 The Evolution
 of the Idea of

God is a study
 of humans'
 belief in God
 from primitive
 tribal religions
 to what Allen

considered the more advanced Christian view. It was first published in 1897. The main question of this book is, "How did we arrive at our knowledge of God?" Rather than trying to prove or disprove any claims about the divine, Allen's method simply follows the psychological processes that led humans to religious belief, and further, from a belief in polytheism to monotheism.

The Cults of

the Greek States Inner Traditions / Bear & Co Splendid compilation of tales ranges from Arthurian myth to less-familiar adventures, such as Finn and his Fenians, plus many other heroic figures from the Gaelic pantheon. Lectures on the Pentateuch and the Moabite Stone Stuart Brooke Richardson From sinister spells to healing wells, this illustrated collection of 43 traditional

Irish yarns brings forth the magic of a proud people and their lyrical landscapes. While you may know of the Blarney Stone or St. Patrick, you've probably never heard the saga of Lia Lfail, the ancient stone said to confirm a king's legitimacy by shrieking under the weight of his footsteps, or the legend of Dublin's haunted Hell Fire Club, where the devil himself was once

believed to have paid a visit. Saturated with the colors of the Emerald Isle, the photos that grace these pages will transport you to a world of heroic deeds, violent deaths, and otherworldly adventures. Through these fanciful tales that have survived over the centuries, you'll glean fascinating facts on Irish genealogy, etymology and history. So suspend disbelief and step into a world steeped

in storytelling and rich with lore. **The Sacred Stones** University of Alabama Press Nearly a thousand years of Darkness have reached a culmination that threatens the very heart of the galaxy! The only hope of peace - of reaching the Eternal Calm - lies in a trio of prophecies, all of which revolve around one being...who no one is certain even exists! Is there hope for the hopeless? Three prophecies...t

wo antagonists...one outcome! The Krakow Legends BAR International Series A collection of Babylonian and Assyrian myths and legends, including various analogues of the biblical flood story and discussions of the history of Babylon and Assyria, and descriptions of various forms of Babylonian worship, Assyrian cults, and archaeological excavation of Babylonian and Assyrian

sites.
A Lapidary of Sacred Stones
AuthorHouse
Sara DeVere is special, but until her thirteenth birthday she had no earthly idea why. As she enters the eighth grade she begins a mind-bending journey into the unknown, a journey that will eventually lead her to her destiny with a group of extraordinary friends, and with two unique teachers who come to share a deep secret with Sara. Unity, the first

book in The Aelf Club series, contains many facets, each of which is a 'rabbit hole' in itself. It is at once a coming of age story, a spiritual journey, a historical saga, a manual of higher learning, and an epic adventure full of international intrigue! As the storyline progresses, our heroine becomes faced with some of the greatest tests one could possibly endure, not

the least of which includes falling victim to the evil of a rapidly growing global threat. But in the company of good friends her will is strengthened, along with her growing knowledge of ancient Secrets, and the wisdom to use such knowledge in the fight for justice. For those diehard fans of Harry Potter and other such mystical adventures, Unity is sure to please, offering an alluring

combination of elements that will entice the imagination and stimulate the mind. This is a tale of immense proportions. Holy Wells of Ireland
Lulu.com
Courageous, passionate men and women battle for survival of their clans—in the shadow of the great mammoth who speaks with thunder . . . As the massive glaciers fade and the wide seas rise, the warm grasslands of the Americas

bring prosperity to the gentle People of the Red World, followers of the Great Ghost Spirit, the White Mammoth. But farther north, where the harsh dry winds howl, another nation, the People of the Watching Star, are enmeshed with legends of an evil shaman and the man-eating monster called the wanawut. Relentlessly they have hunted the mammoth to near extinction.

