exact words of the Mueller Report to tell the investigative story of Michael Flynn's connections to the Russians, Trump's firing of FBI director James Comey, Trump's attempt to get Attorney General Jeff Sessions to unrecuse himself and then firing him when he refused, Trump's effort to fire the Special Counsel and to get White House Counsel Don McGahn to publicly deny that such an effort was made, Trump's attempt to prevent disclosure of the emails relating to the June 2016 Trump Tower meeting between Russians and senior officials of the Trump campaign, Michael Cohen's exchanges

during the 2016 campaign with Russians about building a Trump Tower in Moscow and Trump's repeated statement during the campaign that he had no business dealings with the Russians, Trump's response to Paul Manafort's indictment and conviction, and more. The abridged version includes an introduction by Thomas E. Patterson, who is the Bradlee Professor of Government & the Press at Harvard University's Kennedy School of Government. The introduction explains why it is important for Americans to read the Mueller Report and describes the rules that guided the abridgment of the full Mueller Report. The introduction does not offer a conclusion on the obstruction-of-justice issue but instead places that judgment in the hands of the reader.

This one-of-a-kind guide provides a crash course in the laws governing the President of the United States. In an engaging and accessible style, two law professors explain the principles that inform everything from President Washington's disagreements with Congress to President Trump's struggles with the courts, and more. Timely and to the point, this guide provides the essential information every informed civic participant needs to know about the laws that govern the president and what those laws mean for those who want to make their voices heard.

**The Plot to Betray America** Oxford University Press

Instant New York Times Bestseller "Important and stunning. This is must-read material if you want to understand what the Trump administration is still up to right now." --Lawrence O'Donnell  
There are questions that the Mueller report couldn't—or wouldn't—answer. What actually happened to instigate the Russia investigation? Did President Trump's meddling incriminate him? There's no mystery to what Trump thinks. He claims that the Deep State, a cabal of career bureaucrats—among them, Andrew McCabe, Lisa Page, and Peter Strzok, previously little known figures within the FBI whom he has obsessively and publically reviled—is concerned only with protecting its own power and undermining the democratic process. Conversely, James Comey has defended the FBI as incorruptible apolitical public servants who work tirelessly to uphold the rule of law. For the first time, bestselling author James B. Stewart sifts these conflicting accounts to present a clear-eyed view of what exactly happened inside the FBI in the lead-up to the 2016 election, drawing on

scores of interviews with key FBI, Department of Justice, and White House officials and voluminous transcripts, notes, and internal reports. In full detail, this is the dramatic saga of the FBI's simultaneous investigations of both Hillary Clinton and Donald Trump—the first time in American history the FBI has been thrust into the middle of both parties' campaigns for the presidency. Stewart shows what exactly was set in motion when Trump fired Comey, triggering the appointment of Robert Mueller as an independent special counsel and causing the FBI to open a formal investigation into the president himself. And how this unprecedented event joined in ongoing combat two vital institutions of American democracy: the presidency and the Federal Bureau of Investigation. At stake in this epic battle is the rule of law itself, the foundation of the U.S. Constitution. There is no room for compromise, but plenty for collateral damage. The reputations of both sides have already been harmed, perhaps irrevocably, and at great cost to American democracy. Deep State goes beyond the limits of the legally constrained Mueller report, showing how the president's obsession with the idea of a conspiracy against him is still upending lives and sending shockwaves through both the FBI and the Department of Justice. In this world-historical struggle—Trump versus intelligence agencies—Stewart shows us in rare style what's real and what matters now. And for the looming 2020 election.

