BRYLEE NAVARRO

Happy Money HarperCollins

"The most flexible rhetoric for a first-year writing course-and every writing student. The Norton Field Guide lets instructors teach the way they want to teach, and helps students write in the way that works best for them. In the Sixth Edition, new coauthor Deborah Bertsch shows students how to adapt their writing to new rhetorical situations with three new chapters-Remixes, Explorations, and Reflecting on Your Writing. More inclusive than ever, the new edition features thirty new readings, including seventeen written by students, that offer fresh and inspiring sources for writing. New videos and interactive activities in InQuizitive for Writers reveal multiple ways to understand and apply the book's advice, and are complemented by new instructor resources that respond to today's teaching challenges"--

The Norton Field Guide to Writing with Handbook, 5e + They Say / I Say, 4e Simon and Schuster

Written with verve and insight by an award-winning teacher and scholar, Shakespeare and Film: A Norton Guide is the ideal introduction to film adaptations of Shakespeare's plays from the silent era tot the present.

The Norton Field Guide to Writing W. W. Norton & Company

Rich, funny, and moving personal narratives depend on a few key moments in time to anchor the story and give it impact. Shimmering Images

teaches the aspiring memoirist how to locate key memories using Lisa's technique for finding, linking, and fleshing out those vibrant recollections of important moments and situations. Shimmering Images will address: *the difference between memoir and autobiography *how to claim your voice *the art of storytelling *honesty, truth, and compassion in writing *authentic dialogue and the need for specificity Readers will learn how to craft a short piece of narrative nonfiction grounded in their core memories and master a technique they can use over and over again for writing other narratives. A must-have book for anyone who has treasured Bird by Bird by Anne Lamott or Writing Down the Bones by Natalie Goldberg.

The guidance every AP(R) Literature student needs

The Norton Field Guide to Writing, with Handbook St. Martin's Griffin

In this “compelling, bighearted, emotionally precise page-turner” (Sunday Times), the New York Times bestselling writer and acclaimed television host explores the aftermath of a tragedy on a small-town to illuminate the shame and longing that can flow through generations—and how the secrets of the heart cannot stay buried forever. It is 1987 and a small Irish community is preparing for a wedding. The day before the ceremony, a group of young friends, including the bride and groom, are involved in an accident. Three survive. Three are killed. The lives of the families are shattered and the rifts between them ripple throughout the small town. Connor survived, but living among the angry and the mourning is almost as hard as carrying the shame of having been the driver. He leaves the only place he knows for another life, taking his secrets with him. Travelling first to Liverpool, then London, he eventually makes a home—of sorts—for himself in New York, where he finds shelter and the possibility of forging a new life. But the secrets—the unspoken longings and regrets that have come to haunt those left behind—will not be silenced. Before long, Connor will have to confront his past. A powerful and timely novel of emigration and return, *Home Stretch* demonstrates Norton’s keen understanding of the power of stigma and secrecy—and their devastating effect on ordinary lives.

The Norton Field Guide to Writing with Readings, 5e + They Say / I Say, 4e + the Little Seagull Handbook, 3e W. W. Norton

You want to make a difference in the world, but don't know where to begin. Now you can. Here is just the guide to lots of exciting ways that are more personal and fun than merely writing a check. For every day of the year, 365 Ways to Change the World is packed with information and ideas that don't take a lot of special skills to put into action, but will achieve something positive: Observe a "Buy Nothing Day" Plant a "peace pole" Sew a panel for an AIDS memorial quilt Collect rainwater to water your plants The suggestions cover twelve important areas in which you can influence change, including in your local community, as a consumer, making a cultural contribution, and addressing problems such as the environment, health, and human rights. You can go through the book day by day or use the index to flip to the issues that concern you most; to help you take action, a complementary website links straight to many of the sources listed in the book. Great to give as well as to keep, this is an inspiring, practical resource for making the world a better place -- one day at a time.

If you think money can't buy happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. If you think money can't buy happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. *Happy Money* offers a tour of new research on the science of spending. Most people recognize that they need professional advice on how to earn, save, and invest their money. When it comes to spending that money, most people just follow their intuitions. But scientific research shows that those intuitions are often wrong. *Happy Money* explains why you can get more happiness for your money by following five principles, from choosing experiences over stuff to spending money on others. And the five principles can be used not only by individuals but by companies seeking to create happier employees and provide “happier products” to their customers. Elizabeth Dunn and Michael Norton show how companies from Google to Pepsi to Crate & Barrel have put these ideas into action. Along the way, the authors describe new research that reveals that luxury cars often provide no more pleasure than economy models, that commercials can actually enhance the enjoyment of watching television, and that residents of many cities frequently miss out on inexpensive pleasures in their hometowns. By the end of this book, readers will ask themselves one simple question whenever they reach for their wallets: Am I getting the biggest happiness bang for my buck?

Developmental Editing W. W. Norton & Company

The Norton Field Guide to Speaking offers students the kind of helpful advice and encouragement found in leading full-length textbooks in a user-friendly, to-the-point, easily referenced "field guide" format. The Norton Field Guide to Writing with Readings, 5e + the Little Seagull Handbook with Exercises, 3e W. W. Norton

Editing is a tricky business. It requires analytical flair and creative panache, the patience of a saint and the vision of a writer. Transforming a manuscript into a book that edifies, inspires, and sells? That's the job of the developmental editor, whose desk is the first stop for many manuscripts on the road to bookdom—a route ably mapped out in the pages of *Developmental Editing*. Author Scott Norton has worked with a diverse range of authors, editors, and publishers, and his handbook provides an approach to developmental editing that is logical, collaborative, humorous, and realistic. He starts with the core tasks of shaping the proposal, finding the hook, and building the narrative or argument, and then turns to the hard work of executing the plan and establishing a style. *Developmental Editing* includes detailed case studies featuring a variety of nonfiction books—election-year polemic, popular science, memoir, travel guide—and authors ranging from first-timer to veteran, journalist to scholar. Handy sidebars offer advice on how to become a developmental editor, create effective illustration programs, and adapt sophisticated fiction techniques (such as point of view, suspense, plotting, character, and setting) to nonfiction writing. Norton's book also provides freelance copyeditors with a way to earn higher fees while introducing more creativity into their work lives. It gives acquisitions, marketing, and production staff a vocabulary for diagnosing a manuscript's flaws and techniques for transforming it into a bestseller. And perhaps most importantly, *Developmental Editing* equips authors with the concrete tools they need to reach their audiences.