Now, as raiders and ravagers they are coming south to invade the villages of the People of the Red World. The only ones who can prevent the murder of innocents and the final slaughter of the mammoth are a young boy shaman to whom the animals speak, a man whose strength equals his conviction, and a woman who hopes that, beyond violence and cruelty, humankind

will recognize a stronger power—the force of love. **Legends and Prophecies of the Quero Apache** Meglena Ivanova When this book first appeared (1886), the philological school of interpretation of religion and myth, being then still powerful in England, was criticised and opposed by the author. In Science, as on the Turkish throne of old, Amurath to Amurath succeeds; the philological

theories of religion and myth have now yielded to anthropologic al methods. The centre of the anthropologic al position was the ghost theory of Mr Myths and Legends BoD - Books on Demand These lectures are intended to lay before English readers, who cannot devote the time and thought needed for the study of larger and more technical works, the most important results of the

criticism of the Pentateuch, and incidentally of other portions of the Hebrew scriptures. - Preface. **The Shadow Prophecy** e-artnow In an age long past... on a planet unknown to mankind a SACRED STONE was created. Nations have been built around it until an audacious ignorant man broke the stone into three pieces and a terrible curse has been unleashed.

The legends says who ever unite the stone again would be given control over it's power. The Legend of the Moonstone, a vibrant fiction-adventure, tells the legend of the Moonstone, a powerful stone which is part of the ancient Sacred Stone. Professor Stransky is adventurer and dreamer who sets off on an epic quest through magical, mythical and wondrous worlds in order to rescue the

Moonstone and defend our planet. In this adventure he and his crew of two very special and extraordinary students are about to fight for their own lives and for the lives of all of humanity against the Upper Souls (evil and destructive creatures, who wanted to become immortal and conquer the universe). *The Legends & Lands of Ireland* Diversion Books Reprint of the original, first

published in 1873. *The Legend of the Moonstone* Penguin Consists of material collected and recorded by Col. A.B. Welch, based on interviews with members of the three Federated Tribes, Mandan, Hidatsa and Arikara, and other accounts (e.g. by Catlin or in the Lewis and Clark journals) about sacred stones and holy places of these Native American peoples, ceremonies

Some are considered the abodes of deities or otherworld ladies, some are memorials to mythical heroes and historical kings, others reminders of the miracles of early saints. This is a wonderful reminder of our spiritual
---	---	--

past as some of these stones and monuments enter their fifth millennium. Color Photos, Line Drawings. The Fortnightly Sterling Publishing Company, Inc. From the national bestselling author of Calico comes a story of love, savagery, and survival on the Arizona frontier that's "western romance at its best" (Janelle Taylor, author of Cherokee Storm). After her husband is

murdered on their wedding night, Faith Becket goes on the run with her father and siblings in tow. They hope to reach a stake of land they own on the far side of the Arizona Territory. It's a perilous journey, even for seasoned travelers, and they need a guide as bold and determined as Faith. Raised by the Apache, Delaney Carmichael is as hard and dangerous as the land he loves. On a mission to

restore his family's honor, he has no time to help Faith, and knows he'll be better off if he resists her alluring beauty. But when Faith walks headlong into danger, he's the only one who can save her. Ensnared by Faith's turquoise eyes and driven by a mystical connection to ancient Apache legends, Delaney's heart softens as their mutual passion blooms. But before he can

finally stop fighting, he must face down the deadly foe on Faith's trail . . . in this action-packed adventure from "a powerhouse writer whose emotional intensity keeps you enthralled" (RT Book Reviews). *Celtic Myth and Legend* Cosimo, Inc. "Myth, Ritual and Religion" in 2 volumes is one of the best-known works by a Scottish author Andrew Lang first published in 1887, in which

he explained the "irrational" elements of mythology as survivals from more primitive forms. At the
southernmost
tip of New

Jersey lie the
resort town of
Cape May and
its sparkling
sandy
beaches,
sheltering the
Delaware Bay.
Formed by
melting
glaciers
thousands of
years past,
the Delaware
River flows
from its
headwaters to
spill into the
Delaware Bay.
And for
thousands of
years,
fragments of
quartz rock
have ridden
the river,
plucked from
the mountains
lining its
banks.
Polished and
buffed as they

tumble along, these rock particles dazzle like gemstones when tossed onto Cape May's sandy shores. Beloved by beachcombers, these "diamonds" are the daughters of the river, linking the state's past and present. Delving into the natural beauty of New Jersey's famous coastline, storyteller Trinkia Hakes Noble has crafted a wondrous tale explaining the origin of the

