A Wolf Song is a healing story about a multidimensional, dual-life journey of tragedy, gratitude and forgiveness. Its key characters—Hanna and Margaret; their “spirit” wolves, Nano and Nala; family members; and teacher Trudy Goodenough—meet every ten years under Trudy's guidance and the wolves' whims. The story begins at childbirth; the girls meet nearing their tenth birthday and discover their wolf spirits under a jump rope. Each chapter contains a verse which reveals the lessons of each chapter. Ordered to meet every ten years by the wolves, Hanna and Margaret meet at twenty in Wales and in New York City at thirty. Nano and Nala are not necessarily balanced. Their karmic rites spill over into the young women's lives. One of the wolf spirits wreaks havoc at a public event, and a battle between light and darkness ensues. “Lisa Osina's book brings you into an enduring balance between the physical world and the world of spirit.” Lynn Andrews, shaman and author of *Medicine Woman* and 27 other spiritual and self-empowerment books.

Good References is a novel by E. J. Rath. Rath was an American author and playwright. Excerpt: "She was proud of her ancestral tree, wore lace caps and went to church every Sunday. She believed that there were still ladies and gentlemen in the world, as well as lower classes. She made preserves and put up her own mince-meat. But for all that there was no severity about Aunt Caroline. She was rather fat and comfortable and tolerant. She liked young people and somehow she had acquired a notion that Bill had a future."

Bluebeard's Castle Harlequin

'Waiting for her, he was on edge with expectation. He had never planned a murder before ... Only sheer necessity was making him do it now ...' Coincidence couldn't explain the three accidental deaths. It had to be something more - something sinister? One old lady had fallen and broken her neck; the others had died in hit-and-run accidents. And now beautiful young Caroline Conroy, who has returned to her poisonous family after a mysterious tragedy abroad, must face the enemy: a smiling stranger who is calmly and ruthlessly planning her destruction. The Gratitude of Wasps Janet S Wood

"Smith College Stories" by Josephine Daskam Bacon is a collection of simple tales that serve to deepen in the slightest degree the rapidly growing conviction that the college girl is very much like any other girl—that this likeness is, indeed, one of her most striking characteristics—the author will consider their existence abundantly justified. Excerpt: "THE EMOTIONS OF A SUB-GUARD Theodora pushed through the yellow and purple crowd, a sea of flags and ribbons and great paper flowers, caught a glimpse of the red and green river that flowed steadily in at the other door, and felt her heart contract. What a lot of girls! And the freshmen were always beaten..."

A Penny for Miss Spry: A Regency Romance CCB Publishing

One hundred mental patients are brutally massacred in the frigid cold of a Russian forest as they wait for a mysterious light coming down from the night sky. Their deaths are never spoken of again. More than three decades later, directors at mental hospitals in California are stunned when 100 patients—comatose for years—suddenly "wake up" and speak of a person called "The Commander" who will lead them to a place where they will be taken from Earth. One person may hold the answers—a severely mentally-ill homeless man whose knowledge of astronomy, physics and mathematics is not only more advanced than Einstein and Tesla, but can summon superhuman abilities in the blink of an eye. Taken in and protected by a small team of mental health physicians, a brilliant astrophysicist, a derelict naval officer, and a renowned Ancient Aliens theorist, this freakishly gifted person called "Doogie" warns that time is running out; that the "creators" are already on their way to Earth. They will arrive within weeks. The chosen hundred must be ready, but like 30 years ago, a new threat makes its presence menacingly clear. A xenophobic Senator with a horrific secret and the authority to launch military strikes is plotting to destroy an extraterrestrial visitation of any kind. . .even if it means the deaths of thousands, if not the utter destruction of the entire West Coast.

Godaan is one of the most celebrated novels of Munshi Premchand. Set in pre-independence India, the novel captures social and economic conflict in a north Indian village. The story revolves around Horiram, a poor village farmer, and the struggle of his family to survive and maintain their self-respect. Horiram does everything in his capacity to fulfil his sole desire to own a cow, which is considered a farmer's source of wealth and happiness. One of the classics of Indian literature, the book offers an insight into the colonial history of India, captures the ethnic flavour of the Indian villages and also catches the human emotions in all their rawness.
