Dissolution is a new word for divorce. In *Dissolution*, Riane Eisler discusses the fundamental societal and litigious changes of divorce from an action that was until recently an unacceptable social phenomenon to what is now commonplace. The book compares the old divorce laws based on marital fault with new "no-fault" divorce laws, an analysis of the laws and institutions of marriage and divorce, and alternatives (social and litigious) to marriage and divorce. Quotes about *Dissolution*: "Dissolution is must reading for every woman...whether she already believes in equal rights for all beings or belongs to the Phyllis Schlafly school of thought. Riane Eisler's work is the most definitive yet on the female species and her rights." - Rona Barrett, *Good Morning America*, ABC-TV "Only those of us who have gone through divorce without your book can fully appreciate its value. Its factual information gives strength. Its innate empathy comforts. Its totality is an integral part of the body of great feminist writings." - Frances Lear, President, Lear Purvis Walker & Co.
