The power of online auctions is attracting hundreds of thousands--

if not millions--of users who want to turn their eBay hobbies into profitable businesses. While turning an eBay hobby into an eBay business might look easy, making that business profitable is much more difficult. Not enough sellers treat their eBay sales as a business, and subsequently are disappointed in the results. To launch a successful and profitable eBay business, the detailed instructions in this book will show you how to get started. It will help you determine what kind of business you want to run, write an action-oriented business plan, establish an effective accounting system, set up a home office, obtain starting inventory, arrange initial funding, establish an eBay presence, and arrange for automated post-auction management. This book is a step-by-step guide for anyone serious about making money from their eBay sales. Unlike other computer-oriented titles, this is a straight-ahead business book that shows how to set up and run different types of eBay businesses, and how to maximize sales and profits while doing so. This book includes a section titled "Choosing Your eBay Business" that details six different types of eBay businesses you can start. Included in this section is a chapter on eBay Trading Assistants (AKA drop-off stores or consignment stores), which is the newest form of an eBay business.

Business Planning Essentials For Dummies Fontaine Press Pty Ltd Everything you need to know to design a profitable business plan Whether you're starting a new business or you've been trading for a while, Creating a Business Plan For Dummies covers everything you need to know. Figure out whether your business idea is likely to work, how to identify your strategic advantage, and what you can do to gain an edge on the competition. Discover why a business plan doesn't have to be a thirty-page document that takes days to write, but can be a simple process that you do in stages as you work through your business concept. Learn how to prepare an elevator pitch, create a start-up budget, and create realistic sales projections. Discover how to predict and manage expenses, and assemble a financial forecast that enables you to calculate your break-even. Look at the risk involved in this business and experiment with different scenarios to see if you're on the right track. Explains how to create a one-page business plan in just a few hours Takes a simple step-by-step approach,

focusing on budgets, financials, and everyday practicalities Offers focused guidance on managing cashflow, designing marketing plans, and establishing a long-term vision for your business Includes access to downloadable templates and worksheets, as well as helpful online audio and video components Written by Veechi Curtis, bestselling author and business consultant A good business plan is the first step to success for any new business, and getting it right can mean the difference between big profits and big trouble. Creating a Business Plan For Dummies gives you the detailed advice you need to design a great business plan that will guide your business from concept to reality.
