In *Did Jesus Exist?*
historian and Bible expert

Bart Ehrman confronts the question, "Did Jesus exist at all?" Ehrman vigorously defends the historical Jesus, identifies the most historically reliable sources for best understanding Jesus' mission and message, and offers a compelling portrait of the person at the heart of the Christian tradition. Known as a master explainer with deep knowledge of the field, Bart Ehrman methodically demolishes both the scholarly and popular "mythicist" arguments against the existence of Jesus. Marshaling evidence from within the Bible and the wider historical record of the ancient world, Ehrman tackles the key issues that surround the mythologies associated with Jesus and the early Christian movement. In *Did Jesus Exist?: The Historical Argument for Jesus of Nazareth*, Ehrman establishes the criterion for any genuine historical investigation and provides a robust defense of the methods required to discover the Jesus of history.

What Did Jesus Look Like?

Prometheus Books

An exploration of the historicity of Jesus and whether he is relevant today What can we really

know for sure about the past? Can anything be trusted as reliable historical fact? What can we really know for sure about the past? Can anything from ancient history be regarded as 'fact'? In particular, how seriously can we take the historical sources for the life, death, and resurrection of Jesus of Nazareth? Did he really even live in first-century Galilee and Judaea, or is he a figure of legend? In this timely book, historian Dr John Dickson unpacks how the field of history works, giving readers the tools to evaluate for themselves what we can confidently say about figures like the Emperor Tiberius, Alexander the Great, Pontius Pilate, and, of course, Jesus of Nazareth. He presents the evidence, methods, and conclusions of mainstream scholars-both Christian and not-and asks some pertinent contemporary questions, without offering any pushy answers: If Jesus really did exist, what are we to make of his own claims and those of his followers, and what would any of it mean for us today?

The Quest of the Historical Jesus Abingdon Press

The past two or three decades have witnessed significant activity in research on the Jesus of the Gospels and history. In fact, there has been such a plethora of publication on such a wide variety of facets of this issue that it is difficult to keep pace with the rate of publication. In this volume, Dunn and McKnight have collected and provided introductions to a wide cross-section of essays on the topic, ranging from classic essays by the likes of Bultmann, Cadbury, and Schweitzer to the most recent investigations of Horsley, Levine, and Wright. This volume will be a very useful book for courses and seminars on Jesus or the historical Jesus, because it draws together in one place a wide variety of perspectives and approaches to the issues. Authors represented include: P. S. Alexander, D. C. Allison, P. W. Barnett, M. J. Borg, R. Bultmann, H. J. Cadbury, P. M. Casey, G. B. Caird, B. Chilton, C. E. B. Cranfield, J. D. G. Dunn, R. A. Horsley, J. Jeremias, M. Köhler, W. G. Kömmel, E. E. Lemcio, A.-J. Levine, G. Luedemann, J. P. Meier, B. F. Meyer, R. Morgan, J. A. T. Robinson, E. P.

Sanders, A. Schweitzer, K. R. Snodgrass, G. N. Stanton, P. Stuhlmacher, G. Theissen, N. T. Wright. *The Historical Jesus* The Good Book Company
 In *Jesus and the Chaos of History*, James Crossley looks at the way the earliest traditions about Jesus interacted with a context of social upheaval and the ways in which this historical chaos of the early first century led to a range of ideas which were taken up, modified, ignored, and reinterpreted in the movement that followed. Crossley examines how the earliest Palestinian tradition intersected with social upheaval and historical change and how accidental, purposeful, discontinuous, contradictory, and implicit meanings in the developments of ideas appeared in the movement that followed. He considers the ways seemingly egalitarian and countercultural ideas co-exist with ideas of dominance and power and how human reactions to socio-economic inequalities can end up mimicking dominant power. In this case, the book analyzes how a Galilean "protest" movement laid the foundations for its own

brand of imperial rule.

This evaluation is carried out in detailed studies on the kingdom of God and "Christology," "sinners" and purity, and gender and revolution.

The Historical Jesus Goes to Church Prometheus Books

Reprint of the original, first published in 1869.

The Historical Jesus Harper Collins

Essential reading for anyone interested in the historical Jesus debate, this volume offers a comprehensive and balanced account of research into the person of Jesus.

