 South of a forbidding range of mountain peaks lies a land of boundless resources and untold opportunity. The Mwangi Expanse has been home to an untold diversity of cultures and peoples since time immemorial, hosting powerful, isolated city states that have often paid

little attention to their neighbors. Yet the turning tides of fortune have begun to usher in changes that are rippling across the world. As a band of scholars from an ancient university venture north to aid a disaster-torn Avistan. A revolution-forged nation seeks powerful allies against foreign aggression. An undead god, once a symbol of hope to his declining nation, now grows jealous enough to turn on his self-proclaimed kin. Whether you are a diplomat seeking leverage from the most difficult of positions, a spy seeking the subtlest hint of danger from your surroundings, a guardian hoping to protect your home and people, or a warrior striking back at tyrants both native and foreign, this guide to the Mwangi Expanse offers you the ultimate resource to explore a realm of magic, monsters, and intrigue!

The author of *Race for Profit* carries out “[a] searching examination of the social, political and economic dimensions of the prevailing racial order” (Michelle Alexander, author of *The New Jim Crow*). In this winner of the Lannan Cultural Freedom Prize for an Especially Notable Book, Keeanga-Yamahtta Taylor “not only exposes the canard of color-blindness but reveals how structural racism and class oppression are joined at the hip” (Robin D. G. Kelley, author of *Freedom Dreams*). The eruption of mass protests in the wake of the police murders of Michael Brown in Ferguson, Missouri, and Eric Garner in New York City have challenged the impunity with which officers of the law carry out violence against black people and punctured the illusion of a post-racial America. The Black Lives Matter movement has awakened a new generation of activists. In this stirring and insightful analysis, activist and scholar Keeanga-Yamahtta Taylor surveys the historical and contemporary ravages of racism and the persistence of structural inequality, such as mass incarceration and black unemployment. In this context, she argues that this new struggle against police violence holds the potential to reignite a broader push for black liberation. “This brilliant book is the best analysis we have of the #BlackLivesMatter moment of the long struggle for freedom in America. Keeanga-Yamahtta Taylor has emerged as the most sophisticated and courageous radical intellectual of her generation.” —Dr. Cornel West, author of *Race Matters* “A must read for everyone who is serious about the ongoing praxis of freedom.” —Barbara Ransby, author of *Ella Baker and the Black Freedom Movement* “[A] penetrating, vital analysis of race and class at this critical moment in America’s racial history.” —Gary Younge, author of *The Speech: The Story Behind Dr. Martin Luther King Jr.’s Dream*

Love and tragedy dominate book four of Virgil’s most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic’s opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by

power-conscious divinities. Dido is Aeneas’ most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard’s incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil’s poetry and discussion of the most recent scholarly thought.

In the sleepy college town of Zenobia, New York, the only supernatural trace on display is the name of Gwen Engel’s business—Abracadabra Odd Job Service. But Gwen’s family has some unusual abilities they’ve been keeping under wraps—until one little letter spells big trouble . . . Nearly a century ago, Gwen Engel’s great-great-grandfather cast a spell with catastrophic side-effects. As a result, the Grand Council of Witches forbade his descendants from practicing witchcraft. The Council even planted anonymous snitches called Watchers in the community to report any errant spellcasting . . . Yet magic may still be alive and not so well in Zenobia. Gwen and her cousins, Trudy and Milo, receive a

letter from Gwen's adopted sister, Tannith, informing them that she's bewitched one of their partners and will run away with him at the end of the week. While Gwen frets about whether to trust her scientist boyfriend, currently out of town on a beetle-studying trip, she's worried that local grad student Jeremy is secretly a Watcher doing his own research. Cousin Trudy is so stressed that she accidentally enchants her cupcakes, creating havoc among her bakery customers—and in her marriage. Perhaps it's time the family took back control and figured out how to harness their powers. How else can Gwen decide whether her growing feelings for Jeremy are real—or the result of too many of Trudy's cupcakes . . . ?