*National Security Investigations & Prosecutions 3d* HarperCollins  
Many legal theorists maintain that laws are effective because we internalize them, obeying even when not compelled to do so. In a comprehensive reassessment of the role of force in law, Frederick Schauer disagrees, demonstrating that coercion, more than internalized thinking and behaving, distinguishes law from society's other rules. Reinvigorating ideas from Jeremy Bentham and John Austin, and drawing on empirical research as well as philosophical analysis, Schauer presents an account of legal compliance based on sanction and compulsion, showing that law's effectiveness depends fundamentally on its coercive potential. Law, in short, is about telling people what to do and threatening them with bad consequences if they fail to comply. Although people may sometimes obey the law out of deference to legal authority rather than fear of sanctions, Schauer challenges the assumption that legal coercion is marginal in society. Force is more pervasive than the state's efforts to control a minority of

disobedient citizens. When people believe that what they should do differs from what the law commands, compliance is less common than assumed, and the necessity of coercion becomes apparent. Challenging prevailing modes of jurisprudential inquiry, Schauer makes clear that the question of legal force has sociological, psychological, political, and economic dimensions that transcend purely conceptual concerns. Grappling with the legal system's dependence on force helps us understand what law is, how it operates, and how it helps organize society.

**It's Robert Mueller Time** Bullying Bosses Pub

The author of the #1 New York Times bestseller *The Russia Hoax* picks up where that book ended with this hard-hitting, well-reasoned examination of the latest findings about "collusion" between the Trump Administration and the Russians, offering further proof that Special Counsel Robert Mueller's investigation is nothing more than a politically motivated witch hunt. How did a small group of powerful intelligence officials convince tens of millions of Americans that the president is a traitor, without a shred of evidence? Now that every detail and argument set forth in *The Russia Hoax* has been borne out by the Mueller report, Jarrett returns with *Witch Hunt*, providing a hard-hitting, well-reasoned evisceration of what may be the dirtiest trick in political history. No marks have ever been as gullible as distraught Democrats in 2016. Washington insiders broke rule after rule investigating the president, chasing a conspiracy that turned out not to exist. Somehow this was spun into Donald Trump having something to hide. People associated with the president were pushed into plea deals that had nothing to do with Russian "collusion" or discouraged from serving by the threat of huge legal bills. Somehow this was spun into Trump's lawyers being bullies. The president complained that the investigation was a waste of time, but he allowed it to continue unimpeded to the end. Somehow this was spun into obstruction of justice. In *Witch Hunt*, Gregg Jarrett uncovers the bureaucratic malfeasance and malicious politicization of our country's justice system. The law was weaponized for partisan purposes. Even though it was Hillary Clinton's campaign that collected and disseminated a trove of lies about Trump from a former British spy and Russian operatives, Democrats and the media spun this into a claim that Trump was working for the Russians. Senior officials at the FBI, blinded by their political bias and hatred of Trump, went after the wrong

person. At the DOJ, the deputy attorney general discussed secretly recording the president and recruiting members of the cabinet to depose Trump. Those behind the Witch Hunt have either been fired or resigned. Many of them are now under investigation for abuse of power. But what about the pundits who concocted wild narratives in real time on television, or the newspapers which covered the fact that rumors were being investigated without investigating the facts themselves? Factual, highly persuasive, and damning, this must-read expose makes clear that not only was there no "collusion," but there was not even a basis for Mueller's investigation of the charge that has attacked Trump and his administration for more than two years. It's always been a Witch Hunt.

**Engines of Liberty** Createspace Independent Publishing Platform

This true legal thriller debunks everything the media and the government told us about the Department of Justice's destruction and prosecution of the venerable accounting firm Arthur Andersen, Merrill Lynch executives who did one business transaction with Enron, Alaska Senator Ted Steven's, and more. The common thread through it all is a cabal of narcissistic federal prosecutors who broke all the rules and rose to great power. Still in the news today--Robert Mueller's "pitbull" Andrew Weissmann and other members of Obama's inner circle--are wreaking havoc on our Republic. This is the book that began exposing "the Deep State."

**Bad Libs - The Mueller Report** Simon and Schuster

The Special Counsel's Report is out -- but there are parts missing due to rules about Grand Jury testimony, National Security and a bunch of other stuff. Help fuel the rampant speculation about what really happened -- and have a few laughs along the way. BAD LIBS is filled with do-it-yourself fill-in-the-redaction pages from the infamous report and illustrated with caricatures of your favorite Washington personalities. Play with a group of friends, by filling in the type of word, and then reading the results back aloud. Hours of fun, great for parties and a service to your country.