Jesus and the Logic of History Biblical Refigurations

Recent years have seen an explosion of talk about the historical Jesus from scholarly settings as well as media outlets (including sensational TV documentaries and national magazines). How is the student of the Bible to assess these various claims about Jesus? And what difference does knowledge of his time and place make for Christian faith, theological thinking, and historical research? James Charlesworth presents the solid results of modern study into the life and times of Jesus, especially regarding the

role of the Essenes, the significance of the Dead Sea Scrolls, the nature of messianic expectation, and much more. No one today is better equipped than James Charlesworth to lead students through the thickets of controversy that surround much of contemporary historical Jesus research. This Abingdon Essential Guide will fulfill the need for a brief, substantive, yet highly accessible introduction to this core area of New Testament studies. Drawing on the best in current scholarship, written with the need of students foremost in mind, addressed to learners in a number of contexts, this Essential Guide will be the first choice of those who wish to acquaint themselves or their students with the broad scope of issues, perspectives, and subject matters relating to modern quests for the historical Jesus. It will also be a preferred text for those who need or want to refresh their knowledge regarding the context within which Jesus lived in preparation for leading church discussion groups in studies of the Gospels. *The God of Jesus* Wm. B. Eerdmans Publishing
 This groundbreaking

work, which established the reputation of Albert Schweitzer as a theologian, traces the search for the historical figure of Jesus (apart from the Christ of faith) and establishes the author's own views. While Schweitzer's own proposals no longer command endorsement, his lasting contribution--comprising the bulk of the book--is the critique of his predecessors. By examining the works of more than 50 eighteenth- and nineteenth-century authors and scholars, he endeavored to show the fanciful nature of their historical reconstructions of Jesus. Schweitzer's work has proved to be the touchstone for all subsequent quests for the "Jesus of history." It contributed to the remarkable resurgence in Jesus studies in the latter part of the twentieth century and culminated in the much publicized and highly controversial findings of the Jesus Seminar. An influential and detailed study by the 1953 winner of the Nobel Peace Prize, *The Quest of the Historical Jesus* is essential reading for biblical scholars, theologians, pastors, and serious Christians. Book jacket.

Did Jesus Exist? College Press

The earliest substantive sources available for historical Jesus research are in the Gospels themselves; when interpreted in their early Jewish setting, their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars. So argues Craig Keener in *The Historical Jesus of the Gospels*. In exploring the depth and riches of the material found in the Synoptic Gospels, Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others, but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting. Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history.

Is Jesus History? Baker Academic

In this book, Dale Allison addresses ongoing historical-theological questions concerning Jesus Christ. What should one think of the modern quest for the historical Jesus when there is such

enduring discord among the experts, and when personal agendas play such a large role in the reconstructions? How much history is in the Gospels, and how much history does Christian theology require that there be? How does the quest impinge on conventional Christian beliefs, and what might it contribute to contemporary theological reflection? --From publisher's description. *Jesus and the Chaos of History* HarperOne

The Historical Jesus in Context is a landmark collection that places the gospel narratives in their full literary, social, and archaeological context. More than twenty-five internationally recognized experts offer new translations and descriptions of a broad range of texts that shed new light on the Jesus of history, including pagan prayers and private inscriptions, miracle tales and martyrdoms, parables and fables, divorce decrees and imperial propaganda. The translated materials--from Christian, Coptic, and Jewish as well as Greek, Roman, and Egyptian texts--extend beyond single phrases to encompass the full

context, thus allowing readers to locate Jesus in a broader cultural setting than is usually made available. This book demonstrates that only by knowing the world in which Jesus lived and taught can we fully understand him, his message, and the spread of the Gospel. Gathering in one place material that was previously available only in disparate sources, this formidable book provides innovative insight into matters no less grand than first-century Jewish and Gentile life, the composition of the Gospels, and Jesus himself.

The Faith of Jesus

Fortress Classics in Biblical

Professor Wells argues that there was no historical Jesus, and in thus arguing he deals with the many recent writers who have interpreted the historical Jesus as some kind of political figure in the struggle against Rome, and calls in evidence the many contemporary theologians who agree with some of his arguments about early Christianity. The question at issue is what all the evidence adds up to. Does it establish that Jesus did or did not exist? Professor

Wells concludes that the latter is the more likely hypothesis. This challenge to received thinking by both Christians and non-Christians is supported by much documentary evidence, and Professor Wells carefully examines all the relevant problems and answers all the relevant questions. He deliberately avoids polemic and speculation, and sticks so far as possible to the known facts and to rational inferences from the facts.

