JUAREZ DAKOTA

The Illio Harper Collins

An intrepid troupe of pageant players races across medieval Europe, struggling to outrun the Black Death. The arrival of a mysterious outsider sends Hollis, the leading lady, in search of answers that can only be found off-script... and soon the 14th century plague begins to look like another, more recent one. This wildly inventive and funny new work examines the evolution of human creativity in a dark age: when does a crisis destroy us, and when does it open new frontiers?

The Therapist as a Person Penguin

The bestselling book about the Los Angeles River, originally published in 2001, is updated with an Afterword that includes the Los Angeles County 2021 Master Plan to improve the quality of life and ecosystem health in the region--all centered at the original source, the Los Angeles River. RIO-LA: Tales from the Los Angeles River 20th Anniversary Edition traces the history and lore of the Los Angeles River. When the book was first published in 2001, few people even regarded the river, but

because of Morrison's devotion to the topic, LA River has been rediscovered. The river has become the center of the county's 2021 MasterPlan to reestablish it as the heart of the city, its lifeline to all things positive: an antidote to homelessness; a source of increased affordable housing; new jobs, good health; serenity. Morrison traces this rediscovery in her extensive new Afterword, following pages of river history, dating back to before the founding of the pueblo called Los Angeles. Together Morrison and Lamonica explore the river and the culture that evolves around this virtual oasis in a land of super highways and celluloid dreams.

Something Rising Park Avenue Publishing California

In this collection of powerfully illuminating and often poignant essays, contributors candidly discuss the impact of central life crises and identity concerns on their work as therapists. With chapters focusing on identity concerns associated with the body-self (body size, ethnicity, sexual orientation, and age), urgent life crises, and defining life circumstances, *The Therapist as a Person* exemplifies the myriad ways in which the therapist's subjectivity shapes his or her interaction with patients. Included in the collection are life events rarely if ever dealt with in the literature: the death of family members, late pregnancy loss, divorce, the failure of the therapist's own therapy,

infertility and childlessness, the decision to adopt a child, and the parenting of a profoundly deaf child.

Death Gallaudet University Press

Ours is a death-denying society. But death is inevitable, and we must face the question of how to deal with it. Coming to terms with our own finiteness helps us discover life's true meaning. Why do we treat death as a taboo? What are the sources of our fears? How do we express our grief, and how do we accept the death of a person close to us? How can we prepare for our own death? Drawing on our own and other cultures' views of death and dying, Elisabeth Kübler-Ross provides some illuminating answers to these and other questions. She offers a spectrum of viewpoints, including those of ministers, rabbis, doctors, nurses, and sociologists, and the personal accounts of those near death and of their survivors. Once we come to terms with death as a part of human development, the author shows, death can provide us with a key to the meaning of human existence.

Fast Food Maniac Routledge

Spending their days at a sprawling Indiana antique mart surrounded by dusty furniture and cast-off

clothing, Hazel, Claudia, and Rebekah find their circumstances revitalized by three romances and the unexpected arrival of two babies. By the author of *A Girl Named Zippy*. Reprint. 40,000 first printing.

Writing Your Journal Article in Twelve Weeks Psychology Press

In her first two books, Haven Kimmel claimed her spot on the literary scene- surprising readers with her memoir, *A Girl Named Zippy*, and winning an outpouring of critical acclaim for her first novel, *The Solace of Leaving Early*. Now, in her second novel, she brings to the page a heroine's tireless quest for truth, love, justice, and the perfect game of 9-ball. Cassie Claiborne's world is riddled with problems beyond her control: her hard- living, pool-shooting father has another wife; her stoic, long-suffering mother is incapable of moving herself mentally away from the kitchen window; her sister Belle is a tempest of fragility and brilliance; her closest friends, Puck and Emmy, are adolescent harbingers of their own doomed futures. Frustrated by her inability to care deeply enough for so many troubled souls, Cassie finds in the local pool hall an oasis of green felt where she can master objects and restrain her emotions. As Cassie grows from a quietly complex girl into a headstrong young woman, she takes on the thankless role of family provider by working odd jobs and hustling pool. All the while, she keeps her eye on the ultimate prize: wringing suitable justice out of past wrongs and freeing herself from the inertia that is her life. In this ultimately uplifting story, Haven Kimmel reaches deep into the hamstrung souls of her fictional corner of Indiana. Remarkable for its tough tenderness, *Something Rising* (Light and Swift) is an astonishing work of pure heartbreak.

The Collagen Diet The Museum of Modern Art

By analyzing the negotiation of femininities and masculinities within contemporary Hollywood cinema, *Postfeminism and Contemporary Hollywood Cinema* presents diverse interrogations of popular cinema and illustrates the need for a renewed scholarly focus on contemporary film production.

