There is nothing to be found in the pages of *A Series of Unfortunate Events* but misery and despair. You still have time to choose another international best-seller to read. But if you must know what unpleasantries befall the charming and clever Baudelaire children read on . . . In *The Bad Beginning* the three youngsters encounter a greedy and repulsive villain, itchy clothing, a disastrous fire, a plot to steal their fortune and cold porridge for breakfast. Then again, why trouble yourself with the unfortunate resolutions? With 5 million copies sold in the UK alone, one might consider Lemony Snicket's *A Series of Unfortunate Events* to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake.

London, 1941, and the threat of daily bombings hangs heavily in the air. Jim, a young Australian pilot in Bomber Command, has suffered an unbearable loss when he meets Iris, a forthright young woman trying to find her voice as a writer. *A World of Other People* traces their love affair, haunted by secrets and malign coincidence, as they struggle to imagine a future together free of society's thin-lipped disapproval. The poet T.S. Eliot, with whom Iris shares fire-watching duties during the blitz, unwittingly seals their fate with one of his poems from his acclaimed *Four Quartets*. Cinematic intense and unflinching, *A World of Other People* is a supremely life-affirming evocation of love in war-time, when every decision, and every day, matters.

What readers are saying The Secret Bunker set a quick pace towards a culmination of events with a meeting of all the main characters and left me gripped along the way. It's not often I pre order the next book but I did in this case, there's no way I'm missing what happens next. I'm fascinated by the fact that Paul manages to provide an authentic teenage voice for his prime character all the way through. Looking forward to seeing what comes in the second of the trilogy which I've already pre-ordered, need I say more? Really enjoyed this adventure seen through the eyes of the

teenage lead character - his voice was so true and compelling. I'm looking forward to reading the others and would rather like to go and visit the real bunker! Thoroughly enjoyed this as it keeps you intrigued all the way through. Must get on to part 2 now. I really enjoyed this book and had a hard time putting it down, I can't wait to see what happens next in book two! 5 Stars, I really enjoyed it! ... the action is intense and lots of twists and turns abound until the last page is turned. At the conclusion, the reader is left wondering about many events that are still in progress. Wow..... Bucking the Sun is the story of the Duff family, homesteaders driven from the Montana bottomland to work on one of the New Deal's most audacious projects—the damming of the Missouri River. Through the story of each family member—a wrathful father, a mettlesome mother, and three very different sons, and the memorable women they marry—Doig conveys a sense of time and place that is at once epic in scope and rich in detail.

Written in response to the Hawk's Nest Tunnel disaster of 1931 in Gauley Bridge, West Virginia, *The Book of the Dead* is an important part of West Virginia's cultural heritage and a powerful account of one of the worst industrial catastrophes in American history. The poems collected here investigate the roots of a tragedy that killed hundreds of workers, most of them African American. They are a rare engagement with the overlap between race and environment in Appalachia. Published for the first time alongside photographs by Nancy Naumburg, who accompanied Rukeyser to Gauley Bridge in 1936, this edition of *The Book of the Dead* includes an introduction by Catherine Venable Moore, whose writing on the topic has been anthologized in *Best American Essays*.