The Historical Christ and the Jesus of Faith

Zondervan Academic
Virtually all the current debates about the historical Jesus have their roots in questions that have been pursued by biblical historians over the past two centuries. This anthology brings together seminal essays by those scholars who have been most influential in the rise and development of Jesus studies, enabling the reader to compare their differing points of view.

The Historical Jesus: A Guide for the

Perplexed Wm. B. Eerdmans Publishing
Millions of readers have thrilled to bestselling authors Bill O'Reilly and historian Martin Dugard's *Killing Kennedy* and *Killing Lincoln*, page-turning

works of nonfiction that have changed the way we read history. The basis for the 2015 television film available on streaming. Now the iconic anchor of *The O'Reilly Factor* details the events leading up to the murder of the most influential man in history: Jesus of Nazareth. Nearly two thousand years after this beloved and controversial young revolutionary was brutally killed by Roman soldiers, more than 2.2 billion human beings attempt to follow his teachings and believe he is God. Killing Jesus will take readers inside Jesus's life, recounting the seismic political and historical events that made his death inevitable - and changed the world forever.

[The Jesus of History](#) Baker Academic

Jesus Christ is arguably the most famous man who ever lived. His image adorns countless churches, icons, and paintings. He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look

like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair.

The Jesus of History

InterVarsity Press

A convincing interdisciplinary case for the unique and plausible position of Jesus in human history is presented in a volume that carefully investigates the Gospel portraits of Jesus and assesses what is reliable history and what is fictional legend. Original.

Jesus as a Figure in History

Christ Illuminating the life of Jesus - his historical context, his religious teachings, and the changing perceptions of him over the centuries--this lavishly illustrated volume offers one of the most comprehensive and authoritative accounts available of this great and charismatic man.

Featuring some 180 illustrations (including 20 full-color maps) and

numerous boxed and sidebar features that shed light on interesting facets of the story, Jesus Christ paints a vivid portrait of Christ's life from the Nativity to the Ascension. Drawing on the Gospels and other evidence, J. R. Porter disentangles many of the mysteries and confusions surrounding the life of the historical Jesus--such as the role of women in his career and the political issues surrounding his trial--and paints a detailed background portrait of all aspects of society in first-century Palestine, from the fishing communities of Lake Galilee to life under Roman rule. Porter also explores the teachings of Christ, looking at his use of parable, his view of Hebrew Scriptures and his attitude toward the law, and his thinking about the Kingdom of God. And the book assesses the many interpretations of Christ down through the ages, from his immediate impact on the early Church, to the changing image of Jesus in art and illustration, to his perceived role as apocalyptic preacher, revolutionary, mystic, and prophet. A marvelous gift on any holy day or for a child's confirmation, this attractive, informative

volume gives us an inspiring portrait of one of the most complex figures in world history. Did Jesus Exist?

Combining the faith-development theory of James Fowler with the psychodynamics of Viktor Frankl, and utilizing many of the insights of contemporary biblical scholarship, the author has here proposed a unique and provocative interpretation of the life of Jesus as described in the Epistle to the Hebrews as the "leader and perfecter of faith." No doubt, many will find this approach to a "life of Christ" to be novel, even disturbingly "unorthodox". Yet it has been written in the conviction that the faith of most Christians, for the most part, has fallen into the heresy of "monophysitism", if not in theory, at least in practice amounting to a denial of Jesus as a human being and, as a result, a person of faith. In addition, in his "Christological Postscript", the author has sketched out the beginnings of a new, more evolutionary approach to understanding how Jesus might be understood to be divine, even while remaining the fully human character depicted in this book.

Jesus Christ Saint Mary's Press

The earliest substantive sources available for historical Jesus research are in the Gospels themselves; when interpreted in their early Jewish setting, their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars. So argues Craig Keener in *The Historical Jesus of the Gospels*. In exploring the depth and riches of the
