**Book of African-American Quotations** Beacon Press  
 #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD  
 WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS  
 OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK  
 CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS  
 THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL  
 EVENT Hailed by Toni Morrison as "required reading," a bold and  
 personal literary exploration of America's racial history by "the  
 most important essayist in a generation and a writer who  
 changed the national political conversation about race" (Rolling  
 Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE  
 DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF  
 THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE  
 YEAR BY The New York Times Book Review • O: The Oprah  
 Magazine • The Washington Post • People • Entertainment  
 Weekly • Vogue • Los Angeles Times • San Francisco Chronicle •  
 Chicago Tribune • New York • Newsday • Library Journal •  
 Publishers Weekly In a profound work that pivots from the biggest

questions about American history and ideals to the most intimate  
 concerns of a father for his son, Ta-Nehisi Coates offers a  
 powerful new framework for understanding our nation's history  
 and current crisis. Americans have built an empire on the idea of  
 "race," a falsehood that damages us all but falls most heavily on  
 the bodies of black women and men—bodies exploited through  
 slavery and segregation, and, today, threatened, locked up, and  
 murdered out of all proportion. What is it like to inhabit a black  
 body and find a way to live within it? And how can we all honestly  
 reckon with this fraught history and free ourselves from its  
 burden? *Between the World and Me* is Ta-Nehisi Coates's attempt  
 to answer these questions in a letter to his adolescent son.  
 Coates shares with his son—and readers—the story of his  
 awakening to the truth about his place in the world through a  
 series of revelatory experiences, from Howard University to Civil  
 War battlefields, from the South Side of Chicago to Paris, from his  
 childhood home to the living rooms of mothers whose children's  
 lives were taken as American plunder. Beautifully woven from  
 personal narrative, reimagined history, and fresh, emotionally  
 charged reportage, *Between the World and Me* clearly illuminates  
 the past, bravely confronts our present, and offers a  
 transcendent vision for a way forward.

Why I'm No Longer Talking to White People About Race Harper Collins

The Hidden Treasure of Black ASL

Little Black Sambo Cambridge University Press

This original collection of quotations cites approximately 100 well-known African Americans from all walks of life, including Maya Angelou, Louis Armstrong, Muhammad Ali, Julian Bond, George Washington Carver, Frederick Douglass, and Ralph Ellison.

**Sounds Like Home** The Hidden Treasure of Black ASL This paperback edition, accompanied by the supplemental video content available on the Gallaudet University Press YouTube channel, presents the first empirical study that verifies Black ASL as a distinct variety of American Sign Language. This volume includes an updated foreword, a new preface that reflects on the impact of this research, and an extended list of references and resources on Black ASL. Sounds Like Home

"A manual for fixing our culture...In writing that is elegant and penetratingly simple, [hooks] gives voice to some things we may know in our hearts but need an interpreter like her to process."—Black Issues Book Review New York Times bestselling author, acclaimed visionary and cultural critic bell hooks continues her exploration of the meaning of love in contemporary American society, offering groundbreaking, critical insight about Black people and love. Written from both historical and cultural perspectives, *Salvation* takes an incisive look at the transformative power of love in the lives of African Americans. Whether talking about the legacy of slavery, relationships and marriage in Black life, the prose and poetry of Martin Luther King, Jr., James Baldwin, and Maya Angelou, the liberation movements of the 1950s, 60s, and 70s, or hip hop and gangsta rap culture, hooks lets us know what love's got to do with it. Combining the passionate politics of W.E.B. DuBois with fresh, contemporary insights, hooks brilliantly offers new visions that will heal our nation's wounds from a culture of lovelessness. Her writings on love and its impact on race, class, family, history, and popular culture will help us heal and create beloved American communities.