Cape May Diamond. Trinkia Hakes Noble's award-winning picture books include *The Last Brother*, *The Scarlet Stockings Spy* (an IRA Teachers' Choice, 2005), and the popular *Jimmy's Boa* series. Her awards include ALA Notable Children's Book, IRA-CBC Children's Choice, and several Junior Literary Guild Selections. She lives in Bernardsville, New Jersey. E.B. Lewis is the acclaimed

illustrator of numerous award-winning picture books, including the 2005 Caldecott Honor Book, *Coming On Home Soon*. He teaches illustration at the University of the Arts in Philadelphia and is a member of the Society of Illustrators in New York City. He lives in Folsom, New Jersey. [The Evolution of the Idea of God: An Inquiry Into the Origins of Religions](#) Bantam A comprehensive

e dictionary of sacred and magical gem lore that draws on the rarest source texts of Antiquity and the Middle Ages • Reveals the healing and magical virtues of familiar gemstones, such as amethyst, emerald, and diamond, as well as the lore surrounding exotic stones such as astrios, a stone celebrated by ancient magicians • Examines bezoars

(stones formed in animals' bodies) and "magnets" that attract materials other than metal • Based on ancient Arabic, Greek, Jewish, and European sources, ranging from the observations of Pliny the Elder to extremely rare texts such as the Picatrix and Damigeron's Virtue of Stones Our ancestors believed stones were home to sacred beings of power,

entities that if properly understood and cultivated could provide people protection from ill fortune, envy, and witchcraft; grant invisibility and other magical powers; improve memory; and heal the sick from a wide variety of diseases. These benefits could be obtained by wearing the stone on a ring, bracelet, or pendant; through massage treatments with the

stone; or by reducing the gem into a powder and drinking it mixed with water or wine. Drawing from a wealth of ancient Arabic, Greek, Jewish, and European sources--from the observations of Pliny the Elder to extremely rare texts such as the Picatrix and Damigeron's Virtue of Stones--Claude Lecouteux provides a synthesis of all known lore for more than 800 stones.

He includes such common examples as the emerald, which when engraved with the figure of a harpy holding a lamprey in its claws will banish panic and nightmares, and beryl, which when appropriately carved can summon water spirits or win its owner high renown, as well as more exotic stones such as astrios, a stone celebrated by ancient magicians and whose center glows like a

star. Lecouteux also examines bezoars--stones formed in animals' bodies--as well as "magnets" that attract materials other than iron, such as gold, flesh, cotton, or scorpions. This comprehensive dictionary of sacred and magical gem lore, drawn from the rarest sources of Antiquity and the Middle Ages, represents a one-of-a-kind resource for gem enthusiasts

and magical practitioners alike. *The Evolution of the Idea of God* Collins Press This groundbreaking volume explores the capacity of Indigenous psychologies to counter the effects of longstanding colonization on traditional cultures and habitats. It chronicles the editor's extensive research in the Lacandon Rainforest in southern Mexico, illustrating respectful methodologies

and authentic friendship—a decolonized approach by a committed scholar—and the concerted efforts of community members to preserve their history and heritage. Descriptions of collaborations among children, parents, students, and elders demonstrate the continued passing on of indigenous knowledge, culture, art, and spirituality. This richly layered narrative

models cultural resilience and resistance in their transformative power to replace environmental and cultural degradation with co-existence and partnership. Included in the coverage: • Indigenous psychologies: a contestation for epistemic justice. • The ecological context and the methods of inquiry and praxes. • Environmental impact assessment of deforestation in three communities

of the Lacandon Rainforest. • Public policy development for community and ecological wellbeing. • Oral history, legends, myths, poetry, and images. With stirring examples to inspire future	practices and policies, Indigenous Psychologies in an Era of Decolonization will take its place as a bedrock text for indigenous psychology and community psychology researchers. It	speaks needed truths as the world comes to grips with pressing issues of environmental preservation, restorative justice for marginalized peoples, and the waging of peace over conflict.