*True Crimes and Misdemeanors* Independently Published  
#1 New York Times Bestseller now in paperback with new

material The inspiration for *The Comey Rule*, the Showtime limited series starring Jeff Daniels premiering September 2020 In his book, former FBI director James Comey shares his never-before-told experiences from some of the highest-stakes situations of his career in the past two decades of American government, exploring what good, ethical leadership looks like, and how it drives sound decisions. His journey provides an unprecedented entry into the corridors of power, and a remarkable lesson in what makes an effective leader. Mr. Comey served as director of the FBI from 2013 to 2017, appointed to the post by President Barack Obama. He previously served as U.S. attorney for the Southern District of New York, and the U.S. deputy attorney general in the administration of President George W. Bush. From prosecuting the Mafia and Martha Stewart to helping change the Bush administration's policies on torture and electronic surveillance, overseeing the Hillary Clinton e-mail investigation as well as ties between the Trump campaign and Russia, Comey has been involved in some of the most consequential cases and policies of recent history.

**Compromised** Gatekeeper Press

Rules to live by from the master of political dark arts, as seen in the award-winning documentary *Get Me Roger Stone* At long last, America's most notorious political operative has released his operating manual! A freedom fighter to his admirers, a dirty trickster to his detractors, the flamboyant, outrageous, articulate, and extraordinarily well-dressed Roger Stone lays out Stone's Rules—the maxims that have governed his legendary career as a campaign operative for four American presidents, from Richard Nixon and Ronald Reagan to Donald Trump. As a raconteur, pundit, prognosticator, and battle-scarred veteran of America's political wars, Roger Stone shares his lessons on punking liberals and playing the media, gives an inside look at his push to legalize marijuana, details how much "linen" to show at the cuff of an impeccably-cut suit, lays out how and why LBJ orchestrated the murder of JFK, and reveals how to make the truly great marinara sauce that is the foundation of Stone's legendary Sunday Gravy. Along the way, Stone dishes on the "cloak and dagger" nitty-gritty that has guided his own successes and occasional defeats,

culminating in the election of the candidate he first pushed for the presidency in 1988, Donald J. Trump. First revealed in the *Weekly Standard* by Matt Labash and commemorated by CNN's Jeffrey Toobin, the blunt, pointed, and real-world practical Stone's Rules were immortalized in the Netflix smash hit documentary *Get Me Roger Stone*—part Machiavelli's *The Prince*, part Sun Tzu's *The Art of War*, all brought together with a highly-entertaining blend of culinary and sartorial advice from the Jedi Master of political dark arts. From "Attack, attack, attack!" inspired by Winston Churchill, to "Three can keep a secret, if two are dead," taken from the wall of mob boss Carlos Marcello's headquarters, to Stone's own "It is better to be infamous than to never have been famous at all," Roger Stone shares with the world all that he's learned from his decades of political jujitsu and life as a maven of high-style. From Stone's Rules for campaign management to the how-to's of an internet mobilization campaign to advice on custom tailoring to the ingredients for the perfect martini from Dick Nixon's (no-longer) secret recipe, Stone has fashioned the truest operating manual for anyone navigating the rough-and-tumble of business, finance, politics, social engagement, family affairs, and life itself. *Whigs and Hunters: The Origin of the Black ACT* Penguin

"Most Americans see the Supreme Court as the ultimate arbiter of constitutional freedoms. They are not wrong to do so: most of the major changes we have seen to our constitutional rights in the past 200 years--ending segregation, prohibiting sex discrimination, protecting political association--have come about because of decisions made by the Supreme Court. But as the award-winning constitutional scholar David Cole argues in *The Spirit of Liberty*, while the Supreme Court may be the final decision maker, it is not the true source of constitutional change. Citizen activists are. Many times in this nation's history, citizens have fought to get their causes on the Court's docket--and have successfully waged parallel battles in the court of public opinion, which often guides the Supreme Court's decisions. Through the stories of three successful campaigns--for same-sex marriage, against gun control, and for civil liberties in the War on Terror--Cole reveals how advocates and interest groups sway the Supreme Court and, in the process, rewrite constitutional law. "--