*Medical Apartheid* Random House

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

*Salvation* Berrett-Koehler Publishers

"When Damon Tweedy first enters the halls of Duke University Medical School on a full scholarship, he envisions a bright future where his segregated, working class background will become largely irrelevant. Instead, he finds that he has joined a new world where race is front and center. When one of his first professors mistakes him for a maintenance worker, it is a moment that crystallizes the challenges he will face throughout his early career. Making matters worse, in lecture after lecture the common refrain for numerous diseases resounds, "More common in blacks than whites." In riveting, honest prose, *Black Man in a White Coat* examines the complex ways in which both black doctors and patients must navigate the difficult and often contradictory terrain of race and medicine. As Tweedy transforms from student to practicing physician, he discovers how often race influences his encounters with patients. Through their stories, he illustrates the complex social, cultural, and economic factors at the root of most health problems in the black community. These elements take on greater meaning when Tweedy finds himself diagnosed with a chronic disease far more common among black people. In this powerful, moving, and compassionate book, Tweedy deftly explores the challenges confronting black doctors, and the disproportionate health burdens faced by black patients,

ultimately seeking a way forward to better treatment and more compassionate care.- For readers of Atul Gawande, Sandeep Jauhar, Pauline W. Chen, and Henrietta Lacks"--

**How the Word Is Passed** Bloomsbury Publishing

Racial and ethnic disparities in health care are known to reflect access to care and other issues that arise from differing socioeconomic conditions. There is, however, increasing evidence that even after such differences are accounted for, race and ethnicity remain significant predictors of the quality of health care received. In *Unequal Treatment*, a panel of experts documents this evidence and explores how persons of color experience the health care environment. The book examines how disparities in treatment may arise in health care systems and looks at aspects of the clinical encounter that may contribute to such disparities. Patients' and providers' attitudes, expectations, and behavior are analyzed. How to intervene? *Unequal Treatment* offers recommendations for improvements in medical care financing, allocation of care, availability of language translation, community-based care, and other arenas. The committee highlights the potential of cross-cultural education to improve provider-patient communication and offers a detailed look at how to integrate cross-cultural learning within the health professions. The book concludes with recommendations for data collection and research initiatives. *Unequal Treatment* will be vitally important to health care policymakers, administrators, providers, educators, and students as well as advocates for people of color.

Black Deaf Lives Matter One World

NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • The first full history of Black America's shocking mistreatment as unwilling and unwitting experimental subjects at the hands of the medical establishment. No one concerned with issues of public health and racial justice can afford not to read this masterful book.

"[Washington] has unearthed a shocking amount of information and shaped it into a riveting, carefully documented book." —New York Times From the era of slavery to the present day, starting with the earliest encounters between Black Americans and Western medical researchers and the racist pseudoscience that resulted, *Medical Apartheid* details the ways both slaves and freedmen were used in hospitals for experiments conducted without their knowledge—a tradition that continues today within some black populations. It reveals how Blacks have historically been prey to grave-robbing as well as unauthorized autopsies and dissections. Moving into the twentieth century, it shows how the pseudoscience of eugenics and social Darwinism was used to justify experimental exploitation and shoddy medical treatment of Blacks. Shocking new details about the government's notorious Tuskegee experiment are revealed, as are similar, less-well-known medical atrocities conducted by the government, the armed forces, prisons, and private institutions. The product of years of prodigious research into medical journals and experimental reports long undisturbed, *Medical Apartheid* reveals the hidden underbelly of scientific research and makes possible, for the first time, an understanding of the roots of the African American health deficit. At last, it provides the fullest possible context for comprehending the behavioral fallout that has caused Black Americans to view researchers—and indeed the whole medical establishment—with such deep distrust.

The Linguistics of British Sign Language Icon Books

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK •

"An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions.

**#1 NONFICTION BOOK OF THE YEAR: Time ONE OF THE BEST BOOKS OF THE YEAR:** The Washington Post, The New York Times, Los Angeles Times, The Boston Globe, O: The Oprah Magazine, NPR, Bloomberg, The Christian Science Monitor, New York Post, The New York Public Library, Fortune, Smithsonian Magazine, Marie Claire, Slate, Library Journal, Kirkus Reviews Winner of the Carl Sandberg Literary Award • Winner of the Los Angeles Times Book Prize • National Book Award Longlist • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist • Kirkus Prize Finalist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

*The 1619 Project: Born on the Water* Cambridge University Press Completely reorganized to reflect the growing intricacy of the study of ASL linguistics, the 5th edition presents 26 units in seven parts, including new sections on Black ASL and new sign demonstrations in the DVD.

