The year is 2281 - two hundred years after the old world was eradicated by nuclear fire - and now the New California Republic has become powerful along the western coast of what used to be the United State of America. They've expanded east into Nevada, but across the Colorado river to the east a united army of tribals - Caesar's Legion - have been organized under the guise of ancient Rome. War never changes, and impending conflict looms between the two sides, the prize being the Hoover Dam and control over the Mojave. Stuck in the middle are the residents of Nevada and the jewel in the desert; the city of New Vegas. But the mysterious overlord of New Vegas has his own plans for the future of the Mojave... You are Courier six, an employee of the Mojave Express who has been entrusted with delivering a mysterious Platinum Chip. The delivery goes horribly awry, however, and after you are robbed and nearly killed for the package you were carrying, you must set out in pursuit of your attackers. Along the way you'll have to navigate the political struggles between factions both large and small, making friends and enemies between the various groups as your actions in the Mojave influence your reputation. Ultimately, a new overlord of the Mojave will be crowned... but will you place that crown upon the brow of Caesar, the New California Republic, the mysterious ruler of New Vegas... or yourself? This guide offers the following: - Character creation strategies including a run-down of SPECIAL attributes, Skills and Perks. - An ideal chronological order of events walkthrough that will take you through the entire Mojave. - Complete walkthrough of all the main quests and side quests, including faction quests and endings. - A power-gamey New Vegas Medical Center run, for those gamers who want to get off to a great start. - Information about factions and reputation. - The locations of stat-boosting Skill Books, unique weapons and armor and collectible Snowglobes. - A Trophy Guide including detailed information (when necessary) about how to obtain all the game's trophies. - Old World Blues DLC.

It is three years after the events of Uncharted 3 and Nathan Drake, the world's most famous hunter of treasure, has hung up his boots and left that work behind him. However, the sudden appearance of his brother, Samuel Drake, has made that calling for adventure come back in full force, as he needs Nathan's help to save his own life. They are on the hunt for Captain Henry Avery's long-lost treasure, bringing them to many exotic locations wrought with danger, in another exciting entry in the Uncharted franchise. The guide includes: - A complete and detailed walkthrough of the main story. - Locations for all of the game's collectibles. - Comprehensive guide to get every single trophy.

Nell'indagare le ampie dinamiche di gioco, con particolare attenzione alle sue applicazioni digitali, questo volume fornisce al lettore un primo strumento teorico-pratico per orientarsi nello studio e, sperabilmente, nella creazione di prodotti interattivi a partire dalle loro strutture di design e dalle componenti logiche, psicologiche e culturali coinvolte nella loro progettazione. Partendo dalla storia dei videogiochi, dalla loro retorica e dalla loro presenza crescente nella letteratura, nel cinema e nelle arti visive, questo volume offre un'introduzione alle teorie di design dei giochi classici e alla loro applicazione in ambiente digitale. Vengono qui esposte le strategie più note adottate dai maggiori progettisti per realizzare buone interazioni con l'utente in base alle tecniche e agli strumenti più accreditati di game design, qui illustrati anche sul piano grafico, per illuminarne gli aspetti narrativi, emozionali e anche commerciali, a partire dai videogiochi più celebri.

The potential of video games as storytelling media and the deep involvement that players feel when they are part of the story needs to be analysed vis-à-vis other narrative media. This book underscores the importance of video games as narratives and offers a framework for analysing the many-ended stories that often redefine real and virtual lives.

The immensely popular Grand Theft Auto game series has inspired a range of reactions among players and commentators, and a hot debate in the popular media. These essays from diverse theoretical perspectives expand the discussion by focusing scholarly analysis on the games, particularly Grand Theft Auto III (GTA3), Grand Theft Auto: Vice City (GTA:VC), and Grand Theft Auto: San Andreas (GTA:SA). Part One of the book discusses the fears, lawsuits, legislative proposals, and other public reactions to Grand Theft Auto, detailing the conflict between the developers of adult oriented games and various new forms of censorship. Depictions of race and violence, the pleasure of the carnivalistic gameplay, and the significance of sociopolitical satire in the series are all important elements in this controversy. It is argued that the general perception of digital changed fundamentally following the release of Grand Theft Auto III. The second section of the book approaches the games as they might be studied absent of the controversy. These essays study why and how players meaningfully play Grand Theft Auto games, reflecting on the elements of daily life that are represented in the games. They discuss the connection between game space and real space and the many ways that players mediate the symbols in a game with their minds, computers, and controllers.