The Cry of the Gull Jwb Professional Services, Incorporated

The holidays are always a wild family affair at the Shealy house. But this year, Dotty and her three grown children gather with more than exchanging presents on their minds. As Dotty struggles to hold on to her memory, her children must fight to balance care for their mother and care for themselves. This twisted and hilarious new play grapples unflinchingly with aging parents, midlife crises, and the heart of a West Philly neighborhood.

The William S. Paley Collection Concord Theatricals

From the co-creator of the landmark series, the story millions of fans have been waiting to get their hands on for 25 long years. *The Secret History of Twin Peaks* enlarges the world of the original series, placing the unexplained phenomena that unfolded there into a vastly layered, wide-ranging history, beginning with the journals of Lewis and Clark and ending with the shocking events that closed the finale. The perfect way to get in the mood for the upcoming Showtime series.

Garner's Modern American Usage Oxford University Press

Emmanuelle Laborit chronicles her life and discusses what it was like growing up deaf, why her parents were instructed to avoid using sign language, how she worked to further the rights of deaf people in France, and other related topics.

EVERY WEEK you'll startle, amaze, and delight your lover with some highly romantic surprises. AND EVERY WEEK your lover will do the same for you! SO GO AHEAD, TEAR UP THIS BOOK...PLEASE!

Soldiers' Stories University Press of Kentucky

From Google search to self-driving cars to human longevity, is Alphabet creating a neoteric Garden of Eden or Bentham's Panopticon? Will King Solomon's challenge supersede the Turing test for artificial intelligence? Can transhumanism mitigate existential threats to humankind? These are some of the overarching questions in this book, which explores the impact of information awareness on humanity starting from the Book of Genesis to the Royal Library of Alexandria in the 3rd century BC to the modern day of Google Search, IBM Watson, and Wolfram|Alpha. The book also covers Search Engine Optimization, Google AdWords, Google Maps, Google Local Search, and what every business leader must know about digital transformation. "Search is curiosity, and that will never be done," said Google's first female engineer and Yahoo's sixth CEO Marissa Mayer. The truth is out there; we just need to know how to Google it! [A Dictionary of Modern Legal Usage](#) Bloomsbury Publishing

examples of good and bad usage from the media.

City Primeval Cambridge University Press

Logotype is the definitive modern collection of logotypes, monograms and other text-based corporate marks. Featuring more than 1,300 international typographic identities, by around 250 design studios, this is an indispensable handbook for every design studio, providing a valuable resource to draw on in branding and corporate identity projects. Logotype is truly international, and features the world's outstanding identity designers. Examples are drawn not just from Western Europe and North America but also Australia, South Africa, the Far East, Israel, Iran, South America and Eastern Europe. Contributing design firms include giants such as Pentagram, Vignelli Associates, Chermayeff & Geismar, Wolff Olins, Landor, Total Identity and Ken Miki & Associates as well as dozens of highly creative, emerging studios. Retaining the striking black-and-white aesthetic and structure of Logo (also by Michael Evamy) and Symbol, Logotype is an important and essential companion volume.

Darci the Drummer Oxford University Press, USA

Screening the Unwatchable Harper Collins

Spanning 25 years of serious writing on hip-hop by noted scholars and mainstream journalists, this comprehensive anthology includes observations and critiques on groundbreaking hip-hop recordings.

Autoconstrucción Simon and Schuster

The first science fiction course in the American academy was held in the early 1950s. In the sixty years since, science fiction has become a recognized and established literary genre with a significant and growing body of scholarship. *The Cambridge History of Science Fiction* is a landmark volume as the first authoritative history of the genre. Over forty contributors with diverse and complementary specialties present a history of science fiction across national and genre boundaries, and trace its intellectual and creative roots in the philosophical and fantastic narratives of the ancient past. Science fiction as a literary genre is the central focus of the volume, but fundamental to its story is its non-literary cultural manifestations and influence. Coverage thus includes transmedia manifestations as an integral part of the genre's history, including not only short stories and novels, but also film, art, architecture, music, comics, and interactive media.

Night Game Duke University Press

Darci dreams of the day when she can become a real drummer. However, her little brother hates the noises she makes, and she has no idea how to even practice. Despite these things, her parents help show her the way with surprise drum lessons and the encouragement to keep working at something she loves. Her musical adventures have only just begun!

Twelve Years A Slave, Illustrated Edition Springer

Rosemary and Evelyn met "a hundred thousand years ago" in Central Park when their children were barely born. Somewhere Fun reunites the two women thirty-five years later on Madison Avenue, one windy fall day. With their children now grown and the world changing rapidly before (what's left of) their eyes, each finds herself face to face with the terrors, joys, and surprises of life and time. Somewhere Fun is a wildly original story about connection — to our families, our memories, our moment in time.