*Talking Back, Talking Black* Therapy Skill Builders INSTANT NEW YORK TIMES BESTSELLER An urgent primer on race and racism, from the host of the viral hit video series “Uncomfortable Conversations with a Black Man” “You cannot fix a problem you do not know you have.” So begins Emmanuel Acho in his essential guide to the truths Americans need to know to address the systemic racism that has recently electrified protests in all fifty states. “There is a fix,” Acho says. “But in order to access it, we’re going to have to have some uncomfortable conversations.” In *Uncomfortable Conversations With a Black Man*, Acho takes on all the questions, large and small, insensitive and taboo, many white Americans are afraid to ask—yet which all Americans need the answers to, now more than ever. With the same open-hearted generosity that has made his video series a phenomenon, Acho explains the vital core of such fraught concepts as white privilege, cultural appropriation, and “reverse racism.” In his own words, he provides a space of compassion

and understanding in a discussion that can lack both. He asks only for the reader’s curiosity—but along the way, he will galvanize all of us to join the antiracist fight.

**I Know Why the Caged Bird Sings** Oxford Handbooks

The classic story by Helen Bannerman of a young Indian lad who meets up with a tiger and turns him into butter.

**Black and Deaf in America** University of Pennsylvania Press

This paperback edition, accompanied by the supplemental video content available on the Gallaudet University Press YouTube channel, presents the first empirical study that verifies Black ASL as a distinct variety of American Sign Language. This volume includes an updated foreword, a new preface that reflects on the impact of this research, and an extended list of references and resources on Black ASL.

*How to Be Black* HarperCollins

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

*ABC Sign and Color* Penguin

Jesus Christ is arguably the most famous man who ever lived. His image adorns countless churches, icons, and paintings. He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair.

*Unequal Treatment* Cambridge University Press

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this ‘precise and eloquent work’ - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an ‘Age of Neoslavery’ that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

*A Practical Guide to Racism* National Academies Press

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her

brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

*I've Been Here All the While* Simon and Schuster

Junius Wilson (1908-2001) spent seventy-six years at a state mental hospital in Goldsboro, North Carolina, including six in the criminal ward. He had never been declared insane by a medical professional or found guilty of any criminal charge. But he was deaf and black in the Jim Crow South. Unspeakable is the story of his life. Using legal records, institutional files, and extensive oral history interviews--some conducted in sign language--Susan Burch and Hannah Joyner piece together the story of a deaf man accused in 1925 of attempted rape, found insane at a lunacy hearing, committed to the criminal ward of the State Hospital for the Colored Insane, castrated, forced to labor for the institution,

and held at the hospital for more than seven decades. Junius Wilson's life was shaped by some of the major developments of twentieth-century America: Jim Crow segregation, the civil rights movement, deinstitutionalization, the rise of professional social work, and the emergence of the deaf and disability rights movements. In addition to offering a bottom-up history of life in a segregated mental institution, Burch and Joyner's work also enriches the traditional interpretation of Jim Crow by highlighting the complicated intersections of race and disability as well as of community and language. This moving study expands the boundaries of what biography can and should be. There is much to learn and remember about Junius Wilson--and the countless others who have lived unspeakable histories.

*Black Man in a White Coat* Gallaudet University Press

A handy, authoritative and deeply offensive look at the races of the world, which is sure to raise howls of both protest and reluctant laughter. Award winning writer and comedian Sam Means takes on the persona of anthropologist CH Dalton, who holds forth on subjects such as: a crucial manual to Arabs, a people so sensitive they are likely to blow up any time; a close look at the bizarre race known as women' who are not good at anything; the good life enjoyed by blacks, who shuffle through life unhindered by the white man's burdens. Also a comprehensive glossary of insults for all races.'

*Linguistics of American Sign Language* Macmillan

The first book of its kind to provide historical and state-of-the-art perspectives on language regard.
